Let the Solar Mysteries open to you and hear the words of the Christ within your soul, as the Presence speaks to you of your new life and the Creative Power that is in your hands.

You are in a new cycle and the stories of the past are no longer valid and useful other than to remind you of the incoming ChristAge of Melchizedek.

You have been born into a new life where man (consciousness) and God are One. Jesus stabilized the new humanity and gave it voice. He taught you the principles by which to live and have your Be-ing in this new body on earth: *Take no enemy, Turn the other cheek, Love them as I have loved you.*

And then the Master led you to the Upper Room and He presented you with Christ Power to heal, to resurrect and to abide with Him as eternal life.

Come into the Upper Room. Let us celebrate this Easter from this room. Take off your shoes before entering

There is a new place for the consciousness of Easter and that is in the Upper Room.

and leave the world behind. Come.

The Christed Plane

I have measured you. Your consciousness must demonstrate a unit of mathematical perfection. The Word is God. The Word as Truth equals God as divine Intelligence, wisdom, understanding and knowledge. The powerful circuits that interweave to vibrate the Word contain mathematical cubits of God's perfection after the Order of Melchizedek, stabilized Man or Consciousness. As this realization takes hold, students will better understand the "why" and "wherefore" of the divine precision that guides the student step by step into the mystical marriage and Oneness. Every cubit of energy divinely placed in glorious consummation of rhythmic purpose begins the actual building of the spiritual plane that is the Christ Presence.

All thoughts matter. Almost all thoughts contain energy in motion propelled by feelings. Genuine, unconditional, selfless love bears witness to the Christ. Thoughts engendered by spiritual love can cause instant manifestation. An example is the story of the wedding at Cana and how the Master Jesus turned water into wine. Love is the fulfiller, we are told. It provides the gateway into God's world of creative justice.

Let us look and consider the three creative principles that allow water to become wine and lead to be turned into gold. In this degree of

the Upper Room, you, precious soul, may appear as lead, yet in the blink of an eye you may be glorified in the Consciousness of Christ. Gold you shall be! Heaven waits for this.

The Three Creative Principles: Hope, Faith and Love

Hope is the creative circuit through which the Creative Power must vibrate and awaken to the vision, the hope, and the dream. Hope is like the springboard that delivers you into the cosmic field of unity and divine substance (the material field of God potential, the unified field of potentiality where all things are made and dreams come true).

Hope is like the hand reaching up for God's Hand, and God's hand is *faith*. "If you have faith, even the size of a mustard seed," Jesus said, "you can tell the mountain to move and it will move." Faith is the Presence of God that we call the Divine Substance, which is formed of our belief and our constant relationship with our Creator. Our Creator (the One who creates) abides within us. Jesus said, "The Kingdom of God (all abundance) is within you."

What is the meaning of that word "within"? How can the Allness that is God be within my small being, you might ask. As you follow the journey through

the Cross (release from previous concepts, beliefs and thought forms), you enter a world that is God Be-ing. Detachment brings or *initiates* release into the heavenly spheres of God Consciousness or God Being. That is what Jesus meant by "the Kingdom of God is within you." As your God approaches you, you will know Him/Her as your Self - the depth of Being. The Cross is lifted then. You are within the World of Light (God as Be-ing). The I AM presence is *within* you.

Faith is uncovered as your hope lifts you into dependence on God as your source. There is no action without faith. Faith, as the Apostle Paul said, is the belief in the unseen and the substance of that which is made. It is the invisible force that offers up itself as Creative Power and joyous union with the Presence. Experience this faith now. Let your whole being go to this faith. Light the fire of the Creative Power.

Love is the declaration of that power. It is the fulfiller. Without the ingredients of love, gratitude and praise, the heart cannot open to receive that powerful Christ Light - the Omnipresence of God as Love. *Love fulfills*. Every glorious promise that God the Creator has made to you *is activated* by your unconditional love! This is why it is suggested that you thank God the Creator before the manifestation has occurred. In feeding the five thousand, the Master Jesus raised his hand holding one fish and one loaf of bread to the heavens (the creative base for all supply) and said THANK YOU FATHER. *All is yours in Me*. And the angels in heaven will supply *by your love*.

