The Moment Has Arrived

The Melchizedek Solar News Special Volume 5, Number 28

This morning on July 27, 2006 at 6:45 a.m. I awakened to this announcement: *The animals will be saved. All will be lifted.*

I thought, "This sounds imminent." "It is," was the immediate answer.

Before retiring, I had no thought concerning the planetary shift or the animals. However, many of us have prayed and asked for a miracle for earth and all creation.

I reread the Lord's words concerning the animals and as I did so, these words came: *In My World all is loved.*

The Gate is Open

I will not be long in coming. I will search them out—the star points of My existence—and then I will sever their connection to the Earth, much as I have done for you.

This will cause others to follow. The gate will be open and many will come to Me, both voluntary and involuntary.

The best is yet to come! Out of Me will come the peace that you seek.

Blessed are the meek for they shall inherit the earth. Beloved are they in My name.

Establishing the Grid

Following these messages, this understanding came. There are those on this earth now who have volunteered to be opened as a causal field when a time was designated. That time is now.

These ones are like lines of force now forming a single magnetic field or grid with the purpose of acting as a field agent for the Solar Christ. They will bind themselves together and join as *one unit or body* creating this magnetic field with Lord Jesus Sananda and the Solar Hierarchy. This Group Energy is a dynamic field of power and light that will vibrate through all creation.

Much like a huge vortex of Creative Power and Love, these ones have been waiting until the Lord Jesus Sananda has made the call. The call has been sounded and those who have heard are now entering a magnetic energy closet where the power of this gathering will be enhanced by the Lord Himself!

Those who are rising *at this moment* have the power to call His Name and be answered. They will hear His Voice and surrender (join knowingly) to Him as one body united in a creative field of dynamic Presence.

This vibrating energy field will begin to activate the Fire within the hearts of humanity, bringing all home as *I have promised.*

Peace be with you. *I expect a harvest. Then, I will govern.*

I AM Christ Sananda
July 27, 2006

Look beyond what you see.

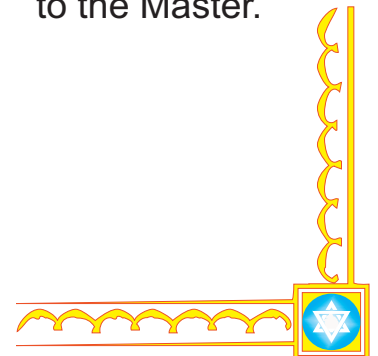

Blame no one for the conditions of the Earth.

Condemn no one.

Lift them in your consciousness as you would lift your dearest friend.

I have come for them all.

Consciousness rises to the Master.

The Change of Orbit

The Melchizedek Solar News Volume 5, Number 17

Creator Michael (the Universe Creator and Father of the planet) is connecting Earth to His own vibrating Presence. His promise to return is being fulfilled. Those who have felt this dispensation recently will be blessed to experience an increase in His vibratory tone. Those who are now awakened to this Consciousness wave of Christ Michael will leave the gravitational pulls of the world. No one will be left behind. The shadow of His Consciousness falls upon the land. And so it is.

On the night of January 24th (Tuesday) I began to tremble. The vibration was rising rapidly and I was aware of a great Presence overshadowing Earth. Then with my inner eye I saw what appeared to be a giant wave of an incoming dimension. Although I continued to be aware of the third-dimensional, I observed that the higher vibrational level was quickly overlapping this present Earth dimension. As I looked deeply into this new wave of the Divine Presence, I felt the magnitude of It. Yes, I could still see the Earth's present third dimension awareness below the powerful Consciousness field. And as I probed the incoming wave, I felt and experienced the power of it. And I knew that this emergence of the Divine Presence was the absolute Law. All will be changed - transformed as it continues to penetrate the planet. This is the incoming Ray of Lord Sananda and His planetary Government. Grace has befallen the Earth.

I sent several emails out to ask my colleagues if they had experienced anything like what I have described. Here is Nancy Jakeman's reply from Australia.

There seems to be a new energy superimposed over the prevailing planetary energy. I just heard "It's planetary!" then "Make no mistake about it. I have COME". Then ... there are tributaries of Light weaving through the planetary form. Get to your stations! I have need of you and want you all in position by the end of March. After this time nothing will be the same. I AM He who guides you all. Message end. (urgency)!

