The Gates Will Open

The University Papers Volume 7, #142

He who abides with Me shall be given eternal Life.

The University, throughout the years, has brought to you lessons of Consciousness as oneness with the Melchizedek Order. This frequency has changed now, for it is time to alert you to the coming of the King, the Creative Fire within you.

You have been taught for many hours a day to align with the Christ within you, to listen to the Higher Self as the Inner Voice and to realize the position you must hold in the God Unfoldment Plan.

Now comes the Energy of Divine Will which will open the gates into a new world of brightness beyond your belief. You have entered a new era of enlightenment, a bright new world of divine Understanding and Universal

Life where the illusion of darkness is no more.

I, Crystal¹, will open the gates with Melchizedek into a new order at our next gathering on September 25-26, 1999. At the portal of the gate will stand Melchizedek Himself. If you love the vision of this, all well and good. If the idea excites you, then perhaps that is the best you can achieve at this time. However, I caution you this: the term "Melchizedek" signifies the perfected consciousness, the order of perfect love and divine understanding. The Order of Melchizedek is the Order of Perfect Man or Perfect Consciousness, a state of awareness achieved by alertness to the inner being you are. *This is Melchizedek.*

Thus at this opportune moment, you will not only be exposed to Melchizedek Vibration as the perfect order of man or consciousness, but you will also - if you are willing - pass through the portals into a new world of no birth and no death. A world of detachment - a new order of expression where *I and the Father are one*. This order calls you now, and will be selecting out of itself willing initiates and disciples who will serve as examples of living fire on Earth.

Yes, the curtain will raise, and the

seal will be lifted, so that humanity may know that death is not of Me nor is birth.

To attend this circle of Friends in the Order of Melchizedek, you must be willing to release the old system of governance and reclaim the Order as your system of government, then carry the Flame of the Order as the living Kingdom of Christ as Word intended.

There is a wasteland of the old order. There is no place for you in this land of waste. The Land of Light awaits you and invites you into Itself. This Land is of the Order of Melchizedek; it is the Christ in you.

Immortal Life

The only place of continuing life without death is in the Christ Seed. This Seed of the Light of God is *you* according to the Plan of God and the intent of Divine Expression.²

Have you found the Christ in you? Have you directly and joyously experienced this Christ within? If so, step into the robes of light and recognize you are deserving of this light because you are the radiance, the very be-ing, of God in expression. In the Christ you *are* the Christ.

continued from page 2

As Christ, you are the living expression of Truth - you are the outpouring and the expressed unit of God Him-Herself as living fire on Earth. In that place of true identity, where higher mind is extended to you as living Truth, there can be—there is—*but one Life*. Is there death in that Life? What manner of God have you?

You are a Life carrier, carrying the rich Seed of a New Beginning for this planet. You were sent by God to translate energy from the old system of separation into unity of God as expression. Let this be your goal and your alignment as you remember the soul intent of your embodiment on this Earth. *We are waiting for you to remember!* We of the Hierarchy, We of the given Plan.

Awaken and claim your immortality now. Why plan for death when there is only Life and I AM that? Creative Power rises when you realize Truth and proclaim it.

Let this world of division and separation die. Let it go. For in its place now is rising a new world of Jesus the Christ, a world the Master announced eons ago, a world of light where God and man are one. He has never left that world and He wants you to join Him.

Note: the ego adjustment may cause painful days or hours as you proclaim the ruling Light *within yourself*; but even as the crust of the

old system dissolves, so will your new face emerge as the living Christ! Let the Light begin to penetrate your being. Resist it not. It is the coming of the Lord: the Light of your inner being and your true Self. You are the guardians of this planet. Rise up to be recognized!

Piercing the Veil

He who is in Me cannot be of this world, for the world knows Me not. It is the way of My Spirit to decree out of Myself and the world is remade in My image after the Order of Melchizedek.

