# The Secret Of The Immortals

The University Papers #116

## The Dimension Of Be-ing

**All must be in place in harmony in perfect order for you to ascend.**

To ascend is to know your Self. This is a soul response to Spirit. It is the Divine Reaction. *Man know thyself. Consciousness know thyself.* In this way the capstone is restored to its original place, integrating Man with God as the Great Pyramid he/she is in Truth.

The dimension of Be-ing is ever changing. God as Spirit exploring Itself as I AM finds Itself in you as expression of I AM. At this moment of radiant discovery, you and God are One. Oneness is the capstone, it is the finished Man united with the Kingdom of God, the Sun manifest. This Sun in you radiates out *unconditionally* the forces of Life, Light, Law and Love. It is the Priesthood after the order of Melchizedek.

Each brick is returned to its original

building block of *Creative Energy* as the night becomes the day in a New World. Pyramid is man, the divine record of Man<sup>1</sup> as *Melchizedek*. It is the divine order of immortality.

## The Building Of The Temple<sup>2</sup>

Christ is the foundation from which I build - eternally. The I AM Principle is the eternal life within myself. There is no gate - nowhere but in I AM.

The I AM Principle of your life is your own identity.<sup>3</sup> It is sacred because you are the One. See this Consciousness in yourself. Accept the Word of the Lord which is: the I AM or the Lord in you. See you as yourself, God in you, your sacred identity. Begin to feel the Law directing and guiding you as you find *your rightful place* in life's plan.

As we know this Principle of our own God-given identity, the rock, we are beginning to build *from one realization to the next*, in tune, in harmony with the life of God which

is existence. Building the Temple I-One is becoming a Christ realized individual. Each understanding part of the whole structure of our Temple or Consciousness will be placed intuitively as we learn the lessons of Life and understand. Understanding is the key to Intelligence. The whole Path is made up of understanding the Word, our own God-given identity.<sup>4</sup> We have knowledge when we have Christ, I AM, in our hearts. In realizing Christ, we build from the center point to the peak of the pyramid, where life is recognized as the I AM-Soul Identity. The creation is recircuited into love and generates form complete.

Remember, each brick of the Wall of Truth is understanding of the Word or Law. But we must move on in understanding, recognizing always that positive growth is ascension.

<sup>1</sup>Man is consciousness.

<sup>2</sup>From The Consciousness of Christ, available through the University

<sup>3</sup>It contains everything you are as a unique vibration. Placed within the I AM is your own code of Be-ing, your purpose and your eternal life.

<sup>4</sup>This identity is in tune with the cosmos.

# The Secret Of The Immortals

We mustn't hold on to a realization, but recognize the next step on the Path and be ready to take it.<sup>5</sup>

Do not hold on to anything, but always become. (This generates new life.) Your step will quicken as you realize each word leads to the next and the next. The Temple must be built by the Law of God. Piece by piece, we lay our bricks of understanding, solid gold, against each other, until all is finished, our Temple I AM.

This moment, having arrived, we are confronted with ourselves. We are captives no longer. We are positive, Initiates of the light. Behold the Lord of Ascension, the I AM!

## The Mathematics of Be-ing

Consciousness registers throughout the cosmos as "I AM." It is the 144,000 energy units that connect energy from one Christ dimension to the next. One hundred and forty-four thousand does not refer to persons or the "elite," it is the numbered body vibration of power circuitry that enables God/Spirit as

*continued from page 2*

Consciousness to flow throughout His/Her body as Intelligence.

When we realize God as Allness, Everywhere, in all life, then we can join with this Body of numbered precision and accuracy. To find balanced Perfection, harmony with all life, it is necessary for the human to release the ego and realize divine oneness as ordained by the Beginning.<sup>6</sup>

**I AM Consciousness as realized is the rhythm of sacred union with all life, the dance of the molecules, the worship of life intended.**

You, as consciousness, make your mark upon - *your imprint* - upon the sands of this great Universe. Every breath you take is recorded in the majesty of Be-ing and returned to God as Him/Herself.

Divine Substance reacts upon every breath you breathe. That is how important you are! Every perfect thought you have and every new revelation contributes to the whole Universe network. That is what group energy is all about. We are all contributors to the Father's Kingdom. The creation of *a new circuit* on earth will prove this shortly. As a powerful unit of this Perfection, take heed!