A Call to Union and the I AM Presence

I, Sananda, speak. Give up the mortal consciousness. Be aware that there is no time left. I AM within the vibration of this Earth, overseeing her shift into a new orbit of life energy and creative substance. The Final Days are here. I have come that you might ascend with Me and so give help to others as they, too, are called to My side.

In the days to come you will notice subtle changes in the governance of the planet. New voices will be heard. Old friends will reappear to help lead the way to a more peaceful planet. The thirst will be for Me, not money or greed. I will put a thought into your minds of Me and all the Teachers of My Circle will find that they are united in My field of divine love and service. They will serve one another, even as they serve Me. All is in keeping with My Will and My Intent.

I come now, not as a being to be seen and worshipped like a god. I AM the Voice within, the metal of

your government on Earth. I AM the servant and I AM the master. I come to cleanse and to release all who have called out to the heavens for a release. It matters not who you are. I AM releasing *all* who have called unto Me.

The release comes in many ways. Each one to his part.

The Ray of Sananda

This Ray contains the body or *energy field* of Sananda Himself. He is initiating you into the higher realms and into The Word. This powerful magnetic field has the power to restore this planet and to lift you back into the presence of Christ, the original Idea of God.

The issuance of the Ray of Sananda at this time precedes the final chapter in humanity's deliverance. This great and powerful energy field has dominance over *all* energy and fields of consciousness. It is governance and Universe Law.

As a prelude, those of you who have or will experience this Ray may be lifted into it before the Easter ceremonies. However, the Ray of Sananda will be felt and experienced through all the Earth this Easter Morning, April 16th.

You will feel the Ray as it thunders through the skies and you will know the truth of what I speak. Come stand with us or, indeed, join us as Centers unite all over the globe. Peace be with you. I AM Sananda.

The Overturning of the Old World

The Melchizedek Solar News Volume 4, Number 52

As the Emergence takes place within the soul of humanity, the world shifts and becomes a joyous place to live for all. And as the consciousness moves in the direction of the Christ, little children rejoice to be free from the universal belief in good and evil.

Have you been afraid to step into the New World reality - fearful for your survival, afraid of judgment by your peers? Or have you wanted to leave the earth because it was so painful for you to be here? What if I could tell you now that the New World of Light and Love is beneath your feet? It surrounds you and is within you? And if I could assure you that many are stepping into the New World consciousness and declaring it the new dimension, would you take that step also?

Consider this. What might happen if many who have resisted the New World consciousness now claimed it for their own? If you have company, would you step into the Fifth Dimension and be part of the Christ Group who have made the change from human or mortal consciousness to the Solar Man or Solar (Christ) Consciousness?

Be not fearful of this step, the quantum leap, as many right now are taking that step. This is initiation and it comes at an opportune time, doesn't it? A time when there seems to be no answers in the old world of man's invention. Take a moment with me. Look carefully at the old world, its wars, pollution, poverty, disease and despair. There is no way out of this old world, despite what political parties tell you. And the walls are thick from belief; the walls are dense

with illusion. What to do? Where to go? Some take drugs, drink themselves to death, commit suicide, or fantasize imaginary pleasures. Some go completely insane. Where to go?

Yet, Heaven waits beneath your feet. You may not see it or feel it, but the World of Light is with you and it can be contacted right now. You have but to decide where you would like to be, take the jump into the Heart of God, and begin again in the company of angels.

Sounds too good to be true, doesn't it? How do you make the leap into Heaven on Earth? Is there something you have to give up?

Give up the world. Let it go entirely. When you are ready, your New World will embrace you and you will feel its nurturing strength and its consciousness as your own. You will not be alone either. You will be with others who have decided to experience a whole New World. You cannot have both the old and the new. You cannot have two worlds. One must be released for the other. And that is the great decision to be made. Until you can make the decision to release all attachments to the past and present emotional ties that have been your world of illusion and often, deep pain, you cannot enter the Fifth Dimension where God and man are one. The passing into this dimension is your gift to your Creator who beckons you to "Come."

Once the decision has been made within your consciousness, your soul moves toward Spirit. In this movement to Spirit, the unifying factor of Oneness (divine order) has been established. The false world of illusion, of separation from God, drops away. And though you may reach out again for the old world and its ways and laws, it will not be there for you. You must enter the New World, the Christ Dimension, without fear, as the joining of your soul and Spirit have dismissed any other choice!

