## The Conclave of Mary

June 17, 2000 at Mount Shasta

I greet you from the Heart of Mary and I see your gardens as My sole project now to vibrate My Heart and to vibrate My solar sacred Son to the Earth community.

My loving ones, birth this vision. May it come to fruition and so give light to the solar planet that is our divine body, Gaia, Earth. Let us all think upon her for a moment and the sweet footsteps of our children upon her blessed ground. Do you know how much Mother Earth loves the sweet voices and the gentle, excited, enthusiastic steps of the children? "Let them be called forth," she says to you now, "my sweet ones, and let them become the leaders, the teachers and the wayshowers. My lamp is turned on for them. And they are welcomed, so welcomed in My embrace."

Let us not forget the children, this circle

here today. Let us remember them and give them breath. Let us know that each one born of the light is a special one, the Christ. Hear My voice for I AM the Mother speaking, hear My song, as they come – the children of all nations – to bring truth to light the Earth with joy. And so to give to this planet the nature of herself. Little children know their angelic counterparts, don't they? They always see the nature spirits. They see the great and the small, the mischievous and the somber. They know them until they are discouraged from knowing them.

Light the planet this morning with a new and renewed vision of this Garden of Eden and take with you before you leave, My water of Fatima that will be placed in your hands. With this water you will know Me in a different way and perhaps even closer than you have felt Me before. Let us now be still as you hear the bells<sup>1</sup> of the children, the nature spirits and the gladness of the angels as they pour upon all of us the healing balm of Mother Mary who loves you so in the central Heart, the God Son. Let us be still and know this now.

Oh My Jerusalem, wear the wings of your heart and the fruitage of your brow.

This is a red letter day for all creation, for the voice of the Mother is heard. And that which

<sup>1</sup> I could actually hear the tinkling of joyful bells as I was speaking. - C

is given shall be accelerated so that all might hear and know the voice of Her, the voice of the creative power, your Sister of the Spirit. Your day has come. Alignment with the Mother is imperative for the next step in creation. Let it be known. Her embodiment will take place in many quarters of the land.

Let the power of this anchoring take place at this moment as we draw in our breath and give it out. And let it be known that the gardens are created already and will be manifested through the children's hearts and their minds. They shall be coordinated by Mother Mary Herself, Office of the World Mother. You will see great changes immediately as the balance is restored and we greet all with honor, *the same*. Blessed be the children of this Earth. Blessed be the little ones. Blessed be all realms of creation. The invisible workers, guardians, blessed be. Let all now join hands in a radiation of the Supreme God. Let all together as a mighty circle vibrating Earth's Son shine forth, implanting gentleness, understanding, respect and joy. Peace be with you all in your heart, in the hearts of the children everywhere. My gardens will grow. Seal of Melchizedek, Office of the Christ. Through the Holy Mother's hands it is imparted and let it be known. Selah.

Mother Mary's gift to humanity is Her Son whom we have known as the Name<sup>2</sup> of Jesus. This Son rests in every heart and is born of the Flame.<sup>3</sup> This son, this golden evolution of mankind, of all humanity, is truly the sunlight of the soul. It is the evolution of humanity into a great and glorious being.

I AM overhead now like a great overshadowing. The Holy Mother in the Office of the World Mother overshadows, oversees and nourishes every human heart, that each and every one may find this Light within of true identity I AM and so be born again as the Christ.

Man – humanity – was imagined, envisioned, and created as the Christ. Deep within you is that record, the glorious mystery of whom you truly are. Take on the Christed powers now and remember, after the order of Melchizedek, that you are born of Mary.<sup>4</sup> Lift your hearts to that Christ and so give birth to a new era of Solar Consciousness. This is why I AM here today. This is why I have come. I AM with you as the Universal Christed Mother of all Humanity. You, My sons

<sup>2</sup>Nature.

<sup>3</sup>God within.

<sup>4</sup>The Virgin Heart.

and daughters, are as wayshowers of this new era, a World of Light.<sup>5</sup> And you, My dear ones, blueprints of all creation, are the Christ. Let the Christ take over your whole person. Let this glory be sung in every cell – that every muscle and bone tingle with the Christ. Be that one, the Body of Light.

