# The Identity Circuit

THE UNIVERSITY PAPERS Number 169

The “Second Coming” or the Christ Emergence is the foundation and the path to higher learning and soul realization. The current of this realization is vibrating from the very Essence of Being. You have come full circuit now. You are poised to become a newly discovered being through which all life is recognized and experienced as the Son or pure radiance.

Live from the Heart chakra, the presence of divine love. As you join with others like yourself, the final mold will be set for the new identity circuit. The Christ has come!

This initiation from the fourth to the fifth dimension is overlapping the presence of the Creator Himself, as the Regent of the planet declares “It is finished. It is done.”

**Lift to your Heart-Mind where I AM. This is the identity circuit for your new dimension. The Christ I AM circuit.**

Now, having found God within you, the mastery completes itself, as the Creator Son and the Solar Son merge as a dynamic energy to fasten and to hold the Life I AM within every human being. For now we live together *in one body*<sup>1</sup> as the radiation of the *GodSelf* intertwined with the “Image and Likeness” restored.

*The Coming of the Christ is you, but it is also the Heart-Mind radiating forth as the Solar Son or Christ Mind.*

**Do not resist Me. I AM you.**

In this time of momentous change for Earth, humanity, and all creation, all religious beliefs and ancient teachings must be returned to the Godhead, there to be transmuted into NEW LIGHT.

The Creator is upon us. The process of uniting the World of Light with creation indicates a *new system of creative intent* where the Heart, not the ego, directs. What was, is not. This is a new creation. New laws and new beliefs will become your reality. Remember that you cannot bring old wine to new wineskins. Give up the old wine and remain open to the New

Wine of the Christ Son, the living creative circuit of the “I AM.”

Reread and contemplate the title of this section: *Do not resist Me. I AM you.* Everything is overturning. When you can give yourself to the I AM Presence, the Christ in you - the Heart-Mind or Heart Intelligence - you will find that you will be walking on water.

Your Christ Center is your Heart chakra. Here is your home, your place of worship, and your abode. From this place, your Christ identity will emerge as the Second Coming. As white light surrounds you and becomes you, this initiation takes place.

The Father-Son, the Father-Mother-Son-Daughter, is One Unified Be-ing. The passage into this dimension creates an impact upon all that you know. The world of separation from your True Self (I AM), or God in you, disappears and is no longer valid. You live in the Breath of Life and take your nourishment from that Breath. You are divinely conscious. The world that you have seen and known has no power. You are thrust into a new energy field - that of the Father and the Son together and joined as the Solar Son. You are That in your consciousness.

<sup>1</sup> With the ego surrendered into the Presence of God or the I AM Presence, we are one body, one consciousness. We are the reappearance of the Christ Soul on earth.

## **The Solar Son: the Heart-Mind**

The Voice of the Creator speaks from the Heart, for the heart considers all life *the same*. By direction of the Heart, all things are made. And they are considered united in the place of the Heart.

When you begin and complete all thoughts in the Heart, you can be assured that agreements are made and well done.

It is natural for the young person growing up to seek the Heart's umbrella and its place of refuge; however, many times this way is denied young people. As a result, they become confused and often angry or depressed. Some seek drugs to quiet the longing of their Heart.

With the Crucifixion, the Heart was established as the resting-place for the New World and the new creation. A New World was born of the Heart and created so that you can now enter this Christ Life and return to the original creation - that of oneness. OF ORDER.

The full realization of the Presence of God in the Heart chakra releases the "old self" - excuses it from creation. With the acceptance of the I AM Presence in the Heart, the Eternal Flame of God in you rises to declare Itself and the Solar Son is born as the true Be-ing you are.

Raise now your thoughts to the Heart Consciousness. Become anointed with the Holy Spirit, the Light from Above. Let glory descend upon you.

Perhaps you have heard or read educators, scientists or psychologists who speak about the Heart Brain, the Heart Intelligence. This is a relatively new discovery, yet the Ancients knew of the Heart Intelligence. They were initiated into thinking with the Heart. There were initiations into the Heart Center where man could achieve the highest learning possible and experience cosmic fields of wisdom and intelligence, thus uniting heaven and earth.

With the entrance of Jesus (Son/Sun of God) into our system and awareness, the Heart-Mind once again was activated, but in a new way. Jesus taught us as a Melchizedek Brother that when we relinquished error, our burden was light. He beckoned us to follow him to the golden gate of the Heart-Mind. And He showed us the way to that place in us that the Ancients once knew. He created heaven on earth for us and invited us to step in and feast at the table of God's Love and compassionate nature.

And now He beckons again. As the Creator signals the end of one world and shows us another, the world of the Heart-Mind opens. When you are ready, it says to us, enter in and complete yourself in Me. For you are born of the Light and the Solar Consciousness of the Heart and Mind together as one.

## **What Is the Heart-Mind?**

The Universal Kingdom is built

from the Heart-Mind. It is the creative potential that beckons to all of us to Be in the rhythm of the I AM. Your Christ potential resides in the Heart-Mind.