On Sunday morning, September 26th, there will be an announcement that the gates of the New World have been opened to release the Immortality circuits into Life's sphere on Earth.³ This momentous occasion will be sponsored by the Melchizedek Teacher who walked with Abraham, father of the human race. It was Melchizedek, Himself, who placed the Seed of immortal Life in the hand of Abraham, that Abraham might pass it on into humanity as a future spring of new beginning. This is the time for this Seed of Intelligence to be fulfilled. And as the gates of this New Energy Field⁴ open and as Melchizedek, the Prince of Salem, walks

through, He who initiated this land of peace and oneness will become the Salem Prince, once more overseeing the new race of Man, *the Deathless Race*.

Those who are called to serve as the circle through which Melchizedek will penetrate are to be prepared—both at night and in meditation—at schools of Melchizedek initiation and by Crystal herself. Be alerted to your preparation and your instruction in the schools of Melchizedek. Your vibratory commitment to the New Seed, which will be handed to you by Melchizedek, is anticipated. For once you receive that Seed, your life will be changed as in a twinkling of an eye!

Your meeting with Melchizedek fulfills a prophecy of a new order that will come to Earth and begin a new era of holy Love. Live the immortality circuit. Be the immortality circuit, for in you will come new life: the life of the GodSelf.

Once you have vibrated out of “self,” you will have the power to come and go.

God. This frequency is maintained by the Order of Melchizedek and the Priesthood of Melchizedek.

The Living Way

You are of the Order of Melchizedek as you walk the way of Jesus the Christ. This does not confine you to a religion. Far from it. For the Master Jesus confirmed your own being. He was the Light within you and was the calling forth of that Light by His fulfillment as the living Son or God/Christ Seed. *You have that same authority within you.* As you know yourself in Truth and release the Living Way or Order of Melchizedek from within yourself, you are the Order.

The Order of Melchizedek — which has been much misunderstood and mis-interpreted — is the rhythm and the Way of God's expression in you. When God is alive in you and through you as the outpouring of Consciousness, you are the Order. And That maintains and sustains Itself by your constant acknowledgment and witness to the Christ Seed or the GodSelf (I AM). When you are the Word, you are of the Order of Melchizedek. You cannot begin to feel the Order until you have surrendered and become one with your GodSelf. Heed this message.

There Is No Death

The Earth's circuits are being overturned. She is being reinstated in the Solar System of Life Eternal. The cloud of

continued from page 3

death will no longer hang over her head and she will raise her head once again in the Christ alignment of the Solar Suns.

It is quite a different life you are perceiving, a life without death where the robes of immortality will be yours. Your Work performance will increase, joy will be abundant, selfless service will abide. Loose all holds. Begin to cancel out your "insurance" policies, for a Life without death needs no insurance against that which is not.

Look not to death as a rest but rather as a lie. Give birth to *Life* in your system. Be clothed with Life.

As Melchizedek enters Earth's system through the Gates of Immortal Life, those believers in a Life without death will walk beside this One. A remembrance will come of Truth.

There Is No Opposite

The Consciousness of Melchizedek, a consciousness where there is no birth nor death, is not a consciousness of opposites.

There is no "death" and "life" in a Melchizedek. Beyond the polarity conflict, the war of opposites, rests Truth. Here Melchizedek stands *as Living Truth.*

Life as Melchizedek is an entirely different system of revelation, a system where there is no-thing to overcome—for there is One Life

and that Life *is* Melchizedek. It is immortal and forever is the Sun.

The Consciousness of the Oneness of Universal Life as Christ is the energy field that will be released on the morning of September 26th. Be with Us then as We, together, after the Order of Melchizedek, lift the cross from the planet and deliver her into a shining Sun.

I have lived, now you will live. I have served, now you will serve. Be there in My name. I AM Jesus, Son of God.

Truth

There is only Love. There is nothing else but love, Divine Compassion, in the System that is God.

It is well not to judge, nor in any way position yourself to live a life for another. (For this is what judgment is.) All Life is knowing Itself as God intended, original creation. Be there with the God Intelligence knowing Itself. God is Love. There is no other God nor is there another System in Truth.