## Open To The Mind Rhythm

*When the Mind is opened, God listens to pure thought.*

The Great Pyramid of Giza is a reminder of humanity's destiny. As the Pyramid vibrates *perfect order* as decreed from the Great Beginning, so it retains this Seed of Truth for *all* humanity. Soon you will feel enormous waves of purified energy breaking through the Earth's crust. These waves are the records of Melchizedek, opened universally for all Man to share. It is the creation of a new circuit of universe light *whereupon all may know Me as I AM.*

*continued on page 4*

<sup>5</sup>Consciousness is law. What you realize comes to pass. It is focalized energy of mind and heart.

<sup>6</sup>The Beginning is that first vibration that emits the Presence to define Itself in the moment. Beginning is not subject nor can it be defined by time. The Beginning as referred to here is the original creation which lies beyond time in the now!

# The Secret Of The Immortals

*continued from page 3*

**God graduates you into  
New Life  
and pours Himself into you  
as New World.**

The human evolution moves swiftly now as these waves of governance vibrate into the power centers of this earth.

Man as intended is a mathematical unit of Infinite Mind. He/she is intended to walk the earth as God carrying vibrations of love, wisdom and power as The Christ in motion.

## Who Are You?

Your new identity will be ringed with fire and glorified in the loving light of Sananda,<sup>7</sup> Lord of Ascension. And He who has walked before carries you now as a babe in swaddling clothes.

Although you may feel quite advanced in this initiation into the new world of light, you are but a beginner and must learn the ways of the light. As the centers open all over the earth, there will be schools positioned that will assist in the understanding of this new world. You are not alone. There are many with you, all in swaddling clothes, divinely born of the Spirit, afresh in the light of the God awareness.

---

<sup>7</sup>Jesus

<sup>8</sup>You may want to meditate on this last statement.

Your perfection as consciousness, a redeemed state of awareness, vibrates in tune with all life as a perfect circle of eternity. Thus, you fit into a mathematical wave of Breathing that is coordinated to the Cosmic Christ in the Final Days.

Every note, every vibration of your consciousness, must contribute to *the whole song* of the Universe. You must enter the song and vibrate at one with the song. That is your destiny. There is no halfway measure. For the Universe to register as Life and Light, each molecule and every cell must be in harmony with the whole, body, or *consciousness* of the Universe Creator. You are likened unto a cell of His body. Take note of this. The body is the Lord.<sup>8</sup>

Perfect harmony allows all atomic particles to act and react in cooperation with the Plan of God. What results is *the divine Appearance*, a oneness of all life. It

is a song, a universe song of perfect unity. Vibrationally, this Presence, woven together by all life intended in the Creator or Son, is called the Christ. But it is *sonship* with the unifier of all life.

You are recognized as a Son of God when you are merged with God's Voice, in complete agreement with the Divine Intent as It contributes to the whole body of I AM. The rest is illusion, nothingness. And this you know *by the Christ Spirit*.

## The Divine Idea

The foursquare, the base of the pyramid, is the Kingdom of God. It is *God identity as Man* in perfect agreement ready to build of Itself in complementary union with all life.

I, Crystal, have been given symbols as signs of my spiritual progression. Such geometric symbols would be projected to me, much like a coded message. Thus when the foursquare geometric symbol appeared to me, I understood that I could begin to build my Temple I AM from the foundation of God consciousness.

*continued on page 5*

# The Secret Of The Immortals

Once you have established the vibrational unity of the city foursquare or the Word, this energy code remains in place for you to build and conceive new worlds of light. You are the Builder then, after the order of Melchizedek.

The foursquare energy code vibrates units of Cosmic Love, Life, Law, Light. **And it is in these four basic patterns of divine existence I AM.**<sup>9</sup> Locked within the walls of the pyramid, the tabernacle of Melchizedek, is the perfect vibration of these units of Christ Consciousness.

**Love, Life, Law, Light.** All must be in place, in harmony, in perfect order for illusion to vanish and for you to ascend.

