A Message from Sananda¹

Script number 76

In these Latter Days many will leave this planet. Some will go to a higher frequency where they can serve and attend the Melchizedek schools of Light. There will be many who will stay. Those who remain will act as regents of a New World, a world uncorrupted by human thought and action. If you are one selected to remain and serve with Me as a planetary host and guardian, your relationship to the planet must change. Lessons begin so that you are thoroughly prepared to be a servant to all, great and small, rivers and lakes, hills and valleys, animals and plant life, minerals and children of all nations. Be aware of this—for you must learn divine compassion and become a Bodhisattva.

Blessings Be.

Note: In Tibetan Buddhism, a **Bodhisattva** is anyone who is motivated by compassion and seeks enlightenment not only for him/herself but also for everyone...

Awakening

To answer the above call, the University of Melchizedek offers a program to awaken and prepare humanity to meet the new Earth Consciousness and the great initiation into the realms of the Solar/Divine Man. The University encourages the conscious awareness of oneness of all life and the reality of a Unification Program based on the brotherhood of *all life* within the Body of God the Supreme.

We talk about interconnectedness, but now our consciousness must become *activated with this great Truth*. Those who choose and are

chosen to remain with Earth in her translation into a Light Planet (home of the gods) and New World Consciousness are to be aligned through the Schools of Melchizedek to become a conscious part of the Supreme government of Sananda and the Melchizedek Brotherhood. *This entails a real and loving sense of our unity with every living being - with the minerals of this earth, as well as all kingdoms of which we are interconnected and a part as One.*

As an example of my own conscious awareness expanding, the World Mother Sanctuary sits amongst a large National Forest where many varieties of “wildlife” roam freely in safety. There is a feeling within this forest compound of respect and even wonder as we live together in the many changes of weather. What I have

¹ Sananda is the ascended name (nature) of Jesus. Sananda has been called the Cosmic Christ. Jesus was that nature and the Master seeded that nature of the Cosmic Christ within the hearts of humanity. Thus, Sananda is your divine nature stirring to be known.

An Etheric Broadcast, Sunday morning,
9 a.m., March 24, 2002
At the World Mother Center, Ojai,
California

My Final Days have ended. I AM now acting in a new way to bring about a unity within the planet, and realizing as I do this God the Supreme. There will be angels awakening to the greater part. There will be solar songs sung in the heavens above.

THE GATE WILL OPEN! The Jerusalem that you have seen and known will become a great focus for the incoming Light as the person of the Christ. I have decreed this and it is so!

Those who have been strong in their political agendas will see the light and know the truth. For there is only one angelic presence in Jerusalem: this is the Son of Man, who is now the Son of God, taking into consideration all religions and bestowing upon each one the presence of Truth.

Hear the Voice within! The Voice of Christ! The message of Truth! Because that message is the fulfiller of the Christ within. I AM ready to open the gate of Jerusalem. In this time of turmoil, do not be fooled by this. I AM waking up the population to realize within them the full-lighted way. Let the nature of Christ be understood as the walk of peace, of humility, of oneness with Father-Mother God. I forsake you not in this hour. I AM reaching into all parts of this Earth to bring a greater presence of Myself: as the windows open and the way is shown out of the chaos into Christ presence will you see a magnificent star in the heavens.

Each one knows his/her part. Each knows the Christ within who is abiding with this message. Each one will be

given the part he or she must play in the waking up of humanity as the Christ comes to Earth in the nature of one presence and one power.

The Gate will open! Doorman, be at attention! Watch and pray, for you are waiting for that which is intended. The mountain shall be moved.

Today we have a message of freedom and light. But in these next proceeding days and hours you will follow the story of My rise into the Sonship as the Creator of your Universe. Listen to the words that I speak. Take time to contemplate them. Over and over, meditate upon the words, for they come as drink for you.

My presence shall hover over this Earth for a short time and then it will enter through the Gate of Jerusalem that has been sealed.

Come home, My children, come home is the Call. For I AM waiting in your hearts to recognize you as the light of this Earth. Deliver My children unto My Father. In the name of Christ Jesus, so it is. Amen.

And the words come: Listen not to the words of men but to the Word of the Father.

Easter Morning Announcement

Early Easter morning my attention went immediately to word from The Christ and our Hierarchy. The word did come and it was, "The Gate is open." This, of course, refers to the "Golden Gate" sealed in Jerusalem from which, it is prophesied, the Messiah will enter.