May peace attend you in all ways.

Welcome, Immortals!

The University Papers Volume 7, #143

The memory of your first creation is stored in your cells.

They remember. You were formed in the likeness of I AM after the Order of Melchizedek. I AM the first and the last, even the Alpha and the Omega which forms the Gateway into My creative power.

Leave now the ways of the mortal. I have founded you in light.

(from *The GodSelf* by Patricia Jepsen Chuse, pages 262-263, 59:19)

Breathe in the new life energy. Breathe in the new creative energy that is your immortal circuit I AM. Have you forgotten who you are? *I AM you.*

Leave all killing behind. You can't change the world yet. You can change you. Become the immortal that you truly are *by accepting life*. Reclothe yourself in *life* so that all the particles and atoms take hold of this life and express it as *living light*.

If you were to stand before the gate of immortality, would you open it?

Would you lift the latch and open that gate so that you could go through it into light?

Examine your feelings at this moment. Test your thoughts. And know that once you have said yes, you will have begun *a new circuit of Melchizedek energy that is life itself*. As you partake of the divine life fire I AM and realize it within yourself, you will be affecting all life around you. Many changes will come as a result of your determination to walk *as life*.

You are entering a new era where death is no more. The death program was abolished by Jesus the Christ. He is calling to you to walk with Him. What is your decision? And have you opened the gate? It is

your decision to walk as an immortal. Can you do this, or are you still stuck in the clay of earth and the disbelief of your own origin as divine?

This is a new order, a new way of thinking. *Open the gate*. And from this time on, call yourself a Melchizedek. Restore order on earth - living order of the Divine Flame. I bequeath to you My life. Carry it well, My sons and daughters. You are designated to lift others into the Sun, the shining Sun that is the Christ.

The gate of Melchizedek is opened wide. I see that you all have entered in. And who stands here but the one who visited earth, who brought us His name, His awareness, the teaching of the One. And who is this that proclaims us Immortals, but the one who is gifted with the name Prince of Salem. And is He not our Melchizedek?

Go to sleep this night with the words, I AM immortal. Say the words over and over again until they become a pattern of your thinking. So set this in the record - you can do this thing so that all will begin to think the same: **that there is no death program**. That all is lifted - this is the ingathering - that all is lifted into

peace. And the Sun emerges after the order of Melchizedek as the day meets night as the one.

Let this record show that you are an immortal initiating *the deathless race*. Over and over, begin to become acquainted with the word *immortal*.

**I AM an Immortal.
I AM here to do a work of the Christ.**

**I AM the Christ.
I have taken on a new body now.**

**I have risen in my awareness of who I AM.
I AM an Immortal.**

I call forth the life circuit of the Melchizedek Order.

And the name of Melchizedek vibrates through me as I AM.

I AM the living Order of Melchizedek.

I AM the one who has never been born nor shall ever die.

I AM the Creator and the creation.

I AM the center of all life, and I AM the Sun shining forth my immortal being into this planet, beloved planet Earth.

continued on page 6

Welcome, Immortals!

continued from page 5

Now, sleep with this. Open the records of your own immortality. Do the things that I would have done had I stayed later. Go as a god.

Lead, not follow. You are cooperating with the angelic kingdom. You are centered with them. They are part of yourself and they are part of you *as one*. This is the summation of your duties here, to co-create with the angelic kingdom in a bright world. Do this now. Receive My blessings upon you.

I AM secreting to you My eternal life. Each organism of your body feels it, responds to it: every muscle. Through your veins I come entering your bloodstream, proclaiming Myself immortal. *And death has no place in you.* Let your ears ring with the song "Immortal"! Wake up with it in your ears. Tell the birds, "I AM an Immortal!" Each day, remember, and into the night and into the days to come. Bring your immortality to earth and so give birth to a new era, a new way as the suns of God.

I bestow upon you the crown of immortality. Wear that crown naturally, in dignity and in surrender to the light I AM. You are on earth, now, Immortals, and you are walking this planet. You are ageless beings delivered unto My earth to deliver My earth into the Sun. Be conscious of this.

