I would urge each one of you who read or hear this message to lay down your nets and follow Me. This is the call to service.

To those of you still trying to make a good life for yourselves, I would say "I need you most. I cannot wait any longer. My time is at hand."

Thus Jesus Sananda calls to you, and in His call is the frequency of Seven. This means the Way is made clear and *sound* has been uttered. In the Day of this Call, *no other call is heard.*

For those of you still carrying around the weight of the world, perhaps uncertain of which direction you will take, perhaps embroiled with personal karma and very much caught in a third-dimensional conceptional world, I would like to urge you to let go. Now is the time to serve the Light and the Incoming Planetary Prince. The joy of His Entrance can be felt all through the

Universe. The reverberation, felt like music for the glory of God.

[Note: You can only be subject to "personal karma" as long as you lead a life of division and still retain a sense of "personal life" separate from oneness or Christ. In Christ, it is said, there is no karma. Christ is the vibration of the I AM or One.]

Most of you reading this paper know already that you incarnated to serve Him and Her at this time. Yet many are still staying with the false life, caught in an illusionary form and program.

May I urge you, too, that the "good life" is as much of a trap as the life of toil and torment

Rise to the need of the Universe King, to the Incoming Light, and to the planetary shift.

The Call has gone out. Let those who have the ears to hear, hear.

I have spoken. Trust not the ways of this world, for the ways of the world will be denied. Lay down your baskets, full of fish, and come follow Me. I need your help.

- C h r i s t S a n a n d a

The World Mother

## The Vision

Early morning, August 20, 1992,  
immediately following the preceding  
message

Following the writing of the above "Call," I decided to rest my eyes for a few minutes before I got up. (It was still quite early in the morning.) No sooner did I close my eyes when I saw this vision:

I was observing people at a movie theatre as they were watching a film on the screen. Suddenly the movie screen became completely blank and, as I viewed the blank screen, I was aware of a telepathic message vibrating through the movie screen to the people watching. The message came clearly to me, as thoughts very carefully sent forth, like perfect units of released thought-energy. Although I did not write the words I received, this is the message as I recall it:

(This is not a direct quote but a r e m e m b r a n c e o f t h e transmission.)

This is the "Space Command." We are representing the Confederacy of Planets within the solar system. We come as friends and wish you well. But we are not pleased with your actions on this planet.

As we are lifting the veil between your planet you call "Earth" and the other planets of the Confederacy, your actions do effect all the Confederacy. Thus we have been sent to stop the contamination of your base and unnatural laws: the man-made laws that recognize national sovereignty over and above the consideration of the planet as a whole, of the global family of which you are a part, and the soon to be understood federation of planets that is your true government.

We have been sent to tell you that we (the Confederacy of Planets) can no longer tolerate

the mis-use of energy on your planet. We have come to serve, and may be considered and likened to your peacekeeping force within the United Nations. We are a peacekeeping force within the Confederacy of United Planets.

You are now a part of this confederacy within the solar system. And as this is so, the Solar Agreements must be yours also, as we live together to *serve* in harmony the One. Please think of us as your friends.

End of transmission.

## The Earth Band

August 27, 1992, 6:20 AM, at My Center  
Arroyo Seco, New Mexico

Transmission: We are setting up an Earth-band. It is a place where consciousness can travel. (Following these words came: There must be no self-hate!)

The consciousness band is your relationship to the Great White Brotherhood. It is a frequency band of communication and will be helpful in the days and years to come.

This band is like a circuit of energy that will transform the Earth eventually. Language could be facilitated by this band so there can be much quicker transmissions. There would be no language barriers. (Often it takes seeming great effort to translate energies through so that the units of message can be transmitted and comprehended from planet to planet.) This will facilitate the Earth's Command Headquarters to actually communicate with all other areas of command and solar government.

And, it will facilitate communication between light stations to Earth in many dimensions of God's World.

(At this time I was also conscious of light cities above certain areas, and I understood that these wonderful cities of light, that have been skilfully prepared by the Great White Brotherhood to assist in a probable "lift off," are likened to soul communities.)

