The Sons of Melchizedek will rise. These ones are the leaders for the New World teaching community, the political servants to the people and creation, the vibratory anchors of the new government and New World Covenant.

I, Crystal, awakened to the name of Melchizedek and the Absolute Consciousness that is its signature way back in 1967. And I have never left that path that was given to me in that tumultuous period of awakening. I recall my hand moving and writing from a place I was not consciously familiar with and always the hand would finish with a spiral-like symbol, which I later discovered was the sign of a Melchizedek Scribe.

The first instruction I was given by the Presence of God was *Listen to My Voice. No one knows the truth. Listen to My Voice and My Voice only.* I did not comprehend then that this instruction was the declaration and the calling of a Melchizedek Scribe. And the Writing began. I followed the words of my Master and I looked nowhere for truth but to that Voice within that grew stronger in waves of Spirit. I was propelled by a thirst and a hunger for spiritual truth. Not long after my calling as a Scribe of Melchizedek I was guided to a light

center where an older gentlemen was the presenter for that Sunday. He read from a book written by Minerva and the currents of the energy from his reading almost threw me into shock. I began to attend his meetings at the Temple IOne, a Melchizedek Temple in North Hollywood, California. And I learned to listen and to read by vibration; I learned to *expect* revelation. Here is where I was trained as a Melchizedek Priestess to continue the work of the scribe Minerva and the Absolute I AM that filled her books and transformed my spirit. "This is what I want," I remember saying to myself as I pointed to the Inner Voice that declared Itself through every page of her transcribed Book of Life.

The training continued - often severely, even as it does now. The work of a Scribe means dedication, concentration, focus and adherence to the Spiritual energy of the I AM Presence.

Hundreds of books, courses, audio tapes and divinely inspired poetry have poured through me. I have been protected from the outside world because of the work that I have been assigned to complete before the year 2012. I

have been literally picked up and moved from place to place, vortex to vortex, to assure that there is no attachment, no influence from other spiritual disciplines and mentors. The Melchizedek Word must be pure, without dogma and *always of its Source.* In 1968, I was recognized as a High Priestess of the Order - not by man "whose breath is in his nostrils" but by the living Presence of God within. That is the true ordination, because only the Presence of God the Absolute can vibrate as *Priest after the Order of Melchizedek.* *There is only One and we are drawn up and back into the One after the Order of Melchizedek.*

That is a bit about me and now let's focus on Melchizedek and the journey into the I AM.

The Consciousness of the Priesthood of Melchizedek *is the Order.* The measurement of the Priest *is the Voice,* the Consciousness of God that flows through him or her without shame or guilt. The Master Jesus was an example of a Priest of Melchizedek. He was

God in His thoughts, mind and heart. The Master never left the Father's light, nor did He ever relinquish his calling for his own preservation. A Priest, as Jesus showed us, is the living Word.

Now we see many Priests of Melchizedek coming forth from ordinations of a physical nature. But there is far more.

A true Priest of the Order will be remembered by God. And it will be God *as the One* who will remember Himself as Priest! This ceremony or initiation comes rarely to man or woman, for that remembrance of God in the heart of the man or woman causes immediate surrender, absolute obedience and tempers the life he or she would lead. Hear this, for it is true.

Not all can take this walk, yet those who do by the grace of God are true Priests after the Order of Melchizedek and are one with our Lord and High Priest Jesus *in His Name!*

The Seven Keys

Recorded by Minerva,
Melchizedek Scribe

The following *Keys* as presented here hold the secret of the Order of Melchizedek and the path of the initiate in that Order and its Priesthood. Say these Keys daily and you will feel a change in your body, **y o u r c h a k r a s** and consciousness.

Keys

1.

I am One with the Universal Life Energy, and It is flowing through me now, and I want to know That Thing which knowing, will enable me to know All Things. The answer that comes to the individual is: - I AM THAT I AM.

2.

Be It unto me this day and hour, according as I see my Saviour's face and His Power in me, to sustain THE POWER through faith.

3.

I am That I am, who I am, as I am, in the strength of all I know that I know, that as unto the things of this Life - I have that I have.

4.

I am One with the Universal Life Energy, and It is flowing through me now, and I do know THAT - which in knowing, enable me to know I AM; for I am THAT I am.

5.

Give me the faith that brooks no doubting
Give me the wisdom that needs not to ask.
Give me the knowledge to receive mine allotting.
Give me the understanding in Thy promise to bask.
Give me the Love that is all Universal.
Give me the hope in the unseen which knows.
Give me, O, give me, the Spirit Supernal:
Give of Thy grace in Thy justice to flow.
Then will I feel, see, and know Truth in Its Oneness,
Then will I be, not alone just to seem;
But will I know where-of I AM is becoming,
In the I of THE I AM, in the you of the me.

