# *What Happens When You Enter the Melchizedek University?*

Immediately you are assigned a master consciousness, one who is directed to assist you in your ascension program. When this occurs you may feel and sense a loving and supportive presence, as well as a challenge to vibrate higher consciousness in the rhythm of the Melchizedek Order. The Master K.H. (Kuthumi) as World Teacher oversees all who enter this University and who accept its rhythms as their own.

Even as you study, read and contemplate the University lessons made available by and through Crystal, you also are taken to the Melchizedek University on the inner planes—to one of the many colleges of learning that are available to the Earth people and chelas of the Light. We carefully monitor all studies and teaching given to students who enter the University and its Halls of Wisdom.

It is recommended that you have a journal by your bedside to record your dream state, for in recording your dreams you will discover that you have been attending classes and ceremonies in the Morontia (pre-spirit) and spirit worlds. You are given instruction at night to prepare you for the initiations and ascension program released through this University. This University is vitally linked with the Great Melchizedek University of this Universe and beyond. We are connected to that program of our Creator and supply what is to be given for the restoration of the planet and the transformation of humanity. All Melchizedek Records created in courses, books, and audio presentations have been approved by no other than Father Melchizedek. Through Father Melchizedek and the World Teacher, Master Kuthumi, the emanation of The Christ is released as the Living Word and harmonized with Mother Mary's Office as World Mother.

## **What Happens When You Attend Classes on the Inner Planes?**

A Melchizedek guide will take you to the designated class within the great Melchizedek University halls. There are many different colleges that are extensions of the University and they represent various degrees of conscious learning and creative intelligence. The master-teacher who is assigned to you always accompanies you through the doors of your classroom. When you are seated, he or she disappears and will return when you are ready to leave and return to your sleeping or meditative state. The classes you attend on the inner planes will always complement the courses you are studying at this Earth University. This is why you may begin a chapter of study and it will seem familiar to you, as though you have studied it before. And you may find that your consciousness is open to revelation within the pages as well. In other words, the inner school of Melchizedek will always be an extension of the University of Melchizedek courses and seminars.

## **What Happens When You Attend the University of Melchizedek Classes and Seminars with Crystal at the Center?**

The union of the great Melchizedek University and its Master Teachers is not only felt but is absorbed in the classes and through all the writings. If you are open and sensitive, you can feel the Holy Spirit alive in Its revelatory power through Crystal's voice and all the Melchizedek Records issued and translated by her. It is an amazing experience and can be transformative.

When the student or chela is quiet and eager to learn, the Spirit is passed to that one. Because the University in its presentations is profoundly revelatory and seeks always to open the participant to his or her own deeper wisdom and revelation, the experience is one of upliftment, Kundalini awakening, chakras opening and the brilliance of the individual soul.

Classes at the University Center and Sanctuary with Crystal are uncharted. As presenter, Crystal does not plan, but enters *with the class* into a vibratory rhythm and experience that is multi-dimensional and exciting in its freshness and Spirit-filled energy. Alignment with the Inner Voice is a major teaching of this University, as is the awakening of Higher Mind.

Those attending the gatherings and seminars with Crystal will quite frequently be conscious of the presence of Lord Jesus-Sananda and be caught up in the rapture of the Master's love. He is present at all classes and blesses all attending with His radiant countenance and spiritual power.

The focus, direction and challenge is always to move from the intellect and rational mind into the Breath of Being, where the Higher Mind sparks the Intelligence and graduates the student into brilliance, heightened creativity and genius!

## The Sanctuary School and Its Assignment with Children and Youth

The University of Melchizedek, through the inspiration of Sananda and Mother Mary, has inspired a school for young people dedicated to supporting their field of intelligence, psychic and spiritual development, and soul mission. The Sanctuary School, *where heart-based education is a way of life*, is revolutionary in its approach to children and young adults because it recognizes the important initiations, such as the rite of passage, and the soul path of every child and young person. The school's pilot program has produced young artists, poets, environmental leaders, and young people who listen to the heart and qualify all actions with a determination to succeed and be of compassionate service to all living beings. You will learn more about the online school by visiting [www.thesanctuaryschool.org](http://www.thesanctuaryschool.org).