I asked this question: Is the "band" where the soul communities will dwell during the time or period of "lift off"?

Answer: The band is a place to facilitate interdimensional communication and travel. The formation of the band is almost complete (as of August 27, '92) and if destruction occurs, then you will be immediately transported to this energy-field and lovingly embraced by your soul brothers. The passageway into the spiritual realms is through this band.

And I was shown that the "lifting," so called, is much like being asked - when, you are sitting on a couch or chair - to lift your feet up so the vacuum can clean underneath! Much rehearsal has taken place already for a lift-off. Did you know that your surroundings and the necessary equipment you need to continue your earth assignment has been duplicated on this sphere? Your work will continue and you will not really leave the planet!

Throughout the day of 27 August, I continued to receive instruction and information. It was emphasized numerous times the importance of stressing the light

body consciousness. As we study and contemplate the body of light as our body of reality, and consciously accept and work with the program that there is no death, we are continually adapting to the cities of light.

A caution here: Spend little to no time on wondering if you have done this right, or should not have purchased that item, or worrying over whether you have made the correct decision...This will only cause confusion and result in lack of inner communication with the Brotherhood. Stay *in tune* with the rhythm of love and light. Trust in your inner guidance, your Thought Adjuster, the Holy Spirit in you, to guide you arightly. If any mistakes have been made, the mistakes will be corrected or adjusted by the way, the truth and the life. You trust in the light and the light will guide you. Do not - at this time - waste time on remorse. **THERE IS NO MORE TIME LEFT.** The call is *now*. Sananda has said, This is Zero Hour.

**It is important that all people understand that the light body is to be their radiation belt through which travel will be actualized from the dimension they are now living in, to the new dimension of planetary rhythm and complete accord with the solar government.**

## The Earth Will Transform Herself...

August 20, 1992

*continued on page 4*

The Earth will transform herself. We will not know her as she has been. She is moving into her transformation rapidly. As part of her transformation more eruptions, violent weather storms, will occur as she releases negative vibrations. Out of this *transformation* the light will come. The *key* is to work with the light and assist her (Earth) in her process, much as your spiritual teacher assists you. For those of you who can understand this: You are asked to serve as a midwife to this rebirthing process of this our planet.

**When you have destruction, you also have building. It is like two sides of a coin. The balance is resurrection. The destroyer and the builder are one. And, as you hold in your consciousness the vibrating Law of One: the program of the Light, you are a builder. And will not confuse darkness for light, nor find yourself lost in what is only a falling away of that that is no longer needed. For The Christ builds of His own.**

Now having said this, let me relate to you another vision which came recently (July 31,1992, Los Angeles, California).

I had just flown in to the Los Angeles airport (LAX) and, accompanied by a friend, had just seated myself on the shuttle that was to take me to the car park. As the shuttle started its motor and slowly eased its way from the airport curb, my consciousness shifted to a future time. I saw the L.A. airport vacant. It was completely deserted. No traffic, no people. Not even a piece of baggage was in sight. It was without life entirely, vacant. There was an uncomfortable - an unsettling feeling - as I looked at this empty airport. I

sensed, too, that this evacuation extended beyond the airport boundaries - deep into the city and beyond.

Then came the thoughts in my consciousness: The city of Los Angeles had been evacuated. Only a few - very few – remained. They had refused to go. There had been sufficient time to warn the people before the earthquake.

From this vision I urge you all to keep in touch. Listen to your divine self, listen to your Voice within. There is nothing to fear. We are growing in the light. But, move and have your being with the planetary change. All is well. There is only the need to listen. And remember, whatever is needed for your earth-assignment will always objectify for you. You do not have to hold on to person, place or things. God is one. That is the basis of my vision for you at this time.

We clothe you in light. ("We" is the planetary Hierarchy and the Teachers of the Light.)

