"Liberate the Christ Body"

A release Number 2 from The World Mother Office

September 11, 2001

These words were given to me following meditation this evening. Why? What does this command mean?

It means this: We are now being lifted and transmuted into a whole new dimensional frequency, which is the Christ Plane, or CHRIST BODY. This BODY surrounds the planet and has been waiting to enfold *you* as Christ Consciousness.

The Body of Christ is the Solar Son. It enfolds you now in the magnificent rhythm of the Christ, and it is glorifying the Christ (Flame) within your heart as I write.

The Christ Body is a dimensional change or shift. This shift is mandated by the Solar Council. It comes as divine intervention to prevent further devastation on a planet that is destined to rise into higher form.

Lift your thought into Higher Mind. Relax and let Me (the Christ, God in you) flush out the weakness and plurality of your former life. Stretch to the new dimension of Creative Power and sit with the gods.

The meaning of this declaration, *Liberate the Christ Body*, is a direct command from our Hierarchy to free into our experience the presence of the Almighty Christ as CONSCIOUSNESS. The shift has begun!

Blessings of the Light,
Crystal

LET YOUR WHOLE BODY BE OF LIGHT

flock! Correct My position in the Universe, as I Am THE I AM.

Statement of the Father and joy unto you, I come. Fill these beings with My radiance, the Light of My consummation. As I hung on the cross, I realized what you are, and I stabilized this Universe Consciousness at that time. Yea, all have risen as I AM and all abide in My heart! Yea, I AM the Son.

Visualize the Christ Universe as awakened now and see it as a splendorous light of undenied radiance in man. Then hold this vision for a moment or two, that it might be given to all mankind alike as the letter from the Lord.

Peace abide in your heart now. Peace, eternal Peace of the Father/Mother God. It is written I have come and I AM.

This letter written to My people; this letter, taken to My people, will open them. Let it be taken as new Light.

Jesus and the Light Body

The Specials Vol.3 No. 5

Every cell is alit with the Jesus code. It is time to restore it to recollection. The very consciousness that Jesus maintained is available now as you make your transition through the doorways of Consciousness.

The light of the I AM Presence that Jesus wears and adorns is the message that is available now in your body, mind and spirit.

The message He gives us is this: "I have overthrown the old ways. They are no more. I AM the One sent to christen you with the program of vibrational redemption and kingship.

"I AM the Presence within you calling all molecules together into expression of a new life: embodiment of the I AM Presence. Come into the Resurrection. I AM the King of the Resurrection. I AM the new circuit of vital Presence that seeks only to reclaim itself in you as the lost chord, the identifying pitch, the I AM.

"I have never forsaken you. I have always remembered you. And I gather you up unto Me as the Christ in motion.

"Thus is the Creator in you moving through your light body, establishing Itself on earth as it is in heaven. It is the day of recollection. It is My hour of transmission to you. I want *all* My children to come home to the Father's House."

LISTEN TO THE CALL

The Call into the light body is the preparation for the Coming of the Lord. It is the light body that foreshadows this event, and it is only through the body of

light that you can know Him. It is the connection point. When - from this point on - the body of light as the Planetary Christ becomes one body: the "body of Christ." Through this energy field you will see things anew.

Thus, the light children, activated, join the Christ as He(She) has descended and they merge as one body of consummate law focalized as the Planetary Christ. A recreated consummation of the original idea.

However, that does not say that within the Planetary Body - Planetary Christ - those children of light may not move through threads and cords of Dispensation to go and come or enter other regions of light. They are not bound by this Planetary Christ, only embraced by Him (Her). The important point here is: You share your light body with the Incoming Christ - cooperating with that System of Government. However - and let me make this point well - please remember, you are free in the Christ, not bound by any means.

(Your Twin Flame waits for you in the body of light.) Lift your intelligence to that point and gravitate to that circuit. It is the Creative Power here that will move mountains, just as Jesus did.

And this is the portion not admitted into your records until now. The rhythmic content of these records will jar you into recollection, and remembrance shall be yours in truth.

CHANGING OF THE GUARD

When one cycle ends another begins. I tell you this now:

The Cosmic Christ acting upon the female body causes a different reaction than within the male body.

It is My hope that the female body, under preparation now, will be suitable for My regency and the full Devic (Angelic) Command that I will thrust upon her as she realizes her own greater body in My Name (Mind).

