# The Curtain Rises

SOLAR NEWS VOL. 4, NO 40

*Your body is translating to become the body of God, nourished by the Divine Breath of My Being. Breathe now the Life Force I AM.*

## October 8, 2003 Message

Be not fearful of what is to come. I have walked upon this earth and have seen the places of darkness. I know these places and I will sever them off so that they cannot inflict darkness on other lands.

I will heal the Centers of Light and I will gather them unto Me. I have sent My envoy before Me to proclaim My Second Coming—the new race of man. Legions of angels will accompany Me as I walk on this earth. Many clouds will disappear and many troubles be eliminated. Be now My envoy of the Good News—not one who is troubled by personal problems. Rise! And be counted. And climb the highest mountain to stand with Me there.

My Proclamation will be released to all. That which is given will come to pass. I AM Sananda. Let it be known I have come.

## A Message from Mary

As Mary, I am here on earth as well as at My station as World Mother in the etheric realms of divine light. I am familiar now with much that has caused humanity's failure to follow Jesus' example. I understand the tensions of earth and all that has confused her in her rise as a star greeted by the Prince.

I now join My brothers and sisters of the light and reach out to all to be reborn as the Christ Intelligence I AM.

I Am Mary, the World Mother in the Office of the Christ Sananda. I Am officially ready to proceed with My assignment as the Queen Mother and will not be stopped by confusion.

## Earth Is Ready

Earth has been a loving and compassionate sanctuary for all those who have been rejected by other planets and their systems. Mother Earth, Gaia, has accepted under her care the laggards, the foolish and the unwise. She has suffered visibly for this.

She is now ready to ascend and those who have remained with her in the capacity of "The Nurturers" shall also realize their own destinies as light beings. No longer are they to suffer. They, too, shall rise. I call upon My angels to take them under their wings and bear them up to the highest mountain of light and love. I also call upon My angels to elevate all life by their presence amongst them. I Am Mary who served once as the Mother of Jesus. I release My message through the Office of the World Mother. Elevate My planet.

Receive My blessings.

## Sanat Kumara Speaks

Hear the words of The Mother. And know that She is with you. Consciousness of the Christ now emerges and returns. The Second Coming is you.

## October 11, 2003 Message

Be apprised of this:

We are forming a new radiation active tomorrow (October 12<sup>th</sup>) to enable consciousness to rise faster and be climaxed into the I AM.

These are My words to you. My consummation is near. The solar consciousness is ready to personify as The Christ, enabling all who can handle this vibration to *enter the body* of the Son. Therefore, I then carry as *My Own* those who are stabilized enough to vibrate I AM.

Sananda

*God loves through me.  
God supplies through me.  
God lives through me.*

Following the impact of the Harmonic Concordance and the play of extraterrestrial energy through the density of earth, this chapter will be closed. From that moment on you will be considered as a LIGHT BEING by the Spiritual Hierarchy and energy will flow through you to the Christ center within your being, activating all seven centers and releasing you from karmic debt.

Live now with the Creator at all times realizing you are the Christ emerging, the Consciousness of the Divine. More will come...

Crystal (Patricia Jepsen)

November 2002

The cosmic shift has occurred. It is now in its infancy and shall be heard. The moments of waiting are over. You are blessed to be in this part of the country where this has occurred, and the ripples of this new dawning shall cover this planet Earth.

Each morning remember that you are in the beginning, the first moments of dawning, and you are receiving my words of divine intelligence and pure light, as the sun shines upon your heart-mind. Let us walk together, you and I. We have always been One, yet in this time and in this very moment the cycle has shifted and we are truly one in consciousness divine. Now march. Many will join you in your march as you travel this earth in light, beaming out the presence of Christ in man.

We are One. What a divine moment this is. How glorious is the past that it might unfold into the present as a new Earth is born. A new cycle has begun. We listen and we know. We are conscious of our Queen Earth and her benevolence to us and we know the Truth within. For the wisdom of the grandmothers is with us and we have not forgotten.

Planetary government is restored. It is in the heart of our natures and as we realize the ringing voice of Truth, we are bringing revelation and conscious realization; we are setting this governance upon the earth. And it is right that we be here in Wellington, for in Wellington it begins and the bells toll. Blessed are those who have participated in this movement on earth. Throughout our global planet, we bless you.

And now we turn to the east to where much is unfolding in troubled times. The clashing and clanging of that which must dissolve and go. Let the past be forgotten. Now harmony reigns supreme and will have its way through the Mother's heart.

Blessed are those who have participated here in this root of a new beginning, for they have been part of the opening and a new movement of translation into the spirit of love. For I will govern by the Mother's Hand. I will bring cosmic justice to earth and you will hear My Voice through the women's voice. I have tested My vehicles well.

Let the light so shine. Let the beloved men<sup>1</sup> who have been so supportive and so protective now receive the glory of their women within. Let them know also that they are a glorious part of this planetary change, as woman takes the helm and governs well through the Voice of Truth.

