The bombs you drop hurt my heart and soul. It jars my light. It creates havoc in my system. I must retaliate then to defend my system. How do I retaliate? By storm and winds, by ocean waves towering like great buildings, and by earthquakes.

I would never willingly hurt you, if I did not have to save myself. I have come as a planet with other planets. Together we form a solar system of released Consciousness, and we must

remain in this governance and in this holy body of God in expression.

Take care, my people of Earth. Learn your part. You are not the only ones living here. We ALL are in the Creator's body and bear one responsibility and that is to dwell peacefully together—harmoniously—and to bring greater perceptions of divine love to plant and animal, to great and small. To do this, my people, WE must love.

# EARTH INITIATION

SOLAR NEWS Volume 1, Number 11

As the Teachers of Light emerge and the declaration of this planet has been given, the Solar Light shines as the Second Coming in man or humanity. This event has been foretold many times in many scriptures, as well as in the oral teachings of indigenous peoples.

The event of September 11, 2001, signalled a cosmic event of great proportions. It is the planetary initiation into solar dimensions, and it is also an important Initiation for the human race.

When mass karma was allowed to collect as the event of September eleventh, we witnessed consciousness in its many radiations and variations. Most important was the immediate response of so many to the Call to love.

*All must love in My Hour of the Second Coming. I AM the presence of love in you. It is the love of Christ for all, no matter the conditions and circumstances. I AM the love of God in you. And in My Hour of Second Coming, humanity must stand in this love as the resurrected body of Christ.*

*Without this love weaving itself through all creation, you, as a human being, will be prevented from entering the new dimensional frequency and the Solar Son.*

*Do not fall under the manipulation of your governments, for I have no enemy in Me. What*

*collected, as this event of September eleventh, was enemy consciousness, the belief in an enemy, the belief in two powers when I AM One.*

*Unify yourselves now under the Christ governance and the Solar Son. Ring out the Truth and birth together as collective Christ Consciousness the World of Light.*

*I ask you as a group to meditate and to hold the candle high. Peace will come as you, yourself, know peace. I give you this day a Restorative Prayer. I ask you as a group to agree to meditate and decree this prayer twice daily. It will open a door. I have prepared you for this. Join together in the light of love, without fear and without judgement. And lo, God is with you as "I AM."*

# OPEN THE HEART

SOLAR NEWS Volume 1, Number 15

At the World Mother Center,  
Ojai, California  
January 20, 2002

All Children of the Light should be ready to ascend. No one should hold back. All should be ready to take part in a charge of Light so powerful as to quicken every child on earth.

The powerful Ray of Sananda<sup>1</sup> will penetrate every heart. As the Incoming Light seeks the heart, wherein the Christ Seed dwells, those offering up their hearts to be opened will receive the blessing.

All who have been prepared to receive this quickening and glorious blessing must awaken others; *for all must awaken to My Light*. In order to facilitate this awakening in perfect rhythmic alignment with the Christ,<sup>2</sup> the already-prepared and deeply committed initiates must pay full attention to the Inner Voice. That Voice within carries not only the words of Sananda and the plan of the Spiritual Hierarchy, it is the Voice of our Universe Creator made known to us as His divine Appearance. The Creative Power is released and dispensed by the Inner Voice, the Christed Mind of the Solar Son. Now the gates will open and we will see much progress in humanity's thrust to the Ultimate Heaven of Light and Love.

By special Commission, the

Christ appears at this time to guide humanity homeward. The presence of angels will be increasingly apparent as the Third Eye is opened to an inner vision of the Christ plane (now descending to earth).

All who are prepared to hear the Inner Voice and to leave their nets for the fullness of Being are to be drawn upward into the higher spheres of realized Being. They are to be Christed in the Holy Master's Voice and GIVEN THE POWER TO LIFT OTHERS.

The Master calls. Can you hear Him? He calls to signal those who can bear and understand His Light, as the almighty cloud of reason is removed. He asks those who are ready to answer to lift their hearts to the Incoming Christ Light. In the lifting of the heart, the heart chakra will be filled to overflowing and there will be not one wanting in this Christ dimension.

As you lift your heart to the fullness of God, the Light will fill you and fulfill you. From this Light will come a New World of divine Love and joyous oneness.

Your heart, illuminating all who come into your path, will act as an awakening

agent of Christ. Let your heart be filled that you might be as a mighty Sun raying out the divine love of Sananda. If you will release your lower self now and the ties that have bound you, I, the Christ, will come upon you and deliver you into God's world.

Oh, blessed are they who hear and understand my counsel. I come to return all to the Father.

As you come, so will others come with you, for they will follow your light. Cast not one look back. Deliver yourself to Me that you might be God's awakening Power to quicken the earth and all upon it.

My gold is greater than that of the world. Be open to receive it.

## A MIGHTY SHIFT

Consciousness is massing to perform a great feat, that of externalizing a New World. With this Agreement in Consciousness, there is a shifting of an energy field to accommodate a new dimension.

<sup>1</sup>Sananda is the ascended name of Jesus.

<sup>2</sup>Second Coming, the Incoming Energy Field.