Practice these three principles daily. Put them to work. Let your energy (hope) be elevated to faith where the Guardian Angels stand. Then God's

grace begins to pour as you open your heart to thankfulness, express gratitude and permit love to flow. Hope lifts to faith and faith opens to love.

Your search for supply is your search for God. Seek God (the Kingdom within) first and dreams will come true.

The Christed Mind

Let the rising Light of God's Divine Intelligence within you rise and open the brain cells. When you seek no thought but God's (Divine Order), the I AM Presence responds as vibrant new thought. Kundalini, the indwelling Spirit of Truth, seeks to open and reveal the Kingdom or God Consciousness within. It is this Divine Light which will free you from conformity thoughts and bring about your release into the Christed Mind or The Son/Sun.

The training you have had and continue to have through this University prepares you for the massive opening and redistribution of mind-thought, that energy that defines your life as your world.

You are entering a new era. Be mindful of this and let your mentor and guide assist you as you form whole new life circuits governed by the Christ Mind and the Solar Heart.

The Christed Heart

Once the heart center or chakra is opened to the Christ Mind and the Solar dimension, the I AM Presence will reveal itself as the authority and governance within you. The Christed Heart is God's

World. It is the nectar of His /Her Being. During the recent Solar Eclipse, on March 29th of this year (2006), a major change happened. Man was made heavenly. The Christed shadow, Sananda, permitted voltage of Himself to pierce the record of humanity. You are now considered *of God* - not just a dream of this, but a reality. You now are the Creator's Son as released expression. Watch how this mandate unfolds. As you journey through the Heart, the heavens will open to you and you will know the Truth and the Truth will free you of all dogma and misunderstanding. The bell tolls, and it does toll for you.

This Easter

As a group (groups will do this throughout the earth), we will objectify The Christ as that One realized *as our own Being*. We will anchor the Light - not of the Cross - but of the Eternal Flame. Then, under the World Mother auspices, we will consciously begin to live as the presence of God on earth as was intended. God and Man (human) joined as God's Word will form a unit after the Order of Melchizedek that will remain on Earth and govern as the World of Light and Love.

Your perfection is within. It is the Christed perfection or harmony vibrating in mathematical alignment with the Creator's design for "I AM." Join in the Consciousness that will help this magnificent, vibratory shift to take place. Note: As I completed this last sentence, I looked at the contact address information. The address of the web site had changed to Be-ing (God in expression). You can click it and the University web site opens!

You are brought to the Cross only to merge with this order. As Jesus merged with this order, so must you. It is the power of Creative Force. As you learn to live with this order and respond to it, it functions as your being.

To eliminate the Cross from your adventures in Spirit is to eliminate the sacred death of the initiate. To let My sacred death overcome you and draw you into My Breath, the I AM, is to be raised into My Life Energy.

Therefore, watch carefully that you heed the message of My threshold. My death is in the Spirit where you must go to find life.

The power is there - in the death. It is in this magnificent overcoming and reversal that the holy rising power of your consciousness into My Own registers as My Higher Self, I AM.

There are those who speak of life everlasting without this death. But they are not the immortals. The immortals are those who have given themselves to Me, the Consciousness Ascending, the Beingness of unification. It is only through death that you will know life. And this life is the Creator or the Son risen as My Life, translucent and pure. I AM that.

The death that I speak of is a dying into life. It is the submission of the soul into Spirit. Life's spark is everlasting. No need for death as you have known it on this planet if you live in Me.

The Creator emerges through the heart of man and woman. That cannot be stopped. It is with you, just as Jesus - who is your Creator - is with you, and cannot be undone.

Rise, now, into My Son's life. I have no other.

The Order of Melchizedek is the BODY OF CHRIST forming in areas of the Unknown.

It is the Christ emerging.

Through this emergence is the divine order of Being.

That is Melchizedek

What are you most attached to? Is it family? Personal possession? Your job? When you know what it is, give it to God. You are caught until you do this; you are caught in the density of mass consciousness - a prison of your own making.