Your rate of vibration is changing. All life is affected by you and is changing around you. Walk as Immortals in triumph, in tune with the life I AM. You were sent by Me, The Christ. You are ageless and divine. You are funded by the light. Have the peace that you have been seeking in mind

and heart. The Hierarchy, the Great White Brotherhood thank you for your participation in this. It is done.

The Gift of Life

September 26, 1999

Take up your new citizenship in the light realm. Know you have received the gift of life. This golden hue of energy passes into all planes and gives birth to the new. From this time forth, you are living on earth as Immortals. That consciousness will prevail. Without physical death, you will have other things to do, other arrangements to make, schedules not to keep. You may live on this earth a hundred and fifty years or two thousand years, but it is yours to decide. The gift of the Father is life.

Your checkbook will grow, each one of you, as you have unending energy now. You are drawing from *the immortal life* and you are expressing your own godhood. Your Father is well pleased with what has taken place here. He is indeed well pleased.

Each and every one of you has overcome death in your own consciousness, and now can look forward to a long life on this planet, of service to the all. You are builders of light. New energy will come to you through your hands and your feet. Your whole body will glow as light. And memory will fade of the past

years. You can only remember the thought of God in the moment you are in.

Remember that you are projecting a body. It is all thought form. It is not real. It is elastic and can and will respond to your own conscious thoughts. As you seek to stand or serve in the city, your body will grow denser. Remember at these times that you will need to renew your energy, meditate, reinforce yourself that your body can maintain and sustain the strength and the reality that allows it to be experienced and seen by the people. The denser you are, the greater the hardship. Take care. Remember to refresh yourselves when you are in a dense material world. Take time on the mountaintop, even as Jesus did. Water the crop.

You will build communities together that will access the light for the Immortals and allow the Immortals to relax and to rest in peace in the retreat center. Never overtax the frequency that is your body. Always remember that it needs consciousness of light. Each and every loving particle or atom must be fed as God feeds you as the sun/son, the living sun on earth.

Welcome, Immortals!

The Masters' Class September 21, 1999

continued from page 6

I bid you welcome. The purpose of our circle this evening is to contemplate and reflect on the word "community" and what part the word "Ashram" plays in the word "community." How might Ashram and community be the same? As you raise the level of your thinking and your heart expands, you will well see that you are both a community within the Great White Brotherhood and you belong to an Ashram.

You should by now find your peace. You should by now be able to quiet the anxieties, wherever they might be, and find your peace. And when you find your peace in the midst of the appearance, you access the I AM principle and your Hierarchy to attend with you your soul's desire and your mission's intent.

The role of community is very important now. It has nothing to do with personalities - likes or dislikes - because it is what we call the "personality" that must surrender to the higher aspect of the heart and the will of the Father.

Whether you have been hurt by someone or not makes no difference. How you *react* to that hurt and how you demonstrate love in the midst of anguish and fear and antagonism is your worth. There is a sentence in the twelfth lesson of *Breaking Through*: "Don't want, just be." As I was reflecting on that impartation, I

thought about the function of the astral plane and the function of the plane of the heart chakra or the Christ center - that through the solar plexus and the lower chakras, we indeed want, we indeed need. We let other peoples' desires and other peoples' lives influence our lives. We have not yet harvested the Christ or the Christ plane, which vibrates to us our dominion, the government of the GodSelf. When I reflected on those words - "Don't want, just be" - I could see the difference between living from the astral dimension through the lower centers and living in the Kingdom of God or the Christ domain where *I and the Father are one*. Where we have everything already because there is only one.

In being we have crossed the boundary between self gratification into selflessness, from the lower self into the grace of God: the Christ dimension where *All that I have is thine, Son*. In this dimension we care not for the self. Even our own spiritual growth is of no importance. We have nothing to brag about because we know who we are. We are the Christ in motion, the allness of being. We have everything *because we are everything*. We are the very life of God emitting ourselves as the glorious sun on earth, the I AM principle.

