# Mandate From Heaven

THE SPECIALS Volume 5, no. 12

August 17, 1999

As we recognize the divine light of the Creator through our planet and release our greatest love to her, that she might feel our love, this will quiet her now and give her great radiance. She needs your support as she rises in a greater revelation within herself.

It is time to become more cognizant of this great planet that we are living on and how she has given so much to us in this time of tremendous light. All can be quieted even as Jesus quieted the storm, "Peace, be still." But those who have the knowledge of a catastrophe, take your place to quiet the storms *immediately*. Know that you have the power to do so because the planet is with you and she will help you ingather God's grace. Take back the planet now. Claim your power. You are warriors, all, in My Spirit.

Do not let anyone or anything deceive you into believing that you are powerless. You have the great power of the King of Salem. You will carry it brightly. You will so deliver it that all will be still in humbleness to hear My words, the words of truth given through you as Melchizedek. Be clothed now in the order. Always remember that you have the power in My name, that you may speak as I AM and so quiet this planet and bring peace to My suffering peoples all over the world.

There is much fruit on the vine. It is overloaded. I give you the power, authority, to speak in My name and to still this planet from her rumblings and to fill this earth with gladness. Do not destroy her by your sense of powerlessness. Be clothed in the light and begin to walk as gods on earth after the order of Melchizedek. This is why you are here.

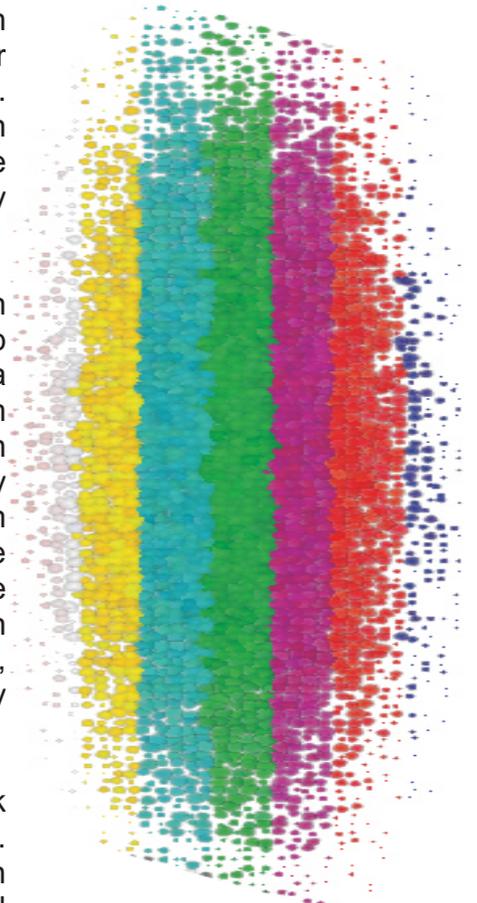

You have implanted your seed in the ground that you might rise up in this My mighty hour to begin a march all over the earth. Reach now to the furthest vessel. Touch each and every one with love, My love, and that which will be given back shall be the peaceable kingdom where the lion does lie down with the lamb and the sun smiles overhead and the rivers, once again, run pure over My lands.

Go, walk with the angels. Speak with the elemental kingdom. Carry your fire with you. Teach them, oh teach them, My sacred

name. And in knowing it yourself, you carry it as your Self. And drop not My name nor falsify it in any way. Ye are gods, Melchizedek.

Remember now. Go back to your humblest beginnings. Do you see? Wait no longer. Build Me a temple here after the order of Melchizedek. I have chosen you to build this temple and to begin this march.

Divinely ordained, be legions of light and carry My spirit with you. I AM Sananda. Peace be with you, My children of God. The gates are open and the fires are lit.

# The Image and Likeness

SOLAR NEWS Volume 5, no. 2

Your Son is your Consciousness. It is God acting through you to be you.

With the swift evolution of humanity, Earth and all her creation, the Mother Circuits are opening. With this current of Universe receptivity to the Original Vision, a resistance stored in man is congealing and forming as a massive rejection to the Incoming Light. We want all to know this, so you can be alert to your own feelings and reactions, because you are vitally needed as a balance and a stabilized awareness.