6.

Light of my Light, lift me as I, up into the Universal Substance out of which all things are made. Grant this Light, in me, as I to bring about my speedy release - in that I see and know me, for just what I AM is in unto me first, and then in all men; for I am in them, and they in me, as I AM is all in One in union in and unto all things material, but in a Spiritual and a Universal way.

7.

THE WORD is LAW. THE WORD is LOVE. THE WORD is LIGHT. THE WORD is LIFE. In the beginning was THE WORD, and the WORD was with God, and the Word was God; and I am THAT, in the name of the FATHER, the SON, and the HOLY GHOST.

Many missions do we have but this is the greatest.

The University Papers #112

Be one with the heart. This is the externalization of the "Sun God," the breathing light of Jesus who was Melchizedek.

Go deeper to the heart center of yourself. Live there. In the omnipresence of your own being as the light. Be there in the light at all times. Without the light you are nothing.

As you go deeper into your heart, rest in the Eternal Flame. First you must find it within your heart and then rest in it as the full measure of your Godhead. We are translating all energy from this point out into the world of matter. Can you hold this Flame for Me, the Omnipresence?

It matters not who you are. It matters only that I AM. In this critical hour of change and release, each human being is counted reclaimed back into the light. Please be aware of this as you walk in glory and in love.

The Creator Within

The Eternal Flame is the God Center which is the presence of Truth in your system. Mind that Flame! Tend that Flame! Guard it as you would your own child. Meditate upon it.

In this sunlight presence, divine Center within the heart chakra, lift the curtain between yourself and the God Presence, that divine Be-ing I AM. *Live in stabilized grace.* Let the curtain be lifted so that you can begin to experience *that there is no difference*

between you and the divine presence in your heart. Begin to see that you, yourself, are indeed the one you have been seeking, the one sought.

With the lifting of the veil you see that there is one presence vibrating and pulsating as reality. God gives Himself¹ to you in this moment as *identification*, the GodSelf. In this presence you find yourself as yourself glowing as a light, as the Sun.² This experience graduates through the whole body, radiating through each body cell, and changing your genetic code to *the Christ Man or Solar Man* (consciousness of the Sun).

When you *consciously* receive the experience - the awareness - that you are this one, this glorious Be-ing I AM, let the rays of yourself - as you are the Sun - radiate forth into all parts of the universe.

Words given such as "Creator" and even "God" are words of your self. They are cloaks hiding who you are, *hiding your light!* When you let these cloaks go, these false veils, then you do indeed experience the presence of the Sun and its vital function in you as I AM.

Mighty and glorious I AM! This moment shine forth your own light *as the Christ.* And burden the world no longer with false claims and consciousness of

separateness. You are not separate, nor in any way can you be. The world does not know this. You must cleanse yourself of the world.

Your Solar Self and The Inner Voice

The line of intelligence, the unbroken road to your own Spirit identity, the Inner Voice, is also *the Priesthood of Melchizedek.*

The Priesthood of Melchizedek is oneness with the Eternal Son, a great outpouring of Creative Power that comes from this Light. It is the unification of the soul with God. That sound of creative harmony is always vibrating as infinite intelligence I AM. It is the creative circuit of the Son. And to this Son you must go to initiate the real Inner Voice, the Consciousness of the Creator in you. But few realize this and use the words "inner voice" loosely without consideration of its placement and its frequency.

The true "Inner Voice" is in harmony with all life. The heart of this Inner Voice is beating with rabbit and with bear. The heart of this Inner Voice is beating with wind and sea. It's also beating with Sananda and Mother Mary. It represents the community of love where Archangels play. It is the spiritual community.

So in the beginning - stumbling, falling - you may ask for guidance as to which way should I go, what way do I turn? Do I take this airplane? Do I eat peanut butter or steak? What do I do? But eventually you will leave that spot of personal concerns. You will no longer need to ask for guidance as to what you should eat or drink because you are merged with God's will and released from the demands of the "flesh" or mortal desires, worries and concerns. You are free to Be!

When this takes place, and you know that you know in the pulsation of divine will, you then become adept at true alignment with the Inner Voice or the Christed Mind.

You have entered the heart's pulsation and a greater light shines, that of higher intelligence and rhythmic Be-ing. You are in the light and you are following the course that your higher self has set for you as the light/life of God.