## Your Ascension In Me

The Creative Power as The Daughter<sup>10</sup> is released through the capstone. Once the capstone is firmly anchored within the crown chakra, the Holy Spirit becomes Energy active. This is the power of God or the Melchizedek Power. It is the Creator Himself as I AM. It is the Creative

*continued from page 4*

Substance, the firmament from which all is made and ever created. It is the presence of the Light, the Madonna, Shekinah.

*The Daughter, the Holy Spirit, the Infinite Spirit, the Universe Mother is the Creative Energy that cannot be harvested until you become "I AM," conscious unit of God.*

How falsely we have used these sacred words. But the power, true power, does not support this word "I AM" until the precious capstone has been vitalized as Consciousness Man after the order of Melchizedek. Illusion is shattered then. It is the point of no return.

In infinite knowledge of the capstone, we know all is one. If I tend<sup>10</sup> the light, I am tending all life.

*I AM the Sun, created in the image and likeness of God.*

## Divine Identity

Remember the Christ Seed within your heart *is consciousness of The*

*One.*<sup>11</sup> Go back to the beginning and find that oneness of the God Seed within you. From this all things are created and made. Then we have perfect harmony. To "fix" something that is not fixable is foolish. Return to the light.

## Life Intended

The secret of immortality was recorded in Egypt. The secret of the Immortals is within you. It is your identification without conditions to the Sun within your own heart. And when that solar mystery unfolds, you find that as you align with your solar identification, your Sun, all the forces that have weakened you will strengthen you, for they are impelled to join together in the place of the Sun to serve God's plan. And this is the key to the resurrected body, the body of light and the mystery of the solar universe which you are about to enter.

And when we see the picture of the mortal shell, the little eggshell breaking, the little chicken coming through the egg, this process may be

<sup>9</sup>The Word is I AM. The consciousness emitting the Word is vibration of Love, Life, Law and Light equally. It is the code of existence that Michael (Universe Creator) left on earth. This code can be picked up at any time when the focus is in harmony with all life.

<sup>10</sup>This is the return of the Woman to her Godhood.

<sup>11</sup>The unity of all life is One. Please contemplate this.

# Soul Consciousness - The Doorway To The Sun

The University Papers #123

## The Quantum Shift

You are about to enter a doorway. It will be through that doorway that the Creator will greet you as Himself.

All humanity is scheduled to cross a bridge into a whole new life experience of divine union with the Christ vibration, the I AM Presence. But first the leaders must go. They must try the bridge and make sure all is secure and ready for the children of this earth. It is your time as a wayshower to emerge through yourself as the new creation.

This procedure has begun and will continue to the term so designated by the Hierarchy, God's divine plan. Gone will be the circuitry - for you - of a personal sense of survival and "making things work" for you. That will all pass. In its place is the soul radiating as the first and the last, the beginning and the end, the unity consciousness of world service. The Light of this awareness is being encouraged to shine forth through all students and participants of the University of Melchizedek. This is the time for your energy level to pass from one dimension to another. A quantum leap it is!

This quantum leap into a new life is imminent, for you are chosen to radiate out, to demonstrate group consciousness *as soul consciousness*. It is sudden and it is quick and it is now.

## The Preparation

You are role models and in this way you will teach others that there is nothing to fear. There is only love and joy in the Creator's realm. The forces of resistance and rebellion disappear as you cross over into a new world of joy and love.

Much has been written about this "cross over." Two important "Papers" were just issued (numbers 121 and 122) concerning this topic. The Paper **Translation** announced that all who had attended seminars here at the center (not necessarily in Tucson) and/or been vitally connected to the University vibratory range were scheduled to be translated on My Breath. The quantum leap from one dimension of mortal thinking to the realm of soul consciousness has been put in motion and there is no turning back. It is a leap into the etheric, a resettling into a new world where life is one with the Creator and awareness is serving the soul intent, the purpose for which you have incarnated.

Such a reach of vibratory commitment is beyond the mortal imagination, yet it is now imminent. For this you are prepared and waiting. And this waiting will be short as the time is at hand for the new world.

No one is left behind. In group consciousness there is no one that is not embraced as an important part of the whole. The soul sees the Light and the Light welcomes all into Itself as the I AM. You are rejoining the Creator in resettling the earth in Light and love. It is here in the resettlement of the planet that you will find your sense of service and oneness of purpose with all the community of beings.