Every time you say "thank you, Father" - even before you can see or experience that which you are thankful for - you are celebrating the Christ. You are giving new power and new energy to the bright world of Sananda.

Our misery is in the wanting. There is an emotional cure for want and that is praise, gratitude and a thankful heart.

Sunday, I shared a revelation that had come to me. It was that the first creation or the original creation was God awakening to himself. We are asked to please return to the first creation where I AM.

The lower chakras were predominant within the world of illusion or the astral world. The world of light demands that the higher chakras operate. Thus the dependence on the Crown Chakra as living substance is necessary in the world of light. Fear and anxiety are replaced by unconditional love and spiritual focus. The University Papers Volume 7, #141

*From the Great Sun to the Sun in your heart
is the divine Breath breathed.*

And the Breath is the Light of the world.

(from *The GodSelf*, by Patricia Jepsen Chuse, page 276, 63:4)

You are a bright and shining star from the original beginning. Released into matter you must know yourself now as the Light. Be aware that many are in the same assignment and will be going with you into a bright and glorious new world of breathtaking beauty and love.

Be souls of a new resurrection and deliver unto the people that which I have given you to deliver: My wondrous Self. Thus speaks the God in you. And with this, Be about the Father's business of Love Incarnate.

The word "bright new world" is unknown to some but in the Melchizedek mission, all will understand the world of light forthcoming into conscious awareness as the truth circuit of this universe. *I have come that I might become you. This statement continues to grow - expand - within the souls of this new, fresh world - as a great and shining Sun.*

Let go and let the Father's love cover you now as the incarnated Son arises - fresh and new - as the consciousness of the world of light!

How glorious to behold the light within each and every one of us!
How glorious to behold the Great and Mighty Sun!

And now the Son of God (Universe Creator) moves into position to enter Earth as the full Sun of God's world and the Breath of His Being. The world of light is the Son (Sun) of God emerged in the heart of humanity.

AUGUST 11, 1999

The heavenly bodies of light that are our cosmic counterparts draw us into themselves as light increases for our beloved planet.

Your physical immortality will be felt and experienced, as a vital issue of the Cosmic Father-Mother begins to set Itself as a positioning focus for the "Lightworkers" who have been patiently waiting on this moment of light.

The date of August 11th stands out as an electronic date, the opening of a new gate into the threshold of Consciousness that is Unity, Respect for All Life, Oneness where divine love rules. This embodiment of Love, known to esoterics as the Christ dimension, is also the place of supply. Here the Christ lives as Consciousness distributing among Itself all that I AM. To BE in this place of realization is to collect oneself into the light. It is to drop the duality thought forms,

to enter into My world of light that holds for itself the Solar Flame.

This is a frequency time that has been held in the consciousness of the Great Ones throughout the ages as a time of Illumination, where darkness will fade away as nothingness in the Creator's Flame of Unity, Oneness and focused Service to the All.

Your body will be changing rapidly as you release the negativity of the outer world. Your electronic body of light is formed of My Word - where no dis-ease can enter - and here I stand with you as the Flame.

The Cosmic Breath attends you as a body of awareness caught up in meditation and alertness to the Plan of The Christ. This BODY I speak of is **t h e c o s m i c B o d y**, consciousness, of all those giving themselves into the New Life or the bright new world. We are one in this Body, vibrating in the likeness of brotherhood-sisterhood, joining together in the Breath, lifting ourselves into greater capacity to serve intelligently on earth as it is in heaven. Be

of one Body now in the Breath of the Mother. Let the Solar Flame be light within your own heart as awareness of Service and attunement to those who work with you and share your intuitive goals and visions. Be of one Mind as the vast universe opens to you and you see anew. A fresh new world of light.

The coming observance marked as August eleventh is of the magnitude of a Great Star appearing and influencing the Earth with its light. Be apprised of this. Be prepared in your energy awakening that you might follow the Sun into a new awareness of God The Creator. Behold the light!