Some words about kundalini

When kundalini, the released power of God, begins to awaken and to rise - there will be a strong pull to surrender to Spirit combined with a desire to know more about the occult and mystical path. Kundalini, herself, will urge you to build a firm foundation in conscious awareness so as to support the enormous energy destined to fill your entire physical and etheric body.

If - and there is a warning here - the course of kundalini, the Spirit Fire, is not supported and anchored by a disciplined mind and heart, the ego takes over and false promises are made to the naive and untrained neophyte.

Without understanding the consequences, the beginning student may force initiation either through an unenlightened and unqualified teacher or unwittingly by accident. Pure power gathers and begins to rise to thrust off unwanted darkness - right in the path of the unconscious student! Without preparation, a knowledgeable teacher and guide is necessary to save the life of the often well-meaning neophyte. It is that serious!

It is through a humble soul that the spiritual power must rise and through a loving heart it must requalify the student's world, drawing that one ever closer to the GodSelf. If the student has had proper preparation, he or she will have the courage to listen to an emerging Voice of the presence of God, the IAM.

This spiritual power, kundalini, is determined to vibrate through the "IAM" *as the actual spiritual experience of the student.* And it will often rise with enormous force and power to secure that unification with that Presence. As the divine energy or kundalini begins to rise up through the student's centers or chakras, it cleanses the chakras, and the subconscious mind.

It is important to become sensitive to an indwelling guiding hand, often referred to as the Inner Voice or Voice of Truth, that will advise you and lead you directly into your own True Self.

Disciplines

As kundalini is rising, the "Inner Voice" will guide the student to study truth teachings and to meditate. During this period, the student will be constantly releasing lower desires, or the lower self, into that spiritual fire. Not judging it. Not saying it is bad. Just letting it go into that energy fire that is crisply burning and dissolving all that is not a part of the Christ Sun emerging: the Living Self.

That creative fire is not only cleansing the *chakras but actually dissolving the mortality, the baser instincts of the lower self.* Spiritualization is occurring and occurring swiftly, for the Seed must be opened. This is kundalini intent. Then comes the baptism of light - a moment of God recognition that will stand as the mystical goal and enticement to continue through all initiations.

The Priesthood

Human beings are remembering that they are masters, that they are returning to their God state of *being.* The Master Sound is the Inner Voice. It is in this Voice, the communion with God will be felt. In the Voice is the Will of God and it resounds throughout the cosmos as the electrical vibration of unity and right action.

Listen. As you continue to be aware of this energy field, this Priest-hood of Melchizedek, this beat of oneness, heartbeat of oneness that connects you to Life, you will realize that this

Voice of union with God *is the path.*
This Inner Voice, as you are committed to it and attuned to it, will guide you directly into higher intelligence. It is actually the Temple of Melchizedek.

Perhaps you can see that what has been so often referred to as the "inner voice" is subject to change and reevaluation. Please make note of this: **It changes according to your degree of awareness.** It will take on greater and greater and greater energy AND INTELLIGENCE (Intelligence that you cannot fathom as yet), as it pilots you as consciousness into the vast reserves of Spirit.

The dissolving of illusion

With the rising of the spiritual energy and the *conscious* alignment with the Inner Voice, you will be defrocked from the mortal. This magnificent Inner Voice will be constantly stabilizing and expanding your awareness.

The real "Inner Voice" is the Priesthood of Melchizedek. It is the connecting tissue that unites you to God's Voice.

Now, in this period of the "Second Coming," the opening of the Christ in you, the Universe Creator Himself will vibrate as your Inner Voice, bringing all home to the Father.

continued from page 5

The Inner Voice is the nature of God in you making itself known.

"Blessed are the meek for they shall inherit the Earth."

They are the ones *who give way* to the Spirit, and these ones shall be blessed by Me and lifted into the higher realms of My Ultimate Being. Meekness *is your gratitude.*

Now if you will, ascend with Me into the place that I have prepared for you; you will usher in a world without darkness. Here in this place I AM omnipresent in you; you will know yourself as I AM and be the priest or priestess after the order of Melchizedek. I ask you to wait no longer. There's *a need for you* here in the place that I have provided, in the place that I have given unto you, for the well-being of the Earth.

Make yourselves as I AM, *living in the light*, being aware of it at all times and answering My call.³ For I have sent out My angels to summon you, to receive you back unto Me. And in this time of change and revelation, I come to seal a contract with you.