### Citizens of the Universe The Rule of Love

*Restore citizenship to the higher planes of Being. With this, the Christ emerges as the One Who Governs in the hearts of all life.*

To be a part of the University of Melchizedek is to be a part of the New World Government. It is to partake of Sananda's Love and His Message of Oneness with all life. The Law is Love. The Planetary Prince Sananda, the outpicturing of divine and unconditional love for all, governs Earth and all creation. As you begin to recognize the Planetary Prince and His tremendous love, and become conscious of His aura enveloping all Earth, you, in company with all life on this planet, will be swept up into this Divine Compassion and be re-created through it. This that I speak of is the "Promised Land."

God has great plans for you! The blueprint for all creation has been emblazoned into our planet Earth. She is a part of the Christ emanation and Christ rule; and as a lighted planet chosen to be a headquarters for Sananda as the Solar Christ, just imagine what lies ahead and what divine nature we will find as our own true self!

In canceling the lie, which Lord Sananda has done by His presence and by His actions and life as Jesus of Nazareth, all life here on Earth has been affected and is now charged with His presence and illumined Being.

This presence of Light is the Christ Consciousness of humanity. Weep no more. Listen to this message, for it contains within it the promise of Sananda's rule and governance as the Lord thy God and the Prince of Peace.

Abide in Me, He says. I come not to divide or conquer. I come *as the Body of Christ*, a new revelation for Earth and for you. —Sananda-Jesus.

### *The Star of Melchizedek*

The six-pointed star, two interlacing triangles, is most often associated with the Jewish religion as the Star of David. However, this ancient symbol is familiar to students of the mystical journey as the Star of Melchizedek.

The presence of this Star throughout the ages is the acknowledgment of the Eternal Man or Consciousness. It denotes the wedding of Man to God and flashes to all the universe the completion of a Journey well-taken.

The descending and ascending triangles are the diagram of the completion of Man. It is the symbol of perfection and restores Man to the Divine as the GodSelf.

To each may come this symbol of fusion and oneness. As you read *The GodSelf* and its wisdom unfolds within you, perhaps you will see the Star of Melchizedek as your own higher self and know that through this Star, the center of all life, the First World is emerging as the Last and the line between God and humans is but illusion.

# *Priesthood of Melchizedek*

*"When a Priest after the Order of Melchizedek is recognized as a Priest, the reflective power of the Eternal Son anoints him/her. From that time on there is no deviation from the path of Oneness."*

-- From the [Melchizedek Glossary of Terms](#), transcribed by Patricia Jepsen (Crystal)

## **INTRODUCTION**

The University is a school for the Priesthood; it presents the foundation of the Order and offers a practical guide to living the Order of Melchizedek.

One enters the Priesthood of Melchizedek when one is fused with the Inner Voice or Thought Adjuster. This brings forth the living Priesthood within the individual.

To enter the Priesthood one must answer the call to "leave the nets" and follow the Christ after the Order of Melchizedek.

To function within the Priesthood is to embody the Christ Will, to be at one with the Voice of God Mind and to respond to that Voice immediately without hesitation. The fusion of the Priesthood with the I AM Presence maintains the governance of the planet.

To be in the Consciousness of Melchizedek, one must not be divided. One must be in the One. Thus, God walks with you as the I AM.

The vibratory commitment to this Order is a sacred trust. It is the acknowledgment of all life as sacred in the glory of God, the Order of Melchizedek.

**An 18-24 Month Program of Study for the Melchizedek Priesthood:**

## ***THE SEVEN SEALS OF INITIATION***

For those who have received the calling to serve as a priest or priestess after the Order of Melchizedek, the University offers a seven-course program of study, [THE SEVEN SEALS OF INITIATION](#), in preparation for the priesthood. This course of study provides a solid base for the meeting of Melchizedek (oneness with God) in your own heart-mind.

