Solar New (Vol.7 9) - 12

As a budding Star of Melchizedek, you are asked to become initiated into the divine fire of God in you and this bathes you in white light, the Master's Breath. In the process of initiation and transfer over into a new cosmic energy plane, you will know to find your own point of control and there commit yourself to God's Will. When you have recovered from this initiation, you will find that you are unified in your own life expression, vibrating energy of Being. My white light extends around you as an auric display of your accomplishment and Mine. The white light becomes your energy body or body of light.

### WELCOME HOME TO THE CITY OF LIGHT

*My beloved ones, I have called thee forth,  
into the City of Light, where I await your  
return. Put on your Body of Light O!  
Immortals, and Come home.*

## WHAT YOU MUST DO

### FIRST

This body must be lifted to a higher frequency. The whole body must be as light. It must become a constant beacon for all energy fields. It must become the Son in matter. You are to realize this field of constant light throughout your whole physical body as well as the etheric. You must take this seriously for the time is now when all energy quickens to bring this in manifestation.

Breathe now with Me. I AM Sananda. Take one breath and exhale with Me. Know that we are breathing together as the full light of the world. Be lifted in my presence so that all atoms and molecules can be lifted also as the Son of God manifests through the body plane and reclaims the body as light.

The Son wears the body of light. It is the body under the command of God, the body that radiates the field of energy that proclaims the union with the Christ on high. I quicken you to this plane of light now. You are to raise up that body of yours into the God intelligence of the divine mind. Listen to what I AM saying for I say to you now that we shall breathe together.

Breathe now with Me a single breath of light, of life—I AM Sananda—and exhale with Me. So let us know together that I have taken you into My body that you might be as one breath with Me as the Son of God, the Christ, the I AM presence.

Be clothed in light. Be immortal only. Walk as God intended as divine man. You are raised in Me, and as I quicken My body you will sense this quickening, My staff of life, and so breathe with Me. The ascension is yours. Be light upon all matter. Become conscious that you are light, that you are a(?) vibrant energy in oneness with Me. I AM the Second Coming.

Be lighted now as the Son of God. Let My radiance flow through you and let My Christ shine forth to bless this earth, and so bring goodness unto all mankind. Live now in Me. I AM Sananda. Delight in My name for I AM the risen one. Listen to the creative power as it

### SECONDLY

Have the Presence as your own. Lift your hearts to celebrate the New World BE THERE. You are not to compromise now, for *I AM Lord*. And he who abides with Me is Lord also, for have I not said that we share the same bed and the same table? Let My Consciousness be your own. Be clothed with My Spirit now. The mighty I AM.

There was no one left when I ascended. I left no one behind. Please ponder on this. It is a mighty revelation and it is so. What you are experiencing in this world is but illusion. It has no existence in Me. For you to want to remain in this world is to remain in suffering, in death and disease. I tell you once again that when I ascended ALL were taken up with Me and given new life.

This is your great awakening. It thunders through the heart. Die to be reborn in this higher sphere of Life. Leave the old. Let it go. You must understand that you have no part in this world. I offer you My hands now, the hands of the Christ. If you take them, I will lift you in your mind and in your heart; and your body will respond. For bodies are made to carry the Consciousness. Therefore, if you are the Christ within, your true identity shines forth as the body. And your body is divine. It is *always* divine in the light. It is *always* in accord with My Spirit. You have separated the body from Me. Now *give Me your body*, your physical form. Let Me become a Solar Energy *within your body* radiating My light to all your cells, muscles, organs and chakras.

I bestow the body of light, the body that is the out-picturing of the Christ within. Remember that I said, "Destroy this temple and I will raise it in three days." What does that mean to you? The body is light.

speaks to you. It is the Christ energy founding itself as the Son of God, establishing the kingdom on earth as it is in heaven.

I bequeath you the glory of My being, the breath of My life.