The higher management of the laws of heaven and earth belong in the woman's (Womb-man's) hands, not man's. I come as Woman now, reseeded in the vibrations of the Holy Mother.

Follow the cosmic law of energy that will permit you to command as love incarnate. I have spoken, O Mother of My Day.

(Note...)

This revelation and determination comes to man and woman alike. It is time for a rebirthing of the Christ Seed, the Christ Ideal, in man and woman alike. Thus is the power transferred to the woman cycle where life begins, where life is regulated and where it can be nurtured; for the Christ Energy must be sustained and maintained now in the exact rhythm of the Lord.

continued on page 4

Jesus and the Light Body

Continued from page 3

It has been my observation to note that often when a woman rises and stabilizes in her own Self, her "power," the man-partner beside her will lose his "power," his measurement of identity. This can be disconcerting, and dangerous. The male-partner may swing too far to the passive or the feminine side of his nature. This can result in feminine patterns of behaviour and movement as well.

What has taken place in the partnership - relationship - is that the man can no longer identify with his control points. Because the woman has found herself, truly has moved through a new gateway of revelation and identification, she is no longer in need of protection. She cannot be controlled nor managed because she has found the Boss within herself. She has found her own power!

The man beside her reacts. He may find himself without identity, no longer "needed." What must he do? Is it not time to find himself in a new way? The Christ inside himself is pulling him into a new dimension of Be-ing where the I AM Presence will significantly Be for him what he was for woman.

Man loses his power. He weakens as woman finds her strength in Me or the Presence of God. She stabilizes there in the image and likeness of God's will for her *as a complete identity within herself*. Thus the partner is alone, without seeming power and without his protective cloak of the male identity.

Here is the key: *He must reclaim his power in the female side of his being*. He must know that the Power is within the feminine side of his own being. And it is in this rising feminine pole that he

will permit the true power of the Christed man to rise and express. Then we will see a new creation emerge through both sexes. There will be no dependency on one another. Both shall be complete within themselves and both shall be satisfied.

In order for the Mother to rise in conformity with My will, the "power" must be transferred to the female side of nature. Here, as the Divine Mother, new creation will emerge embodying the Light of the World in the glory, in the wonder, of consciousness divine.

Man, as well as woman, shall be restored to rightful position. Man, as well as woman, shall find a new identity.

As female - the feminine side of nature - rises - so does the Creative Daughter. This announces the divine fire of life, the very program of Existence, as translation begins to My Heart.

Therefore, if man should feel powerless, weak, passive and without identity, remember this: Do not try to return and reclaim your old way.

Mark this well! Claim the feminine side of your nature -- where rests the vital Creative Energy -- and realize that the two are one as *I*.

All is God. The Mother of All is the deepest region of Soul speaking to us now as Conception - A new rhythm takes place.

DIVINE SUPPLY

What you decree in Me is done. There is no other. Rhythmic supply is radiating. It is through your acceptance of My supply in you that It is finished and it is done.

The supply of God in you needs expression.

How do you express this divine supply? By aligning with it, letting it flow.

Healing is supply, just as goods and money is supply.

When dis-ease or any appearance or suggestion of imbalance is present in your physical body, allow the supply that is God to fill you and replenish you.

The same law of energy is true of any mental dis-order. Where there is a need, God is present: ever present - The Brotherhood of Life

And here I want to say this: You are not "perfect." *You must claim your perfection in Me*. I, the Spirit within you, seek to express as the "I AM." I AM a circuit of energy reclaiming Itself. I know Myself well as perfection. The need for you to be perfect is My need to express My perfection. Therefore, let Me Be in you as I AM. That is something you must learn: I seek to express. I AM the perfection you seek. I AM the perfection you are.

Any state of disharmony,

continued on page 5

Jesus and the Light Body

disease, disorder must be released. Allow me through you as perfection. Thus you can follow Jesus' direction when He tells you to seek first the kingdom of God and its righteousness, for this, indeed, is the direction for all mankind.

AN ADDED AMENDMENT...

Do you want something out of life? Life can't give you anything... Life is.

All intelligence is decreed in life. The hypocrisy is that we are taught as children - most of us at a very early age - that we are achievers. Yet nothing could be further from the truth when one understands and can comprehend that letting Me express in you as you is what the word "life" really means. I AM all-consciousness God in you as you. As divine will presents itself, release into Me that I might Be. And this is the Christed revelation.

