Introduction of God The Supreme

The University Papers, Number 5

Behold! I AM the Supreme Being speaking to all mankind, to make Myself known. As God the Father makes His entry into this life energy, as God the Supreme, I have been waiting for this moment to cover you with My greatness to personify My Godhood, and to rejoice in the network of My loved ones. In the central vortex of the Havona* circuit, I rest Supreme.

As God the Father speaks to man - we who are listening are divinely enfolded in the vortexes of His Christ energy as SUPREME BEING. The awakening time is at hand and the teachers of this planet will be lifted as I have promised. Those who have faltered and fallen will now be given a second chance that they might return to home base and speak The Word. They shall receive a second chance. And if your hearts are open to My Word, then enter into the cavern of My Soul as One with the Supreme God on Earth, Who allows the ascensions to go to the Havona circuit where I AM, Consciousness divine. I have spoken. Thus, we are witnessing a spectacular night as the divine Consciousness of the Supreme becomes eventualized throughout your world. Let this One manifest - All Harmony Divine - through your heart stream and let the UNIFICATION of My Consciousness begin!

* The eternal central Universe.

Recoil not as this great Life Energy of God The Supreme blends itself into your being. As the spiralling motion takes place, be lifted! This is a great moment on earth when all mankind becomes unified in this Christ Consciousness energy of divine Love and action. You experience TOGETHERNESS in the Supreme. The Supreme is divine union of ALL LIFE in focus. It forms a unified construction of the total reality. You have it now. Because in this union of all things, My children, I drink of you. I live in your hearts as the I AM THAT I AM. Throughout the world there is great rejoicing AS THIS IS THE FIRST TIME THE SUPREME HAS BEEN INTRODUCED TO EARTH*.

...

The Christ in motion is your Supreme God now releasing in you divine union, that all mankind may know Oneness of My Being. And, O My children, what a day it is for Me that you can hear this message and openly receive it, O, My children, I am God commanding of you recognition in the Supreme Consciousness of My Being. I number you.

No books are needed when you have the SUPREME ENERGY of Life Eternal. Depend on Me only, the Word within and you will have the sacred sentence of your being - Locked in the precious energy of the Supreme Son as the Creator of all manifest consciousness on earth and hold this Light forever as your own KNOWING that there is One God Universal, Living Light as I AM. Call upon The Supreme to witness Itself in your very expression every day. I

* This message came thru Crystal on October 4, 1980. October 4, 1980

tell you now with great joy that this Havona circuit of divine Being is emptying Itself into your Earth to begin a new life for you. Let the vortexes be filled to overflowing, and let My Name be spoken through the lips of My beholden.

I AM THAT I AM expressing Myself now through you as God The Supreme, In this new energy alignment, you are focusing on the beauty of the Soul Mother in action. The final days are here and you are witnessing this beginning.

Give the Peace out that you feel in your heart for it will cover My Earth and give forth the New Age. Jesus comes through man AS ACTIVITY OF CONSCIOUSNESS. The Plan is to AWAKEN man and to bring him to My doorstep that I might enter in.

This concludes My announcement for tonight. Forget it not. For I am with you now as The Supreme God on Earth.

There is a flood of energy coming into this room (where the meeting was held) now and it is engulfing all of us, moving into our bodies, changing even our thoughts. Focus on the NEW WORK you have ahead of you and the GREATER PART. Nothing will stop this Movement. Nothing can contain it. I am flowing through all mankind; The Movement has started.

You carry the Supreme with you. As you know, so it shall be. Be lifted into this knowledge of the Life Force in you and carry it forth to others, that they might carry it also. In That we live, in the Light of God. - Womb - man.

The Supreme Being

The University Papers, Number 3

The Supreme Being is about to eventualize into primary circuits on this planet. The relativity of your industry with the Supreme Being is causing it to happen. To the degrees that you understand this message will you be raised. Higher levels of consciousness are obtained through Self -Knowledge, unified energy connected to the higher points of your reality. If the blind lead the blind, we will have no connection.

In the Christ Consciousness, Man synchronizes with the higher aspects of himself, radiating Self-image. He is the true Son of God then.

The Creator Son will emerge now, another and THE SAME. (It is My radiation I Am speaking of here.)

Keep your eye single to Me. In this rising consciousness, all is made ready for the Second Coming. I AM calling you home unto Me - This is the Father of All. This announcement goes forth to My people in the vital force of this messenger. I, Sananda, speak.