Beloveds, we are One. Now ask and it shall be given. Seek and you shall find, for I will listen. I have come and you, My beloveds, will be

spokespersons of My Oneness and the light of the Solar Son. Therefore, I bequeath to you in this moment, in this moment of revelation and divine truth at this place of the first dawning in Wellington, New Zealand, the Melchizedek Power, the right use of it in alignment with the Father's Will.

The Mother has shifted Her energy into the children of the light, peoples of the light. And you will see many, many changes—first here and then through the earth—as My government becomes your government and the reins of power are turned over to the people and they govern well.

For here<sup>2</sup> I AM amongst you, the given Truth. And I AM THAT I AM. So let the solar light shine. Know your own inner guidance. Seek Me first above all else that I might walk in My place in you as the fullness thereof, as the governance of My nations, as the overseer of My Word,<sup>3</sup> and so it is.

May peace reign on this planet and all life be respected and regarded as holy and divine. I say all, from the rock to the mountain. Let it be so and it is. Holy, holy, holy!

# LETTING IT ALL GO

THE MASTERS PAPERS NUMBER 98

An important way to prevent catastrophes out picturing as violent storms, floods, earthquakes and the like is to surrender all possessions, thought forms included, into God The Spirit. The tendency to hold on to people, places and things as well as an old paradigm will not work any longer. There is no time left. What you do not release into the world of light or Spirit will be torn from you by Mother Earth. She must be free and she cannot be free if you are continually programed in your attachments. Let go!

So much has been given as to how to release attachments to the mortal world, so much has been spoken and written. Now it is *your time* to mean what you have promised. You are the light of the world but you cannot be that light if you are burrowed in a hole of past lives, attachments to mortal thinking and possessive loves and hates. Let go!

*If you but knew the light I would give you in the freedom of My Son, there would be no attachments to persons, places or things. You would readily release everything to the Spirit that is the truth of your being and the light of your self.*

Think how many you can help as you surrender up into God all that you own. Let God be your supply. Let God be your home, security and friends. *I have need of you in My higher dimensions!*

Quiet the storms by returning to God that which *is* God in reality. Hold nothing for yourself, nor keep anything closeted for fear of losing. If humanity would but leave the earthly possessions, the storms would be quieted and the light of My new world would stream forth as the Office of Melchizedek. Realize now that you *are* responsible and you *can* still the storms, the earthquakes, the floods. There will be no need of these things if you can readjust your consciousness to the new world of Be-ing. I ask you *as Melchizedek Vibration* to release your mortal world of illusion. Be trapped no longer. Be lighted! And sing the song of the Sun! This is planetary awakening.

# Divine Substance, I AM That

THE MASTER'S PAPERS NO.92

*The immortal material (I AM) that is the WORD or CREATIVE POWER is manifest Energy or POWER of the life I AM. It is the Creative Energy of the Word.*

In the Angel lessons available through this school you learn that God's Love is constant, never changing and without conditions. The angels tell you that as you open your heart to God's ever present and unconditional love, this love enters your heart and becomes God's heart *or the Heart of Hearts*. God enters and is.

This love, ever constant, is the sacred fire of Be-ing and is the fulfiller and ceaseless provider of all that you need in the world of light. It is the establisher of God unity in your soul.

The love of God is DIVINE SUBSTANCE. It is the basis of all form in its perfect mold and intent.

Therefore, as you empty yourself of *all* desire and concern for "self," and invite God into your heart as Divine Love (not an emotion), you are inviting the Creative Energy that is God in action into your life to express as all good and the Divine Will. As you courageously take this path of emptying to be filled with Love Divine, you walk the way of the master and fulfill your full mission in the degree of love.

This is a powerful statement I am making to you and I hope you take it seriously. For it will put in motion rivers of power and light yet unheard of on this planet. It is the Christed Energy of the Divine Man.

# - BEING NOW -

THE UNIVERSITY PAPERS NO 124

**I AM present in the now.**

Every Word *I* speak as vibration of unified mind and Spirit is alive and creative. It is that which created the universes, the planets, the sun. I AM alive in you as you hear or know My Voice. I AM the Word incarnate and it is by My Word that perfect creation takes form.

I harvest My Word within you and it is through your acceptance of Me as your Inner Voice that I can speak *or vibrate out* as unification principle within all life. Lift Me as the Word in your consciousness, release Me that I might form new worlds.

Through My Word are all things made and unmade. I AM the sacred center of your being. I breathe through you as tone and My sound rules the earth and the worlds beyond.

What is this "Word" I speak of? The Word is perfect vibrating commitment to the order of Melchizedek. It is the creative urge within all My creation to be with Me always. And it is the presence of My vibration as Law, Life, Love and Light throughout My universe. I have placed My Word in you and in this Word you will find yourself and unlock yourself so that "I" might be. We are one.

Do you see what a sacred package you are? You contain within your heart My Word, **vibration of who I AM**. And every time I speak from this place in you, there is instant creation manifest *if you believe*.

**The Currents Of New Life**

I have within My Word currents **of new life** that are immediately released as *I speak*. I AM within you as your life and I give you life through My Voice. Remain alert

to My Voice in you. I AM the way and the truth and the life. I AM not hidden but come as a messenger of the Garden of Eden bidding you to enter once again and seek My way.