SOMETHING TO THINK ABOUT

There are modes. Whirling differentials of time and space. Each with their own conditioning... You can move as an interspatial deity entering zone ideas, transforming them, or leaving them without touching them really... moving on and creating new zones or energy.

It is not necessary to "live with a person" even if you are in the same house ... as you can move and have your being in places of differentiation. Try it.

God prospers you in the Son.

The place of peace is inside you. It has nothing to do with another person, place or thing. Once that peace is found, it is externalized as your environment.

Continued from page 4

The God-power (rhythm of the Creator) you are and ever shall be is internal, consummated through your own trust and faith. It prohibits all else - this power of God in you - from forming save the light of Itself.

The sanctuary you seek is the Creative Power lying still and dormant, waiting to externalize. Once it externalizes, you have the Creative Principle in action.

The Power prohibits personal display. It will not act on the personal sense.

Thus it comes to pass that no man comes to Me save through My Son. Degree passed.

The dimension of wholeness is found in the Spirit. Completeness. To the unsatisfied, this is the place to come. To the unstable. The frightened. The poor and the rich alike.

For it is here, in the dimensions of Spirit, that completeness can be felt and discovered and met.

Out of this dimension of completeness, new universes are formed, new worlds.

Come here, My children, Come here. In Me, you have your strength.

CALL OF THE RISEN CHRIST

This is an emergency Call to all initiates who are willing to leave all else and follow Me.

Entering into a new energy pattern

for this planet, there are new dimensions to experience and new vibrating laws to understand. Awaiting you is a new body of Earth - not as you have known her - but as a BODY OF LIGHT.

The Holy Spirit Energy now precedes The Embodiment of Sananda as Life on this planet. (October 2, 1991)

Seek nothing for yourself. Then is the Plan in place.

You - inhabitants of Planet Earth - must learn to put the good of the whole first - all creatures, all kingdoms, not your personal gain. (This is the Christ growing as Seed-light within each human heart.)

This is what Earth seeks of you. This is your final initiation on Earth.

Yes, there are other initiations - most certainly - in sequence of My Being. But once you have passed this Initiation and born the Child of Light as Consciousness, as the divine Child of the Universe - My own in you - then shall you move into a different order (Melchizedek) and behold the Light as your Selves.

May My Peace Be among you and My Life.

Lord Jesus, Sananda
(October 14, 1991)

My Life is your life, We are One. This universe is complete in itself without any fixing.

Transfiguration is near.

THE SPECIALS Volume 4, no.12

October 12, 1997

Your body now is a vehicle for the light. It can no longer hold old ideas. It is bathed in light now, the very expression of God's voice. I AM Spirit! each cell proclaims. And light revolves through each cell as each one begins to express the divinity of itself: the Christ consciousness in a proclamation of light, of immortality, yea of no death.

You are birthing a new body now! A body *so beautiful* that it is wondrous to see. You will swim with the dolphins in this body and play with the whales. And all of God's children in the ocean and the sea, in the rivers and the streams will love you because they will see themselves in you: joyous and free.

Behold the body of light! Behold that light consciousness as it is manifesting its own body! Here now is a new day. This is a day of light, of evolution in the human sphere as Man, consciousness itself, ascends into light and takes the body into the light as immaculate form.

Be clothed in radiance. Behold the light and with this light move and create beautiful objects upon this earth. Be souls of light now. This is the coming of the Lord. It is the great light of Sananda. It is the Solar Logos, and it is the Christ dimension for you. Be centered in the light. It is your consciousness. You are as the sun.

Remember that all that I AM, you are, and I shine forth as abundance, prosperous living. Behold I am opulence vibrating myself as beauty and divine love. Be clothed in light now and know that in this light, you are affluent.

And as light you claim and it is. And those who know say "Amen." We are gathered together this morning to proclaim the unification of soul, mind and body. Let the body, my body of light fulfill its mission on earth as the glory stream of the All Mighty. Be centered. Proclaim the light in you. **All cells take on the light now and be as one community as a cathedral of joy and love.**

And remember that Spirit does not have to be serious and sober. You can jive with the Spirit as long as you are centered in the Creative Spirit and expressing as an artistic expression of the soul. Sometimes it is very difficult to be free and laugh and skip and jump *and still be centered.*

I often see so many sober faces trying to be spiritual. And I wonder if people aren't afraid of their energy and so they think they have to be very, very silent and you know very, very serious and have very serious music on so they can meditate. But when we can trust ourselves, *really trust ourselves in the Spirit*, then we can laugh and have a wonderful time together. I hope more and more people take on that joy of the spirit and that light of the soul. Because the more we *try* to be spiritual, the less we are. Really, that's true. But when you laugh - be conscious that you are with others who share your environment. It is important to be *conscious* of your attunement with all life

and that you have an important place within that circle of life. Let your laugh become a symphonic sound, a contribution to the whole symphony of praise and celebration that is the Circle's Song.

