The Angel Message

The nature of our mind and body is altering rapidly. This is because the Intelligence of the Angel is entering the cellular function of both. We, as human beings, are passing through an energy vortex that has been prepared by the Universe Creative Power. As this vortex opens to us, the Queen Mother (Holy Spirit) receives us with great joy and embodies us with the Angel Spirit of Herself. This is the power to come and go, to transmute death thought forms and to realize the absolute perfection of our body and mind. In triumph shall we walk; in glory shall we fulfill our mission.

And you, who are entrapped in both body and mind, will be eternally released into solar light of this new dimension. *It is time we all considered the whole and the full union of Melchizedek.*

The Angel awakening is near. They come to embrace you and transport you into a new realm as part of themselves. (See "Angel Man," *University Papers* no. 86.) They will carry you as one would carry a child and deliver you into the Solar Radiance of Christ Himself.

The days of poverty are over. Each child shall have his/her worth. Each shall know the Christ within and bear that Christ Life abundant. Full rings of light surround the planet. All is touched by the God radiance of divine love.

**Even on the brink of death,
You can renew yourself.
Even at the moment of giving
up,
You can renew yourself.**

**Constant change is good.
And all that We ask as Angels
of the New Life is
LOVE, PEACE and JOY.
We can then serve you first
And then all others who come
to you
For healing.**

**Keep the FAITH in the Solar
Sun,
For it is His Radiance
That casts the Fire of Life
On us all.**

The Fire of Life

Passed through the Angel's Heart into your own is the very light of all creation, the light that is the restorer and the light of Life.

This Fire of Light, once it is passed to the one who is the receiver, blazes

forth as the Eternal Flame. It is this creative principle that recognizes Life only. It is this principle that flares forth as the God Life in Man.

You are to receive this beautiful flame of all goodness as you enter a new dimension of life eternal. The solar magic of this Flame denounces death as you have known and experienced - yes, and believed in it - on planet Earth.

The Angels of Light and Life have no death. This is because they carry the Eternal Flame alit and pass it to others in their holy spheres.

As an Angel of the Light transmutes the ugliness you have worn, the Flame within called forth by the Angel Himself delivers you into a new realm of Be-ing where God and Man are One and the Angels sing the song of union.

A whole new realm awaits you as the Angels beckon and come. For they will carry you to this place of no death and light the light within your heart in order that you may know the immortality of your true self.

Nothing dies within the Angelic Kingdom. There is only Life. And so God bestows upon you this news of great importance. The Solar Son/Sun abides with Angels and they, in turn, release you from the tentacles of disbelief and death.

Heed now the Master Flame within your own heart as the Angels draw near. The secrets of Illumination come and joy is thirsting to be known.

Dedicated to the Bright New World

Listen to Your Christ Voice!

Put down the cutlery of the world. Feast on the reality of the Christ word, that which is given from the soul mount as your direction, guidance, and eternal life. *Bear witness to Me.*

My children, hear not the voice of the world but hear Me. I AM the Kingdom of God, the Christ within. I AM the center of your being where all is of peace and love flourishes. I have Bread on the table, yet no one eats of My word. There is greater power in My word than all the weapons of nuclear destruction. No bullet can harm Me for I AM all. There is only Life in Me, the Sun radiation that is God in Man.

Have the world and die. Have Me and live.

Abide in My word and know that in Me you will find rest.

As you reach to Me, I will answer you. As you learn to listen to the still, small Voice, I will lead you into a new world of Creative Power and joy-filled communion. *Have My Breath as your own.* Abide in Me.

Take time to nourish the Voice within. As you believe so shall you receive the sanctuary of My Spirit and the revelation of My name.

The New Reality

(Excerpt from "Angel Man," *University Papers* number 86, page 4)

Our consciousness manifests the body. The body that has been with us as a dense, material body has been a body that has been trapped, weighted down in gravity.

continued from page 2

We have had to die to get out of it! Now the body is being freed to move into the light, transmuted out of old, dense form into vibrations of light and love. It is being released from its karmic assignment.

Our cellular activity is altering. The code of intelligence is "I and the Father are One." "I AM the resurrection and the Life." The human cycle has been stopped and radiation is now pouring in of the angelic kingdom. The result of this radiation is a new creation. It is temporarily called "Angel Man."

The Human Cycle Is Over

(From "Angel Man," *University Papers* number 86, page 4-5)

We are in the process of moving into a whole new creation. The body is not "human" any longer. It is an angelic creation. Beings from other galaxies, solar systems and even universes are watching with awe this translation of the human into the divine here on little planet Earth. They are watching and wishing they were with us. For we shall contain in our record the best of both worlds: the angelic kingdom and that of the "Creator Lords." We are avatars of a new life. What a wonderful experience this is, as we all wake up into a whole new creation.