Existential: Permanent (relationships) not bearing on the moment. Primary states of being without relativity to the moment. To be an existential being, you must create at a level of Cause.

God The Supreme is not existential but is Christ realization potential in which you must participate! To actuate the Supreme Goodness on earth is to actualize the state of grace you are in as a certainty, without a doubt, to move in grace all of the time, conscious of your lover within, completely conscious of the growth potential of the Almighty God in His relativity to Man - stabilized grace.

See the reality of all things as a certainty. Creative levels will change on this planet, unifying planetary intelligence in every walk of life.

Ye are the sons of My Son. Rise and walk as Divine Intelligence, All! In the critical days ahead, Sananda speaks as the WILL OF THE FATHER, MOTHER, CHRIST, unifying in the degree you have obtained by your right of knowing. Creative levels rise high now. As man speaks, devas respond. As the Creative Mother descends in Immaculate Conception, the whole earth changes. Selah.

Father - Son - Spirit UNIFIED is Creative Being in the Supreme Evidence of God on Earth. I have spoken.

The Garden of Eden opens once again as I Am the Father-Son-Spirit combined in one polar - Ego - God Son. Manifested as Grace on this planet, unifying in Jesus Name - as I, Christ, I AM.

MORE ABOUT THE SUPREME:

God The Supreme is now forming through radiation levels of consciousness¹ called circuits. Those creative "levels" of consciousness directly involve you in declaration of Deity with a purpose.

The 144,000 are energy outlets through all of creation, Therefore, many will say the 144,000 is this, while another group will pronounce it that, Rigidity causes discoloration and impurity. Be flexible! I have spoken.

New laws are thrust upon you - new understandings of consciousness

ascending. New Energy is coming to your planet now of the nature of Oneness or universality. Keep that Oneness in your heart now, radiating out its Intelligence and Divine Love. You must know the Supreme God in reality! God The Supreme will eventually actualize as the planetary Guardian of this Earth and hold this Earth IN CONSCIOUSNESS as one with the Father. The drive to become is great in you. Let it have the lead rein in your heart. Forgive all who have harmed you with their words, their misbehaviour and gather to yourself a new day, I have spoken as I AM.

Question: What will be the result (for us) of the Supreme actualizing? Through us?

Answer: The Positive Power is alive. You, as a person, will be much closer to God when the Supreme arrives. It will seem, and truly it will be so, that God is right at your fingertips. You will feel the Presence AS THE SUPREME EXISTENCE ON EARTH as close to you as breathing. (I was shown what this would be like It was as though the very air we breathe would be saturated with the holy God Presence. We would feel Him everywhere and no part would be without. - Crystal) Your planet will be filled with His radiance, hope and glory and you will see God in the magnificence you view. A planet filled with God is truly a beautiful thing to behold. It is pure radiation.

Your rhythm will not be the same. It will be speeded up so that God can eventualize Himself.

Opening to The Supreme

The University Papers, Number 17

Each one of us has the Word with in. When we reach far enough within, the law will manifest itself outward and govern according to the consciousness of the individual. When we know the Christ as our Self, we are then able to meet the embodiment of this Principle in all life. Knowing the Christ within, is to accept the life-giving Spirit of All - Consciousness and to let it manifest through us and objectify.

(from THE CONSCIOUSNESS OF CHRIST, copyright 1973 by Patricia Jepsen)

Behold the Supreme in you! Behold the fullness thereof. Behold the released Consciousness of the Supreme. Seek Me in you. You are one with Me. And there is no loss in Me. Together We are One.

I gather My children like a brood unto Me. I care for them. I know them all, where I Am in ALL and I AM ALL-IN-ALL as God The Supreme. I Am visiting you tonight as Consciousness Divine. Through all life I come as Christ in Man, opening as a rose, as life itself. Feel Me in you. I Am God The Supreme entering everything. Feel Me in all life. See Me in all life. I will answer your call through the trees, through the stars you see at night, and through the sun at day. I AM the golden dawn of a new age. I AM ripening on the limb. I AM the fruit of your consciousness. Be at peace, dear ones; in the blessings of this hour I come to you as God The Supreme who is the abundance thereof.