My abundance shall shatter the earth by its coming. This is Initiation for all. All will be affected by the inclusion of the light circuits of the inner star systems. These are times of great revelation as tidal waves form of My Breath.

The Body Immortal

Build your body out of light. I have chosen you to portray the body immortal. The great and powerful love I have for Earth is to be given forth through your alignment with the creative force now extended to Earth *by My Name.*

In attending to your own Higher Self as a body, you shall fulfill My desire and intent for you: that is to shine forth the immortal body or Great Sun on this planet! Release the flesh now that I might have My way with you as the dance of Life, as Life Eternal. I abide in you as I AM. I AM the power of this new day. Be with Me.

continued from page 8

Star Plan

Two astrological events on the eleventh of August will bring about the tidal wave of new world light. The events include both a Solar Eclipse and a Grand Cross by the planets. (GMT 11:11 AM) You will meet with many of like-consciousness around the globe who will be meditating at this time.

Suffice it to say here that the turning point that we have been waiting for on our cosmic calendar is now in progress, where Earth will be swallowed up by the Sun of herself and reemerge much like the fabled Phoenix, "another and the same."

There are a number of books and transcripts well equipped to inform you of the astrological formations and implications of the next few years. What I will remind you of here is to be always in the comfort of the Father, the realm of Being where I AM. The Melchizedek Star shines upon those who stand steadfast in the "kingdom of God," knowing and testifying to the eternal truth of Be-ing. "Rest in Me" are the constant words of the inner Flame. Live by revelation. Moment by moment in the divine Presence of perfect love, unity and peace. Do not abide in the place of duality where dwells the catastrophe of illusion. *Be the God within you, straight and strong, and lo shall you burn with even a greater light than*

My Son Jesus, born of Me. Say that into the star system and it shall be so.

Even As Jesus

Do you recall how Jesus spoke to the storm? The disciples were very concerned because the boat was rocking and the sky was dark - probably lightning was flashing. Yet when the Master Jesus appeared and said "Peace, be still" to the storm, the storm quieted. This is part of our assignment with the natural forces. Like Jesus, we, too, can speak to the appearance of storm, earthquake or tornado. And - here is the key - if we speak with deep regard for the elementals and the nature forces, all will divinely attune and harmony will be restored. Thus - even as Jesus - must you walk.

Yes, we can speak to the wind because we're at one with the storm. We're at one with the wind. It is our Father's love that speaks. *It is a joining in peace and harmony.* It is the place of authority from whence you come, but authority rooted in t h e e m b r a c e a n d consciousness of oneness. The unity of all life.

It is a oneness with the lightning people. It's a oneness with the thunder beings. It's a oneness with the ocean waves. And we have that. We have the master's voice. And peace will come. We can subdue and we can speak in a persuasive voice

continued on page 10

The Bright and Shining GodSelf

of laughter and play. Let the rains come! but be a gentle rain. That is why I emphasize the sound of the voice right now, so that we watch that human emotions don't split the voice in two. But that we keep that voice absolutely at one with the Father within - so that any time, like Jesus, we can say "Peace, be still," and the storm will be quieted.

We have the Office of the Mother returning to earth. We have the consciousness of the Divine Mother bringing forth Her Solar Child as the Christ. We have that experiential vision that must, in one way or another, disturb the elements and rumple the energy patterns that have been so fixed here upon this planet. If we can look at some of the prophecies that have been given of catastrophic events and see this as a reaction to the incoming Breath and the Station of the Christ, we may well decide to activate our inner Christ to speak those same words, "Peace, be still."

It is up to us, as chohans of the new ray, to gentle these reactions as the Cycle of the Mother enters to establish itself upon this planet as current of the divine.¹ In other words, if we can see things more holistically now - spiritually - I believe each one of us will get a sense of what we are called to do and how we can participate with the Hierarchy in the bright new world.

"Peace, be still." That voice is with you. Just as much with you as it is with the one who spoke those words of fire and love. **My realm is your realm. We are one.** Watch that voice. Care for it. Let it be trained to signal the heavens and answer the

continued from page 9

call for peace on earth.