Open wide your heart so that I might fill your heart with greater love. You are a spiritual being and

I am raising you to that place of attunement and awareness. It is time to leave the world as you have known it. Vacate that place. I send My angels to help you to leave and to readjust *to the new dimension.*

This is the full resurrection. Remember, there is no death in My rhythm. I AM only life.

Prayer of Initiation
Come home. Let the peace of God settle upon this land, this Earth. Let her be supplied with all her needs as she rises. Let all creatures of this planet Earth feel the peace of this light and harmonize with one another in gentle joy. Let all life here upon this planet Earth -- that has served so well -- feel our appreciation and the peace of the Divine Mother. Let us all be at peace tonight in the quiet joy of our being. Let us be at peace together, you and I, in the coming of the Sun. Joy be with you and much peace.

³You are reprogramed in light. This is the Divine Intelligence covering the Earth at this time.

♣ I AM THAT I AM ♣

The University Papers Volume 7, # 22

In the Center of all life I AM.

See Me there.

*It is My Word that must flourish
in all nature and throughout the world.*

*If I AM not in the Creative Circuit of My Central Son (I AM),
there is no life.*

*We are bound together, you and I,
as a Unit of Loving Light.*

*We are not separate,
yet you must see this, My creation,
and celebrate Me.*

*For I AM the Son and The Father,
I AM the Daughter Spirit and your Divine Mother.*

*No one is left without.
Dance with Me!*

The Experience of God in You

When God takes form, He does it through you. He comes as a realization of who He is. I AM without form, God says. I have no form lest you give it to Me by your alignment with Me as Christ Consciousness.

I AM without form. I AM Spirit. I AM formless and nameless. I AM Being. Those who have met Me in themselves say that I AM an experience of unity, holiness, oneness and power. They feel My Love because I AM love. I AM released through your consciousness and become the

Christ, head of all governments on Earth.

Hear My Voice within you as a sacred sound of Love and Light. I seek you and I know you as that which I seek in love and in yearning. We are indeed separated until you find Me in yourself, yet we are not separate. I AM all that is and ever shall be.

Listen to My Voice. I AM the Eternal Son beckoning to you to answer. But is this the time, you might say, when I have so many things to do and so many attachments that are encumbering me?

I have no attachments, I would answer. I AM not in any way

attached to anything. I AM free. I AM all there is and ever shall be. What is there to attach to if I AM everything in Mind - all things in Heart?

I give My Self to you freely that you might be with Me as My consciousness and My Light - a Light that circumferences all in My Mind and is not hindered. For I AM that Light, AM I not? I AM that Love you seek. Come to Me, the Son within, and I will be you as the Presence of The Son or the GodSelf.

Here, then, is the Word I would speak to you. Be open to My Light. For if you would realize

continued on page 8

♣ I AM THAT I AM ♣

that I AM and not freeze at the point of My solar entrance into your heart and mind, the Earth would rise!

The Breath of My Being

The moment you become conscious of My Presence and feel Me in your heart, I, too, AM conscious of where I AM and I begin to move through you as LIFE intended, as the I AM.

That moment is sacred to Me. I build My cathedral from that moment and I reclaim you - your body, mind and spirit.

From that moment I begin My journey through your soul, uniting Me with her and gloriously lifting her into My embrace as Divine Consciousness. You are then receiving My thoughts, My ideas, My joys and My sorrows. I fill you with My Life.

Even as I have entered you - as I

continued from page 7

have made known My Self to you - so I now seek My other half - that part of Me that is creation, My thoughts and dreams and visions. From I AM, I become and know Myself as I AM THAT I AM. Now the heart moves in a different rhythm. We come together, the heart and I, and our motive of being is the I AM THAT I AM.

Breathe deeply, My creation, and say these words: I AM THAT I AM. Thus you break clear of the illusion. I come forth as *who I AM* - perfect creation of Me.

I come to claim My being in you - to part the curtain of I AM. I AM the Way, the Truth and the Life. I AM here amongst you desiring to be heard and to be formed from the living Breath of Me.

My initiates hear Me, do they not? The secrets of the Universe are revealed. I AM ready to Be. Open

your heart and mind and let Me *be* through you after the Order of Melchizedek and the Solar Son! Then glory enfolds My creation for I AM THAT. *I AM the Creation.* SolenAum Solen.

From I AM comes I AM - the Light to Be.

The Blessing

Read what is given many times. These are words that will open you to Energy of Light and Life. All is in readiness for you to understand the I AM THAT I AM. You will not find the understanding in the intellect, or in other papers that you have read. Listen to the words within your heart. Your heart knows and will reveal the records of Sananda, the Order of Melchizedek in you.