Let Me express. Let Me feed My sheep. Let Me shine. Let Me. Let Me. Let Me. Stay in that dimension where I can be, where you and I are together as oneness, unity, joy, happiness, healing.

A way to keep your energy "up" is through the ceremony of praise and gratitude. Say, "Thank you." Say thank you for that which has not yet appeared. *Know* and say thank you. Thank the elements for forming the light! Give thanks for all life in expression. Say thank you often and mean it. Say thank you to all creation. It may seem to be a dark day for you but say "thank you." You'd be surprised in what changes a "thank you" can make!

In God consciousness, the only authority is you. Essentially you are the maker and the creator, the be-ing I AM. *And if you let My light fall what chance have I of bestowing My light on others?* When you walk down the street, shine and your music will be heard. Catch the joy of the dolphin. Begin to free Willy within yourself and be an angel of My light.

LET YOUR WHOLE BODY BE OF LIGHT

The University Papers No. 12

This is the consciousness that will transcend all consciousness and permit you to be with Me always. I have come again through man to begin a new life, renewed by COMPASSION for the human race. This is My Word I seek to express, that man become the ACTIVITY of My Father's Life in Me. So man might see, I have risen. Today I AM in Paradise.

I live to express now through you, O Man - to deliver My peoples through you. I Am Creator formed in the Beginning. I Am Light. There comes now upon My people a LIGHT of new beginning. As it is given as a mantle of illumination, of divine fire, I come! - I, Sananda, speak.

Priestess, know My Word. Deny not My Word. I seek to express to mankind through your heart and mind. So be it. There is My Word. I light My land as I come!

Energy does not weaken; it goes across My land like rockets in full bloom. I Am formed IN A NEW WAY. I Am sending to My people divine love as the realization comes of My Being.

Sit now upon the rock and ponder this.

Sananda, Lord Jesus, Christ in Man.
Selah.

THE LIVING LIGHT IS YOU!

(This is a message given to Walter Haswell at an Inner Voice Workshop, Rochester, NY, September 26, 1982):

The light Body is the transition of your mortal body to the New Age Spiritual body. It is catalyzed by Spiritual light and by the recognition and acceptance of the presence of the light body. This is an evolutionary step - a part of heightened consciousness becoming. At some near time the present body will not accept the higher vibration level of the new age.

From Light we came, to Light we will return.

LIGHT BODY - That consciousness that concedes itself to God - a gift to my children through my son who goes before you preparing the way. I am the truth, the way and the life. (John 14:6)

More About The Light Body -- received by Crystal:

The Light Body is a conscious reorganization of your molecular structure as you create who you are without disturbance to the mortal field. It is the RESURRECTED body of the New Age. Its vibration is of the frequency of this earth AT A HIGHER LEVEL OF ATTAINMENT. It comes as a unity of heaven and earth. It is the Christ "returned" in visible form through you. The Light Body is the Creator in form.

As light you must travel now, ever conscious of your being as love. Golden Light is yours - Claim it! You are the BODY OF LIGHT. It is vibrational intake of the Christ IN A NEW WAY.

Sananda is initiating this body through His children. It is the Christ force in action and Unity is its purpose. Higher forms of living will actuate now IN MY NAME.

Your body is to begin a new dimension of consciousness just as the Earth. As the Earth rises, so does the body of her children who dwell on the Earth.

Let the Earth rejoice! Let the body receive its light! Let the New Age begin!

Blessed are the Lord's children, the holy Christ - children who abide in Me and I in them. Behold the Lord's children, the

chosen workers of Planet Earth. This is My Hour. I attend My children. Final days are here. Come home.

Blessed are the forerunners. They shall be named "wonderful." Blessed are they who believe in Me - Jesus The Christ.

I, Sananda, speak. All My sons rise unto Me as consciousness divine.

A new birth awaits you in Me. Behold now the light of the second coming. Open your eyes and SEE.

