A Letter from the Director

We are in a period of transition and unification through which we will know ourselves as the Creator knows us. We will see each other through eyes that see the sacred within every one and every thing. What a wonderful call to Light this is! How magnificent is our story when we read it in Truth. We are the Light coming into the planet as form. We are the creation of a new circuit of unified souls of Being living on the Breath of Life and allowing the Presence of God to express through us as the Christ returned. What a glorious message to contemplate!

Yes, the planet is moving quickly into the Presence of Unity and cohesive force that permits the Solar Plane to actualize. By "Unity" I mean that the world of separateness, prejudice and power struggles will no longer be valid. The Consciousness of the Christ will prevail and double in intensity through the remaining year. We, as a planet deeply loved by the Creator Son, are anchoring into the Body of God and *into the Blood of Jesus* where *all* will receive nourishment and a new form. Peace will rule on this planet and the gladness of spirit will prevail. How much this will affect you and me does depend on how we have progressed in our preparation for this moment.

Everything and all life is to be viewed as Consciousness Divine, wholeness, and the Unified Circle of Being. We live in a Circle without beginning or ending. We are members of a Community of cells within the body of Christ. When we see and understand this, a new world opens and that World is God's Love and infinite Supply.

The University of Melchizedek focuses its attention on the Unification Program and the Light of God within everyone. From the smallest to the tallest all are as One in the Circle. And in this greeting we open to the Higher Mind and the Priesthood of Melchizedek.

In the short time that the new University web site has been available, many have requested this newsletter. Yet I must ask, why are so many subscribing to this newsletter? Is there a thirst for deeper truth? Is there a need—an urgency—to seek the depths of Be-ing within oneself? Might the demands of Initiation be pushing many towards the University and its mystical teachings of the Order? If you are one who is searching for a depth of truth hidden in the code of the Melchizedek Order and the Ascended Masters, then you may find answers within the Records and Teachings of this Melchizedek Mystery School. I am deeply honored to offer you many of the Records of the Melchizedek Order, the Order that Master Jesus lived and demonstrated for all.

Lastly, I want to say that the University embraces all spiritual faiths knowing that all will find the Light and receive the blessing of enlightenment.

I am available to the sincere spiritual seeker and student who desires to find the True Self and who is willing to let go—as Lord Jesus demonstrated—into the GodSelf. We come to Be. Welcome to the University of Melchizedek!

Blessings of the Light,
Crystal (Patricia Jepsen)

Adventures in Being An Introduction

The Gift of Light, An Introduction

If you can believe what you hear and read from transmissions such as the materials released from my hand, the Core of Light within all creation us making Itself known. The rolling seas of discordant pasts are being swept aside for the incoming dimension. “Am I too old for this?” you might ask. Or perhaps, “I haven’t the stamina to survive such a velocity of Light Intelligence.”

Well I have news for you! Everyone—no matter what age, physical health, or degree of spiritual learning is invited! Not only “invited,” but also *compelled by the magnetic force of the Incoming Light* to step into the New Way and realize the Christ Self as the identity circuit of each precious being! Now, what do you think of that!

The nature of this time is of revelation. The Seal is broken and substance that has concealed the Record from time and space is now being opened and read. The "reading" is the presence of the soul memory. Being trapped no longer, the awakening is moving rapidly to break open the human consciousness so that all might be raised into the Kingdom of God on Earth!

I want to say to anyone who is suffering from disease that you need not accept the doctor's report or even the belief that encompasses the disease. There is no disease! It does not exist in the reality circuits of the I AM THAT I AM. You are born of that noble circuit and have merely dropped or fallen into the belief that is what the present world teaches. The question is: Will you be brave enough to transfer your belief of good and evil into the realms of Spirit where magic occurs instantly and life expectancy is without death.

Making Abundance Work for You

Unconditional Forgiveness
Unconditional Love
Clarity of Mind and Heart
Feeling and Expressing Gratitude

Jesus said to his disciples,
*I have come that they might have life,
and have it abundantly.*
(John 10:10, Lamsa Translation)\

1. Be ever alert to your thoughts, emotions and feelings.
2. Seek always God's Will, your Inner Voice and the presence of the Divine Mother. Your holy Self is a Trinity. You are a trinitized being. Be conscious of this.

The concrete image of JESUS in the likeness of the Son of God, which you are in Truth, reveals the signature of your station here on earth and throughout the heavenly spheres. If you will live in that presence *as a living part of yourself* and accept the full message that the Master brought to earth for all humanity, you will be free *in this moment* and subject only to the Spirit of God in you. **You must come to AGREEMENT within yourself and then all light shatters the false concept of mortality, lack and even death.**

You are in the Abundant Life. As you LET the Christ materialize as *all that you need*, your abundant life will be a reality for you. But you must take up the abundant life and let go of previous doctrines that resist the Truth and keep you in prison chains.

For you have the ability to rise now and give birth to a new era as the Light shines upon this Earth as never before.

God is conscious of you as the Son. When you become conscious also, you have everything after the order of Melchizedek.

EVERYTHING

- Become the Son of God (no gender here) in your consciousness.
- REALIZE you are united with God the Father-Mother and that you are the presence of light on this planet.
- Carry and embody the Light of a New Creation.

Jesus tells us, *My resurrection is your resurrection.* Here is a key to the New World and the new you.

With your ACCEPTANCE of all good *as your divine right*, the Creative Power (Creative Daughter, Universe Mother Spirit, Holy Spirit) is mobilized and is immediately activated to fulfill *whatever your need may be!*

God, the Spirit, wants to create through you a New World filled with the Presence and raining abundant life to all great and small. Will you answer God's call to be an abundant vessel for the emergence of a new Earth and a New World?

You have the power. You simply have to activate it by your alignment in the God presence I AM. The most important thing you can remember here is the reality of Jesus' words. He was and is the Word Incarnate. He restored the living Truth to the planet and to all who have the ears to hear, the eyes to see and the heart to know. (This is not religious dogma. It is the Melchizedek Record implanted on this earth to be read by all.)

A New Species of Humanity

As the Divine Feminine actualizes as the governing factor in our lives on earth, those attributes of God the Mother will become *so much a part of you* that you will give no thought as to what you will eat or drink.

Your consciousness now *can* and *will* provide through the Divine Mother, as you align in your Heart Chakra to the full divinity of who you are—*the GodSelf*. You are the living Son/Sun on earth right now as a new generation, a new species of Be-ing.

You *live* on the Holy Breath. You *are* the living Light.

And you live ABUNDANTLY in Me—to My delight—creating, vibrating and birthing a new era of tremendous light-life potential.

LET God now live with you—express with you—as heaven on earth.

Yes, you have to build your energy to create. The focus must be on the Heart as you release your abundance as consciousness into expression to the glory of God!

How do you raise the energy and increase your vital force?

Begin by gratitude, by praising through silence, song and dance! Lift up your thoughts, emotions and feelings to the Ultimate. As you focus on the Divine Presence within you, sing the song of gratitude. Then God's love will answer you and the Great Spirit will vibrate all that is intended and desired. Love is the fulfiller.

Let God, the Creator, join you as the Resurrection and the Life, the "I AM." Not only will your participation in the Divine Intent bring great beauty to your life, it will also build a new earth and a new material body for you!

Together with many others, visible and invisible, we transmit miracles of divine healing, love and light.