Is it any wonder that the elementals would be disturbed now? Of course not. How frightened they must have become by the actions of the mortals. Let us be part of their realm. They wait for the Father's word and that word can only come through you and me. The elementals - all the nature forces - want to hear that word "peace" and want to feel it emanating as our consciousness. We have been issued an invitation from the angelic kingdom and from the nature spirits. They want us to be a part of their world so that *together* we can work in partnership for planet Earth. And they assure us if we change some of our ways and attitudes we, together, will bless our planet and ourselves.

You Are Jesus

You are the hope for My new world. It's not enough to breathe sometimes the life that the Mother has bestowed upon you. It must be constant and ever present in your awareness. When you breathe the first breath given to the Son of God, you are one with that breath and the Christ divinity.

Watch the energy. Be aware of where you are in your consciousness and how your voice melds with Mine, and how you can bring gentle peace into any and every area by the sound. Loving tones of light. Be there with Me. I have no one else to call

upon at this time, save you.

A Meditation on The Breath

Breathe the Breath of life from the core of your being, the mighty Sun of yourself. Realize that this is the *life essence* of I AM - that you are stepping forth upon this earth for the very first time in the purity state of being.

Take this Breath again from your very core, your true center who you are, divine and beautiful being. Feel the earth underneath your feet and the wonders of the earth you see with the purity of vision, My eyes in you as I AM. Walk upon this earth now in this purity of vision. Ah, but remember, you must remember, to breathe the first Breath, the Breath of life, *from the very core of your being.* Keep on breathing. The moment you stop, you are in illusion. Then you can be drawn down and know not I AM.

You are on this planet to breathe the Breath of life, to walk as purity, to see with My vision the wondrous things there are to see. To relate through your divine heart, the love center of My being. To relate through the love center to all life as you breathe the Breath of life. From the very core of your being, breathe. Now, all that comes to your mind is from divine thought, the mind of God in its purity; by droplets, comes and fosters new vision and right action.

continued on page 11

¹The establishment of the Christ is always that.

The Bright and Shining GodSelf

And you breathe from the core of your being, and you walk upon this earth in your purity and in the wonder of this life essence.

Desire not, for AM I not all? In the core of your being, you know this, have this and are this. I AM ready to show you My wondrous life all around you, but first you must breathe the very essence of My life from the core of your being, the I AM. This is where you receive the Breath, the sustenance that gives you the eternity that is My whole life in you. This keeps you above the false statements, the misinterpretations. Breathe the life in through your whole being, through your seven bodies, in through your chakras, centers of new life, as cosmic man. Heavenly man, breathe.

Breathe the life force I AM and enjoy life now, every particle of it, atom of it. Breathe with the atom and with the particle new life. We are one, comes the song. Listen well. Enjoy this life I give you as you breathe from the life essence of the very core of your being, as you remember I have given you *My first Breath* to walk this plane of earth. To touch all the things that I have created in My perfect state of being, that you might enjoy this life and partake of it from the purity of your vision, from the purity of your mind, from the purity of your heart. Fulfill your mission now as God's daughter, son of a new creation.

Behold, I AM with you as the Mother state of Consciousness. Breathe new life. And remember, in this Breath you are one. You are God's state of Be-ing. You are the light and you are the sun. Let us now breathe together and remember that God has given us this Breath that we might

walk this earth in purity, oh wondrous Suns of God! That we might live this life in joy, in humbleness, in creativeness, always as we breathe the GodSelf, the glorious life essence I AM.

Stay in the pure state of being by My Breath. I will glorify My body. I will lift you as you breathe to see, to know and to receive My heart as your heart. There is no other. Realize that in this Breath I give you, new life, you restore your bodies to the equilibrium that matches My own. We walk together, you and I, as one being in the blessed remembrance of the divine Breath, the life essence of God in you *as you breathe*. Let God express. Vibrating through you now is the holy Breath of the Mother. Breathe the immaculate conception and live as the light of this earth, walking as I AM in the holy Breath. Ever functioning there, as you recall the first Breath you took upon entering this earth. *It was My Breath*. Lest you forget, I remind you. You must breathe the life force, the holy Breath that God has given you, that you might have life and have life eternal in the joy of living and in the Christ presence of I AM.