This opportunity to prepare for the Melchizedek Priesthood with [Patricia Jepsen](#) within the University of Melchizedek is a precious gift. Those who have received recognition and/or ordination as a Priest of Melchizedek may wish to continue their studies further or to begin them, as the case may be.

Many have been called into the priesthood and have been ordained, yet have not been given the necessary degree of understanding, knowledge, wisdom and intelligence for this calling. The University has been prepared to fill that gap and give seekers and disciples of the Order the necessary foundation for the higher planes of Light that one must master as Priest or Priestess of the Order.

## **UNIVERSITY ALIGNMENT: THE CONSCIOUSNESS THAT OPENS**

Sometimes students say that they do not understand the University Records or "Papers." Or that some of the "truth teaching" is understood while other segments remain mystifying to them.

When the student is used to analyzing study-work, using "the left brain", the University can be challenging indeed! This is because this University is designed to open the Records in you!

As the University of Melchizedek draws its force field from the Creator as Energy, the student must be ready to surrender into that immediate force field of Creative Energy and divine love. This is mandatory for you to understand any work of the University program.

Each segment of the "teaching" as released by the Order of Melchizedek is released through consciousness of that one who is functioning as the doorway or threshold for this program release. This enables the "Truth" as given to arrange itself in such a way as to be complementary to the planet and all inhabitants. Each time a

#22-10 Introduction To The University Of Melchizedek: A really excellent summary of the Melchizedek "Teachings" through this University. It pulls it altogether for you ... from A to Z.

#22-22 The Fires of Ascension: Moving into the Christ Body, the body of light, attuned to, a planet of light, you walk lightly. All life is within you: Experience it. Love all life at one. On the second side of this tape, the Master Sananda speaks instruction in behalf of the new planet. Treat this as a meditation.

The College of New Learning booklets, Degree I of the Melchizedek Learning Degrees of Study, also make a good introduction into the University and its writings.

"What is helpful about the College of New Learning lesson booklets is that as you begin, you learn how to read in a higher octave—not with the intellect but with the Higher Mind or Superconscious Mind. This is most helpful as you continue this work."

#22-27 Having It All: "The primary teaching or truth of the Universe is that we cannot be separated from Spirit. Only in the mind or in the concepts of humanhood can separation occur." The Teaching of Melchizedek, critical to your unfoldment in the natural Energy of your radiant divine Self: the consciousness of the Creator is within you as your Be-ing.

portion of the University records are released, this release affects not only the planet as a whole but all who abide on it as inhabitants.

The Truth Papers or records remain in the etheric (invisible storehouse) until the facilitator of these records can release them into units of energy that in turn can embody as ideas, revelation and/or units of energy to affect the planet.

Please know that as you read The University Papers (as planned release for this time), or such lesson material as The GodSelf, you are assimilating -- yes, you are being affected -- by the vibration of these Records. Even if you do not understand what has been written, you will; because the energy *within* the words, paragraphs and pages will cause the brain cells to open. You have but to know this and wait on revelation. There is a direct revelation with each unit of truth that is given as lesson material.

Thus you study-read *knowing* that the Spirit of light will open you to the meaning in the sentence or paragraph. You *can know by the light*.

I recommend now that you do not study with the "mortal mind" but with the activity of the Spirit. You may well *feel* what you are reading first -- before you truly understand.

Because the units of programmed energy are part of a University code, the understanding will continue. You

may refer to a particular lesson many times and each time the units of energy will open a degree further and a new revelation will come to you from the Creative Spirit.

The result of studying and contemplating in this way will give you a sense of empowerment, accomplishment and creativity. For you will know that you have participated in this process of learning, and recall the truth from ages past. What a way to learn! What a beautiful way to remember! Let go and let God!

### **An Added Note...**

The University Papers and lesson materials help you to open to the light of illumination and liberation.