This is the second evolution of man. First, he-she was the etheric. Today and now he-she becomes all the planets and all the nations. He is both sky and earth. He-she contains all and everything. He-she is the glorious Son that we call the Christ, evolution of Man, consciousness complete. Hold that thought for it will change your words and it will transfigure your body.

At the solar level, no one, no man, no consciousness, is anything but the Christ. You cannot enter Solar Consciousness, cannot move through that portal without that understanding: there is nothing but the light. Hold this candle for everyone and hold it high.

You will walk through death. It is critical that you do this. Death must be abolished on this planet. It has no place in Me. We walk now as the Christed body, the body of light. The light of God.

When individuals learn to forgive, they give birth to compassion and that is the great Son on earth. Keep that thought, for it will radiate far and wide.

–Crystal

<sup>5</sup> *And you will not be hindered. My Son's grace falls over you and in His grace, so you shall restore this planet to her rightful nature as the Light of the World. Go give that thought to another that he might know it also.*

THE SPECIALS Volume 4, no. 33

October 13, 1998, 7 pm at World Mother Center

This Message followed the Holy Mother's appearance and message at Conyers, Georgia. In her messages She refers to herself as your Loving Mother, so that it might be understood that she is with you in all ways and will help you to your path to God.

**The Feast of Miracles is about to begin. Those who have called out to me<sup>1</sup> will be answered and all shall be fed of My bread and wine. Not one shall be missed.**

Following the above Message that same night I, Crystal, received:

## Second Message

October 20, 1998, 7 p.m. at the World Mother Center

The Holy Mother wants you to stay faithful to the Flame.<sup>2</sup> To uphold her vision of the Christ in man. To restore humanity to divine love. To be examples of the Christ light.

She wants you to be light yourself, to enfold others in your light, to radiate it from your body pores so that all can see the light and know that it is there.

She asks you to be her angels now, her trumpets of a new beginning. She is sending you forth among men to harvest a new consciousness, to bring in the lambs.

You are under her wing. She watches over you and you are safeguarded by her light.

Each will hear my voice, she says, and each will know that it is I. Bear witness to the Christ now, my Son of all sons. Be cloistered no longer. Like Jesus, go forth among men and proclaim his victory over the flesh.

My angels of light, begin to be the angel that I have called forth. I have sent you into the earth to release your light, your kindness, your gentle hearts, to restore our earth. Be attentive to me. I would appreciate that. Let go of anything that might hold you back. Bring them the peace they need and teach them of my love for all of them, every single one.

Test your GodSelf, for you will find that you have wings, that you can fly now. Be solar angels of my light. I am Mother Mary speaking to you and giving you my plan. You are my fleet of angels that I let loose upon this earth

<sup>2</sup> *The Christ Flame or your GodSelf.*

to translate man to light.

Heal the sick, feed the poor. Gentleness and kindness will restore this earth. Each one can do this. It is my ministry through you.

Breast cancer will be over soon. It is only the woman's heart that needs to be opened; no more than that.

Treat them all with kindness and with love. I have chosen you to bring to humanity my Son's light.

## Crystal's

### Commentary:

The beautiful, kind gentleness of Mary's person, that is so frequently a part of this energy field, reminded me in just such a loving way that human beings have the Father's voice with them, and their life could be made so much easier if they listened, if they consulted with the Father at all times. For that would smooth their way and make their journey light.

Now, in the presentation of Mary for this time, we see her as a very firm voice for this new era. She doesn't give concessions. She speaks with kindness and gentleness and love but there is no concession, is there, in her voice? And I think

that is an extremely *important realization* when we entertain her position in the Hierarchy. *It never comes into her consideration that one who is called by Mary would live anywhere but by the light of Christ.* So it is with the Father's Voice,<sup>3</sup> placed so carefully among humans. And that Voice guides you and delivers you up into the higher ministry of My name.

**Within the Mother's Calling there is no consideration other than to follow that Voice, which is God within. This is a very interesting, deliberate energy field that is being presented.**

But I tell you, if you haven't sensed it, *there is no compromise with Mary* for she knows none in herself! How could the "Mother of Christ" have anything but Truth in her system, as she guides all humanity into a whole new civilization of light and love?