-----

- The recircuiting of the children (you) is about to begin. (given August 28, 1992 by Sananda, Who is Planetary Prince.) You will be beyond the Tempter.
- Human death is no more. (August 20, 1992)
- Study this carefully and abide in it: The Priesthood of Melchizedek is the Creator Son in action. Once you speak the word, it is done. To have that

Creator Son in action, you must be able to leave your nets and follow Him. And in this way, are you one. - *Crystal*

- Deliver them up now into the light. (September 11, 1992)

## A Message from Sananda

Focus on the NOW, not on what will be, In living in the Light World now you will actualize it and bring it into alignment with the Earth and her people. The following is a **command** that may be said many times a day for the next few months: Be at Peace My creation. All is well.

**I stand in the new World of Light.**

**I Stand with Christ as the fullness of my being**

**I breathe the breath of the New World**

**I AM covered with greatness, empowered by the Holy Spirit and blessed with radiant health and abundance.**

**I AM the Sun awakening the planet.  
I AM the Light within my heart.**

**I AM that I AM!  
In peace and power I reign supreme,  
the Christ returned to Earth**

**THE TEMPLES OF LUXOR AND KARNAK**

January 25 & 26, 1993

On January 25th as I stood in front of the Great Initiation Temple/Pyramid of Giza, my first impression was that within it was cradled the vibration of the Central Universe. It was as though within its very walls was the Central Universe. This was my first impression and one that was solidified in my consciousness as real and true.

I also then became aware that the vibration of the Great Pyramid was that of Melchizedek: divine order of the One. Here within its walls dwelt the measurements of the Perfect Man, order of consciousness known as "Melchizedek." And this was the Initiation Temple for all those who dared risk their mortality for the radiation of the Perfect Man, Image and Likeness of God.

So Man might know, this has remained, I thought to myself. And contained within the walls was the secret of that order and the radiant realms of Melchizedek.

Vibrating - as the records opened for all humanity - was the truth centeredness of immortality. All there was was immortality vibrating as truth that seemed to sing of itself over the sands of time into life itself.

We are now ready for these records, are we not? Can we now stand with Jesus who is resurrected?

These words were given the evening of January 25<sup>th</sup> as a welcome:

"The blessing of the Light be upon you...We are fortunate that you are with us...We have served for a long time holding the vibration intact...

"Let the people of the Earth be at peace once again...Melchizedek claims the physical completely now... We are bathing you in glistening glory of His resurrected Self."

(As I write the above these words have been added: This initiation is for all mankind.)

**THOUGHTS INSPIRED FROM THE TEMPLES OF LUXOR AND KARNAK**

January 26, 1993

*State the Principle and the energy will follow...*

*It is important; to direct your energy within the Creative Power Itself. Indecisiveness brings chaotic expression. Value your decisions more.*

*They are gods of the Spirit. So that - each decision is spiritually based.*

*There is a Breathing in and a breathing out within the Cosmos itself.*

*There is the rhythm and on this rhythm stabilization occurs and rich endeavor is constantly rewarded as light.*

*The Energy is based now on a rhythm - a program - of light. In your rhythm you have everything you need.*

★  
*Mary took the little child Jesus to Egypt to re-initiate Him into the final teachings of this Earth system. Jesus was re-initiated into the teachings of the Light which was*

*then reprogrammed into humanity.*

*And from this has risen the New Age.*

*And from this will emerge also the immortal, Christed Self, Melchizedek.*

*With the Teachings of the Light (the eternal candle or Book of the North) you learn that as you enter once again the Great Pyramid, the lower forces are under the control and the discipline of the*

*'Higher Self or the Christ Self. And the knowledge comes and is understood that your sexual energy is to be transmuted into life.*

*It is the path to the resurrection.*

*This is why you never give your sexual energy away - It must become your eternal life circuit.*

**LUXOR EGYPT**

A talk given January 26, 1993

All of you or most of you are probably aware that God has many ways of expressing Him-Herself as government. Here on this planet this government has been referred to as *the Hierarchy*. And the Hierarchy of this planet has been a deep and rich blessing to us because when the planet was collapsing, when the Eternal Flame was withdrawn and the darkness fell on mankind, a Being by the name of Sanat Kumara, who was Lord of Venus, volunteered to sacrifice Himself and hold the light. This constituted a great and divine order which is maintained to this day. It was this One Who

THE TEMPLES OF LUXOR AND KARNAK

formed of Himself the Planetary Hierarchy. It was to be temporary until the planet could be raised to her original vibration and the Flame restored through humanity.