Because of the strong, powerful energy within the University Records, the chakras or centers within your etheric body are affected, cleansed and very frequently opened to enable the passage of kundalini into the crown chakra, affording you with the Understanding, Knowledge and the Wisdom of Truth. *True understanding can only come through the opening of the chakras. As you learn to read in the manner I have described to you, you will be assisting the process of your awakening many times over.*

Blessings to you in the Name of The Most High and

The Masters of the Light,  
Crystal

***A Sacred Gathering at Mount Shasta with Crystal***

***Learn how to build your own Temple of Light in your area. Divine guidance will be given as to how to translate energies into higher vibrations of God Expression. Techniques and instructions will be shared, so that you may take your place as a temple guardian, priest and priestess of the order of Melchizedek. You will remember your service in the temples of Lemuria, Atlantis, the Orient and Ancient Egypt and you will resume your position again as Sacred Guardian.***

***Please register as early as possible*** so that estimation can be made of the number of people attending. This is because the University will be renting a conference room near the Mountain. ## The Code and the Key

(from THE UNIVERSITY PAPERS Number 166)

As you allow the I AM Presence of the Creator in you and allow that Vibration to create through you, your days of lack and loneliness are over.

**F**ocus on your heart. Then let yourself go to the deepest part of your heart center where the Creator waits. Let go of all human sense. No boundaries here. Only the Christ I AM waiting to be heard, understood and then, released so that It can bring about *Its own creation* under *Its own perimeters* of divine love and joyous communion. *Be still and know that I AM God.*

Now, reread the word as it is given through the Melchizedek Order of Being:

As you allow the I AM Presence of the Creator in you  
and allow that Vibration to create  
through you,  
your days of lack and loneliness are over.

Let your soul interpret this verse and remain very open as clarity and new revelation awaken you into a new world of solar dimensions.

After you have read and read the verse, sit very still and remain quiet as you remember....

The verse shared as a *Seed Thought* on April, 12, 2004 is a key to a new dimension. It may startle you at first—what this verse might mean— and it may even cause you some concern. Why is that?

***Because the world does not know Me as I AM. It does not understand there is only I AM in Christ perception manifesting. The human degree is over. You will lead, not follow, as Mother Earth ascends into worlds of light and glory. —Sananda Jesus***

## Melchizedek Truths

### *The Journal of Life*

(from THE UNIVERSITY PAPERS Vol. 6, Number 5)

**T**oday I am going to look into the Melchizedek Library of Truth and Justice to give you what has been written and agreed upon in the Melchizedek Community as universal behavior and Christ Doctrine. Because of the recent passing of Pope John Paul II, there has been and will continue to be much discussion about Catholic doctrine—whether it is open to change and whether it is keeping up with the needs of the people. I am not a Catholic, nor do I have the inclination to be one. I am a trained Scribe of the Melchizedek Order and have no other direction for my focus then the Melchizedek Records, which are guarded and released by the core brotherhood, the Brotherhood of Life. This Paper will be looking at six issues that are causing much discussion and concern here on our planet.

#### **Abortion and the Right to Life:**

In many cases, individuals and organizations who are anti-abortion have championed the rights of the unborn. This movement is often referred to as "pro-life." Yet, here in the United States we are one of only a few nations that have the death penalty. Many who are vocal as to the rights of the unborn strongly endorse the death penalty. On the other end of the spectrum, it is argued that women have the right to choose whether they are capable and ready to be a loving mother and parent. The following is from the Melchizedek Records.

Everyone has the Right to Life. In the House of God all Life is respected, valued as sacred and divine. All Life is God appearing as. It is when this vibrant field of reality is broken that wars occur and lights begin to dim on earth.

Human beings on this planet must find a way to align with the Creator's Will and Declaration of Life and yet not have to bear the burden of an unwanted pregnancy.

Then, the question must be asked: Are all abortions wrong? And is there a karmic backlash if a woman has an abortion?

The place of your decision must rest with the Creator or your Inner Christ Voice, which is in alignment with the Presence of God. There are no absolutes in this Law; however it is made clear that the Life emerging as a child is the awakening God Presence. It is critical to not only understand the sacredness of life but also the out-picturing of Life through all God's creation, whatever and wherever it may be! Please note that there is no karmic backlash when you are guided, directed and follow your Inner Voice, the Christ in you.