To be *with her* in the vibration of her wisdom and her light is a blessing. And her words when The Holy Mother, our Loving Mother, speaks of kindness, of gentleness, of love, of holding and guarding the Eternal Flame for all humanity and of *living* from your inner Christ, are law.

She asks you to carry this Flame so that all can see It and release It within themselves.

These are very real words of divine potency and as she speaks them, there comes a

THE UNIVERSITY PAPERS VOL. 6 No. 9

## *The Life Force I AM*

**The Presence of God within you is the I AM. I AM is the initiation point within everyone. It is the point of no return where the consciousness must enter the zone of the Creator and give itself to the Creator. Then does the Spark of True Life rise and glorify its Maker.**

No one is without in the consciousness of I AM. I AM is the hidden manna, the Creative Power and the Solar Sonship (Sun-ship). If you can demonstrate this I AM Presence as your higher self, you will be helping many upon this planet who weep and wail now for the lack of all their needs fulfilled.

There is no hunger in I AM and no division of good and bad. Abandon the life you are leading. It is a poor life, indeed. Poor because you are a servant of the present day world and are hindered by your ignorance of what is within you. The storehouse is full. The blessings of Truth are waiting as you ascend into the New World of Love and Light.

Have the power that I have given you. I AM.

### *Initiation*

The purpose of your initiation into the I AM Presence is to glorify God, the Christ within, your true self. You are human no longer when you are initiated into the form of your original pattern of Life eternal. No one follows you and no one is before you. You are part of the Circle of Life, the Life of Creation as it is formed in all its glory and beauty. You are the first and the

last. There is no other because God is.

"Is" emerges as the expression of Be-ing. It is impossible to Be – which is the experience of true life or living – without aligning with the Christ within who is I AM, Seed of God. The power to Be rests *within* you. That power is the Living Word: I AM. I AM is incorruptible.

The right use of "I AM" is what the Melchizedek Initiate must learn and *practice*. Your practice and your demonstration of the hot fires of Be-ing will lift the planet.

To pass initiation into the Christ Records of the I AM, it is necessary to leave the world, the dependencies on the world and the belief in the world. For if you do not, you will fail this order and its powerful initiation as the Consciousness of the Christ. See that you do not fail, for you are needed. There has never been a greater time for service than right now. Have the power back that I have given you from the Beginning and let this power rise up as My Law on earth.

I live in you and you live in Me. We, together, form the Christ Message of Love and Light. There is no turning back. Leap into the fires of My Being and live in prosperous knowing that you have said and you have thought and it is formed. Be not fearful of the outcome of My Word. I AM gentle in My words of Life and I

AM loving in My benevolent expression.

How you speak My Word I AM is important, for if you do not speak in love and joy, you will speak not of Me.<sup>1</sup> You will speak of what is not of Me. Keep your vigil in faith and love and original creation will be seen as the Solar Life I AM.

### *To Speak Is To Be Heard*

Listen to your own voice. Are the tones round, rich and full? Is your voice a pleasure to hear? Does it embody the heavenly spheres of abundance? Are you creative when speaking in your voice? (Love yourself, the Christ within, as you speak. Then power will emerge and the heavenly spheres will tremble and lovingly embrace you.) *I AM waiting to hear My sound in you, the sound of My benevolence and joy of Be-ing.*

Pronounce My words into substance – into the Holy Breath – and allow the Solar Angels and precious Devas of Sound and Form to add the creative material to your words. I AM giving you *much* that you may practice *now*. What do you suppose "Children" or "People" of the Light means? Have you thought that you might be expected to use this Light (I AM)

realization that there is nothing else for her. She will consider nothing less than that!

*So we are her angels she has loosed on earth to perform the miracles among men. SHE WANTS TO REVEAL YOU AS HER ANGEL.*

She says your ministry is with Mary, not with the worldly powers. She says there is no greater light to bear than my Son's light among men. And the giver of this light must be you.

### A Continuation of Mary's Message:

*Loving is the first field of energy.* It's always been that, always was, always will be. Nothing can be accomplished without your loving heart.

It is a waste of time to argue or to debate. Each moment brought to bear in my Christ will change the world. Even as men argue among themselves, your love is the power of God. *You must love.* If you do not, you will fail your mission.