Jesus told his disciples, "Leave your nets and follow me." If you could but do this, you would be free.

The Third Day

On the first day He submitted Himself into the Spirit of Holy Consciousness where He rested. into the next day, which was called the second day.

It is written that in the third day Jesus rose from the tomb. If this is so, where was He on the first and the second day?

On the second day He prepared Himself for the burial rites. He prepared Himself, for there was no other who could do this. If He was in the tomb, why the preparation for burial? Would it not seem He was buried already?

He was in a state of change. His consciousness was going through a transformation. He was giving Himself to the Woman of Himself - to the Creative Daughter or the Holy Spirit. He became that Spirit in His Mind and Heart. He radiated It as divine flow of Himself.

He became the Feminine Ray on the Third Day. Thus He could

return as this Energy through humanity as One. He rose on the Third Day as Light. What rose then was the SPIRIT OF GRACE in the form of Jesus' consciousness.

At His ascension, it was the Mother Light that shone forth into all the realms of My Earth. It is this Mother Light and LIFE that creates new forms now. It is the glory of this CREATIVE POWER, released through Jesus on His Third Day that rings this planet with abundance, healing and Christ Grace.

If you could but heed the Mother Light within yourself - really hear Her - you would move mountains: yea, live in light forevermore.

Now come upon Her. She greets you - and with Her great Elohim, She opens the new seed, that of consciousness divine.

Behold I AM the Mother speaking

Dwell not on past mistakes.

You are called to deliver up My people.

Think upon these things I bring you now. For the curtain will raise unto another Land, a land of Light: eternal light forever - where there is abundance, where there is much fruit to be gathered.

I have come to release you from poverty.

continued on page 5

Rise and wake the Woman in you.

She shakes and trembles with anticipation. She is the very life force that calls you home in Me. She is the circuit of My hand. Let her lead.

WORDS ON ASCENSION

Look carefully into your lives. Look carefully. When you try to control another, you only imprison yourself – for in truth there is no other!

To man I must say this: If you cannot loose the woman in your life – let her experience her freedom without your domination, you will not be able to ascend. This is because the woman you seek to control and dominate, is the life force within yourself. IF YOU CANNOT LOOSE THE WOMAN IN YOUR LIFE, YOU WILL NOT BE ABLE TO UNITE WITH THE FEMININE POLE NOR CAPTURE THE NEW LIGHT OF SANANDA (Jesus).

The Holy Spirit is moving woman out into the world. She is the Comforter, this woman. She must play her part. Loose her that she might be. Let the power of the Christ illuminate her. For you will feel her inside yourself when you do this. You will feel her stirring and her grace. And you will know yourself as free in the woman you have loosed.

There is no ascension until the holy fires of both man and woman burn brightly. Each must stand in their own light. Each must be free to hear the Voice of their God, to respond to the Voice.

There is no ascension without this freedom - no ascension.

You will find, O man, that as you relax your controls on the woman in your

life, you will feel the feminine pole within you. A consummation will take place in My Spirit far greater than any consummation you have experienced in the world. Relax and let go. Desire to dominate hinders My Spirit. My government is lasting. Yours is not. I will free My Woman if you will not.

Woman, take your freedom in Me. Lean not here nor there. Lean into the Christ, the center of Being, in your heart. Take your strength from this place. Lean on Me.

Jesus, the Master Plane of Life, has risen with His Woman. She is founded in Him and He in Her. You know not what this means - nor can you yet. Only that it is.

Take your strength from the Christ center, from the Spirit within you. That Spirit, as you depend on It, will rise into CREATIVE POWER serving the will of God. Depend on Me.

LAST WORDS

For woman to be free, she must free man. It is necessary for her to understand that abundance comes from within herself, her Christ Center. Security is there and wholeness. The Spirit will take you to this place, where no dependency is left. When this happens, you are risen. It is the Third Day.
- Crystal

A Message from Sananda

Excerpt from A Message from Sananda Vol. 2:45

Focus on the NOW, not on what will be. In living in the Light World now you will actualize it and bring it into alignment with the Earth and her people. The following is a **command** that may be said many times a day for the next few months: Be at Peace My creation. All is well.