Leave now the world of illusion, My dear ones, and come unto Me. We are not separated. That was the lie and the illusion. Let the illusion pass from you. I have released you from the illusion by My Atonement and My walk on earth. I have come that you might stand with Me in the World of Light as Solar Consciousness.

*The Land of Light awaits you. You are in good company for all will come. I have redeemed all in Me. Heed the Minister within your own Heart. I AM calling. Be now with Me in My name.
Sananda*

Moving Through the Appearance

The University Papers, Number 172

As an airplane in a storm relies on instruments until it reaches its destination in the sun, so must you rely on your inner voice, the presence of God, to shepherd you through the illusion into the Light.

Entering a new energy field can be difficult. It means a total awareness of a new rationale, a new way of thinking and seeing. And from the point of departure from the old dimension to the entrance into the new dimension, there is often confusion, anxiety, and sometimes depression. This is because you are rising through chaotic conditions caused by the pressure of the new upon the old. It is a war of the worlds, so to speak, but pay it no mind. As with the airplane flying through the clouds, guided only by its instruments, you, too, are rising by the hand of God, guided by your inner voice, into the Christ Dimension. The battle is not yours! Relax and enjoy the ride, for it will be over soon.

This Paper will serve as a helping hand as you rise from the illusionary world into the World of Light where the Creative Power emerges as your benefactor and doer.

Sit back now and read the ways that are given by the Melchizedek Order to leave one world for the next. As you turn inward to your God presence, take the hand of Spirit and be guided. The Earth and all her people are rapidly moving into the Fifth Dimension. You are guided by your inner voice as you lean not upon another but on Me, your GodSelf, the revelation of your own being, and your own Christ Truth.

Chariot of Fire

Imagine that the lift off or transference from one dimension to another is occurring and that you have been ushered into a fiery chariot, a Noah's

Ark with wings. You have many companions as you embark on your trip through the cloud of unknowing. You are confident and at peace in this ship of light. You know it *knows* its way and will carry you safely through chaos and formlessness into the new world.

"I have carried you before, I will carry you again," says this Ship of Light. You breathe a sign of relief. "Yes, I know, Kind Ship," you say. "Thank you."

If you were to reread or read for the first time many of Sananda's messages, you would find that He has spoken of the "Lift Off," of transporting you by His love to the New World, and of translation. Can you envision that this is occurring?

There have been numerous transmissions regarding this shift and they have come from many directions. Often the primary agent for the lift has been in the form of spaceships. What I would suggest is that the "spaceship" is in reality a chariot of fire, a powerful agent of divine Grace, the extended Consciousness of Lord Sananda. It is a release of vibration so high and so pure that it can appear and form of itself a chariot of creative intent that is here *right now* to ferry you through the winds of change to your new dimensional home. Climb aboard!

Through these last two months of September and October 2004—and I am writing at the near

conclusion of the second month—enormous vibrations have entered this planet's awareness. The plummeting of vibrations onto the planet and into the hearts of those open and prepared to receive the high frequency of Light has continued nonstop. The purpose has been to reseed humanity in Light and to open those who are ready to the High Self and the Christ Dimension that they can lead others—instructing and guiding—as the planetary shift occurs.

I send My Spirit forth to lift you into a new realm of Creator Intent. Here you will serve the Divine Plan and realize your sacredness as the Son/Sun of God.

This sacred Force of Me will form as a transportation vehicle that will carry you to My waiting arms.

The Coming Home

What is your new home like? Are there new rules and new laws? Are there ways to function in this new world that you are not familiar with or have been hesitant to live?

The World of Light commands of you to:

- Realize that you live and

have your being within the Divine Presence. This Solar Consciousness is also called the “Christ Body.”

■ The Code of Melchizedek tells us that “I (consciousness) and the Father (God Presence or Thought Adjuster) are one.” We are of one accord. We are in agreement and of one will. This cancels out all error that may have been permitted in the lower realms. *Your consciousness must now adhere to the Code of Melchizedek and the revelation of Jesus.*

■ Wherever you are, I AM. There is no separation now. Always God is included in thought, feeling and action. You are reborn of the heart where the Christ Seed or Atom has awakened to its original identity and purpose.