## My Blessing

**I bring good tidings for all. It is announced and it is put into motion. The Light of My Consciousness fills all the earth. Each and everyone is blessed to know the One as I AM in the heart. Each shall live a life of caring in group awareness. I shall live with you as your Creator knowing Myself in your hearts and mind as the Sun.**

In The University Papers, number 122, *The Madonna Ray* was introduced. This divine Energy is an offering to you by the Creator Himself. It is a powerful inducer and can bring about new Christ birth instantly to the one who accepts the presence of this One in the heart. This is a key and a dynamic one for you now. When you call on the Madonna Ray you also initiate immediately a powerful "cleansing" of any impurities in your system. The Madonna Ray dissolves everything unlike the divine "image and likeness," the Christ I AM that is your heritage and your right. Finally I would say this. The Madonna Ray swept across the earth inducing the quantum leap into a new world. You are now in preparation to ascend into that new world of the soul where all lives in a universal rhythm of the Christ.

# Soul Consciousness - The Doorway To The Sun

## The Leap

*continued from page 6*

I, Crystal, have become aware of this program that is now initiated. The translation from one place of identification into a whole new circuit of reality is necessary. There is very little time left for the laggards, the slow pokes who have been dragging their feet, putting off the soul's desire to express as one body of light.

I consistently "see" a dark and vast space that rests between the two dimensions. The darkness is nothingness, a void that humanity must pass through into a world of light, the world of the soul, the world of the Christ body. Those who have studied with the University are well prepared for this leap into unity and group consciousness. Trained to listen to the Inner Voice and to follow that direction allows the initiate to take the steps needed for the shift of consciousness. Over the years there has been much emphasis of the way to the I AM Self, the acknowledgment of the God Seed and the purification needed for the Creative Power to actualize.

The rhythm of the Melchizedek Order vibrates through all the releases of this University and opens all who are prepared to the GodSelf, the Priest within.

Last night I was amazed to read these words in *Living The GodSelf*:

"You are in a field of consummation that is new to you. This *field of consummation* is My desire to finish My creation, to *know* My creation, to *experience* within My creation all I AM.

"I AM preparing a new body that you might be unto Me a vessel to hold Me, to experience with Me My life. I AM contained within you. You are contained within Me. We are one. And this vessel I speak of is a body of light fully conscious of itself and its potential. And it is ready to descend.

"Even as I prepare the Earth for My entrance - My full embodiment as The Christ - so I must also prepare your material body as well as your etheric body, for My radiance. This act of preparation is called *translation*, where Creative Power takes over your body and transforms it.

"I have recoded the body with vital information - instructions on how to live, how to breathe, how to release itself as light. How to travel across the heavens, and how to return again. I have readjusted your body form so that you can come and go. I have recoded you.

"Let go of all mortal thought. For I have information for you. And it is ready to be given."

*(Living The GodSelf: can be purchased through this University. It is recommended now that BOTH The GodSelf and Living The GodSelf: be studied together within your study groups. Your ascension is imminent. Be prepared. - C.)*

## You Are The Christ

The presence of the light within is the GodSelf. It is the indescribable Christ, the person of your whole being, the light of the world. This is the way you were born: of the Christ. You are the Christ in all of your natures. It is the one thing you truly are.

Look no further than your own self for the living word. The Messiah is your own divine consciousness. It is the messenger, the true harbinger of the revelation: *you are the Christ*. This is the message of the new kingdom and the Melchizedek School of Light. It returns you to your own identity: the Star of David, the inheritance of that throne, the authority of that evolution.

When the mask is torn away, you will see yourself as the holy one indescribably beautiful. And the light will shine brightly and the work will begin so that you might move amongst humanity, a bright star indeed, and deliver the true message of the Sun within.

Each and every one is the vibration of the Christ, the holy seal of Melchizedek. Now rest in this revelation within your own being and remember, deep within yourself, remember you are the Christ and there is no other save that one.

*continued on page 8*

# Soul Consciousness - The Doorway To The Sun

*What you focus on you are. You were born of the Christ. You are the Christ. That is your identity now.* It is your awareness. It is your circuitry. You've never been separated from God and you never will. You are the bright light of the Sun and this means that you can come and go at will. You have the ability to ascend and descend in the rhythm of I AM. You can command the elements and they will be there with you happily; and you will be able to provide for yourselves in all ways for the elements will be a part of your provision. You are the teachers of the light come to stare down the evil, announcing it does not exist in reality. You are the remembrance of all that I AM. I AM with you and you are with Me. You are teachers of a new creation.