The words, "The Gate is open," have this meaning for me: The rush of Higher Energy flowing into and onto our Earth planet as the emerging Christ dimension has opened the window that is signified by the Jerusalem Gate. We will feel an onrush of Goodwill more and more, an increased understanding and respect for one another as citizens of this planet. As planetary citizens, we have become one family or body within our God dimension. And as people of the planet we are becoming sensitive to the pain and suffering of our sisters and brothers.

It has been called to my attention in meditation and contemplation that though we are deeply concerned for the Israeli and Palestinian struggles, there is a greater and even more painful struggle going on - a struggle still not openly apparent to many. That is the struggle of Mother Earth as she seeks to heal herself and to rise into a new vibration of her own resurrection. That crisis is going to begin to swell until we do hear her cries and respond as a body of people - Earth citizens - to rectify ways that cannot remain if we as a people are to live on this beautiful planet.

Today is the best day to begin to change our ways and our consciousness. If each one of us, reading this News, were to make dramatic changes in our lifestyle, and become consciously aware that all life is sacred, we could make a

Consciousness *continued from page 2*

noticed most from my own consciousness is an expanded awareness of the trees that live in community as the forestland. Each tree has a presence, a personality of its own, yet they seem to be cognizant that they are dependent on one another in their relationship as *forest* or community. Each tree carries dignity and a sense of majesty that often leaves me filled with wonder and deep gratitude. There is an unspeakable, indescribable grandeur here with these Forest Angels, the Devas who embody what I see before me as an awesome example of the Bright New World. When my dog-partner Copper was recently lost in the forest for almost two days, I worried and did everything I could to find him - rescue him - and save his life. Yet, when he came struggling back on three legs, he brought with him tales of the Tree People and how they protected and cared for him during his trials and initiation. Copper said, "I am so grateful to the trees for protecting me when I was lonely and lost." Have you thought of the tree as a being - part of yourself? (Everything and everyone we see is part of us, isn't that so? The New Life makes us more conscious of this Truth.)

And so, new schools have opened both here on earth and within the etheric-spiritual realms where we will be taught what we have forgotten - that we are one. We will learn and then practice how to live together on earth as one body. How to drink of the presence of the trees, the oceans and rivers. How to respect and listen to *all life* that teaches us how to live together in peace, divine love and harmlessness. We are a family, Copper tells me.

The University of Melchizedek is proud to announce its part in preparing humanity to enter the Solar Life and to awaken and act with the Creator Son within His creation as Partners in Love.

God bless you all who read this. God bless us all who live and love our Mother Earth as she awakens into the beautiful being she is.

tremendous difference. And taking this thought further, if we then would share our awareness and actions with others, including our political representatives, we might *w e l l s t o p t h e* environmental changes building that are far more dangerous and disastrous than what is now occurring in the Middle East. And perhaps, too, if we really cared for Mother Earth and all her children, including our own children, we would cease fighting one another and become brothers and sisters. Our GodSelf relationship with one another is Love.

What I am receiving to pass on to you is that we *must* as humanity become conscious that our Earth is ascending and will be throwing off density, *p o i s o n s* that have collected upon and within her. Many of our current patterns of living cannot remain because they are not compatible with Earth herself. Be willing to let go with joy the ways that have reflected separateness from all Earth creation. "We are a Circle of Life," Earth sings. Be one with all life and receive the blessing of the new dimension which is now out picturing as a World of Light.

April 13th

It has been released through several centers that the Golden Light Grid

continued from page 3

will be activated and anchored into the physical Crystal Grid System of Mother Earth on April 13, 2002 at 3 p.m. Central Time, USA.

It is important that all who read this be guided as to where to go so as to link vibration with the Golden Planet emerging. As the Golden Grid of Fire and Light is permanently anchored into Mother Earth's Grid System, a new life will be emerging as Mother Earth prepares to enter the Fifth Dimension of Solar Sunship.

Perhaps one of the most important things I can say to you at this time is listen to your Inner Voice and follow your Heart's guidance. It is very important that you be in your place serving as a Christ Lightworker on the 13th of April. There will be a Solar Broadcast from this station.

Peace be with you and Solar Blessings,
Crystal

April 1, 1999

I, Crystal, in meditation saw a door open partially and I saw the great light that was behind the door pour through. I knew immediately that I was viewing the opening into the new world, the Bright World, the Sixth World. I even felt tears begin to form in my eyes as a confirmation that descending upon us is the great new world, the foundation of our reality. These words followed as Sananda's presence:

My words are your words. My truth abides in your heart forevermore. Arise My sons and daughters of Me that we might proclaim the resurrection of a new earth. He who abides in Me walks in My heart and I with him. That is My word unto you, My covenant of a new day.