## WHAT I WILL DO

In the name of Jesus, in the name of Sananda, in the name of Creator Michael, let the light shine after the order of Melchizedek. Let the presence of divine love permeate this planet Earth, Gaia. As the ray of Melchizedek now enters this Earth and begins its travels throughout these lands to open the great schools of Melchizedek once again, let the leaders of this movement—from angelic to human—deliver the messages of the Son. I have given My authority from above to translate this energy to Earth through the great World Mother Office and in this communication I give you now, I translate your energy fields to the Son. You are standing in the body of Sananda now.

Great is the revelation of this. Be constant in your awareness. Refuse death at the portals. Deny its entrance. I will have no more of this after the order of Melchizedek. You cannot take on the robes of Melchizedek and contemplate the death process. It is impossible. For this is your mission, My daughters and sons, light this world. Change this Earth into a living sun after the order of Melchizedek. Begin to walk as immortals upon this earth. Feel the blood of Jesus underneath your feet. Cells of Earth, come alive in joy. Celebrate the coming of the King. Blessed is this Earth now, fertile as it lays in waiting for the anchoring, the reception of the great ray of Melchizedek. How hungry she is to receive this energy field. Great is her anticipation of this enormous ray.

Let us now watch as we see the ray of Melchizedek delivering itself to this planet Earth, to the Earth herself that she may be conscious too of the unity of all things, the network of life, the Son. *I lay await for this, she says. I have waited so long for this contact with my Creator.* Angels, attend. Creatures of this Earth, listen, become as guards of this energy field. Walk with us in oneness, in unity with all life. Fishes of the oceans, stay poised ready to receive. Birds of the sky, listen, wait, then sing your song of constant union with this Earth, praise of the heavenly Father. Wait.

And in this moment, I proclaim the order of Melchizedek on Earth. Not the false order nor the misunderstood or misinterpreted order but the real and true order of Melchizedek that has been long awaited in the name of Jesus the Christ. Flash through the heavens by order of Michael, the Creator, into the Earth, into the planetary cells of the Earth for the planetary logos, himself, waits to receive and to distribute this mighty energy field consciousness divine. Now in the name of Sananda, who is our body on Earth, speak these words with me, oh ones of light, for this is my word. I AM the order of Melchizedek fastening into the Earth.

The divine origin of man can be remembered now. The great records of the Pyramid of Giza will be opened to be translated

purely in the vibrational code of Melchizedek. I AM the one who was sent. In this way you will know your divine origin, oh man, and will walk as the heavens do walk in the plane of love.

Now in the name of the Father and of the Mother and of the Son, I do lock into this planet Earth the great order of Melchizedek, the divine fire of the Son. And now in this moment, oh blessed ray of Melchizedek, I release from the World Mother Office, the great ray of Melchizedek. Let it be done in the name of the Son Christ Jesus who dwells in every heart. I release this light to man. Order of Mary. Divine son be manifest in the heart of all humanity after

the order of Melchizedek. This is the divine union of man and God proclaimed at this time. The voice of God is truth and shall ring like a bell over these lands and each and everyone shall speak with this voice in the name of the great order. And each and everyone shall carry the love of Christ. And each and everyone shall praise the Lord in notes of purity and in song of revelation. Be of peace now, oh Earth. Let the peace be with you that is the peace of walking angels upon this Earth, the peace of minds coming together in love, the peace of heaven and earth, all creatures great and small. For this is the order of Melchizedek. Schools arise, open and be one with one another in this awakening of the sons. Now let the day begin, the dawn break through but this shall be a day like no other day.

Be conscious of this. Be alert and be focused for you are tributaries of this order. Keep the light. I give thanks to the Brotherhood for their office, for the great ones who dwell within the mountain, for the overshadowing of Sananda, for the presence of the angels, for the guardianship of all the animal kingdom, the flying ones, the swimming ones.

I give thanks to Mother Earth who feeds us so well, and I rejoice with her in the new Earth after the order of Melchizedek in the day of the Son.

### A Message from Sananda (Vol. 2: 50)

## EXERCISE

Be still. Embrace the soul as part of yourself. Be ready to hear the soul speak to you. It will most probably speak as a strong intuitive realization and a knowing. To be ready to heed the soul intent, make it very clear that you will partner with your soul. You will not separate yourself. You will be one with it. This is important as you begin to align with your soul mission and the God intent within you.