#### **The Death Penalty: Is it ever advisable?**

No, it is not, because the Light and Life of God is awakening through all life. This is the Plan. Thus, no one can take another

... *Continued on page 9*

... Continued from page 8

person's life, either as punishment or in an act of war, without suffering the consequence of thwarting the God awakening within His-Her creation. Consider this well and what this precious Law is saying.

If there is in Truth One Presence, One Life, One Mind and this circuit of Divine Intelligence seeks to embody and know Him-Herself through all life, then that awakening can occur *at any time*. Who is to say what circumstance can ignite the critical spiritual conversion of an individual? God is moving to awaken through any and all situations of living. Work with that process in your government, through legislative laws and in your daily life. Further will be your own God experience, as you facilitate the awakening in another.

### Protecting the Environment:

Did God create all that we see around us for our enjoyment and consumption? Or are we in some way interconnected and dependent on one another to live and survive? What is our responsibility as human beings to the environment and to all creation, great and small? What does the Melchizedek Order say about this?

Without the environment you could not survive, yet the environment can and will survive without you. Nature and the universe can adjust; the planet herself will live and continue her progress in the cosmic plan.

There is no separation between the movement and expression of your life as a human being and the Creator's life through His-Her creation as fresh air, abundant rainforests, the sun, the rain, the beasts and the birds, the fish and the reptiles. All are in the Oneness of a design that is programmed to emerge as the Christ Headquarters on Earth. All the Grandmothers or Wise Women Elders know this plan. They are silent, but they know it. And they have kept it a secret only because no one could or would understand.

All Life is sacred. All life is the vibration of the God Presence knowing Him-Herself in creation. Every cell is an embodiment of the sacred life and has a purpose within the divine plan. It is like a well-knit tapestry. All must cooperate as the secret of Oneness emerges to sing its song through all creation: *I AM*. When you hurt or cause suffering to any part of creation, you are not only harming yourself but you are causing suffering to the Creator.

### Women as Priests, Ministers, Rabbis:

Today, on this planet, many argue the pros and cons of

women as spiritual leaders. Where is that authority placed? In men only? What does the Melchizedek Records say about this?

Women are the sacred vessels of My Word. They carry My Christ Energy field that is immortal life. They have been called to the Melchizedek Priesthood as have men. Jesus appointed women to His ranks as Melchizedeks, and they served faithfully as His disciples.

There is no Priesthood without women. Because women are the bearers of children, they have, in many cultures, been prohibited from becoming priests, ministers, rabbis, etc. But now, in this new time of clarification of women's roles, there is a need for women to serve as teachers of My Spirit and Ministers of My Word. I will not have it otherwise.

There is more. Women carry the Power of Melchizedek. They carry the Creative Power. They are veiled (this Power is hidden) until the woman is in her rightful place *at the right hand of God*. When the woman becomes the Daughter of God, her veil is lifted and she is known as the Creative Spirit. The rising of Eve is the return to the Garden of Eden and the restoration of the Creative Power in Woman (Womb-man).

### Celibacy in the Priesthood:

Should a priest practice celibacy? If so, what is the purpose for this discipline?

The true Priest of Melchizedek lifts the energy in celebration of the Christ Presence. The priest becomes selfless, losing all self to God within. The Christ, then, moves up the spine and through the seven chakras to open the door of the Holy of Holies. The priest can enter the "restricted area" and celebrate Mass to the holy (whole) theme of *I AM*. The powerful GodSelf emerges as the true Christ Energy to guide and direct, to heal and to feed those who call upon him/her and ask for help.