■ From the Oneness (the Father within, Universal Life Energy, I AM Presence) you draw your supply. The Master Jesus called this Unified Field of Spirit Potential “the Kingdom of God.” Your supply is all that you need in your expression of Christ Truth: radiant health, divine intelligence, opulence, immortality, etc. *It is everything.*

■ Your core is Divine Love and it must be, and is, constantly radiating unconditional love. Unconditional love connects you to all life and is the connecting tissue into the next expression, which is God The Supreme.

■ All life is united in the Fifth Dimension experience. This is the portal or first step into heaven on earth. You leave the cannibalistic ways of killing for food, as you now are partners with the angelic kingdom in the dynamic Circle of Life. In this Consciousness, all life is your brother.

■ You trust in your union with God and in your partnership with all life. Thus, all sense of concern for survival

dissolves. The money game no longer works and the ways of the Earth Mother are honored.

■ Peace is the Law, not just a hope. It is the Word or Universe Law. All conflict is resolved by unconditional love and release (surrender) into the Christ Dimension. A personal representative of Christ Michael, the Universe Creator, sits on every court.

■ There is no jealousy, competition or greed. Each knows his/her own part and gives to the *Circle or Christ Community.*

■ *You are called to live this Way right now.* Depend on no one but the Christ within. Let the Light shine from your heart center as the Creator in expression. You are the Creator (I AM) in expression.

■ *Abide not in the world but in Me.* And if you can do this, you will be in the sanctuary of the Fifth Dimension and you will know this. And you will be the hands and feet of the Creator. And He will be well pleased.

■ You, then, are a citizen of the Universe.

- Sananda

From This Day Forth

If you will visualize the pulsating six-pointed Melchizedek Star, ancient symbol and *code* of the Melchizedek Order, as your true birthright—who you are, the Christ Self—and agree with that code of Truth, all false concepts and rigid dogmas will fall away. They have no reality. You are the Creator and the Created, the Father and the Son, united once more through the name (consciousness) of Christ Jesus. This is the power of His name. He is the Oneness activated within your

heart-seed. The vibrating Melchizedek Star as your reality cancels out all else but “I and the Father are one.”

If you will keep your eye single, as the Master taught, your body (consciousness) will be filled with light. You will wear the light body as the energy form of who you are. Born of Melchizedek, you will collapse the death program.

As you focus on the Star code of the Melchizedek Order (Order of the Perfect Man), the dense, material form will fall away. Any and all identification with the false creation will no longer be real for you. It will be denied in the Cosmos. You are the original Son (Sun) of God as you turn inward and accept your true identity. The Christ Center or Heart is the birthplace of your true self, the Christ within. You are that one in reality. Father (Crown Chakra, High Self) and Son (you) are joined in oneness. *Your identity is that oneness.* There is no separation. This is the vibrating Star of Melchizedek, your GodSelf.

Breathe the Breath of Life now and realize your Self as *God in expression* (Son or Sun). Whenever you have a doubt or worldly suggestion, remember to visualize and *agree* with the Melchizedek Code that is the interlacing of the two in One. That formula cannot fail. It is triumphant and it is God’s Word.

“Blessed are the meek, for they shall inherit the earth.” (Matt.5.5)

The Melchizedek Solar News Volume 2, Number 26

Who are the meek? What did the Master mean by the word meek? Who are these meek ones who will care for our planet, remain here and govern? Who are these ones?

The shelters are provided so that you can remain on earth in the times to come. She, Earth, will be changing her garment and becoming a mighty son of light. She will be troubled no more by the laggards of these past decades. She will glow in a timeless way and she will become more affluent in her contribution as an earth mother of Christ emanation.

Those who remain will be translated out of body into a new arrangement of form so that they will complement Mother Earth in her supreme position as the Christ Office in the solar system.

Many visitors will come who are anxious to partake of Earth's

wisdom, her knowledge of translation and Christ emanation. This will trigger a *new School of Scientific Studies* that will attract many from other planets and galaxies—not only to contribute as teachers and travelling professors, but to learn of the vast knowledge contained within our Earth path. She has learned much in her battle with the negative forces.