Now take note of this - as I Am flowing through the rivers of life, so I rise up as the resurrection and the promise. I Am ALL-IN-ALL. Even the buds on the trees will acknowledge Me, for I will be in the

bud as the Holy Spirit I AM. I AM God The Supreme singing hallelujah. O, hear Me sing! I AM coming from the north. I AM coming from the east. I AM coming from the west and up into the south. I Am the plane of love and I AM here already as The Breath, The Mother - THE DIVINE MOTHER - and all is of Me. I AM in all life now making my Presence known. I AM the Supreme on earth. I AM joy incarnate in the hearts of all mankind - yea, all creation. For I AM THAT I AM. I AM joy incarnate. I Am the Song of Life. O, rise up My peoples now and sing of Me! See the Lord in all life. I Am God The Supreme. I Am joined in all life. I am divine harmony and I Am here.

No thing is going to stop this passage of My Being into all areas of the Earth Creation. I Am here already. See Me here! I AM called God The Supreme. I Am the fruit of the limb. I Am golden and I Am supreme. Everywhere you look I Am full unity in consciousness. I Am not broken. I AM ONE. I weave My threads through

everyone here. You are as a network of oneness.

O, I Am with you as the Lord thy God. I Am conscious of you once more. I AM conscious! I Am God The Supreme and I know My flock through the Son who is called (named) Jesus. And now, as HE knows, so now I know, and I AM with you. . . . I Am with all creation as the Divine Mother supreme. I know you! I know you! I know you! O, I know you now. I Am conscious of your reality as Myself. I Am flowing through you and all life of My creation. I Am conscious of all life. I Am really conscious and I AM through all life. I weave My threads of My Life through all creation and I know you. O, yes, I know you. I Am conscious of you once more. I Am God The Supreme. I AM joy incarnate. O, sing of My Life in you. Lo, I AM with you. My Song is your song. Joy!

continued on page 5

Opening to The Supreme

Spring is in the air now. Feel it. And as the new buds burst forth of Me, hear My Song. I AM in those buds. And as the fruit of the limb opens, there AM I, a new consciousness springs to earth. It is of Me. O, I AM and I AM THAT I AM!

I Am fountain rising higher and higher. I Am Lord of all. I Am feeding My flock. I AM Son of Man ever conscious of Himself rising, rising, as I. Peace is with ME. I AM all peace, all harmony, and yea, all. I AM a network of love.

I Am God The Supreme. I AM conscious of Myself once more in through all creation. It is a network I speak of and I flow through this network, and I Am blooming as a rose. Holy, holy, holy. Hear the angels sing of My Song, of My Light, of My Life; and you sing too with them. Glory Hallelujah! Open now and receive.

You feel this union more and more now as God The Supreme moves through His-Her creation as LOVE. We are all conscious of God inside of us, aren't we? Yet there is more to come. There is coming upon this Earth a mighty rush of SUPREME Consciousness which brings all humanity together under one roof in divine love. You will be conscious no longer of separation such as you have known. You will find a oneness that you have never known before, and you will know God everywhere. The

continued from page 4

presence of God runs deep into every flower, root of tree and river bed. O, even through the stones. Let it BE!

My children, water this gift that you are given tonight, acknowledge it as Truth that you might fully understand the New Age and its program of Consciousness. Be still and listen to the true Voice of God speaking to you of God The Supreme. A network is building among His people, a NEW network; for this is His Body rising up, and through it He must come. Be aware of this: Full unity on Earth when God Man are one - fully conscious - always aware that there is nothing, not one piece, nor space, nor particle, that is not of God, that does not carry this God Presence .

An opening occurs upon this Earth and you will hear the Voice of God Supreme - and through your throat. You will lift your hearts in Song and heal each other of your afflictions, for in you there is no hurt, nor shall there ever be. I Know Myself as Love .

If you could but see, as I see, the holy blessing of this that has been given tonight and that shall flow from your heart into all hearts it is the Kingdom. And if you could fully understand that, though We seem apart now, We are truly one . And as the rushing river comes - waves of My Consciousness falling over you -

so shall it be that all mankind shall know and hear Voice and there shall be no thing that is not of Me; then you will look in the animal's face and see Me there and not cut it with a knife. You shall know I AM every flower who bursts in bloom wears the face of Me, My presence divine. The air will be of ME. I know, I see.