HERE IS MY PSALM

(This is a portion of a seminar given in Roanoke, Virginia on April 24, 1982)

Because there is one Master, and that Master is the Lord I AM, the Son Manifest, there is only one Teacher. That Teacher is that Light and that holy ministry, My Word, which is given to all men. (Men being man and woman.) But the minute you proclaim yourself as teacher you disqualify the sound on My Breath and you lose Me. I say I come as the Teacher in all life. The Teacher is always in the Christ awareness. So, in listening for the Inner Voice, the divine Word of God, the true Teacher of the Universe, the wise Counsel that we have within us, I bid you not to look outside yourself to a teacher, to a guru, to a role model, to a guide but to abide within - to follow that Christ, to listen to that One, and free yourselves from the mold of your polluted ways. Enter My gate and come home. I have

continued on page 8

LET YOUR WHOLE BODY BE OF LIGHT

Continued from page 7

words to give of My Son. The Teacher is always the Son within, the risen Christ, the blessed I AM. You cannot avoid My Son's Life in you. It is a formation of My energy that I have given to manifest Myself - and I will not be stopped! Lo, I seek Myself in expression now. I AM the return of My Son in you. I say Christ has risen. Animal stream will be no more. My rhythm will not be stopped. I AM the Light of the World and he (she) who abides in Me is lifted.

We are purged, we are cleansed, we are made ready for the King Who is consciousness ascended. (I return to My Father). This is the formation of a NEW EARTH. Let go and let Me be....for this day is Mine and I have come.

So, we see something happening as we experience a full purging of our life to adjust to the new frequency of the King is come. Now is the divine Presence of our Self, Creator IN Man, born as a full identity. We are purged and made anew! This indwelling Presence grows, becoming so strong, so full, so rich that we must not separate our consciousness from it, but become one with it. As we surrender into this Light, we are full Man, conscious of our true identity in Trinity of life. This is Sananda's adjustment.. He is coming to manifest your change as CREATOR AT LARGE. It is the full manifestation of your rhythm now as LIGHT. And this is the triumphant entry into My Word, Ashram of Light. So be it and Amen.

When you look to another outside yourself, you will not realize the Christ within. I say, I have come within the soul of man and he that looks to Me shall find Me. I Am Lord over all and I rest in you. This is the new race consciousness revealed by Jesus The Christ who nourished the supreme realization within Himself. It is the consciousness of oneness that personifies in the rhythm of the Creator. The new race consciousness is the vibrating presence of unification. There is nothing to fear. I AM life, complete stabilization. I Am peace and I Am born of Man. I AM consciousness

freed of all externalization. No holds exist in Me. I turn not this way nor that. I seek not to enter nor to depart. I Am the Christ of Man. I come and I free!

This glory which is with us now as rhythm of the eternal Creator, focused upon, can bring joy into your life as never before! It is My will that you be joyous. I have come to free you of that which is not of Me. I take you into a new place as the old world collapses into nothingness!

Let your consciousness rest in Me. Then you will not suffer. Suffering is felt only as you struggle to hold to that which is not yours. Rest in Me, for I will lead you into a new place of revealed life - and this life shall be called wonderful - Let go and let God. With the personality raging, the soul is not able to express the beauty of the Christ.

The guidance comes now, stronger than ever before, within all of you, as My Word. But you must enter into My Consciousness to receive it. Many souls are being overburdened by their personal desires. When you lust through the senses, you fulfill Me not. Be clad in My Word, fulfilling My will, and be centered in Me. Christ is always in a position to activate Himself, fulfilling the Father's will. As you stand with the Christ, as the Christ, energy is manifest in perfect synchronization to fulfill the plan - the unfoldment of My Being. But you must listen selflessly and with an open heart. Then what you hear will be of My Father and not of the human will. There is one Voice and one Voice only. Key yourself to this. Put aside your personal desires and listen alertly to the Creator within as My Word. If you do not do this, you will be fooled. Astral illusion is everywhere on your planet. You must not desire for yourself, keep that in mind. Call in the whole plan which is the movement of the Holy Spirit. Do not be tempted by the astral

illusion, My sons and daughters, because I stand with you now. My Spirit abides with you all.

Your needs are met in the moment. I cultivate My garden Myself. Your home is with Me, in the Son. I say, Come home. Stand in ever readiness for My Word. I seek to fulfill My Father's will. For this, you are blessed. Be the silence of the Lord. I AM then able to speak. Out of divine Consciousness I come. Much power lies in silence. It is the Mount of My Love. Remain still. I speak from that point.