Heart comes before action. Speak not until there is love in your heart. Speak words of great beauty and man will listen. Oh my children, open your hearts to the Flame within. You must be examples for all to follow. Never put yourself first before another; always serve yourself last. Your meekness will become you and your Father will be pleased.

Note: As I was typing Mother Mary's Messages (October 23, 1998), she said:

It is my hope that my children will hear this and not forget.

I AM Mother Mary, your Mother of Christ Awareness.

to create? At the conclusion of this treatise, there should be no thought of limitation or self-pity of any kind. For you will Be, as I AM, creators, abundantly rich in the holy spheres of light. We want you not to cry out in lack and shame but in power—the living power of the Creator Him-Herself.

Reminder: When you blame another, you put yourself in the victim's box. There is no power of authority when you do that. There is only the lowly fear-based ego and the cross of false creation and death. *I (AM) have come that you might have Life and have it more abundantly!* Restore your life circuit to life. Stand and identify with the Christ energy field I AM. Thus speaks Saint Germain to you.

### Abundance Is Power

I AM: It is not just saying it, it is *being* it. Without the living Word, you have no abundance. The Word is I AM re-seeded in you. I plant this Word of power deep in your soul. You are denied nothing. You are given everything. You are the great light of the Solar Man, as the sacred I AM emerges as your conscious awareness and soul memory turns to light. Without light, you have no abundance. You cannot produce the vibrations and the images I give you.

When the Presence arises in

you, then you are the I AM in consciousness. Realize that you are the force of supply and the glorification of the Word.

### Meeting God in You as the I AM

To create or out-picture in the nature of God, Eternal Truth and your consciousness must actualize Oneness (spiritual order), or join with God Omnipresence in vibrational containment. *Your conscious awareness must digit to One in order that objectification can and will occur as the plan of God on earth.* This is the divine mathematical equation that the Master Kuthumi taught within His Mystery School when He served humanity as Pythagoras. He asks you to remember your Christ record and to remember His lessons, that you might further the Hierarchy's plan of resettling this planet in Love and Life.

Never try to correct what is an inaccurate equation. Start from scratch again: Go back to the beginning, and let the light blocks of creative purpose illumine your way as a participant in the divine plan of creation. You are recircuiting vibration into and through Christ Consciousness AS PLANNED BY GOD IN THE BEGINNING.<sup>2</sup>

He who abides in Me, abides in the power of the living Word. If you can live in Me consciously, you will be powerful and abundant. Let the consciousness of My Word (I AM) be actively engaged now. Let the I AM

# The Order of Mary

SOLAR NEWS Volume 6, Number 31

December 13, 2007, 8 p.m.

The Order of Mary is about to emerge. This is the Order of the Constant Flame. We are proud to announce that the Blessed Mother is overseeing this Order Herself and is coming forth to bless this Order in Her name.

The World Mother Conference will soon be announced. It will be sponsored by the Order of Mary. And this will bring many together from ancient lands, together at last as the Daughters of God to administer to the people, the forgotten and suffering and to those who have called out for help in these days of need.

We, the Order of Mary, work closely in the realm of the angels, and we serve all prayers and know that they are answered before they are spoken. The Order is being released to Earth service by the Holy Mother in the highest energy possible. You are in the Christ-Mass period of the celebration of God within. This celebration continues through the New Year in the angelic kingdom. Perhaps you may hear us sometimes singing in the joy of Being. We are so happy to be with you tonight.

The Holy Mother is the Comforter. Did you know this? She brings to this Order, the Order of Mary, the balm of the Comforter, the Mother Spirit who cares for Her young. Listen now to the program that we bring to you as this Order emerges and serves the incoming Christ Light and the Solar Realm.

We will serve the new Schools of Melchizedek. They bring the LAW to

Earth and the governance of the Father-Mother God.

We will encourage the new schooling for the Light children of this New Age. If you are involved in one of these new schools for the children, you have but to ask and your needs will be heard and fulfilled. We are most anxious to see these schools appear and the children of the Light be given what they need as they grow in glorious light.

We will encourage Light communities and we will help them in all ways that we can, so that the cities of Light can be restored to the Earth and prepared for the greater part. And always we stand in the wings to serve where there is prayer, where there is meditation, where there is healing.