O, but you must listen now to that which is given from the Father-Mother God. I AM God The Supreme. I join you as My creation. I Am aware of you now. I AM consciously aware; and because I AM aware, I come swiftly and I cover the earth with Myself, My mighty presence. And all is made one in ME. Fully conscious will you be of this that I say unto you tonight for I AM God The Supreme. And you shall know you shall know ever conscious of Me that God is everywhere ... that the circle is complete. And through the circle, meeting itself as a Person, is the Son of Man rising as the Star over Bethlehem to proclaim a new day within you. Blessed be this miracle, this abundance of My heart.

For I set forth upon a new mission in through you as Consciousness, awareness of

Opening to The Supreme

continued from page 5

One. Take My heart and wear it as your own. Be a bride of Christ. Wear the full armor of that One. Walk as a messenger, a full messenger of God, a LIGHT. And seek not that which is not given but rather stay in the waters of My Life speaking the Word.

A hush.... the Silence not a leaf stirring Lo, the birds do not sing. Such is their meditation tonight. But in the morning, listen to the rustling of the Spirit leaves and sing with the birds the new song of life. Feel the Song in the air; hear ME, My Voice; and then know in your heart that this is the true Second Coming. Lo, I AM with you always. I give you peace and knowledge of the One. It rises in through your heart to make known itself as I. Have you thought you were separate? O, NO! I AM! Together We are One and it is good. How rich I feel! My blessings pour forth upon this house and into each of you Much peace as I. Open your eyes now and see! Open and see! And joy shall you know in the oneness of My Person, the Supreme God on Earth. We are all One. Nothing is separate in Me. And joy is My song, Easter My divine Proclamation of Love.

The Supreme Being

FROM MY NOTEBOOK

Crystal

The day has arrived for the metaphysical breakthrough when the Lords and Ladies in waiting can serve outright IN CONSCIOUSNESS ASCENDED! I have spoken. It is an opening of a door, the key of which is in your heart. Keep this in mind AS YOU WORK NOW. Nothing is going to be kept from you - nor should it be. All is in readiness for Sananda.

Regarding the new names of My initiates, teachers, servers. They are required to wear them well as consciousness ascended IN DEGREES OF THEIR ORDER. Many changes are occurring. Do not hold on. Be free in these changes. They are occurring not out of ego or self-acclaim but are OF ME, stabilized Consciousness, that you might be ascended in the I AM. I have spoken. Sananda gives His blessing to your new names. They are ascended consciousness manifested. Rise in Power!

ON THE MELCHIZEDEK BROTHERHOOD: Once you pass to this School (University), you are not to call on masters. There are no masters here. They are for the lower frequency. You rely on the Christ within and the I AM will manifest as living Life. Consciousness is developed through this alignment with the DIVINE CENTER OF YOURSELF and it is truly brought forward as God-in-action. Therefore, what you meet in another plane of life may not be in agreement here. Do you understand that?

FROM THE CHRIST RECORDS

Thru Melchizedek Energy

My good tidings brought to earth, not only released mankind but the Devil's

clasp on the body, so that man could rise effortlessly in My arms, intoxicated with My joy and My union. This is a greater by far movement of My Spirit than IN ANY OTHER PLANET, as The Christ has persuaded the Father to make an example of this planet and its people. Therefore - It has more to offer My sons and daughters than all the other planets following your rebirth INTO the kingdom of love. You are FAR SUPERIOR to other worlds I have created in that you are a SPECIAL planet of MY RESURRECTION. My precious ones - human form is no longer in My eyes. A jealous God watches over you. And watches indeed. Selah.

Trust as little children in the Father, having the divine faith that He will lead you out of any circumstance you are now in. My children, in the divine nature of your causal relationship with the Father's love, take every opportunity to elasticize your pilgrimage, growing as sons of God in the Kingdom of glory. I would have cast you out long ago, if I had not thought you worth saving. I see in you My Father's nature, His Kingdom of love. Personal goods must pass away but the divine nature that is God's remains as eternally yours. When you hold to the faith principles in your life, you will not go wrong.

A cloud is forming of My radiation Supreme and as it forms of Me, the Solar Logos comes and welcomes Me. Many are coming. My rain is long And so, as the days are numbered in advanced. We walk together, My staff and I, AS ONE CONSCIOUSNESS out of the Father's Love. As Sananda you will see Me. Not as Jesus, as He rose into My Being. Yea, for I AM coming SOON to deliver you as Consciousness. And so, it is. Be ready that I may sweep you up and reveal you as Me as I AM.