You are part angel and part "human" at this time. The angels have lent their gifts to you and you, in turn, permit the angels of form (Devas of Form) to experience your life and personality. They feel

through you, just as you feel through them. You, at this time, have become one person together in this new life. Angels will carry you to a new understanding of joy and giving.

The connection with the angelic kingdom, the angels of form, is at the crown center or chakra. They have attached themselves to you so that you are one creation for the present time. This is not a permanent affiliation. It is only temporary until new creation stirs in you and you know who you are. Remember, you are working together and can gather and use the gifts of one another and prosper accordingly.

This is not a merging with the angels, but angels lending their solar properties to humans. This will redefine energies and bring Earth into a new place in the Father's Kingdom of immaculate love.

What may be helpful for you now is to know that as you have vision or beautiful desire, it is an angelic vision. Vision and desire given from the angelic kingdom leads to greater acceleration of prosperity consciousness and manifestation. You will have a wider range of energy that seeks expression for the good of the Earth and all life.

Serving with the angels as one body is recircuiting the planet. This is a new dispensation for the angelic kingdom as well as for you.

Melchizedek

The University Papers Volume 7, #25

The Sons of Melchizedek will rise. These ones are the leaders for the New World teaching community, the political servants to the people and creation, the vibratory anchors of the new government and New World Covenant.

I, Crystal, awakened to the name of Melchizedek and the Absolute Consciousness that is its signature way back in 1967. And I have never left that path that was given to me in that tumultuous period of awakening. I recall my hand moving and writing from a place I was not consciously familiar with and always the hand would finish with a spiral-like symbol, which I later discovered was the sign of a Melchizedek Scribe.

The first instruction I was given by the Presence of God was *Listen to My Voice. No one knows the truth. Listen to My Voice and My Voice only.* I did not comprehend then that this instruction was the declaration and the calling of a Melchizedek Scribe. And the Writing began. I followed the words of my Master and I looked nowhere for truth but to that Voice within that grew stronger in waves of Spirit. I was propelled by a thirst and a hunger for spiritual truth. Not long after my calling as a Scribe of Melchizedek I was guided to a light center where an older gentleman was the presenter for that Sunday. He read from a book written by Minerva and the currents of the energy from his reading almost threw me into shock. I began to attend his meetings at the Temple IOne, a Melchizedek Temple in North Hollywood, California. And I learned to listen and to read by vibration; I learned to *expect* revelation. Here is where I was trained as a Melchizedek Priestess to continue the work of the scribe Minerva and the Absolute I AM that filled her books and transformed my spirit. “This is what I want,” I remember saying to myself as I pointed to the Inner Voice that declared Itself through every page of her transcribed Book of Life.

The training continued—often severely, even as it does now. The work of a Scribe means dedication, concentration, focus and adherence to the Spiritual energy of the I AM Presence.

Hundreds of books, courses, audio tapes and divinely inspired poetry have poured through me. I have been protected from the outside world because of the work that I have been assigned to complete before the year 2012. I have been literally picked up and moved from place to place, vortex to vortex, to assure that there is no attachment, no influence from other spiritual disciplines and mentors. The Melchizedek Word must be pure, without dogma and *always of its Source.* In 1968, I was recognized as a High Priestess of the Order—not by man “whose breath is in his nostrils” but by the living Presence of God within. That is the true ordination, because only the Presence of God the Absolute can vibrate as *Priest after the Order of Melchizedek. There is only One and we are drawn up and back into the One after the Order of Melchizedek.*

That is a bit about me and now let's focus on Melchizedek and the journey into the I AM.

The Consciousness of the Priesthood of Melchizedek *is the Order.* The measurement of the Priest *is the Voice,* the Consciousness of God that flows through him or her without shame or guilt. The Master Jesus was an

example of a Priest of Melchizedek. He was God in His thoughts, mind and heart. The Master never left the Father's light, nor did He ever relinquish his calling for his own preservation. A Priest, as Jesus showed us, is the living Word.

Now we see many Priests of Melchizedek coming forth from ordinations of a physical nature. But there is far more. *A true Priest of the Order will be remembered by God.* And it will be God *as the One* who will remember Himself as Priest! This ceremony or initiation comes rarely to man or woman, for that remembrance of God in the heart of the man or woman causes immediate surrender, absolute obedience and tempers the life he or she would lead. Hear this, for it is true.

Not all can take this walk, yet those who do by the grace of God are true Priests after the Order of Melchizedek and are one with our Lord and High Priest Jesus *in His Name!*

The Seven Keys Recorded by Minerva, Melchizedek Scribe

The following *Keys* as presented here hold the secret of the Order of Melchizedek and the path of the initiate in that Order and its Priesthood. Say these Keys daily and you will feel a change in your body, your chakras and consciousness.