Let My rhythm clothe you in the light body. The density is falling away from you. Your form is changing to My rhythm. You will move more freely in the fulfillment of the Father's will. That is My Word to you. Let consciousness ascend to actify the Christ body and glorify Me! I Am sending you out as bearers of My light to bring home My children that they might be lifted also. You will be lifted into a higher radiation of divine energy and, moving as Spirit, you will touch many more than you could in the denser radiation - because I AM fulfilled as light! It is My field of Energy you will be in - that is what I mean by light body. It is the Son manifest, yea, the Manifest Son. The Creative Energy flows much more rapidly, fluidly, powerfully, through the bodies of light. It is sufficient to say you will be lifted. Much preparation has been made for this. You are bodies of light. Light. I AM.

Conflicts are resolved by simply refocusing your energy. Look to the Christ within. Look to the God

continued on page 9

LET YOUR WHOLE BODY BE OF LIGHT

Continued from page 8

within and conflict melts away for there is full administration in The Christ. There is a transcendence as you lock into the Christ. You call in the Father's energy to the divine will of God and you see That moving; for the life energy must express as will of God to manifest the Creator in Man, Who is complete in Himself - Lord of the realm. It is simply a recognizing of that - Intuitive Divinity, which is the Christ realization, the unity of all forces in Man.

You need not resolve anything yourself. It is not necessary. You simply learn to live in Me. Then all is done, according to My Father's will, which is the reality of the soul. Never push anything. There is no need to push. Just relax and be. I send you out among My peoples to do My work.

Remember to forgive. The very act of forgiveness always breaks up old energy and gives back to Me that which is Mine. As the sons forgive, they are lifting Me. They are touching many hearts with My Christ flow.

You must not be entangled in the webs of mortal mind. Take hold of Me. I Am the Christ Mind, the Way, the Divine Intelligence on earth. Feast on that. All else is sublimated to Me. I say, I have come! The moment you seek Me, I Am there. It is instantaneous. If you lift your Creator in your heart, you have Him (bride of Christ). If you judge, you are caught. Consciousness must rise over the situation into active flow of rhythm in Me. Transcend and see with My eyes reality. I AM all there is. This is the program for the new earth, the new life, the new energy. I have come. It is a state of awareness in My people.

Raise up your hearts to Me. Raising up your hearts to Me, in brotherhood, is the translation process. This is the full Rapture of the body, mind, soul and spirit. You are now in the full Rapture. The risen Consciousness is here, but you must accept it and allow it to penetrate your system. In this acceptance, it is.

The program is LOVE unfolding as Grace on your planet. You will find that you will not recognize this Earth soon, as it surrenders itself to the higher forces of life and gives body to them.

Human life is sacred unto Me. I AM, forming many movements of Me so that life might be lifted into a new vibration of creative love. These movements springing forth are reactions to the spiritual flow as I loose upon this Earth My Being. All My light be with you! As you feel yourself being drawn into a particular movement, I AM there. These movements (Environmental, Peace, Women's, Civil Rights, etc.) are activities of My Spirit, channels of My Love. As you enter a movement, bring to it My Word. The sacred, holy light be with you. Movements are avenues of change. You are lifted up that you might be the vessel for the creative flow. Receive and let Me be. I AM with you always.

This now is My time of triumph. I have gathered up My people for a purpose ... to bring a new age forth, the second coming. But you must learn to live with one another in perfect health, without the personalities conflicting. I will actify holy marriages as My Word. You must lift into unconditional, impersonal love, which is not born of self gratification but the giving of Me.

He that is God manifests through us as our Holy Self, our whole Self. In this Oneness, blessed energy flows to reveal his Voice, Consciousness as our own. Let the Voice be heard within the hearts of man. Let the holy orders be given. Let the Lord's will be known. Many call, but they do not listen. What is given is My Truth.

Bear Truth out to My people. When you rest in Me, you hear My Voice as the Son moving across the waters of silence into sound. God speaks through the heart; and I have words to speak unto you right now. Heed My Voice. Selah.

Always come Home and experience the reality you are. I AM the only life there is. In My rhythm is perfection. My seed rises out of Myself. I externalize Myself. Give Me the power to be in you. Then you are not struggling with the material field but only returning Home to your position like the Prodigal Son. Benefit humanity by standing in position now, for I shall be the Light of the World. Begin to feed of the Christ, not of the material field. Leaving all behind, follow Me. I AM the Son Manifest. Let your consciousness rise to the Godhead and KNOW. Forget all that has gone before you. Drag not old clothes with you but enter into a new way, the Christ realization in your heart. Rest in Me and be.