Your soul wants to speak to you very much. LISTEN!

You may ask your Guardian Angel for further assistance in your conscious understanding of your soul's intent.

Be patient. You will know the way. The power of the soul

will be with you. It is a new kind of power that you may not have felt before. This power is the Divine Intent. It is the energy of ascension and fusion with your GodSelf.

Once you have agreed to partner with your soul, the Universe is with you. The soul and the Universe are one. And the wishes of your soul will be clear to you and the power of your soul's intent will be felt.

Once the soul intent has been unleashed into activity there is no turning back or away from your GodSelf.

The burning desire of the soul is to unite with Spirit.

This is the wave of ascension.

Stay with this exercise and awareness until you have a sense of the soul. The following space is for your soul message...

## WHAT YOU MUST DO Continued

### The Body of Light Sanctuary

Claim your Christ body. Be the nature of the Sun glorifying the Spirit of God.

The body of light, which surrounds you now, is requalifying all your atoms. Each atom of divine motion will rotate as a wheel rotates into the Spirit Will, and energy from that Will penetrates the atom of Itself.

As each atom is drawn into the body of light *as light*, it will accelerate its motion, fanning out as a flame, a single flame of higher self. This flame is the Creator at large and the functioning position of the Christ with you in the Universe.

The new body of light will serve as a sanctuary for all the crystals of your energy body. Each new crystal vibrates to the sound of the unification of the Creator's plan; each atomic particle with this transformation serves the Christ body, the body of the Lord, the body that you have made from out of yourself as your body of light.

### BUILDING THE BODY OF LIGHT

The loving light of God surrounds you. It is this light that is your new body.

- The pure food that you eat goes to the light and in this light is a whole new system of the walking form.
- You collapse the dense form. As the body grows lighter in its perfect form, *the Creator form*, you are trapped no longer in materialism.
- With the focus on the Breath, the new body of light introduces itself.
- Your adjustment now is part of the work of this course and the seminars offered by the University of Melchizedek through Crystal. She is now to take you to a new level, dimension, *of the body change*. Here you will become accustomed to the rhythm of the body of light and the dance of its molecular structure.

## Homecoming

Identify with this Incoming Light not with the rules and regulations of a world that has been born of suffering and separation. Be with the Spirit now, for this Light is the activity of the Daughter Spirit! See the Light moving steadily and with purpose into the atmosphere of Planet Earth. See this Light interchanging with your life and seeming world so as to transform your life and your world!

### Talk to the Cells

just as you can learn to communicate with the animal or the plant kingdoms, so you can most certainly communicate with your body cells. All life listens and can understand the words you speak in respect and love. This is the traveling train, the way to partnership in the world of light. When you consciously join the circle I AM, in respect and love, you will know how precious *all My life* is in Me.

So it is not surprising, is it, that your body cells and molecules and organs can hear you. And if you send thoughts of love and light and community to your body cells, you will receive an immediate response of cooperation and genuine aliveness!

You build a city of light out of the nuclear reaction of your body cells to the incoming light. Hold your vision high and they will respond as a community of one. Create a pattern in your own alignment and they will be at peace in this vision.

In the center of all life is the manifest principle of One. This Divine Principle breathes into creation the perfect order of the Two in One, the Creator Twins of Light and Love. Keep this principle of oneness in your mind and the cells will obey. They seek order within themselves and will recognize proper direction, as you believe.

### Be the Light, Sound the Word

From the point between your eyebrows let your heart center rise to that point of *oneness*.

From this place of centering in the First Creation, walk and have your Be-ing as I AM.

Out of this point of consciousness will emanate the form you need-the form that is necessary for you-in the dimension you are serving.

You do not have to hold on to any form of body, as the form itself only appears when detachment is yours by authority of the Christ. This is the governance of any and all bodies of form. You, as consciousness (son of God), remain in the core of your Being or *the I AM*. There is your command post, the central headquarters of who- you are; and there, too, is the emanation of *God the Father*, God the Son and God the Infinite Spirit. This place of pure authority and remembered identity is often called "the Capstone."