## Practical Guidance

- Form a Study Group. This is important. You will need the support and the confirmation that a study group can give at this all-important time of great change. We will be glad to help here at the office if you do not have a group that meets once a week.
- Begin to tithe. This spiritual discipline will enhance your understanding and experience of group consciousness. Even tithe a bit more than you think is "safe" for your budget or living expenses. Remember that Abraham tithed to Melchizedek. You also have the opportunity to tithe to Melchizedek. It is the translation for you and all humanity into a new place of soul.

*continued from page 7*

- Let your first thought of service go to God's plan, the world-plan of the Hierarchy. Resist the desire to defend or protect your "self." Serve the whole and in that way will you become oriented quickly to the Melchizedek World of group consciousness, the awakened soul.
- Take no enemy. Listen to the divine word within you. God's government is emerging and it must come through you throat chakra and Inner Voice. Be still and know that I AM God and let the light of divine wisdom and divine Mind shine forth.
- Align with the Christ identity you are in Truth. Let the rest go! It is nothingness. Have your purity in God.
- Eat no meat nor serve no flesh at your table. Begin to feel compassion for all life. Your body is rejecting meat. Listen to it.

## Call On The Madonna Ray

This Ray released through and governed by the Office of the World Mother is far stronger and more effective than the Violet Flame.

The Mother makes pure again. She knows not the impurities of nature. She knows only the Christ Son, that perfect creation

born as a Seed in you.

At the moment of your call, the Madonna Ray must move into your field of awareness and she will dismiss anything not of the Creator Himself, because She knows it not!

The Madonna is the plateau upon which a new foundation is built. Evoking the Madonna Ray cleanses, dissolves and ignites your indwelling Christ Flame, the I AM.

Mother Mary, who serves as the World Mother Office, has prepared this Ray for you. *She has ordered it to come forth in preparation for Her Son's arrival in the path of God awakening in all life.*

Mother Mary, as World Mother, knows you as the Christ. You are Her Son, Her Sun, and it is *your arrival* as Christ that She is *f a c i l i t a t i n g* . Your consciousness of Christ will take you immediately to the awareness of All-Being. The Christ Body will then emerge as true group consciousness, the City of God. It is here in this place that you can truly serve the Plan of God on earth.

---

Listen! For your Inner Voice will guide and direct you as you walk into the City golden and the realm of beauty and love.

- Crystal

# TRANSLATION!

The University Papers #121

The power of your universe is being thrust upon you as a new reality claims your focus. You are in the presence of many ascended masters who are devoted to the overturning of the false world.

Energy waiting to unfold becomes your awareness. The moment you are ready to release the false energies of the material plane you can be translated overcoming the lower form entirely.

To enter this blessed Act of translation one must be willing to become a priestess or priest after the Order of Melchizedek. The final days make this apparent as no one is allowed into the Kitchen of Love without undergoing change in body, mind and soul. Your energy sphere must contain now the revelations of light and attraction to the "Will of the Father." In this Paper I will define what I mean by the word translation, priestess and priest after the Order of Melchizedek and the Kitchen of Love.

When you leave the world of false influences you enter into the one sphere where I AM. This is the Christ sphere where the many Councils of Light abide as the Great Sun shining upon you now. This is the time for great revelations; so let us be about the Father's business.

## The Meaning Of Translation

You are the GodSelf and the GodSelf is you. You were born as the GodSelf. This is the metaphysical principle of

your life. When you are ready to release the material plane of survival and assurances that you will survive you find yourself in a new body of realized consciousness. This is the transfiguration. The glory of God walks with you then in all ways.

Your decision to become translated must originate from your high self. It is part of your soul plane. Therefore - and this is important - it is entirely up to your high self or realized GodSelf to initiate the translation. The lower self or personal self plays no part in the active agreement because the process of translation incorporates not only the divine Light of God's Will for you but the Destroyer who must instantly and spontaneously transmute all energy patterns having to do with lower desires into the precious GodSelf and divine service to the Plan of God in you.