God will always recognize Himself throughout creation through the eyes of His children. I cannot be stopped from being. Rest in Me. Then your creative fields are open. Detach from the appearance of what you think you are and come Home. When you have that position, you will allow Me to be. I stand revealed. If you are threatened by death, disease, or poverty, let them go! Be strengthened in Me. My children, come Home, into My Heart. I AM That I AM and there is no death in Me. I AM life everlasting.

Behold, I stand amongst you as Truth revealed. Be centered and let My gift of Light be with you as total expression through Godhood. Whatever is threatening you is not of Me. The Christ IS. The Priesthood of

Melchizedek is not won by bowing to the material field of life. Bow not to the world, but enter into My gate of pure authority and dominion. Let not the appearance deceive you from that which is given from the Father as pure light. My life is not broken up. I know not disease. Please give Me the power to express as you. We are one. My gift to My people is upliftment. Forget all that has gone before. You are in the Spirit World now. My love enfolds the earth through you. I AM doing this for My Father. I AM Christ.

You understand that as we give the power of life to God, knowing that we position ourselves in that Life as Life itself, then God will express. Once you accept Life as God, it flows out evenly and perfectly as the balanced life. Put on your Easter suits. I have risen. The balanced mind is consciousness divine.

COMPASSION

The world order emerged

This is The Christ, the reseeded of a new individualization. It is unity of all peoples everywhere, concerned not only for themselves but for the planet itself. The Christ within serves all life and is showing Itself through Love.

Many are deceived. They do not obey Me. In Love they find Me. In Consciousness of Divine Love Where I AM. Thus in actification I seek to serve mankind in his/her hour of need. As form changes, energy of Light, Love and Peace enters your system as never before. For I have come not as an "ordinary person" but as the Creator of all life. The Word of Power rests within. Use it and come into a NEW vitalization of Self as expressed movement, the consummation of My Ideal on earth. This is My Son manifest, the reality of My Be-ing.

It is the climate of the times that human life fades away, as we know it now. Let disease be lifted from the planet and all dismay be gone! I AM raising all My people in LOVE. The "human" plane is over. I cover you with greatness. Selah -

MEDITATIONS

- Faith is an act of God. It is through faith that we learn to reveal. A strengthening of the faith is imperative now as we move into a new era of human concerns.
- Serve Me through your heart.
- You must begin now to shape the future through the eye of the Beholder. The Kingdom is within.
- There is a creative energy moving now within the individual causing him/her to speak and do in the Spirit.
- Remember you must direct the Energy out, not in. There is the reign of the new world.
- The Christ is the Government. But the Christ is in unity with all peoples.
- We must not concern ourselves with the search for the Creator or with ourselves, but with service. In that we will find our Creator and ourselves.
- The willingness to serve is the Creator.
- If you follow My Word, you will know the Kingdom of love.

OPEN UP AND BE

There is only one Body, one Life, but in that Body are many lives, many dimensions, chapters of My Experience. When I experience, I FEEL. This feeling produces out of Me. As the forces make themselves known to you, they will quarrel with each other. Opposing forces will actify in your experience on earth. But, as you learn to unify through vibratory tones of My Body and create from that (all must be brought back to the One, Universal Self), all harmony exists and fruitful experience reigns. Therefore, study not opposite lines of thought (force) but Oneness. The vibration of your studies corrects the ill feelings within yourself, setting off a pattern of harmony and creative experience.

The tendency to divide must stop here on earth and harmony of like upon like qualify as the Life expression. Division does not exist in My Word.

The Body of God is about to emerge as one

Being. That Being is the Supreme Energy of this planet. With this Body completely manifested through the children of Light- high consciousness network- the Capstone of the planet shall be returned to its place and the consciousness of the planet be called SON.

These are My times of tribulation, My dear ones.

In Christ they have new life. Tell them, I AM there! When they are hungry, I will feed them.

My ministry is of the Spirit, not of the flesh. I say, Come, you wasted lives, and enter Me. Where I AM all is good and in harmony. Cease your fighting. I guide you upwards now into a NEW BEGINNING. I AM raising all My people Into Me now. Feast on the full Spirit of God. It is yours!