Keys

1.

I am One with the Universal Life Energy, and It is flowing through me now, and I want to know That Thing which knowing, will enable me to know All Things. The answer that comes to the individual is:—I AM THAT I AM.

2.

Be It unto me this day and hour, according as I see my Saviour's face and His Power in me, to sustain THE POWER through faith.

3.

I am That I am, who I am, as I am, in the strength of all I know that I know, that as unto the things of this Life—I have that I have.

4.

I am One with the Universal Life Energy, and It is flowing through me now, and I do know THAT—which in knowing, enables me to know I AM; for I am THAT I am.

5.

Give me the faith that brooks no doubting.

Give me the wisdom that needs not to ask.

Give me the knowledge to receive mine allotting.

Give me the understanding in Thy promise to bask.

Give me the Love that is all Universal.

Give me the hope in the unseen which knows.

Give me, O, give me, the Spirit Supernal:

Give of Thy grace in Thy justice to flow.

Then will I feel, see, and know Truth in Its Oneness,

Then will I be, not alone just to seem;

But will I know where-of I AM is becoming,

In the I of THE I AM, in the you of the me.

6.

Light of my Light, lift me as I, up into the Universal Substance out of which all things are made. Grant this

Light, in me, as I to bring about my speedy release—in that I see and know me, for just what I AM is in unto me first, and then in all men; for I am in them, and they in me, as I AM is all in One in union in and unto all things material, but in a Spiritual and a Universal way.

7.

THE WORD is LAW. THE WORD is LOVE. THE WORD is LIGHT. THE WORD is LIFE. In the beginning was THE WORD, and the WORD was with God, and the Word was God; and I am THAT, in the name of the FATHER, the SON, and the HOLY GHOST.

Many missions do we have but this is the greatest.

Seal of Melchizedek
Crystal

From University Papers Vol. 7, #142: “Melchizedek” signifies the perfected consciousness, the order of perfect love and divine understanding. The Order of Melchizedek is the Order of Perfect Man or Perfect Consciousness, a state of awareness achieved by alertness to the inner being you are. This is Melchizedek.

Initiation and the Solar Self

The University Papers Volume 7, #23

The greatest step that man can take is from human to Solar Self. The beast leaves the system and the heart glows with the Christ Self, the illumined being I AM. You are in the midst of this Great Initiation—from human to Divine. This is what has been called in Christian literature the Second Coming of the Christ. This time, O My people, the Divine Appearance is you.

In the book *Initiation, Human and Solar* by Alice Bailey and under the chapter heading “Diversities of Initiation,” pages 176-177, you can read of the significance of the Solar step into the God Man or GodSelf. Alice Bailey uses the word “individualization” to denote “the great moment when man passed out of the animal kingdom into the human. This she calls Initiation. Today, in this moment of writing, humanity is facing the next great Initiation: the call to the Divine where he or she must pass through the gates of mortal existence into the folds of Consciousness that we know as “I AM,” or *the creative circuit of the Son of God*. “In one case,” Alice Bailey continues, “we have initiation into self-conscious existence, in the other, initiation into spiritual existence.” It is interesting to note that Mrs. Bailey has dedicated this particular book of wisdom to the Master K.H. (Kuthumi) whom we know with great love and affection as the Sponsor with the Master Saint Germain of the University of Melchizedek.

It is pointed out within the pages of this book that these initiations come under natural law and will be experienced by every soul *without exception*. All must be Awakened. All must come to the Light.

More About the Second Coming

The moment the Heart Center (chakra) opens to reveal the Christ Light, you have

become a new being. The Light of the Christ becomes your being. This is called the Great Awakening and pertains to the Second Coming in you. Kundalini, or the Spirit Mother that has been waiting to rise and give birth through the Heart, is now actively engaged in bringing forth the “I AM Presence,” the Son or PRESENCE of God in and through you. At this stage of development you face a crisis within the self: a giving away of the creature we call human and a pushing out into expression of the Holy Self, that which is not separated from the God Spirit. The Solar union is complete when the Heart is open and the Sun bursts through the Heart *as the individualization of God or the Divine*.

What I am explaining here is the next step in man's evolution, as he or she vibrates the Son (expression) of God Being. This is the great step from human into Solar Being, the resurrection of self. Higher Mind takes over then and directs the consciousness into the Creator's Divine pattern of wholeness and unity with all life. Every thought becomes in accord with All That Is. The concern for self is gone and in its place is the rhythm of I AM That I AM—the spiritual Be-ing we know as the Second Coming of Christ, the emergence of the spiritual man.