*continued on page 5*

# OPEN THE HEART

The Energy Field is particles of Intelligent Energy or the ANGELIC FIELD itself. The current economic world is dissolving into a new order where man and God are one. This oneness or Christ dimension will precipitate the necessary economic needs for the whole community. Life will be in balance and harmony will be restored in the quality of the Son.

Learning, understanding and recalling from inner dimensional schools right management of the Creative Power will help the adjustment necessary to live in the Presence. Remember that the Christ Mind sees all in oneness and in harmony with the whole. There is no competition as humans have practiced on earth because each individual and creature has a position in the whole community.

As alignment proceeds in the Christ Community, there may be sudden shifts in policy, in banking procedures and in the treatment of Mother Earth. *These are My ways and they will be learned.*

In meditating and discussing the Second Coming, it will be helpful for you to know that the energy shift is into the Christed Mind or Solar Consciousness. Solar Consciousness is maintained and sustained by an energy frequency quite different from our present third dimensional experience. The world is alive in the Christ I AM! All energy fulfills the Will and the Plan of the Universe Creator. Thus, all energy in its degrees of knowing

*continued from page 4*

and expressing is not only intelligent, *it is the Universe Intelligence.*

God agrees with Himself. The World of Light is presently penetrating your earth, your life and your affairs. When you know this, you can behave differently. You can be kind and considerate of all your partners. Be Sons of God and Suns of the Living Light I AM!

*A bridge is being built for those who are willing to walk into the World of Light.*

## GOD'S IN CHARGE

I had closed my eyes in meditation when I felt the presence of Jesus, Sananda. I not only felt Him but I saw Him. He showed me that personality conflicts between individuals serving in group energy had been observed carefully. I understood that any kinks in the ability for a group to selflessly serve the greater plan were being removed. I saw that personality conflicts or irritations had been lifted to the surface to be transmuted by the willingness of the individuals. I understood that it was far safer to clear and cleanse group energy before the positive and full fire of His Entrance as Cosmic Intent! Personalities with negative karmic ties would be an unwelcome offering for group service! Then the Master gave me this message:

**I meant for them to suffer thus - that they would remember me, despite their grievances and afflictions.**

**They cannot make the same mistake twice for that would be unjust for them as well as for me.**

**Therefore, I call you hence - back - and into My Name.**

And then I wrote:

**Whereupon, He rose and walked amongst them bestowing His Grace upon them. And they were quieted and at peace.**

**The Word of the Lord  
Who abides in you as "I  
AM"**

The Work of God is Mighty  
And he who abides in God  
Is mighty also.

The world does not know  
Me.

It cannot.

Therefore, I say unto you,  
If you seek Me,  
Cast the world aside.

For in Me is purity of  
direction,  
Resolution of purpose.  
For in Me, that which you

SOLAR NEWS Volume 2, Number 46

**“Blessed are the meek,  
for they shall  
inherit the earth.” (Matt.  
5:5)**

Who are the meek? What did the Master mean by the word meek? Who are these meek ones who will care for our planet, remain here and govern? Who are these ones?

The shelters are provided so that you can remain on earth in the times to come. She, Earth, will be changing her garment and becoming a mighty son of light. She will be troubled no more by the laggards of these past decades. She will glow in a timeless way and she will become more affluent in her contribution as an earth mother of Christ emanation.

Those who remain will be translated out of body into a new arrangement of form so that they will complement Mother Earth in her supreme position as the Christ Office in the solar system.

Many visitors will come who are anxious to partake of Earth's wisdom, her knowledge of translation and Christ emanation. This will trigger *a new School of Scientific Studies* that will attract many from other planets and galaxies — not only to contribute as teachers and traveling professors, but to learn of the vast knowledge contained within our Earth path. She has learned much in

her battle with the negative forces.

There will be a resettlement of Earth and those who have the meekness to hear and listen to the GodSelf will remain here by choice to assist the Planetary Prince in His Office.

The struggling Earth will then be content. All the world will settle in light. There will be no sections disputing. By the order of our Planetary Prince and the World Mother Office, there will be no arguments, conflicts or wars. All will be resolved in a court of LAW as given through the Prince to His people in the name of His glorious Father and generous, bountiful Mother.

Be glad you are here on earth, for she will need you to right the wrongs that have been so plaguing this planet and her children.

Speak up! Glorify God! The battle is not won yet! It is not to be won until the resettlement has occurred. Will you be one of them who have been chosen governor of a New World?

In meekness and in My Name you will inherit the Earth.

Seal of Sananda

seek,  
Is already found.

Give Me your life, that  
I might *be* your Life.  
Come to Me that you  
Might be complete.

And if you seek heaven,  
I AM that heaven.  
And if you seek love,  
I AM that love.

In My fullness, I AM rich  
indeed.  
Marry Me first,  
That your riches might be  
apparent.

Hate no one. If you hate,  
Then you become what you  
hate.  
If you love,  
You are transfigured in love.

Let no one be your master,  
For the Master is within.  
Answer only to that Master  
And you will be free.

Glory be to God in heaven  
And on Earth.