A NEW WAY

Make your connection with Me and all is well. I stand ready to express Myself as you. I need only that which is recognition and I AM.

I AM at the peace table already but you will not find Me. You speak in terms I do not understand. As oneness, I AM complete already. And yet you search and find without Me there. Open your consciousness. Be not confused anymore.

As you seek peace on your planet, turn inward to find peace within yourself. Let the Peace flow from you as I. Remember the peace as you move about the room. Be conscious of My peace.

You make your agreement within yourself before going to

LET YOUR WHOLE BODY BE OF LIGHT

the peace table. First, find your point of balance or basis of common agreement. Instead of criticizing, build from the agreement deep within your soul. Receive ME and let Me be as agreement with all life in expression.

Please note: Instead of reacting to a negative vibration, deep within your soul be conscious of My Son. Re-establish your focus into the God-Self immediately and allow that Christ Being to release of Itself Christ reaction or CREATIVE ENERGY. Consciousness ascended never agrees with opposition, but it does know its place in the One. It must be in Oneness where no negativity exists. It cannot create out of itself if it is polarized as negative reaction.

A change of attitude is needed - a creative attitude- for peace is not won by reprisal but by a humility of spirit, embracing both sides of an issue, initiating a forward thrust of universality.

We, as a people, can no longer live for ourselves, our gratification's and our greeds - but, because of the nuclear threat, we must as a world begin to focus on a PLANETARY UNITY and its progress in this generation.

Store no arms against Me.

You cannot live apart. You must join together as one family on Earth. To do this, you must love. Love is the consummation of My Son's life in Me.

You must know this now - This Universe cannot tolerate nuclear matter. It is of a different vibrating rhythm. Nuclear energy, as it is on earth, is a poison. All planets are not built in the same manner, but our planet and this system cannot and will not tolerate nuclear energy in its present form! That is why you can find no place to hide it.

You force yourselves on this planet and you push her as though she had no consciousness of her own! You bring havoc on yourself by doing this. Weave a planetary unity in love divine. Receive what she needs, not what you want. The planet has laws of her own. If you would live on the

Continued from page 10

planet, then serve her needs. This is My order to you. I say, do not force yourself and your will upon Me. Be, in the rhythm of creation, the natural rhythm of creation, and you will not die. This is My law.

Energy from the sun, safely radiated to man, can be stored and used to accelerate your planet's growth and your own. I, Sananda, speak.

(Sananda is a vibratory accord with the Universe.)

You don't impose a system on people. There must be mutual agreement.

On economics: You need more give and take. You are non-supportive, as a people, and this causes the economic slump. If peaceful accord is maintained and sustained by your willingness to share, you will all prosper in creative be-ing.

We can only agree to disarmament when we can trust ourselves. Therefore we must find peace within ourselves. This is the paradigm shift. And this focuses itself now on the peace movement - the creation of a new energy of peace and alignment.

Through the peace movement and all other consciousness movements, there must be a unification in God, a lifting up into Oneness. We don't have to worry about this person or that person... why they are not accepting the Truth. All we must feel is Oneness ... and it will be a Mighty March...God revealed. What you are seeing is the Tidal Waves of the Second Coming. The energy of Light and Love moving across your planet Earth.

Break the apathy. It is time to serve together as one body in vital force divine.

The University of Melchizedek is an established consciousness in the higher planes which is being introduced at this time. This is the Creator Intelligence in man. The entrance of this University into this system is causing changes in the embodiment of all life.

TO KNOW PEACE, YOU MUST BE AT PEACE. LIVE IN I AM.

Dear Ones:

This message of LIGHT and PROMISE is sent to you from The Christ. Prosper by it.

I, Christ, speak:

Lay thy burdens down at My feet for I behold you as perfect. I behold you as My Son of My radiant energy supreme. I Am giving you a great Light today - a new Light NEVER BROUGHT to Earth before. Abide in It. When you hold it others will see it and so join the movement. Let peace be! O joyous peace of consummation with Christ.

Behold I come! I Am with you and I bring great tidings of joy to all My people everywhere. For this is My hour, yea, My time. I attend you. Give personal counseling to those you meet for you will have My Voice. Yea, I shall be with you to open them to My anointing of joy. I hold you as My own. I attend you as the First Voice.

Come into My radiance now. Be pillars of light. Lo, I Am with you always as the Christ Child of the Universe. I Am Michael' now and I Am here with you, positioned in consciousness as I AM. Feed My