Gratitude goes out to this Center in holding the World Mother Energy. Her Spirit is alive here, and we of the angelic realm feel it. This is a place where we can rest as well as serve. The Order of Mary will be serving your Earth and bringing harmony and peace from the Golden Child of Light.

In peace we serve and in harmony together, God bless you all who are listening tonight and who will read of this message.

Note: The Order of Mary is an Order in the etheric spiritual realms. Serving together the angelic kingdom and the Daughters of God, the Order administers Mary's Essence. It is a healing Order and is being brought to Earth to assist those serving in earth bodies during this planetary shift and translation of form. You may call on this Order at any time for assistance as you serve in the Light.

Presence be your conscious identity. As you realize the Christ within as your sacred Self the lifting power will begin. You can transform the earth by the power of My Name—I AM.

The false and untrue identification with the fear-based ego as "I am" has almost destroyed you and this planet. Realize now that you were born of Me and you are My radiant Sun of Life as I AM. Restore the power of Truth in you and let go of the mortal self with all its hatreds, pettiness and false desires. Rise to the Consciousness of Christ and deliver My Earth into My hands. Rise, My people, rise!

*Be ones who receive My Baptism of Light.*

The World Mother, Mary, Mother of Jesus, carries the force field of Light for everyone. Once the Cross is lifted, the Light in the name of the Christ Presence is released to all humanity without preference or partiality.

This, then, begins the Second Coming, as the Child of the Light emerges through human hearts and rises as the Christ. (The release of self will facilitate this program.) Mother Mary officiates over this entrance of the Second Coming. *She is the creative circuit through which it must come.*

As tidal waves rush to earth to heal the sanctuaries of hidden years, the mass translation begins its initiatory process and guides children of the light into God's world.

The Living Light becomes you and you become the Living Light.

The Christ belongs to everyone. There is no religion in the Beloved Christ Light. All may come home to the Father-Mother through this Light.

SOLAR NEWS

**July 28, 2007 at the World Mother Sanctuary  
If a candle is lit for one child,  
It must be lit for all children.**

There was a negative challenge this evening, one that had massed into an ominous energy field of almost frightening proportions. The Center itself felt disconnected from the Omnipresence and World Mother Office. I faced the challenge of a collective energy that if I hadn't known better I would have called the "Devil."

As I waited in Oneness, refusing to give any authority to the destructive vibration, I found myself saying silently, yet with great strength, *You shall not take these ones from me!* I felt myself as a protective shield in front of all the University students and partners, shielding them from the threatening presence of the dark energy field. Immediately following, I felt myself transported into the power center of the Mother. The words I had spoken in behalf of the University students now became the Word Mandate of the World Mother who spoke aloud in force and command, *They shall not take My children from Me!*

As Mother God fills Her creation, She searches the hearts of all women to find those ones most in harmony with Her Voice and Her purpose. Because the Mother's Cross has been lifted, the Light is now available to everyone and it comes as a Bestowal to earth. A new dispensation has begun.

Have the Mother in your heart and mind. Let Her birth your divine Being, the Christ in you. And as this occurs, the earthen clay of yesteryears and former lives fall away. You see yourself as you are—part of God's Body<sup>1</sup> on earth. This is the Coming of the Lord, the Word.

As the Great Light enters planet Earth and reaches out to all in its wake, the Earth trembles to become light and joy fills the air.

Hold not to old ways. The Mother has come to be with you as the Creator Son joins with Her and recognizes His face in all men.

God is coming to earth through you. Be still and know that I AM God, the Christ on earth, the Son emerged in Truth.

# The Mother's Mandate

*continued from page 8*

My consciousness had moved to the children of the world—all children. The Mother Spirit continued as She said, *Not one child shall suffer the abuse of war, poverty or that which has been put upon them through humanity's misuse of the Creative Power. The wars must stop.*

At that moment Earth was surrounded with a great Light and all children were embraced by the fierceness of the Mother. The power that was sent forth with this Mandate was immense. (A mother's Love can be fierce and very protective!)

Elizabeth Hunt saw this Light and she qualified it by stating that *this Mandate was now set in the record of the Earth*. It was LAW.

This shield must not and will not be broken.

The World Mother, Mother of Jesus, has declared that She will rise up within the women of the Earth, and within all men who detest the way of war and human consumption that denies the children their right to be free and joyful. You will see some surprises come. God's appointed ones are in many places.