A member of this Hierarchy is one who is called Serapis Bey. This one is chohan of the Fourth Ray and resides over the Temple of Luxor and Karnak. (The Fourth Ray is the cosmic ray of purity, of divine discipline, of eternal life.) This beloved one says: *I glorify the Angel in you. And I awaken the Christ. I glorify all that is beautiful, all that is wonderful, all that is Christ Consciousness in you.*

Serapis Bey is "Chief" of this area and his authority rests in the Ascension Flame that is kept alive within this Temple as a field of energy vibrating and beckoning.

We who are gathered here this evening are invited *by this one* into that glorious vibration. I am privileged to interpret for you his words of greeting and eternal wisdom.

"I am very happy to be with you. I am very happy to have you here. I am Serapis Bey, Watchkeeper of this area and I bid you welcome.

"I draw you ever closer to the Father when I speak, for I have naught but to give you the good news that you are perfect already. You have the divinity that is the GodSelf, which is the very mirror of the Image and Likeness.

"Let us be still now as we go into the light. And if you can, envision yourself being invited into this beautiful Ascension Flame: this Flame of Grace, God's Grace. This lifting power of the universe. This Flame of

immortality and oneness.

"You are entering a *new era* for mankind; a new humanity is emerging. That of light and love, that of Creative Power and Divine Intelligence. *And you shall see much change in this new focus.* Many of you are dwelling in your light bodies already. Perhaps not too conscious of this reality, but you are threading golden strands of divine light."

A MEDITATION

Now relax into the divine energy I AM. Let the past program of death and disease and decay simply pass from your consciousness. And let the full measure of My light be upon you, as we all together breathe in and out the glory of this Ascension Flame that has been given to us this evening. Let the old program of death, disease and decay simply leave your consciousness as you exhale. Knowing that it has departed from you already, breathe all I AM into your seven bodies of -light.

Let go of all mortal thoughts. You contaminate the Earth when you think and feel out of alignment, and you are no longer in the one. Stay fixed, dear ones, to the star, that is your consciousness light. Stay fixed in the reality of the very truth of your being. Send light out now - like a star radiation - through your conscious awareness, your agreement in My Son. Simply let go of all mortal thoughts. Breathing out all that is not, stand in sacredness, the divinity that is *your true self. Remember that God is life. And in this life, you*

*have everything you could possibly need.*

Often you think of supply as financial abundance. But I say to you this: *life is everything.* And God is your supply as you turn inward and *claim it:* the I AM THAT I AM. Let Me stretch you even further now that you can see the *limitless horizon.* Fasten into this way of thinking - that there is nothing you cannot accomplish in Me, in the light of *your own resurrection,* in the GodSelf. Stretch *your* consciousness. Let it expand and expand. Let it fly if it will to the very ends and horizons that you know and are comfortable with...Then go further, deeper within you, to the vast and limitless horizon of My Be-ing: Truth and Light...Fasten into this place of divine oneness. Here in this region, begin to experience the true life I AM: the sacred heart of your being as I.

There is nothing I would not give you if you claim this place within. There is nothing I would not do for you; for in this place we are one. Your thoughts become My thoughts.

Priests and priestesses all, stand ready to claim the vast horizons of your being. Lift your spirits now and walk as Christ walked uninhibited by the life you see. *You walk in grace.* And it is through this grace that I AM. Here in this place you transfigure the Earth and *you remember it as it*

## THE TEMPLES OF LUXOR AND KARNAK

really is, in light.

Through you / come. It is through your consciousness I will transfigure this Earth. It is through your life energy I will make new worlds. Stand ready to receive.

Let go of all mortal thoughts, all confining thoughts and fears. Let go of hesitation for My love stretches out to you as infinite supply, as infinite manifestation, as Supreme Be-ing.