So that all might prosper, I come forth. Be that which I have given you to be, My word. Therefore I say unto you, yes the new world is upon you. And take it, and so give it forth as the Lord thy God opens the door to the sixth world. Become that world within yourself. The lost shall be found, the imprisoned be set free. So be it and amen.

Dimensional Shift

No more shall you abide by the clock of man's time but in the ways of My spirit. *You have no time in Me.* These days are not marked by man's time but by the living spirit of Myself. Ye sons of God, arise! Do not be servants of time. You are free!

Time dwells in the realm of human thought. *I am divine.* Heed My

word, *for it shall make you immortal.* **God's world is free of time.** There is no time in the Lord save this voice that is with you always. Let it be that your clock is the tongue of the Lord. Be sons of My new resurrection. Be joyous in this. I have not forced upon you anything until this hour, My mighty hour of second coming. Now I deliver the Word. In the moment of your ultimate choice in Me, you will become the Word and know the sound. That sound is the golden reign of Sananda, appointed lord and chief, bound to no one save the light. Oh my children, walk with Me and know that My hand is upon you at all times.

I am the power, I am the glory brought forth from the Father-Mother unto you. Let your heart be broken that you might be born again. I would have you sons of My shining light. Behold, I am amongst you and I am the Word.

Your God Voice

April 3, 1999

There is a solar rhythm connecting you to the Sun, which has been *vitalized*. It is a passageway into the higher regions *to the actual Creator Son.* This manifestation of the great promise has been made present today. At the sound of your words, carry this voice of Himself. Let His presence be known by the words that you speak and the sound that you utter.

The message at this moment is: Listen to the Voice within, the great command unit of our Father-Son. Listen well. Then speak with the Breath,¹ and the sound that you will send forth will be of order, divine order. And

the sound will carry with it the presence of almighty God, truth; and the wounds of the earth will be healed and the church will become My church. *Let the healing commence.* For this takes precedence over all else now. Keep the sound in your center that I may be heard as the Creative Intelligence on earth. *Now* take your place with Me and open wide your voice that I might so teach My people and restore My planet by the glorious sound and the rhythm of the Son Jesus Sananda.

Triumph of the sound...

- Sound is the Creative Intelligence emerging through the Breath. *And that's the construction of a new universe.*
- Speak aloud My song of heart and I will answer it. May you be present in My word that I might answer you.
- Let the sound be sacred. Even the fallen angels will hear it and so recover their voices also. Their brothers and sisters in the angelic kingdom are calling out to them now.
- The movement of My life on My breath requalifies the earth and so brings light to all people everywhere.
- The sound is My heartbeat of My kingdom in you.
- The presence of God in matter is my next note. The reclaiming of matter into the breath.

¹My Breath of Be-ing.

continued on page 6

- In the GodSelf man sings to bring forth his creation. I have a song to sing, I have a song to sing *together* of Myself.
- Take the sound of God and move it into the light and you have creation.

For quite some time it's been intimated that our study of *the inner voice* would take us to the actual Creator Son² and His entrance through us up in through the throat chakra and out to perform His works of light. And, of course, this is being verified today: the integration, the communion with our Creator Son *within ourselves* carried by the Breath through our vocal tones into the revelation of the planet.

When you speak and you speak in higher consciousness to dissolve, to shatter, you, as you shatter, pick up all that has been shattered. It comes up embraced back into recreation, recircuiting through so nothing is lost. All is gathered up unto Me. There's never just the shattering. The particles, the atoms that have shattered, come up through and out to be recreated. They come out to express again in form complete. It's a continual recycling in love and light. We never leave anything shattered. That's why we say when you surrender, you pick up yourself don't you? You surrender into realization (or consciousness) of I AM. Yes, the voice molds the thought and carries it into creation. *It is the voice of the Creator which is who you are in Me.* The dancing molecules will quickly obey.

² Our Universe Creator is also called the Creator Son or Christ Michael. Jesus was the Bestowal of Michael on this Earth.

³ Not one is left behind in Me.

The embodiment of the word is always through the voice of God, *the sacred sound*. It is not for self. You leave that place (in you) and you walk in the light *as I AM*. From this place you decree. You sound My word. And I AM conscious even as you are conscious. We are One. In this place of meeting you hear the sound of the Holy Breath and the sacred Aum will be returned to the planet Earth.

Even as I speak, be that voice of Me. This is the throat chakra opening, the throat chakra giving out the light of the Son, the love of the Mother, the presence of God. And everything and anything you speak with this tone and this voice will be realized. No question. It is the Office of the Christ but it comes as the Word.

Angels, when they hear the voice, move quickly. It delights them. They become so much a part of what we are saying, how we're speaking. It's tremendous power that is given. But in speaking from this command center, *we consider all*.³ You wouldn't even open your mouth unless everyone was embraced and *all* was with you. Not from this place of unity with the Creator!