Wait no longer. I come. Believe in your holiness, for this is the way I shall come. I must enter your heart and mind by My Breath and release Myself through you into all life circuits on earth. Let your attention be on the divine. Let your knowledge be and your acceptance be that you are holy.

Let Me come through you now as the grace of God, heavenly spark on earth. Blessed be the ones who answer My call, who breathe My Breath. Breathe now the Breath. Not any other Breath have you, save Mine. And love your nature: you are the Sun.

Seeds of Thought

I AM the vehicle for the Divine Mother to flow through. I breathe and I release the divine.

I AM the Sun in My breath. I AM the perfection of God in expression now.

I AM the revelation of divine being harvesting Myself on earth.

I relate to every particle and atom. I relate to all life expression, dancing energy in the sun.

I AM Breath itself as I breathe. I AM the life of God. I AM the Sun.

And in my Breath, I know I AM.

Welcome, Immortals!

called to LIFE.

Now shall those who have given up their life find their life in Me. *I AM the realization of life!*

Lay not your body down to death. I would have this a deathless planet, a monument to Creator Michael who raised Himself from the dead to proclaim Himself eternal through the very life-threads of Planet Earth. Now you shall feel this life-thread of divine love and radiant celebration. That is if you *want to!*

The higher the crest of the wave, the greater the ride. Be reprogrammed into Life. Be not afraid for the world is no master. Have I not proven Myself to be?

Climb upon My ship of reinstatement. Reach up and claim the Son as your life; for I have prepared a body for you, a body of life.

If you would release the death program and begin to live NOW out of My Word as released consciousness of Myself, you would raise up many. Face now what I ask. Each point I present here is magnified many times over in the spiritual realms of My Being.

➤ I would have you give yourself totally to Me that every part of you, every part of your system, takes on new light. This is a major decision on your part, for without this you cannot go on into higher radiation of physical immortality and radiant new life.

➤ You must be able to face the Sun without flinching. The Sun Energy now is your light body energy; it is the Mother feeding the inner Sun/Christ in you. It is this Christ that is

emerging as your true body on earth. The Sun will permit energy to flow through you that has been blocked and dethroned by improper thinking.

➤ As the Christ embodiment or body takes hold, first within your heart and then as your physical body form, it out-pictures as light. This light in the process of emerging dissolves everything unlike itself. Thus you leave no residue of the lie behind. All is translated into the Christ.

➤ During this process, the initiate is cautioned to give all back to God. Return all family members to God, all employees and employers, all property and stocks and bonds. Nothing must remain in your memory vein that might in any way block this wondrous process of Christ emerging as LIFE eternal.

Seeds of Thought

There is no death in me. I have abandoned that. Now I live for life. This is the GodSelf in me emerging.

The way is made clear. All things come to me of my soul's intent. My union with God, the God in me, enables me to demonstrate now the immortal life I AM.

I take my place as an Immortal. My nuclear fire rises (my infinite Presence) to express my immortality. All the cells of my body are a revelation of immortality. Each tiny cell shines forth the sun or the light of God.

I renounce all thought of death, disease, limitation and lack. I AM THAT I AM.

And so it is.

Seeds of Thought

- ★ I have come to show Life as It truly is, God's glory in me.
- ★ I release myself to this Life and in this way do I become It.
- ★ Every day I shine forth the Christ in me. There is no other. I know this now. I AM the Christ in me. I AM the Light. I AM the Life.
- ★ Stepping into the Order of Melchizedek **consciously**, I maintain my place in the Order by living and loving as Christ.
 - ★ **I AM the resurrection and the Life.** I accept this. I AM the One who is sent. I AM that Sun for all Life. I AM the Christ.