Let the sacredness take over your person. I supply My own. Let the sacredness that is your be-ing - your very breath - the true expression who you are confined not by outer worlds, begin to express as God within: the Eternal Flame. And let this light so burn - as the Eternal Flame is once again triggered to light the world. *New energy.*

Shall you live in light? There is no death here. Your body is governed by your consciousness - you are in a state of grace now - and the glorious resurrected Son, who is golden hue upon the many bodies.

Thus you command the elements and you restore your body to light. This needs your agreement. You must agree, for you are free-will creatures in My kingdom. Come to your agreement and I shall light this Earth through you. Like a star you will glow and have your being in Me as I AM.

Give up death, My children.

### If you agree...

If you agree to release the old program of death, disease and decay, you will be helping all humanity: this Earth and every child upon it. You are invited to be examples of this light. Examples of

the no death program. Examples of Truth.

If you agree to be among the first to enter this program of vibrant energy, your agreement will set in motion a new life energy for this planet. You will be working for the environment, for peace, for joy. And your agreement will trigger the light within your body cells. Your agreement into this program of life permits a new light on this planet. *That agreement to go first actually triggers the light.* What you accept to yourself will be for all humanity. You are the program as you accept it. You are the light as you agree. It is a new birth of a new humanity: a deathless race. You have entered a new era of consciousness. And this is the creation of a new circuit of energy for all the planet. We want you to be the first. Take that step!

When one individual - rhythm of perfect life - walks truth and lives it, then all benefit to the degree they are able. Divine Principle lived as Truth cannot be denied. It *is*. And that truth is entered into the Record of the planet, embodied as rhythm and as law. It is written and recorded as consciousness, active and available to all.

When the one we call Jesus, Son of God, emerged victorious through death, human beings on this planet Earth also emerged victorious.

Thus when the Father said to me, Crystal, *It would please Me most if you would give up death on this planet. Give it up. For My Son has implanted you with life. Live His resurrection now. Death is erased from this planet. I will glorify Myself*

*through you*, I agreed. Will you agree also?

So here, in this beautiful vibration of ascension...in Luxor...we are blessed. Take as much of this vibration as you can. Breathe it. And as you can, agree to walk as *examples of light*. Because in truth as the veil of our own consciousness is lifted and we can see, we dwell on the resurrection plane. We dwell in the land of light.

In this land we see things whole and universally. We see things in a way that we have never seen them before. We are conscious of a whole new plane of life. And this is the land of the free.

The Presence always testifies to Itself as I AM.

And so think it over, friends. And if you like the idea and it seems to be something that you would like to do, then let Me know about it...And if you agree, then I will trigger the light. And you will resurrect your body consciously in full agreement with My Son's Life in you.

We, your brothers and sisters in the light, unseen and seen, will help you all we can because we want you to shine and experience with us the golden hue of our Saviour's Consciousness.

The body is to begin its ascension now. Be clothed in light.

- Crystal

## The Earth Is My Body

And as My body it is expressing My perfection, My perfect union with all life.

I AM all there is in truth. My world is divine, all-perfect. I AM in the world as I AM. Every rock and stone, every particle of dust or sand is of Me. There is no other. As you come to the place of reality or the Kingdom of God, there I AM much like a brilliant Sun vibrating My essence as who I AM.

Exercise your awareness by seeing Me, feeling Me in all life. See My world as I do, without shame.

Turn the key. Open the door of freedom and Christ awareness. The Christ is the Sun as beholder and believer. Stand in the Sun, the very center and the core where I AM. We will blaze forth together the Master Ray of Intelligence that sends forth of itself all I AM.

Glad I AM that you have to come to Me. Within Me, you are complete. Without Me, you are nothing. This is My Word. Now shine forth My glory.

### Come Home

I invite you into the Kingdom of Truth, the Kingdom of God. I release you from all ties to mortality. Come Home. In Me you have everything. You have perfection. *I AM* perfection. Seek Me out of yourself. I send My thoughts to you that you might walk with Me.

I AM the living perfection of Myself. I AM not constricted nor AM I held

in bondage by human thought. I AM released thought from My God consciousness. Each thought released in Me manifests as perfection. I AM the seed of Myself, a growing tree of My Be-ing. Lovingly I extend Myself to you as you. My child, why not enter My world of perfection?