It was emphasized that there was to be no talk or consideration of the word "karma" with these children. *All children are beloved of the Mother-Father and are to be cast free of this limitation and dogma.*

It is you, My friends, who will suffer the karma if you do not act to save the children and become a light for them! If any member of humanity thinks for

one minute that he or she can ascend without first caring for the children of this Earth, he or she has another thought coming! There is to be no ascension without the children free from war, poverty and disease. These potholes must be cleaned up and filled. You are your brother's keeper and all must come together in the Light!

I, Crystal, saw and felt the enormity of this Mandate issued from the Mother Source of All Life. It will hold. It will stand. And in this Light we will all ascend.

If you have not viewed the website, [www.thesanctuaryschool.org](http://www.thesanctuaryschool.org) and/or read the numerous booklets outlining the vision and thrust for a new education program for children and young adults, please read them and contemplate. earth. This we know. All things are connected like the blood that unites one family. *All things are connected.*"

We are all a part of the circle of life—the web of life. We are all *connected*. Through this connection, harmony prevails. The I AM is only active when the consciousness is resting in the Circle of Life and the unity of all life as a body or expression of Truth. When you separate from the I AM Presence, the harmony of all life, you become disconnected from the Circle of Life, and you bring destruction—not only to yourself—but also to the planet. You cannot single out one person to hurt and not hurt all life intended. This is why war is wrong and why harmlessness, as the Buddha teaches, is the path to peace and joy.

Realize that you are part of the great, holy body of God. And all life is sacred in you *as your conscious awareness*. You must carry this conscious awareness at all times. There is no ascension without this state of awareness. The individual does not ascend without being a conscious part of the Circle of Life. This awareness is the contributing factor to ascension and the Fifth Dimension.

Delay no longer. You are needed

power and the anchoring of the Divine Plan. Man and woman must join as equal partners and glorify God.

The rising of women and the re-establishment of Christ Energy brought to bear through women will initiate balance on Earth. As you experience more women in leadership positions, please know that the Mother, as She embodies throughout Earth, is becoming Earth and She is pushing out into expression those women who are taking their places in political power.

The electricity vibrating through the Earth is the frequency of the Universe Mother in divine command through Her creation. The Light of the New World is revealing itself.

## The Meaning of the Veil The Recircuiting of Life

The Veil, worn by Moslem women and experienced by all women in the subtle realms as a frequency of limitation or restricted (hidden) power, represents the Creative Power, the Divine Mother. within men and women alike. It decrees the New World and its presence. Yet, until women as a conscious whole realize consciously through their spiritual being the divine power bestowed through the One, the veil remains as a covering of protection and restriction. And man is unable to vibrate in the way he-she is intended.

The raising of the Veil connects woman with her true Self, *the Divine Mother realized*. She will, then, consciously vibrate the Creative

Power. When the old and false world is completely dismissed as powerless and rejected as not of God—not of Love—the power is returned. Man and woman find one another in a new realm of joyous companionship and agreement. Together they listen to their spiritual intuition, the Inner Voice, and they act with God. The Divine Will becomes their Intent. There is no other, and true government is restored to Earth and throughout the heavens. This is the Plan.

Note: The purpose of the Veil is to prevent humanity from destroying itself as occurred with Atlantis.

*Your nature is not to destroy,  
but to dissolve  
for the new life to become.*

## Memory Awakened

A Priestess of Melchizedek is a guardian for this divine energy that forms God's creation.

Creative Power that is within women is sacred. The passage of this liquid fire into the brain cells causes instant illumination and can change the body to light.

(A footnote on page 55 of the book *Immortality* gives this information: My Son is in reference to the Creator Son or Universe Creator who bestowed Himself on earth as Jesus. He is the immortal Son of God in you. **The Spirit is the Universe Daughter (Creative Daughter) or**

The creative fire, when consciously directed into higher chakras, will unveil the Christ on Earth. This is called the "Second Coming." Once the brain cells are opened, the body is then translated into higher frequencies to enable the Creative Power to outpicture as the Kingdom of God.