From Human to the Divine

*I have awakened you from your sleep and now I must become you.
This is Initiation.*

Humility defeats the ego. (*The meek shall inherit the earth.*) It is critical to

retain humility as you pass from the awakening into the movement of Spirit in you as a tremendous power. The Dalai Lama speaks often of developing and practicing compassion and kindness towards all life. To kindle and sustain such a selfless love demands humility of the soul. Without this humility, compassion cannot be expressed and compassion is the Seed of the soul, the very root of your secret Self, the Life I AM.

Alice Bailey defines “individualization” in this manner: “Individualisation is the conscious apprehension by the self of its relation to all that constitutes the not-self, and in this great initiatory process, as in all later ones, the awakening of consciousness is preceded by a period of gradual development; the awakening is instantaneous at the moment of self-realisation for the first time, and is always succeeded by another period of gradual evolution.” The University of Melchizedek Teachings are concerned with the evolutionary birth and the awakening not only of you as a spiritual being, but of the God Seed within your heart. For there lies the Christ, the hope of a New World, the degree of God Man.

When Spirit becomes alive in you there is no turning back. The resistance you may be feeling is of the human self. Behind the human self is the emerging Christ Identity, the conscious individualization of God as you! This is the Second Coming and this great Initiation is touching many who have waited

Initiation and the Solar Self

eons for this moment in time. The Melchizedek Teachings through this University under the supervision of the Masters Kuthumi, Saint Germain and our Divine Director Lord Sananda are focused on the Incoming Christ Spirit and Its focus in you as the Solar Son-Daughter. For this reason, all courses and lesson presentations carry within their pages the Spirit of the Living God and the Melchizedek Order. The decoding of these lessons, the given teachings of Jesus, comes through the heart where the mind rests with the Spirit as the Higher Self.

Live Prosperously

In a time and age when the whole economic system on earth is being threatened by turmoil, greed and loss of balance (loss of consideration of the whole), the Mind of the Heart awakens to the realm that the Master Jesus taught as the Sermon on the Mount.

If we can understand what the Master was teaching through that Sermon, we will consciously open to a whole new realm of Be-ing where God in expression, I AM That I AM, vibrates as our world economy, as divine healing and righteousness, as justice and rhythm of All Be-ing. Such a world is waiting for you!

We, in our human life, have learned much in the study of metaphysical law. We know that *Like attracts like* and *As we think, so it is*. All has been going well for us - up to now. (I am speaking to those of you who have been successful in your metaphysical studies and practices.) Yet suddenly we find that what we have discovered as cosmic law no longer works! We are puzzled and seek deeply of the Spirit to know more. We are on the path of individualization, looking north and south, seeking help anywhere and everywhere. Then it comes, like a burst of Flame, the Consciousness of "I AM."

continued from page 6

Now the Spoken Word becomes our Truth. And It tells us to look within, to seek the Kingdom within our heart before all else. And we do this. From the path - the burning pattern that Jesus has made through the Heart - we feel the Truth of Being and the individualization of God, the Divine within us. *I AM you. You are My beloved son in whom I am well pleased. Arise and walk with Me. Have the courage to walk in My footsteps. Have the courage to lift others by your consciousness. We are One.*

Now you sup with God. The world as you have known it begins to leave your consciousness. It becomes dulled to your vision. All that God IS, is yours. All. That is the meaning of the Kingdom of God within. Now God Being must express. There is no other way. All must come to this place of conscious realization where *I and the Father are one*. And from this awareness, everything that God seeks to be is your expression. And in this place, there is no poverty, no conscious disagreement with Divine Love. Because you and God have been realized as one. *Son, all that I have is yours. We are forever bound as one being, one life. You prosper in Me.*

You have passed from human to Solar Being. This is your path now. There is no other way.

And the Planet?

What is occurring in your life as you face and experience the Solar Initiation from human to the spiritual man is also occurring *within* the Earth's body. The Planetary Logos awakens further in His Consciousness and all life feels and will experience this conscious

awakening as we are all interconnected and one.

Earth is preparing her body for you! This is the greeting she gives as you awaken into Solar Life and the harmony and the Light of such a life here and now.

The Master prepared His body so that you could be His body. Mother Earth recognizes that divine pattern that has been planted, much like a seed is planted in her heart. Now she awakens to that Seed and knows it as the New Man, the rhythm of a new Earth, the Solar generation who are acutely conscious and aware of all life as a body in harmony with the Divine Master and in tune with His-Her Will.

This creative circuit, now beginning to activate itself as Earth's consciousness and the atomic presence of the Planetary Logos, will be aligned to your sacred Self, the God nature you are, the Divine Son-Daughter on Earth!

Thus, the Teachings of Melchizedek continue. The drawer is open. Choose consciousness-awakening material of your liking and contemplate deeply and prayerfully the words given, for they are of Me. Sananda-Jesus, your Lord.

The Time is NOW.