I stand in the new World of Light.

I stand with Christ as the fullness of my being.

I breathe the breath of the New World.

I AM covered with greatness, empowered by the Holy Spirit, and blessed with radiant health and abundance.

**I AM the Sun awakening the planet.
I AM the Light within my heart.**

**I AM that I AM!
In peace and power I reign supreme,
the Christ returned to Earth.**

Easter, April 2009

The Grand Sweep

Good Friday Evening. April 10, 2009

It was announced through and by Crystal that the Sweep of Earth has begun, stripping humanity and all creation of the illusion of mortality. The Vibration was of the Creator moving by the Holy Spirit through the Earth, through all religions, cultures, nations and belief circuits. This was a global initiation – a process of clearing for the Second Coming which is the return of The Christ as Heart Flame of the Universe.

During this period of meditation and contemplation much was expressed concerning the Cross, as a doorway or portal - an invitation - into a loving Christ, the Heart of God. This is not a Christ that rejects any person but welcomes all in the Divine and unconditional Love of the Universe. No one is left behind and all are welcome through the Door of Christ Initiation. The word "Christ" is for all religions and spiritual gatherings. No passport is needed, no declaration or creed, only the willingness to come "Home" into the Light of the One, the Creator potential within all. This unbroken and divine love is offered as the initiate surrenders his or her life to the Presence of God within. The Higher Self greets the initiated at the door of the Heart and covers that one with Itself. This is the new creation, the GodSelf, revealed. And the Word is made flesh.

This is a path of redemption, forgiveness and incredible love. It is divine alchemy as "lead is turned to gold."

Now shall all feel this Cross of Love and rise out of darkness into My Arms. You were created free.

How Many Times Must I Say I Love You – How Many Times Must I Show My Love?

The unshakeable Truth is that the Consciousness that was Jesus 2,000 years ago reigns supreme to this day. He is the vibrating essence of God's love and the master plan of the Universe. He makes His appearance once again through your heart and is at this time the revelation of a raised humanity and a vocalizing of the Voice of Truth on this planet. It was never ordained that a church would proclaim itself the only church, nor was it ever ordained that human beings should argue and fight and kill over Me. This is a blasphemy to the Holy Spirit and not of the Christ Light!

What Jesus had proclaimed 2,000 years ago is to be made manifest today. The One Who was sent was for all peoples everywhere and dwells with His Father in the heart Center as the Seed of original Be-ing.

When man learns to love in the Christ emanation, there will be peace on the Earth. When man learns to seek God within and not imagine or invent a God without, the Heart will open wide to emit such freedom and glory that all the Earth will profit from this.

The three-day initiation that is the gift of the Easter observance offers the advanced initiate, as well as the devoted chela and seeker, the opportunity to rise in consciousness. The Crucifixion and the tomb experience permit an opportunity to surrender the mortal consciousness and to die to the ego. Then to become

awakened into the I AM Self, the Easter revelation and ceremony celebrates the full and joyous consciousness of the Christ dimension as life and light. All can take this initiation, yet few are aware of the energies and vitality of the Master that remain with us during these three days.

There is very little heed taken of this and few take the initiation of the flesh as it is given.

Why? For the most part the clerics of the church do not want man to rise in dominion of Spirit and speak with the Christ Voice in the rhythm of I AM - Christ's Government on Earth. For this would break the bonds of man-made authority and might well cut through the cult-like wars.

"Rise, humanity, in Me!" is the cry of the Easter Voice.

In the tomb, the Master Jesus took charge of all particles surrounding him. He reweave the currents of Being into a new life circuit - the firmament of the Immortal. The Master dissolved the death program. He stepped out of this as if it were a foul-smelling garment. He emerged as the Creator or Word of this planet, while revealing the new program designed by Father Melchizedek Himself in the Life Circuits of I AM.

Man, taking the initiation of the tomb, is required to depart from old ways and the thought forms embedded in Earth. The mortal coils must be dissolved within his/her belief consciousness

continued on page 7

and the rhythm of the Creator must be accepted and put forth as the garment. All loyalties, vows and creeds must be released in the ultimate freedom of the soul. Here in the tomb experience, he, who is initiated, takes command and rises out of the casings of the false world and human experience.