Preparation is now at hand for translation for many of you presently reading this document. We are not waiting any longer.<sup>1</sup> There has been too much struggle amongst many of you. When you struggle against your own plan and the divine Self you truly are, you lose much energy that could be applied to saving humanity and rebuilding our planet. The Act of translation aligns instantly the individual with the presence of God and the

divine Will flowing from the World Mother and Her Master Corps.

Look to the period following the Solstice (1997) to begin mass translation. We will be taking you into the light and bringing you through back onto earth to become a vessel of selflessness, divine service and infinite love.

The signals of translation can be the following: Increased light within the body itself. Presence of pure light energy actually flowing through your veins as a trigger for the change. Denial of personal love so that the Christ divine presence can be felt and restored to the heart. And finally: Heat, burning heat, that requires immediate surrender to the Higher Mind or the Will of God. If you experience any or all of these signal, stop activity and pay attention to the process. There is no need to be frightened as you have all the help you need in the burning of the false veils and the change over to the power of your true self at one with Spirit God. But Most important is your devotion and your desire to really serve your soul plane and your Christ mission on earth.

---

<sup>1</sup> That is what the "light body" means: *translation*. - Crystal

# TRANSLATION!

## Priest After The Order Of Melchizedek

Every priestess or priest must undergo translation before he or she is accepted into the Order of Perfect Man. The GodSelf will interrupt any and all activities of the unilluminated self when the time is right for the translation.

The priest and priestess of the Order of Melchizedek carry the "No Death Program" that is emerging on this planet as truth. Until translation the individual is subject to death. But the reins of death hold no power for the initiate who knows the Word *Melchizedek*.

The Order of Melchizedek, closely guarded and protected by its priesthood, is the direct and vibrant emanation of the Divine Son-Daughter. It carries and allows the firmament of the First Son to emerge through the heart of the individual and it will distribute understanding of the Universe and Beyond to those waiting to know. The time has come to introduce this Order of Law and Light to the Earth planet once again. To reintroduce this Order we have Schools of Melchizedek emerging in appointed vortexes throughout the Earth.

The Office of priest or priestess of the Order is very sacred indeed. There is no "self" in the priesthood nor concern for self. The divine energy of the Will of the Father passes through the priesthood into the Earth herself. Those who are initiated into the priesthood are carriers of the sacred Flame of Melchizedek.

*continued from page 9*

## The Kitchen Of Love

This is a sphere of the Christ domain. It is a reality dimension or sphere where only love abides. The acceptance of divine love as the substance of all life is maintained as an activity of consciousness. This love that I speak of is all inclusive. Because in occupying this sphere you have released all desire for personal love, there is only the Christ vibration of perfect love and light. This is the land of light we speak of throughout our Papers. It is a place of Universal Love. To be Christed you must be in this place of awareness and no thought must go to self.

\*\*\*

Be focused on the Light. The shield of protection that has been around this planet is being removed and the World Mother has ordered that intense energy be admitted and felt as a precursor to the entrance of the Christ field of divine love.

Be attentive. Receive the golden light of Sananda. *Behold it*. It will be for you to translate all cells of your body into light at this time.

## Words From The Deathless One...

As I, Crystal, glanced up from my writing to the beautiful picture of the Eternal One Babaji, I paused. And then I wrote...

Enter the place of no life. As the patterns change on the planet and within your soul, the place of no life is where you will coordinate with others in a new

dimension of pure love. Where there is no life there is no death. It is a pure expression of I AM, of pure being. It is the station of the Cross, the threshold into a new cellular consistency. It is a place where emptiness is filled and abundance is the way. Once you have found this place within you, you will never leave it again. You are returned to the Monad, the Presence, and here you abide as one with the Hierarchy of this planet and the Great White Brotherhood. Take the mask off! You have become!

The above message is for those who will accept and can understand. If this message is for you, believe in it and walk with it; for you have conquered death. Crystal

## The Secret Of The Immortals

*continued from page 5*

likened to the human heart that must be broken to open to the solar light that is divine Intelligence. If you are suffering, take heed! There is Light beneath the suffering. *Go there.*

I AM always with you as the Sun, the light. Radiate That as the Immortal You.