When you approach all thinking through the Heart, you enter the doorway of the Higher Mind; here in this place, you consciously realize the vibrations of God awareness, Truth and the Creator's Love for all creation. Can you see and understand why thinking for one's self denies the Christ dimension and encourages limitation, hatred, and malfunction of government? The fear-based ego wars against the consciousness of oneness and until it is discarded for the Solar Son, the Christ identity, wars will continue and suffering will be experienced.

Come to the Heart now, the Office of the Christ. There, live and have your being in Me. Release the lost world of illusion and separation from God. If you have the tendency to hold on to false concepts and worldly attachments, ask the I AM Presence to burn away the nets that have entrapped you and kept you from the Heart of God. Be enraptured now. Let Me sweep you into Me. Let the fire of My Love burn the last dregs of the false world. Become initiated into the Love of the Supreme.

*continued on page 4*

# The Identity Circuit

*continued from page 3*

The Heart-Mind is fully coded with the I AM presence. It is the Supreme essence of Truth, or the Christ Mind, often referred to as “the mind that was in Jesus Christ.” Let your awareness extend to heaven on earth and receive the blessing of My favor over you now.

The Son, Sun,<sup>2</sup> of God must emerge as the total receptivity and acceptance of your spirit into Mine. I have plans for you. Let My abundance cover you and radiate through you as heaven on earth. Release all else and come home.

Thus, in denying My Spirit you deny your Self. Your birthplace is in Me and your birthright is to have majesty in Me. Let Me radiate through you as the glorious Son of God. Sananda.

## **A Word About Sananda**

Sananda is the Living Christ in position. He is the Coming of the Word. As Jesus the Christ, He walked the earth and lifted humanity into a new place of creative power and Solar Sonship. He is the presence of Unity on this planet and has served as the Planetary Prince for this time of quickening and dimensional shift. He, Sananda, will return to His original post as the Ancient of Days when the radiations of the Divine Man have completely stabilized so that all may benefit from the omnipresent pure Godhood of this new creation.

Sananda is the risen name (nature)

of Jesus and as this is so, He r e q u a l i f i e s h u m a n consciousness and gives His name to the new consciousness of Christed identity: the Solar Son or Solar Man. Just as Jesus was the station of the Creator (Universe Creator or Creator Son) on earth, Sananda is the risen form and blueprint for the New Age. Be aware of this. It is important. From this all else will come.

# Many Changes Come

THE SPECIALS Vol 5. No. 22

Etheric Broadcast: March 5, 2000

This is a broadcast. It is a broadcast to all who have commenced their beginning, who were brought into this Earth to serve at a time of the Second Coming on Earth.

Pure light flows out from the heavens to the Earth. Easter begins with enormous energy from the Creator Himself. His blood pours forth into every cell of His own creation, creating and manifesting a body of light which is the assembly of God on Earth through each and every one. Peace will be a part of this assembly. Peace and joy. And the regions of nature will begin to change, accelerate in this light into a new dimension of divine expression.

Each Deva of the Light knows this well and is preparing itself, herself, to stand in rebuttal to darkness, to create from the highest potential the God cells on Earth and restore to this body, the planet, her nervous system that kundalini might flow upwards and outwards as divine sun. This powerful action, which will be demonstrated in this new vibration, causes changes - not unexpected - nor will they be unobserved. Be at peace now, little Earth. Walk with majesty among your solar twins. Walk with your brothers and sisters in this solar system as a divine unit of God's joy.

Heed the message of your hearts and minds, oh My planet, oh My people of this planet. Listen to the center of your being that you might breathe in balance with all life. And listen not to the words of false

religions for they have prepared you well but it is no time for them. It is time for the true religion on planet Earth and this speaks from the heart cells of every one.

Do not hinder the progress of another but let this one go free. Believe upon the Word, that atomic structure of true intelligence, and draw from that.

Now in the latter days which we abide within, tear the clothing from your shoulders that has been obstructing you and give back to God that which is no longer needed in this time of remarkable transformation. Lift your hearts in song that the music of the spheres can be heard and remembered, the perfect synchronization of the will of God and the strength of His Person in the solar cells of this new body. The Person of the Creator, who is the revelation of this new planet, will be a body of light. All cells, nuclear and otherwise, will claim this body.

Peace is upon the Breath. Abide there. Go now to the light that you might be a testimony to the Holy Breath, to the sacred body of the Lord, and to the will of the Father-Mother in you. The intensity of this vibration breaks through the clouds of illusion - parts them, so to speak. Many changes come. All that is breaking up will become a unified body of strength and peace and heavenly joy. This solar consistency, which is the Creator's body as Presence, proclaims itself now as I, Myself, draw all up unto this body, Presence. And in this body, we

know the true government of life and light. And we permit this government through our system as solar lords take charge and Devas of Light come in their magnificence. So let it be that all that is in seeming rebellion now - a loose chord - may be given, may be drawn up into this body, Presence of our Creator who we know as Michael, king of kings, our Universe Father, the one who decrees Himself through all life. And the blessings come. My people, creatures great and small, let the blessing of this body be felt. And the overlords of this planet proclaim themselves as the sons of God in magnificence and true form.