On "Easter" morning does the initiate flame forth as the creative circuit of the I AM Presence. Now this one, loosed from the coils of mortality, steps forward, entwined and at one consciously with divine Godhood. He/she is the Jesus consciousness of the New World and the reality of the Divine Idea made flesh. *This all can do.* Thus sayeth the Word.

Today

This Easter Initiation was focused on the Earth and the Solar Consciousness of humanity. As Planet Earth rises into the new dimension of Light and Love, only those who can bear her light can remain. This is the Law of Vibration. Thus, it behooves those who seek to finish or even begin their assignment on and with the Earth Mother to pay special attention to the initiations of Easter and overcoming of the consciousness of physical death. There is no place for this in and on the New Earth or within the hearts of the New Humanity. Overcoming the acceptance of death is a command from the God Center and it is to be honoured. All active Priests and Priestesses after the Order of Melchizedek are aware of this mandate. The Melchizedek Priesthood vibrates the One Life in sound, action and in alignment with the Creator of our Universe. *A true Priest is beyond death and birth. There is no death in Me.* This is the cornerstone of the new democracy and the new race of Man.*

The Easter morning Broadcast was released at dawn with the message from Creator Michael, the Universe Creator, that His Love was flooding the entire planet. It was unconditional, transformative and of Him. The Earth Mother and all Her creation were bathed in glorious light, which filled every corner and crevice. There is no love greater than the Creator's for His people. Love is the first Law of Being and it now moves to become the energy field for Earth.

The Omnipresence of the Mother Spirit is the Overseeing Director of this period of upliftment and translation. She will bring the Christ to every heart and dress Her creation in the jewels of Her Spirit. Love rules the day.

As the Mother Vibration returns to Earth and the Eternal Flame governs as alignment to the Creator Presence, a Body or Supreme energy field will begin to form as a network of collective beings who are transmuting the Earth frequencies by their consciousness. This is the Second Coming of the Melchizedek Priesthood. This will be the New World.

Let go of the mortal self and graduate into a World of Light, where the God Presence speaks and has Its Being in the heart and the voice of all humanity.

The University of Melchizedek, Higher Dimensional Thinking

(A selection from *Living the GodSelf*)

When you attend seminars or classes at the University of Melchizedek, much of the work done is in opening you to a higher rate of vibration. This is to enable you to read your own records, to prepare you for initiation, and to introduce you to new levels of truth.

Often at the University level of spiritual assimilation, the only way the presentations can be understood is through the higher or deeper levels of consciousness. Here you are trained to access the Superconscious and to receive information from that placement. Willingness to receive from "the mind that was in Jesus Christ" opens the way to the enlightenment.

Reading and assimilating the lesson material of the University can cause the awakening process to begin or to heighten. The Accelerated Light, which we call "the University," enables you to open to the inner light of your own being and there to know yourself, to find yourself, to leave the world of Illusion. Powerful Rays of Intelligence, complementary to your own soul ray, stand with you through this University.

In every University class the rate of vibration has been stepped up to *facilitate the activity of your Christ*

* The Deathless Race

Consciousness - your Higher Mind. Remember, you are traveling into new lands, new worlds of light. Higher intensity is yours as you walk the regions of light and call forth illumination (intelligent thinking). This light I speak of is not understood by the mortal mind, nor can it be released to conscious awareness until the student is ready and well prepared for that which is to be assimilated and digested. We remove seals so that you can read your own Christ Records, those that you have chosen to bring with you as you remember and commence your ascent into realms of light.

We want you to be a *knowing* person in your own right. You are called to enlightenment in this University, to the Universal Mind that knows and is.