You build the pyramid of your own awareness. After it is finished and done, the Capstone is placed on your- crown chakra or center as Wisdom, Power and Love *in operation* as the Priesthood of Melchizedek. It is here in this place that the "inner voice" or "Good Shepherd" becomes your Mind as Light.

Now that Light shines upon the body temple, piercing the lies and the iniquities, It reclaims- unto Itself the flowering God consciousness- of every living cell.

## WHAT YOU MUST DO Continued

### Live in Truth

Bear witness to the Truth (I AM) in your body. You are the light of the world. You have been given the light by My hand.

You function with Me as My own. The body, as you have known it on earth, is now to be released to My immortal circuit of unity and love.

*Here AM I.*

Entering My world you are in- Me and I AM your heart; and, soul. With Me you are immortal and you have the body of immortality. That is the GodSelf in manifestation.

Hear My words. I brought you to this place in Me that you might show others your immortality.

But this you will be unable to do without totally releasing that which you have identified with as your body. That energy body is no longer appropriate for the light energy path that you have now chosen in My name. There is a new body for you. It is the Christed Energy from the Solar Logos.

*I have housed you correctly. Position yourself with Me. I AM your higher self, your Lord, your God. Let not the world be your master. Remember Me. AM I not the law and Word?*

*If you come home I will give you My House of immortality*

### The Food of Light, A New Beginning

The immediate transference into the vital body, or light body, can occur when you liquefy all foods. In doing this, the processing out of the lower energies will begin and the reestablishment of Christed particles will begin to stabilize in your system *as your system*. As this occurs you will become light *itself*.

A pleasant introduction to the liquid diet might be a combination of fruit smoothies (such as banana, mango and your favorite juice) supplemented by a protein powder. Three or four times a day would be ample liquid food intake. If hunger pangs should occur, return to the light awareness or BREATH OF LIFE, knowing that the Breath (Holy Spirit) as the Mother contains everything you need. You will be fed and supplied with all that you need from this focus. The energy correction will be made immediately and all hunger or even weakness will disappear. At that moment you will have transferred your focus into the rhythm of the Holy Spirit Breath and activated the higher chakras into Be-ing. The hunger pangs work as a stimulant to focus on the Breath or Light.

The resurrection comes from your resurrected energy field. All resurrection energy is completed in the Holy Breath. This is the ministry of the Mother within.

You activate the Light Body and it will *kick in!*

In this practice do not take solid food, even a small snack-when you do you immediately send a message to your "mortal" body and to the lower chakras that you are back in the old program. You have ceased to live out of the Light Awareness that is your gift through Jesus' life.

After several days or weeks of this diet of LIGHT, you will be able to comfortably release food as a necessity when it is proper for you to do so. Your Voice within will guide you in this matter.

There are other immortals doing this, so you are not alone

### BELIEVE IN YOUR SELF

New worlds emerge out of old worlds.

Battle not the world of illusion. Let that world go! It has no place in Me.

I AM the world of light. I AM generating that world now. In Me, in My world body, you have life. I have proclaimed you as My own. And now, I ask you: Will you have Me as your world? Will you live in Me as your immortality?

As your immortality takes root in your consciousness, your whole life plan will alter. *Illusion will vanish as illusion has no hold in Me.*

I AM the moment, the second, less than that. I AM I AM. Conscious accord with that statement will bring you to your immortality circuit.

Emerging is the new world of conscious awareness. It is the power of this new energy field, the world of light that will allow you to operate as the GodSelf without density interference in any way. You have come to Earth to be what I AM. You are the central body of My light circuit. You are the creation of your own higher self. You are the power and the love I have for all life in Me.

Enter now the reality circuit of I AM. *Be still and know that I AM? God.* In that moment of stillness I will objectify as that which is focused upon as direct manifestation of form in Truth.

In the moment of your stillness, the overlay of God intention becomes visible as the tangible result of your deep awareness of God in you as I AM. I AM the root of all life but you must know it. In knowing, I complete Myself as living Truth..

There is no death. Restore My circuit of Truth after the order of Melchizedek. Live in the Jesus line of vibratory song. I have sons of God not claimed by Me. Meet Me in your Self that I might know you once again as I AM.