When man and God are One, the force of supply, or Holy Spirit, flames forth in divine service: the Christ returned. The discipline in the priesthood ignites the Holy Spirit. It brings about a fusion of the sexual energy within the lower chakras and the Divine Mother who abides in the Heart. (Note: This is the secret of why the Catholic Church has remained close to the Holy Mother Mary.) In this practice of celibacy, nothing is denied, no part of you is weakened. It is an

... Continued on page 10

... *Continued from page 9*

act of *transformation* in the Spirit. As the transition takes place and the Christ is put in motion, the God-centered priest becomes the vibration of the Immaculate Conception and absolute power. This power infringes on no one. It is the creative circuit of the Divine Mother and the holy spheres of the Christ.

### The Use of Contraceptives:

I have reserved this issue for last, as it may well be the most controversial. Is the act of intercourse between man and woman given only to procreate? The Ascended Master Saint Germain says it is. In His *I AM Dictations*, Saint Germain has written many pages about this subject and that it is only for bringing children into the world. He was very clear about this. The Catholic Church prohibits the use of contraceptives. What does the Melchizedek Universal Law tell us?

The presence of contraceptives interferes with the natural rhythm of God as divine energy releasing itself through the male into the female body as liquid light. When you are united with your twin flame, the passing of this light enables the union to take place on levels of balance and creative power to build the Christ Energy field as a light body.

The Master Saint Germain saw that the teaching of the sacred passage of this light was being misused in order to preserve male dominance or false authority. He saw also that there were very few who were present as twin flames. The Master knew that the astral frequency (lower emotional) may bind the neophyte to the lower planes of life *unless there is a change in energy pattern*. Human beings must learn to command their energy from the I AM presence and not be subject to cravings and astral manipulations. Saint Germain continues to teach the way of the Initiate and the secret power, which abides in the heart center, seat of the Holy Spirit and the Christ identity (I AM).

As human beings begin their ascension into higher spheres of Life and Love, greater understanding will come through the Melchizedek Teachings of the sacredness of the "sexual energy" and how vital it is to dedicate this energy to the holy spheres of the I AM Presence and Its purpose.

The beautiful and powerful path of the I AM Presence is not a rigid path of denial and self-flagellation. It is the Path of Oneness, unity with God and your Higher Self. It is the Path of rhythm in the Holy Spirit, expression of Mary on earth. It is the selfless devotion to the Divine Purpose and the union with your twin flame. It is the living of our interconnectedness with all life and the expression of our Christ I AM identity in compassionate service. This is the glorious path of a Melchizedek. What has been given here is a complete shift in conscious awareness where the focus and attention is on guarding the God Presence as It is evolving and awakening and forming of Itself God The Supreme on earth.

Although I have touched on a few issues much discussed in communities, churches, temples and in government, you will find much light shed upon these topics in previous *University Papers* and courses. Be sure to visit the University web site at [www.melchizedeklearning.com](http://www.melchizedeklearning.com). You will find assistance there for your research, contemplation and further study.

It is important to release your attachment to other human beings and also to patterns of living, means of pleasure, and thought forms that may be imprisoning you. Let go in faith and in joy and you will receive a Visitation of the Holy Spirit, the Divine Mother and the Angel of Revelation. Ask and you will receive. Seek and you will find. And be blessed.

# A Meditation Message

At 6 p.m. January 31, 2008

Crystal:

I light the candles in honor of our Planetary Prince whom we know as Lord Sananda. And I say unto this One, Lord Sananda, that we are here to serve him. Even as I was called to him so many years ago at the Temple of Sananda and Sanat Kumara at Mount Shasta, I have continued to answer the Call.

Sananda:

I say unto you, Open the door! Let the masses enter your domain. This Center is for the masses. It is a Center of Love, a domain of the Christ. We see this clearly on the other side.

Now, as you seek those who will assist you in manifesting this Center—this great Center—as a place for the Hierarchy, the Ascended Masters and My own Headquarters, I stand with you and I will not leave your side. I comfort you in this hour, yet in this hour so shall you know greater power in Me. I AM the First and the Last.

Let this message go out, so that many will be aware of this station and this lighted temple. This is My word to you. I AM the Lord thy God. I AM the Planetary Prince for this Earth. I AM your master and your guardian. Your true friend. And your blessed life companion.

Sananda-Jesus

Selah.