## Questions & Answers

**Q. Why was the ship overhead? What was its purpose? Why did it show itself as well as other ships who came into view?**

A. We showed ourselves to you so that you would know you had back-up. Our purpose was to create a base for landing and taking off in the near future. We were on an exploratory mission. We came to give you necessary support.

**Q. Will you be walking amongst us soon?**

A. Technically we are already walking with you. However, we will become more visible and what you saw on the seventh of November will become

an ordinary occurrence.

**Q. In what way did you assist us at our Harmonic Concordance gathering on November eighth?**

A. We provided you with back-up as I said before. And we called in greater vibrations of the New World Message for you to extend to all. Also, the town of Kanab and the surrounding area is being prepared for a greater abundance of spiritual energy through which a passage will be opened into new worlds. You will be catapulted into the Christ Energy of your Planetary Prince. This

*continued on page 8*

is very easily done from here (Kanab) due to the lack of resistance to Creator Michael.

**Q. Thank you. Is there more I can share with the readers? What message do you have for them as they look at the photograph of the Solar Christ Ship?**

A. Forms will change, just as you have been telling them. This is immediate now. Do not hold onto old forms nor in any way cause a resistance in your system to the Christ Energy, as it molds and forms of Itself the Creator's intent and your future on this planet.

## **Beyond the Death Program A New System and System Dynamics**

As consciousness ascends and the degree of Intelligence we call "God" descends, there is a new field of intelligence established - a new system.

Jesus told us of this when he entered the temple (man) and knocked over the "table of the moneychangers."

Many of us today, spiritual "queriants," metaphysicians, mystics and quantum physicists are discovering the new system. It is the creative circuit of an entirely new

*continued from page 7*

variable and it has been clustered, waiting, to transform us! This new circuitry is the presence of an agreement *within consciousness*. This powerful energy field is now taking over the planet as the new world.

The new system is that which has been drawn together in a *relationship* - having been propelled by the vortices of creative union, manifested through the currents of heightened spiritual awareness. The new alignment in space and time has impelled a NEW SYSTEM to vibrate as an imperative. We cannot exist without it. We are in it and we are part of it.

The new incoming system is vibrantly opposed to the present system that is based on materialism, the consciousness of separation, and the fear-based ego.

## **Where Death Is No More**

Alter Earth's frequency and its design patterns so that you can remain within a system of stable governance that is compatible with the

rising consciousness of mutual authority and solar intelligence.

The natural world can be bent (persuaded) into reshaping itself - its current laws and formations - by the integration of the planet into the higher sphere of Intelligence that we are now entering and becoming aware of. The natural world cannot be bent or persuaded to become less than it already is in appearance and in realization. Only the greater degree of consciousness - the Light of the Soul - can bend creation to its vision of greater potentiality.

Therefore, if you - the initiate and reader - truly believe you are acting within the divine light frequency of the Soul (Creator Soul), you have the right and the blessing to recreate yourself and your surrounding habitat as to increase harmony, beauty and the flow of abundance. This is done in harmony and agreement with the conscious whole. This is a LAW - The Law of Dominion or Christ Energy

*continued on page 9*

(Word).

*continued from page 8*

All expressions of life are connected by relationships.

nature must adhere to the Life Principle.

## **How processes in nature and in life expression work:**

They work by the Law of Compatibility or Attraction. Re-establishing a relationship is the dynamic of all vibration and form. This can be a hate relationship—which is not causal - —and can only exist within a temporal form that is subject to death!

Even establishing this program can be life-giving, for sooner or later one will fire of discordant relationships and seek a higher degree of process. This leads to a greater fulfilment and realization of the attraction to LIFE.

KEY: Entering into a relationship is entering into a path of creative power (force) that takes on its own determination and creates out of itself its own direction of creative potential. Choose your relationships carefully and let them be in Christ.

NOTE: When death is no more - no longer a viable option, a subject to be considered and ruled by - the processes in

## **The Life Principle is the challenge of continuance - an onward/ upward cycle - a spiralling process of greater degrees of Perfection.**

We are in the Unification Cycle where all is drawn up unto Me.

## **Dissolving the death program:**

Just as the Earth (planetary) system -the economic system, the political/government system - is undergoing change, so is your material body. The Higher Mind or Supreme Intelligence is now dominating your body.

There is nothing free. There is always a price. Loose the flesh and let it go free!

## **Refuse the order:**

Remember that chaos - a seeming disruption in your order - is now seeking a new order - a system to which it can attach itself. The line of creative energy (I see this as cubes or blocks - the blocks

are formulae emitted from the new order) forms the road or system through which the new universe is formed. You move from one system of creative thinking and acceptance into a whole new formation, You are no longer subject to the old system for the new has become vitalized.

## **The Changing of the Guard**

The old Hierarchy and hierarchical intent must fade away. **That** which was cannot be in this moment. There are new laws to be understood, and horizontal governance to be understood. Be aware of this as you move into a new world of creative substance where there is no death as you have experienced it as mortal.

**The Solar News is available to all. It is the Voice of the New World and the Solar-Son in His-Her emerging body as the "I AM."**