When this door (the primary gate to the Creator sound) is opened and you are aligned with the Thought Adjuster, you are aligned with the Creator. Then the voice will literally sing forth into the realms of God. *Anything can be created.* All things can be created or dissolved. But it comes in oneness with the higher self.

Resist not My power in you. And this, again, is the Melchizedek priesthood. A friend of mine said there will come a time when the Melchizedek power will be released. This is what we're talking about. Order, order, order in My name. Hear that polarity embracing male, female, father, mother. If we hold back, that sound cannot come forth. If we are self-conscious, that sound cannot come forth. If we are rigid and conforming, it can not come forth. It's a roar! A delightful roar of abundant Being!

It is a roar of power and it is one that is given to an initiate of Melchizedek. And that voice can be pitched any way, everywhere. That ability to pitch the voice and enter new systems, planetary zones and frequencies, life energy circuits is *broadcasting*. There is a universe broadcast system. This is not channeling. It is consciousness divinely attuned into the Creator realms of Being.

Evening Meditation Message April 3, 1999

Good evening, I AM Sananda, here to tell you that you are the watch guards of this planet now. Released through Me to focus upon the planet's

continued on page 7

health, her well being and her needs and requirements. You must watch carefully as guardians of this planet.

Please watch the Earth and listen to her song. When there is need of light, then send her the light strong and pure from your heart center. When there is a sense of loss, then fill her with love. Listen to her heart's desire and realize that she needs you now in her transition into the solar life.

I have released to you for the past three days the teachings of Melchizedek, the vibrations of truth which can save this planet and all upon it.⁴ *Take your place beside Me.* I AM Sananda calling you now. *Release the world, the worldly ties, and stand with Me.* Enter into the light of My being. I translate your spirit into Mine, Christ within. *Leave that which you have held to.* I have chosen you to walk with Me as governors of this Earth, as watch guards over her life circuits. A precious alignment it is. Speak the sounds of My song to Earth. Cover her with greatness and love her. She has loved you for a very long time. She has loved you almost too much. Her loss, her suffering have been great.

Teach the children to love the planet, to nurture her, respect her and give her back her flowers in bloom. Teach them to honor all life, to listen to the winds, the rains and the thunder of the skies. Teach them to understand that even the tiniest speck of individual life is God in expression. Teach them to

love, then the home will be beautiful and peaceful and radiate My light. *Be about your Father's business.*

Why you have been sent here is to align the Earth to the great solar light of the sacred and solar sun. Listen to My voice in you. As the Creator speaks, so it is. Align with Me. I send My solar radiance to you. Live by My fire of love. *Align with Me.* We are brother and sister in the light, blessing our planet Earth in a blanket of love, embracing her in gratitude and thankfulness for that which she has given - almost too much.

Please now, respect the Earth and the blessings will be yours. *Listen to her needs.* Her suffering has been great. She has been wounded deeply in her heart. Bring peace to My planet Earth and ease her suffering by the song of love. Little children, listen to your planet Earth. Breathe only the breath of life, the holy breath. Breathe the sun. Learn to walk with care and speak as sons of light. Honor the freedom within each one. All is God.

I AM Sananda. I AM Sananda, Son of Light. I AM reaching out to embrace My Earth through your heart. Let the love that you feel for Me be given to the planet Earth. Release her from her chains. Let her trees grow once again. Let the animal kingdom breathe contentment without fear. And let the pure water flow. Chosen from the beginning. Hold this planet in light as I resurrect her today through your heart and mind and give her peace. Jesus

Sananda, the priest of the most high God.

Hold the light for her as she rises into the light of the sacred solar radiance I AM. She passes through the Ancient Temple of the Solar Light. She takes her initiation into the Sun/Son. Enter the temple *with her.* Be restored.

Angel of Restoration, bathe us with your presence. Each little cell is restored to light. Be at peace, Mother Earth. We love you so. We respect and honor your children of the earth. Let the voices of all be heard and understood. Let your grasses green and your leaves begin to sparkle with new life. Let the sacred tone of each energy vortex come to life now.

Be at peace, Mother Earth, in the sacred sound of I AM, the gentle AUM of being, the sacred Light of Sananda, the Son.

Final Words

April 26, 1999

The Earth is coming into new radiance of which I AM a part. Without you we are not able to lift the sacred Earth as promised. We must have you with us as one with My Name. I count on My fingers the ones I have already. *Be with Me.* For in My Name shall we go forth as a golden body of light. Peace in My Name. Sananda.