A sacred discipline taught by the Order and this University is the alignment to the Inner Voice and the absolute adherence to that Voice (the Father within) as Intent. This is difficult at first due to the pressure and indoctrination of the world. But the discipline brings about results.

*Thus, the Priest or Priestess never misuses the divine power within.* When a child is to be conceived and born, the holy and divine power unites with the divine Will. The raising of this Energy passes through the Christ Chakra where the "Image and Likeness" is born. This "Image and Likeness" becomes the child of God, the divine Idea. These things must be taught once again by the Melchizedek Order to all women and men who have gathered to learn.

The sacred Creative Power waits to be remembered. It is the Eternal Flame, the Melchizedek Power guarded by the Sisters of the Veil. This precious Knowledge is awakening within the human spirit at this time. The Lord awaits its completion with His holy

name.

The *Mission of the Women* is to realize the Power within and to take their place as an equal partner with men. In this way balance is achieved and the Creative Power can resonate through creation as the Christ body of Love. See that happening. God's word is your world *now*.

The embodiment of the Divine Mother in and through Earth will empower women to rise and take initiative in the light of the Sun. Let the curtain rise. The time has come for sudden and abrupt change. The Consciousness of the Mother is Energy (Spirit Fire) on Earth serving only the Divine Plan, the Divine Intent of Creator Michael, your Universe Creator Son. The Inner Voice carries the Intent. Listen and be wise.

In days to come, many will be lifted; some will depart this earth and some will choose to stay. They will wield the sacred power as builders of a new Earth.

## **From the World Mother Scripts**

-----Script 230

An accumulation of Energy (Be-ing) is now in the Earth's atmosphere waiting to be expressed, as the Full Government is announced and the Creative Spirit descends. Keep the watch as We plan a New World where righteousness will prevail.

The body and mind must come together now as the

Supreme. Let go of the old world. Though it struggles to remain housed within your consciousness, it is dissolving. Do not give it energy or power. Divine love rules and the Solar Life is yours as the New World emerges in frequency of the Divine.

Blessings. I AM the Creative Daughter, overseeing all energy at this important time. Do your part well.

*Now be that which you have come to be.*

*Remember and be bold. Be courageous.*

*Let the full message of Woman be heard.*

*I AM Sananda and I give full blessing to this document.*

## **Pay Attention to the Now**

Recently, as I was contemplating the meaning of "being in the now," I saw with my inner eye that there was no past or future. What seemed to be "past" or "future" is phenomenon. It is not real. I saw that there is only NOW, this moment, and nothing else exists. Nothing else is real. I saw that as I focused on NOW as the Presence of God or Be-ing (from where I AM emerges), all else that I may have thought was past or future was empty, unqualified space. There was nothing but me in the

*continued on page 12*

*continued from page 11*

moment, the NOW. And I realized with a certainty that predictions for the future—if believed and given attention and energy—exist NOW. Hell is in the moment it is conceived, not in past or future. This is the secret of I AM.

*The Word (Consciousness) was in the beginning, and that very Word was with God, and God was that Word. (John: 1:1, George M. Lamsa translation)*

To actually live in the Now is to live fully and richly in the God Presence. You are then activated by that Presence as the Son (Sun) of God.

We have things backward here on earth. We attempt to change appearances and experiences. The secret is to realize NOW. Realize Truth. Realize what *is*. Then the Creative Power is released to out-picture in vibrant Energy flow I AM THAT I AM. The Absolute Science of Being tells us that there is only one Presence and One Power. As we let our consciousness open to the Truth of Being and permit the Divine Presence to witness to Itself *as the living Word*, then the Presence realized and activated as conscious realization (enlightenment) becomes our world. We have nothing to change. Only to Be. Let us NOW rise to this place of *conscious union* with God that all might be in peace and joy.

## Embody My Word

There is no such thing as the future. Only this moment in time and space. What you consciously know and realize RIGHT NOW is all there is—All is in the mind of the moment.

If you engage a reader and he or she predicts your future or that of your country, that one sees only what is being consciously realized at the moment. This is why predictions can change. The future is in your hands. If you would see this, you would know that I have given you dominion.

Realize the Earth in her glory and the solar radiance will shine upon all. From this moment forth, the Kingdom is now. Receive and be grateful.

Please leave the world as you have known it. This is my wish and my urgent plea.