I call forth My own into the splendid light of Myself that the sound of My voice may be heard and the sacred light focus be of Me. The Son of Man becomes the Son of God and the priest of Melchizedek reigns forever supreme in the land of light. Keep the focus of the solar body now. It is the presence of your Creator as the solar Son demonstrating Himself as the entrance of God the Supreme.

Be there with us in this awakening and transfer your thoughts to the highest potential. When you decree, decree from the great body of the Creator and the solar lords will voice with you and act with

*continued on page 6*

*continued from page 5*

you and join with you that the Devas of Form will bring through into manifestation that which is spoken by decree of love.

I beseech all of you to stand with the Lord, to walk in His presence. Let the message go forth that we are entering a new prime time of evolutionary process: where the Christ is born in every heart and the Son emerges as a solar body unified in cellular consistency as light of the Word benefiting all the same.

I release now through the word of God the magnetic power to draw into manifestation this new body of light, the presence of Michael, our Creator, as solar body, government and love divine. Through this magnetic field that I AM releasing now by word of God, all that is in chaos, all that is in rebellion shall be drawn up, with or without consent, into this light of the Word. This new body of the creative power is established now as the solar body of God the Supreme acting through Creator Michael as the Son.

Blessed be unto you who hear this. Blessed be unto those who feel this message through their hearts and minds. Blessings go forth to all upon this Earth, creatures great and small, plants of all sizes, rivers and streams, stones and rocks and mountains tall. Let us all together, collective in union, become a great gathering of power and light to fulfill the Creator's wish to become one with us all consciously. And in oneness let us all say now, "It is finished, it is done."

And before I close this broadcast

this Sunday morning, let us know together in this focus at Mount Shasta that all animal people, all beings of nature are recognized, honored and respected as partners in this new light (authority) of the Son. From the heart circle of our being, we send our love, our respect and our act of joining to you—each and every one—that you might know that we recognize you in union with ourselves as divine. Blessed be this circle. Blessed be this life. Blessed be this partnership.

And to the great guardians of Mount Shasta and to all who partake of this energy field, we say we are one and we ask permission to be here that all might be done according to God's will, His time of resurrection and life attunement in this vortex on Earth. Peace be upon all as the snows melt in the sun.

I AM Crystal speaking and it is done. Broadcast closed. So be it and amen.

## **And the Answer Comes...**

The partnership that you have suggested has been accepted. It is a good partnership felt by us all. We have been waiting to hear these words and we acknowledge them. The announcement is well taken and will be respected, honored by the peoples of this place and we announce this gladly and in much love to you as we ascend together in the mountain of love. We are not divided now. We are complete. There is not one thing

that will move out of this circle.

And so when each visitor comes into your place, they must be reminded that you are a circle here and that each one has his place, his song. And without that certain song, nothing is complete. The waters would not run nor the snows melt. Let it be your task to speak of this and so give birth to a New World of light and love, in the name of our Lord Jesus the Christ, whom we know here as Sananda. And the joy runs like a river and it is good.

Peace now upon this planet and all upon it. Joy be with you and love. So let it be.

Om, Shanti, Om.

In heavenly peace, rest. And nature smiles at you and rests with you in the joy of the Second Coming, the Announcement of the Lord.

# Find Your Voice!

Keep your global consciousness despite the enemy appearances. THERE IS NO ENEMY IN ME.

Throughout the ages I have sent My Self as Teacher, Avatar, and even Son of God. I have sent My Self to you that you might be drawn up out of the maze of politics into the golden light of the true Christ.

We are not separate, you and I; we are one. Yet, that oneness looks out through a cloud of illusion. What might you do to clear this cloud? How best might you serve?

I would call you forth out of Me as a chosen light to bear witness to God's Love and His holy grace. Those who follow the masses, who drink of the polluted waters of the world, will be taught again of Me. They will not ascend, nor can they be Christed.

Let Me hear *My Voice* in you. Let *your Voice* be heard. You have been called to walk the path of peace, of divine, unconditional love. Be clothed in the

power of God after the Order of Melchizedek. Walk skillfully on earth. Believe no one that speaks of war, the murder of the innocents or the mass destruction of homes and villages.

The power that Gandhi taught, the power that Martin Luther King demonstrated, is My Way. I have no other way but this.

I say to you, Walk into your enemy's land with peace in your heart. Wear the armor of light. Give My love to all and change not My ways.

I have given you, My disciples, My love that you might carry it into all My lands. You are headquartered in Me. I have trusted you with My part. And Lo, I AM with you when you do this.

Let Me hear your Voice. Speak with the nature of the Christ. Overwhelm them with the love of

Christ. I have not come to wage war, or to benefit a nation. I have come to reseed My land in Me. Thirst not for power, nor give your thought to riches. I have come to set you on your feet. I have come to light the world and to give this world a *new order* of divine love.

Therefore, be not one who believes in "man whose breath is in his nostrils." I have come to demonstrate *through you* the power of My love and the triumph of My government on earth.

Stand with the enemy and be his friend.

I have spoken.