What is the "now" but the presence of Being. I AM the now. There is no history in the now of My Be-ing; there is no karma. And no future. My Intelligence watches over you as the Voice within in the moment of My Be-ing.

When you respond to My Spirit (direction) in the moment, you are one with My Spirit. Yet if you delay or in any way put off the direction I give you as My Voice in you, I pass you by. For I AM of the moment. I AM now. My inner guidance or words of manifestation are instant. **They are to be accepted by your heart and mind instantly and put into action by your belief.**

If you have instances when you have recognized your Inner Voice guiding and directing you with authority and have not acted upon that instruction, there is no return to that specific guidance. It is not alive for you but has become "yesterday's manna." Always seek the moment where My Voice abides. It is in the moment or the now that I will speak and create out of My Voice the Presence that forms of Itself, the I AM THAT I AM. I AM alive and vital as Creative Power in the moment of My instruction. It is that moment that is creative and without flaw. You see, *I release a current of Myself (My Spirit) in the moment of Voice.*

Please remember that if in hearing or perceiving the Word, you divide yourself once again and put the things of the world before My guidance or desired manifestation, I cannot be recovered as I was in that moment. I AM oneness alive in the moment as a flash of creative energy that is active and all-powerful.

*Continued on page 6*

# - BEING NOW -

*Continued from page 5*

***I will speak and it is done. I AM released Energy of the Higher Self as the vibration of the Inner Voice, the Universal Law on earth.***

You will never go hungry as you listen and become one with My Word. The position of the Thought Adjuster (Spirit of the Father within) is aligned to your Inner Voice. They are the same. As you learn and train to respond instantly to the Voice within, your Thought Adjuster will fuse with you. From then on, there is no argument nor delay in your response to the quickening thought of the higher mind. You are that Mind and act with the Life-force given to the moment. You become the Adjuster-Word or the frequency of I AM. *You are empowered by My life and abide therein.* You have left the world for Me.'

## **Melchizedek**

The Inner Voice is the Priesthood of Melchizedek. No other. It is the vibrating force of God The Son. The one who serves the Inner Voice serves the Priesthood and is joined with the Christ emanation of true form and life eternal. Let the Light within you guide and direct your way. Align with that Presence of God, the I AM, and receive that Inner Voice as your Mind and your way.

To disregard and postpone the instruction of the Inner Voice in you is to separate yourself from God's abundant nature and wholeness. As the time is short, your ability to respond to the Christ leading of soul, that Voice within, is imperative for your own progression and your soul assignment.

Will you abide in the world or in Me? I AM not of the world, the Spirit tells us. If you turn away from Me for the world, you leave the Garden of Eden. When that happens you must struggle with your own hands and feet. The seed of greatness rests within you but you must decide which is more important to you, the world of mortal struggle and decay or My world of Light. If you choose Me, I AM with you always and I will never leave you.

## **In Ancient Times...**

During the rich and prosperous years of Egypt, the great pharaohs and the high priests worked together as *one mind*; this sacred partnership assured proper and fair government throughout the lands. The

pharaoh and the high priest were as a unit: the pharaoh as the builder and ruler would often consult his priest or priestess so as to maintain the alignment that *must be kept* between the laws of the Spirit and the laws of men.

The high priest advised the pharaoh so that there was a near perfect compatibility between cosmic law (the laws of the universe) and the needs and necessities of the peoples of the land. The spiritual alignment with the cosmic energies was kept as a sacred task uniting government of God and man.

The role of high priest remains. What was an ancient way has been written in each individual heart. *For the high priest rests within you.* It is the Inner Voice, the cosmic truth, that - as you listen - will maintain your proper alignment with the world of light and the kingdom of God.

It is important that you learn this alignment now because we as human beings are swiftly approaching the cosmic world of love and light. Here in this world you are expected to receive the Inner Voice or Priest of Melchizedek as your trusted and wise advisor.

In truth, the word Melchizedek means "Perfect Man" or Perfect Consciousness. It is the rhythm of the Eternal Son. The Priest of Melchizedek is the emanation of your direct guidance from God (your Thought Adjuster or Inner Voice).<sup>2</sup> This is why, through the Melchizedek Order, we urge you not to confuse the word "channeling" with the direct Mind vibration which is your all-important connection to your radiant GodSelf and the Paradise ascension.

In ancient times the high priest made sure that his pharaoh as ruler and government maintained his or her equilibrium within the Circle of Life, the Solar Sun.

I, Crystal, am reminded of the Master's words: *I have overcome the world.* That Inner Voice of power and authority is your Voice as you take up the Christ kingdom within yourself and live *not by bread alone but by every Word that comes forth from the mouth of God.* The high priest is with you as God within, will you listen and agree? And ascend?

Crystal

<sup>1</sup> Your response to Me (Inner Voice of God within) is greater than to the world. Thus with Jesus you can say, I have overcome the world.

<sup>2</sup>The Pyramid of Giza is the externalized model and record of Melchizedek, Perfect Consciousness or Man.