### White Magic

Based in the Kingdom of God you are living in a state of perfection, for God/Truth is expressing all of the time. There is no other. The Sun is shining, casting its rays of intelligence upon all life, agreeing with all life *as its own perfection*.

There is no neglect or forgetfulness here! This radiance of the Sun or KINGDOM OF GOD is forever shining as perfection. It is a state of Be-ing.

Are you one of those people who is always trying to perfect something, someone, even yourself? In the Kingdom, God *is* the perfection and there is no other. You don't have to perfect anything or anyone, including yourself, because you are living with perfection, experiencing perfection within yourself and all around you. *You* are in the Kingdom of God where the life is already perfect and the path is that of enjoying and partaking and participating in the perfection I AM.

Come to that place within yourself. I know you can. You are already there! Right?

**Each one is loved in the creative power of My own being.**

## The City Of God

The moment you are in *is perfect*. Be there with Me.<sup>1</sup> The minute you agree with this, you are living with perfection *as perfection*. The power is in your agreement and acknowledgment of the divine flow of God in you as you. Without God you are nothing. That is the divine truth of Be-ing. Where I AM you are. Be *still* and *know that I AM* God within you and as you do this, you are That.

You establish a rhythm by your belief. This rhythm releases a road, a pathway, by which I travel as My Be-ing expressing I AM. Set up the rhythm now. Be clothed with Spirit. Be lighted!

These are words of Power. What has been given is an electrical circuit to the God Center where you and I are One as God Be-ing. I love you. Now take up that love and come Home to the place I have provided out of Myself. I love you. Come to that place of love, joy and Be-ing. Live that I might live. So let it Be that I have spoken to you as My child of light. Go back to the beginning where all things were made by a state of grace and love. Joy in Me. I have the Spirit to contain you and be you.

<sup>1</sup> Me = the higher state of consciousness I call the "I AM."

## The Kingdom Of God

What you think is already yours in the Kingdom of God.

How blessed are they who return Home to feel the warmth of the Giving Sun upon their shoulders, hearts, minds and souls. You will not stumble in Me. You have been given sure steps in My walk. You have been given the way. It is the Melchizedek order. And defined through Jesus - through many eons - it is My light upon the path. Reclaim that light and enter through the gates of welcome into My Kingdom of divine perfection. I AM you!

Aren't you tired of living separately, without Me? Why, man, do you want to suffer when I can give you peace of mind?

The Kingdom of God is the Kingdom of Truth revealing itself as the nature of God the Creator of all life. It is through this creation as the Kingdom that you can experience perfection as the whole expression of a world of light.

This is the message that I have for you today: that you can receive My perfect expression through which I live and have My Being, through which you live in Me as a citizen in the Kingdom of My Sun. When My light shines, there is no other. Behold I AM the light! And in this beholding you are one with the light. For in the light, I AM.

Stand at the core of Being. Look around you. What do you see? Why all is in perfect order, is it not? *DIVINE ORDER*. There is only harmony, perfection agreeing with itself. No disorder can exist in Me... not in the Kingdom where I AM.

The Kingdom of Truth is the magical mountain to which you ascend as I AM. It is in the magical moment of your realization that you are the Sun projecting yourself into creation, as you vibrate as consciousness of the Sun (God in expression as you or one with you). You are the perfect unit of Being reflecting *YOU* as perfect creation I AM! How magical this mountain is! What glory awaits each moment! And what joyful experience!

How wonderful to be with God every moment, to feel God's breath as your breath! How blessed!

Let your gratitude well up through your thankful heart as creative power! The Mother Spirit awaits your gratitude and your thankful heart that She may project Her radiance as perfect creation, divine perfection in expression now.

In the Kingdom of God there are no awards. Why not? Because there is only One. I AM That. The mountain has been reached. The Kingdom is the magic of the living Sun. It is living in perfection without doing, deserving or earning. The Kingdom is Unconditional Love acting upon itself. It is a giving, unquestioning and unjudging place to Be.

Can you live with Me, with perfection, in this place of love and light? Then as the master Jesus once said, "Take up your bed and walk."