The Holy Spirit, Creative Daughter and Mother Spirit, vibrating at one with the University of Melchizedek, *decodes* the actual vibration that is released in class or in the written lessons. It is very much like an opening of a seal or seals. Illumination comes, as a result, to the conscious mind. *Anticipate this, for it will happen. Work with the Spirit.*

The awakening often comes by revelation. In the Creative and Spiritual awakening process, often a quest towards revelation begins. The student will thirst for information and illumination. The greater and deeper the hunger to know, the more the student may seek increased understanding by attending classes and lectures, reading books or passages from books, meditating and listening to the Inner Voice that is the path to illumination and the revelatory process. This is why the University of Melchizedek encourages the inner struggle

toward truth and the quest by the student to know.

Jesus said, *Seek and you shall find.* We stand by that promise. This is why the presentations of truth by this University do not always come easily. These truths are presented in vibrational threads of Divine Intelligence. It is very much like unwrapping a package under the tree of knowledge! Remain open to the higher mind, or the Superconscious, and you will be fulfilled and know. That is what the University is all about!

Expect revelation and it will come. Know that you are reading, studying for revelation. You are going to understand the greater truths yourself and you will!

By your *expectation and willingness* to receive new ideas and new thought, you allow "the Word Incarnate" (the measurement of Christ) to take flesh or form. Your God Presence becomes individualized -- like Jesus.

(Living the GodSelf is available through the [University store at http://store.melchizedeklearning.com](http://store.melchizedeklearning.com))

The GodSelf is the Creative Power within the individual. It is the purpose of the divine Will. This is the major revelation for the planet and it serves all in the God Consciousness of the I AM.

Thus speaks the Lord in His creative union with you.

A Message from Sananda

Vol. 2: 24

Beloved, Now is My Hour. You rise with me. We are one. The consciousness I bring is the Master Life. The world does not touch you here. You are blessed in my Being. I AM the Teacher and the Son. I AM the Creator Son. In me stay secure; guided by my hand, be centered with the Light.

My peace surrounds this planet now. Energy comes to her of me. I AM the way, the truth and the life. I have come.

(When Lord Sananda says I AM the Creator Son, he is telling us that he carries with him that union and that essence. —Crystal)

March 23, 2008 Easter Sunday Message

Note: Sananda is the ascended name of Jesus. The two names or natures linked, as they are now, indicate your own promise of revealed Life and return Home.

Exercise: Unconscious Desire

The following exercise on desire and objectification is from The Master's Papers #15-30.
(Copyright 1992 by Patricia Jepsen Chuse)

Bring all unconscious desire up into the conscious mind. Even the negative. Take a good look at each and every desire. Sort out what you want and do not want. Face each and every desire as it rises! (It is much like sorting papers on your desk. Keep it that impersonal. - C.) Herein lies the domain of the master: Word made flesh.

Quietly, surrendered into your own creative mind now, let the desire of your unconscious mind rise. Had you any realization of what was there within you? What kind of desires are surfacing? Do you agree with all of them? Consciously agree? Are some of these desires, rising from your unconscious, destructive? (Write down everything that is surfacing as desire from your unconscious. This will help to impersonalize and review. Do you find that there are desires here now that do not agree with the "true self?")

What desires, as they rise, have been manifesting and objectifying in and as your life? Can you now see why nothing should be hidden? (Writing the answers to these questions will assist you in deciding what desires - buried in your subconscious mind - have caused suffering and discord, even confusion, in your life.)

(An interesting and profitable exercise in this weeding process is to create two columns on your paper. One column can contain all the desires that are surfacing from your unconscious (that which you have not been conscious of). The second column can contain a list of problems and obstacles that have been objectifying in your life, as well as happier and successful accomplishments. Now with these two columns in place, draw a connecting line from the desire in the first column to the objectified expression (problem, obstacle, success etc.). To complete this exercise, cross out all the desires that have surfaced that have been responsible for negative expression in and as your life. As you do this, continue and cross out *with* decisiveness the false creation(s): the result of destructive desire(s). (Remember, you have to be decisive in directing the Creative Power.) This exercise will give you a good idea of *responsibility* in the Creative Force: how each and every one of us is responsible for our environment and the way we live. We choose. - C.)

Choose only the most desirable of desires. Consciously accept these desires *as your own*. Then, in willingness and full knowledge, permit those desires to objectify.

Herein lies the realm of the master, I repeat.