## The Coming of The Light Community

Forming now in the etheric zone is an Intelligence Light Community as a focus of power and light for the University of Melchizedek. This community of advanced souls are initiates of the new order and will be called to a force field already established in a land of the Mother. This area is closed off at this time...waiting.

Much of the training period is over for any who can handle very high, exceedingly high, vibration. We, the Great White Brotherhood with the Melchizedek Order, will be calling forth this community within the next few months. If you hear the call, answer it.

Those of you who have been wondering what the 0701 Los Altos exercise was all about, I will tell you this. It was all about community, service rendered to the Creator in behalf of the World Plan. He who answers quickly is connected to the light! I AM forming a community of Me.

A window of opportunity is being opened once again. This window is the passageway into a new world of God's life in the sanctuary of the Mother Christ. You will have more information on this shortly. We will not leave you questioning. The Earth must now be fed by the Light children of the Universe. It means the passage into a new world for you who hear My call and heed it.

Burrow not in the misery, nor in the enticements, nor in the false assurances of the mortal world. I have a better world to offer, God's world of light.

### The Release From The Mortal Vibration

The world of light is a new world emanating. It carries with it a whole new identity circuit without family or friends of the past-present karmic relationships. They are finished when you enter the world of light. There are no karmic relationships in Me! Only the Son/Sun

## STICK TO THE PATH YOU HAVE CHOSEN

Enormous concern is being felt for those of you who have dabbled in several or many disciplines. May I caution you now that a single initiatory path should be set because your teacher, or teachers, *are magnetic forces that hold you and guide you on your path.*

If you change your path in midstream much confusion can result. You will have -- most probably -- upset the magnetic force that is providing a clearing through the past karma of your life. You disqualify yourself from that magnetic stream of conscious alignment when you dabble, out of curiosity or poor judgment, drinking of this light and then drinking of another persuasion.

In the past several years, a number of promising light-students have been lost to the death process due to a cross-circuiting that had occurred: they had strayed from their *chosen* energy path. Keep your feet firmly planted on the one path you have chosen and stay with that discipline and that vibration! It is critical you do so at this time! Absolutely critical. I cannot underline this too often.

As an example: If a student has been studying the path of Melchizedek and the vibration of the Absolute Science of Being, then when that student is enticed to return to a path of personal goals, self-satisfaction, psychic phenomena, etc. that student is very often removed from the planet because he or she has caused serious disturbance and even rupture to the alignment of the soul with *Spirit*. *You cannot have it two ways.* Particularly when a student has stepped on the path of Initiation and is under the watchful eye of a master, no dabbling is allowed, without serious consequences.

*Stay with* the path you have chosen: order of Melchizedek. Watch that you are not enticed by the glamour of psychic readings. Remember the sense of self, lower self, mortal sense, is to be released into Spirit. It must not dominate. Not if you are going to live in the light! What happens when the student -- who has begun to submit into the radiant GodSelf -- suddenly decides to focus on the sense of self, the lower self, the psychic realm? What kind of strain must this be on the soul level of your consciousness? Can you imagine the tearing and ripping that might occur?

The Master will not follow you about. He or She remains *the same* in vibration and in Presence. If and when you stray, that Master cannot follow. You have broken away from Him and His watchful presence. He cannot follow you where you are.

This is my warning to you.

With blessings,

KUTHUMI.

## The Universal Call

What would happen if—in unison—the Lightworkers on the planet let go of the present world and accepted totally their home in the Fifth Dimension, the World of Light? The density of the present world experience would dissolve entirely as though it had never been. A quantum leap would occur for all who reside on Earth. They would all find themselves in a new world, a new dimension.