## WHAT YOU MUST DO Continued

### Put New Clothes on Your Body

Look around your energy field. What do you see? Are you free from all ties? Are you a prisoner still? Let go into Me. As you let go into Me, see the immediate response.

A seal is broken.

A circular motion begins-first from the Energy Point between the eyebrows," it swirls - as it increases in momentum - drawing energy of My Holy Breath into all cells and organs of your body natural.

Though you never lose the center point between the eyebrows as your focalization point, the intensity of the energy released by your consent begins to reach out to touch all areas of your being, preparing you for new life in God's world: the world of light.

Every time you willingly let go into Me, I fill you with My light. Remembering Me in your life as your life causes instant gratification in your operational field of activity. All responds to Me. It is My Law of Agreement.

All man has to do is say " 'Yes.' I will do the rest.

I AM the living light within you. Turn Me on by your willingness to believe in Me.

Live without past or future. Take up your immortality now as Son. Detach from all mortal thoughts and rhythms of illusion. Walk upon the earth as an Immortal from the world of light.

I have made you perfect in Me.

### Putting On the Garment of Light

**After a few days of living in the light energy you will actually *feel* the vital body as your *body* in a very grounded way. You will experience more strength throughout your being, increased momentum in your energy field. You will have transferred from one body into another. And you will feel willing and able to handle the increase in light presently pouring into our planet at a very fast pace.**

**Finally, it is through the body of light that you will pass into My new fields of existence. Be apprised of this. Godspeed.**

With the overcoming of physical death as illusion and the passing into light, a sealing takes place where the mortal form is no more. There is no earthly law that can contain you, no law at all. Your earthly quarters are no longer fastened to you. You are free in the light to come and go and wear the passage of age or not. The curtain of light has been drawn across the illusionary world of mortality and all you see now is My truth of Being, the ever-present and everlingering truth of Being. The Holy Breath has become your energy and the soul sings the song of joy! For you now are an immortal of My realm.

### MY KINGDOM IS AT HAND

*And he who abides with Me is a part of My Kingdom:*

In Me you have immortality. In Me you have the creative urge to Be. My sons and daughters know Me as the GodSelf, *the One with them*. Have your immortality with Me and -wear My encasement of the lighted form.

I remember you as light. Let there be light.

Gently I *call* you to abide with Me, and lovingly I will send *you* forth again *with Me*. You shall walk not alone, but with My Word. I will encompass you.

## Cities of Light

The Earth settlement is of the Solar Energy, and its relationship to the outer planets is one of harmony. All cities, towns and villages will be returned to the light where the consciousness of the Solar Community rules.

Words such as Community (com-unity), Unification, World Harmony, Harmlessness, and Compassion are all signals of the new life entering this planet and the Plan for the long-suffering Earth. We will begin to live in the prosperity of God Consciousness, and the light will not be on one but on the whole. This is the Presence of Unification that is taking place as the Christ government, the Solar Governance of the Creator Son, is presented through Lord Sananda as Acting Planetary Prince.

Consider the whole with all decisions and undertakings. The Solar Life Communities now forming are under the governance and the watchful eye of Creator Michael, the Universe Creator Son.

A decision has been made as recently as today (May 21, 2008) to support the forming of the Unification Communities based on the idea and the plan that all life will become unified in the entrance of Christ Sananda and His Messengers. There will be frequency changes immediately. Many will discover that they must operate wholly from the Christ Center or chakra (heart), where the governance and the Word will flow in coordination with the Mother Spirit and Her Offspring. There will be no interruptions of this plan. And the Light workers, who have been trained to vibrate the unity of Spirit and the message of the Spiritual Hierarchy, will be coordinated and adjusted to the higher frequencies of I AM and the emerging Life Centers of Spirit- called communities. Those who are ready will be guided to either create these communities or enter one already forming after the order of Melchizedek. There is no time left. We will begin the shift of the light workers into beds of light where they can operate with ease of fluidity and Mother Love. Each community now forming has been assigned a legion of angels to protect the vision and formation of these Melchizedek cities of Light. This operation begins now.