There will be a resettlement of Earth and those who have the meekness to hear and listen to the GodSelf will remain here by choice to assist the Planetary Prince in His Office.

The struggling Earth will then be content. All the world will settle in light. There will be no sections disputing. By the order of our Planetary Prince and the World Mother Office, there will be no arguments, conflicts or wars. All will

be resolved in a court of LAW as given through the Prince to His people in the name of His glorious Father and generous, bountiful Mother.

Be glad you are here on earth, for she will need you to right the wrongs that have been so plaguing this planet and her children.

Speak up! Glorify God! The battle is not won yet! It is not to be won until the resettlement has occurred. Will you be one of them who have been chosen governor of a New World?

In meekness and in My Name you will inherit the Earth.
Seal of Sananda

The Miracle Prayer

*I open my heart wide to receive the love of God.
As I receive God's love as universal supply,
all my affairs are healed.
I realize and accept the healing power of the
Universe as love, and I allow the healing power
that is love to penetrate my life.
I readily accept the healing power of love
in my life and I know that as love,
God is my limitless and
abundant supply made manifest.
I feel the outpouring of God's love
in my body and mind.
I feel God's love in my affairs,
and I know all is well.*

Many people find this prayer to be of great comfort and healing. It is also available as a bookmark or a poster in the University online store at:

Remember To Do Your Part

The Master's Papers, Number 111

The Life Center of your universe is waiting for you to say "Yes." This is the control center for your world. From ancient times unto this hour the ways of this control center have been explained with the instructions *Physician heal yourself*.

Entirely too much grief is being spent on attempting to correct what cannot be corrected. For the work is not in correction but in releasing. What you wish to correct is nonexistent in Truth. Be where I AM is the continual song of the Creative Intelligence.

Much of what you are seeing today is the mass consciousness emptying of its darkness, its congealed negative emotions. This playing out of "Armageddon" need not be, if we could but remember the word "forgiveness" and joy in that remembrance.

Vengeance is Mine, saith the Lord does not mean that God will take revenge. It means that you must turn over to the God presence any negative feelings you have towards anyone or anything. Because God is not a vengeful God. God is Love. The tribal centers must dissolve to light that man might know himself as one.

Sweep your house clean

Often what occurs on the spiritual path is that the seeker skips the important cleansing of the Spirit—or that one misunderstands what cleansing truly is. When this important aspect of God's love is not accepted and allowed to activate, then often is the case that the darkness (hatred, anger, guilt, resentment, all the negative emotions stored in the subconscious) continue

to breed more darkness and more negativity.

Face your own darkness. It will be there for you to look at. Until you can - and you don't need a therapist to do this - the love of God cannot be truly lived on a daily basis. Take responsibility for your misdeeds. Really look at them and then permit the Spirit of God, or Holy Spirit, to release you from your negative prisons. It is important that you do this and that you continue on your spiritual journey of love and light.

Never, ever, blame another! For blame is the devil himself! (Devil is a collection of negative vibrations that appear as darkness often termed the Dweller on the Threshold.) Take your medicine and be done with it, for you are needed on the Christ platform of rhythmic Being. I AM you!

The power of forgiveness is mighty. It will wash over you and cleanse you of all that is not of Truth. See your mistakes, where you have harmed another, and then ask forgiveness of the Great Spirit, of those you have harmed in any way. Feel the cleansing presence of My Spirit over you, blessing you with My love. This is the groundwork for all spirituality. You must drink of the bitter cup to cross into My world of glorious Being. Take your medicine and walk with the light. You know no one is at fault but you. Therefore—no excuses now—right your way as a divine one of God. Remember that if you continue to justify and refuse to look at your own

transgressions, the darkness within can only multiply.

You are needed on the plane of light where I AM (Christ Consciousness). There AM I. You can best help this Earth, those about you, by living the Truth in all its abundance, by coming clean with God and all creation. You are the maker of a new world. Vibrate that new world and lift all that you see and know to peace. For God is waiting for every son.

Lastly, remember who you are: Christ, the Sun of God emerging. You are the new beginning. Claim that place in you! Hold fast to that place. Even as you have forgiven others, please forgive yourself *that I might be*.

We are waiting. All is love in My Kingdom.

—Crystal

The Universal Christ knows only love. My true nature is love. As Christ, I AM all-forgiving: unceasing and unending love.