That is what we are being called to do *now*. As we reach the end of October 2004 and have profited by the translation vibration in the last two months, the cosmic order has been issued to completely *let go* of all rules and regulations that have been the present third dimensional world. Do not energize one rule or false law of the lower dimension. Do not let your consciousness dwell for a moment on the fear tactics of that world. All attention, allegiance, and authority are to be placed in the World of Light, the Consciousness World of the Master Jesus or Sananda. *There AM I. Trust this moment.*

Spread this Word far and wide. Let it take root as you unite with others on the Christ Road and deliver up all My peoples. As guardians of the Earth, you are ready to join hands and release together the properties of the old world, a world of lies and misinterpretation. I AM Sananda speaking. I have come that I might be with you. As we join hands, we lift all humanity and all Earth's creation into a new vibration, a creative undertow of Divine Grace and unconditional love.

Are you ready? Can you leave your nets and come with Me, so that all may follow in your footsteps? Are you ready? With this Call, I reach to you and I join with you as the chosen workers, My Elect. Let go of all mortal forms. All that you need will be forthcoming from the Holy Breath.

*Sananda*

of God emerges in direct service to humanity. This victory over the flesh, this complete release of all mortal coils, allows the victorious individual to rise in consciousness to his or her soul plan for this new era.

Please listen, read carefully and ask for deeper, greater understanding of what this means to you: Your life as you have spent it is finished when you recover the documents of your higher life and service. You are no longer tied to your family coils, your husband or wife, the church you were attending, the job you claimed as your means of livelihood. You are now Mine. Of Me. Born of Me with every aspect of My glorious Son-Daughter vibrating as I AM. You are a magnetic pole of My Being, electrically charged by My Will—as determined by the Hierarchy of your planet as well as the Solar Logos.

Thus, what I AM saying here is: You begin a new life in My world without any ties to family, friend, or religious practice. I AM cutting you loose so that I might flow in through you as Consciousness divine. Mark this well. It is your call into My Sun, My world of light.

### Forming The Community

The presence of a community of light, to be established in a place chosen and marked in My Name, conscious rhythm, is absolutely essential. No longer will you be asked to Obey in the world. O You who hear My summons are asked to leave the world and to come into My World, a city of light.

For those of you who have either achieved or will be translated into a Body of Light, a community is being rapidly prepared and formed. You must go there promptly when called because you cannot stay in the world.

As I lead you into the community focus, do not look back. As a member of the community of light, you will not operate under the laws of the world, nor the fashion of the world. You must leave everything to come home. It is this deliberate change into God's world that will mark the planet with new light and harvest Creator Michael's program upon it.

Hear My Voice, no other. You will not serve the world in any way, for I tell you this, the Office of the Christ does not serve the world. He who is in the world will die. He who is out of the world will live. I AM building My community of light. Peace and joy be with you at all times.

Blessings of Light,  
I AM Crystal

## Introduction to the Melchizedek Priesthood and the Presence of the Order within You

The following is a Q & A session I had with the Ascended Master K.H (Kuthumi), the University of Melchizedek's Chief Sponsor and Advisor. The Master is currently serving as World Teacher with Mother Mary, the World Mother. I believe this transmission explains the degree of Energy that passes through this University and its Teachings as the Records of Melchizedek.

### Questions with Answers

**Question:** What makes the University of Melchizedek writings and teachings stand out as both challenging and different from most spiritual teachings?

**Answer:** The embodiment of the Holy Spirit, the living light, within the words and phrases. These documents are designed to open people to their own Truth, as well as to correct the misinterpretations of Truth.

**Question:** Many individuals who are seeking Truth find these Records and documents difficult to read and comprehend. Why is that?

**Answer:** It is because they are sealed and must be unsealed by the eager student.

**Question:** Then, how are these Melchizedek teachings revealed and unsealed?

**Answer:** The student must be ready to receive the quantity of energy (Light) within these teachings. They are prepared to receive these teachings and then are guided to them. This is the process of unity with the Order.

**Question:** What part can Crystal play to assist students in their preparation and opening to receive these teachings of Divine Light and Love?

**Answer:** As author of the book *The GodSelf*, she has introduced the proper leverage to assist. All students who seek to enter the Order of Melchizedek would do well to read this book. It is the comprehensive letter of Truth that will open the door into the Christ Church of Melchizedek and the Order, as it is presented at this time of Christ entrance.