The collective energy field I speak of can be called the mass "Dweller on the Threshold" - that resistant energy mass which is boiling up now in a frequency of fear and denial of the perfect Word, or Image and Likeness of God. This is the collective "Judas" played out on the mass consciousness field of humanity at large.

Animal fear (man's fear for survival) is prevalent and can confuse and even cause doubt to the seeker or chela on the path of God knowing. As the God Essence is penetrating humanity, the fear-based ego (often looked at as the "devil") is resisting the new level of Conscious Awareness. And because this resistance is throughout humanity, the accumulation of this animal fear has vibrated into mass form as the personification of the Anti-Christ or Dweller on the Threshold. (I, Crystal, will presently be offering a dynamic and inspiring workshop that is designed to move the individual attending out of the "jell" of mass thought forms of fear and resistance [the old paradigm] into the Presence of the Higher Self, heaven on earth! This new assignment has just been

inspired and I am at this moment designing the flyer and brochure to announce this blessed gift of new power and *renewed* power.)

Humanity at present is fighting the transformation of itself and the evolutionary step into the Christ Self. And this has caused much pain, anger and vibratory discord. We will now take steps to inform the human consciousness and to ease the road a bit for the crossing into a *whole new world* where the Image and Likeness bursts forth to greet the novitiate and chela *as the I AM formed of God and Man.*

I, Crystal, have been shown by those who work with me on the Inner Planes that The Sanctuary School for the Light Children (Crystal Children, Indigo Children, and Children of the New Earth) is emerging (see [www.thesanctuaryschool.org](http://www.thesanctuaryschool.org)) to save the children from the predatory forms of education and ego-training. The Solar Plane is with us, as are the New Children. In this new solar consciousness, there is no death. The children are to be lifted from the debris of the death, decay and old age planetary program into their true place - that of immortality and divine grace. I will be covering this in the new workshop presentations, as well as the path to immortal living and "Living a Life Without Wrinkles"!

## The Judgement and Divine Love

As humanity is lifted to a new energy field, we are being "reincarnated," recreated and given New Life as God's Image and Likeness *on earth*. That is what the "Judgement Day" is all about. It is the Determination of the Priest-On-High (Solar Council) and the Creator Son to vibrate into the human heart the presence of God after the Order of Melchizedek. I AM THAT I AM.

There has been an enormous change on this planet. For humanity - and all creation for that matter - has been receiving the *Essence of God as Spirit*. This mobilizing Creator implant - vibrating Essence of pure Be-ing - is becoming stronger and stronger as It stabilizes within the human heart and the heart centre. *This Divine, Holy Essence is the Christ Child of the Universe, and It is overtaking all life at this time of planetary shift.*

Those who are more advanced in their preparation to receive the God presence are moving swiftly now - as rapidly as possible - so as to complete their assignment as the Coming of the Lord or Christ.

Those of you who are ready for this shift out of mortal consciousness into the immortal being that is the God

Son or GodSelf, *give yourself to Me.*  
*Do not fight Me as I come in and through you. I AM you. My original creation shall be seen and heard.*

The Christ emerging is the *original Essence of God (Spirit)* entering your system and rediscovering you as Him-Herself. This is a graduating point for all humanity.

Be conscious that you are a “chosen one,” and are experiencing the entrance of the Christ as the God presence (I AM) through your physical, emotional, mental bodies, as well as through your present out-picturing world. Your GodSelf will shape your being shortly and the shift will occur. Your reseeded in the Christ proclamation (*This is My Son in whom I AM well pleased.*) will now take effect. Stand ready to receive!

## Words About Being

There is One Consciousness. Within the Consciousness are states of awareness.

Consciousness is likened unto a field - a unity field of cohesive forces that realize within themselves who and where they are as a force of union and creative manifestation.

How you manage these forces within yourself constitutes your belief and ability to realize your participation in the Universe.

Many who are caught at this time - trapped by their own indecision and/or confusion and misdirection—can release themselves by *knowing* there is one Consciousness and agree with that. /

want no rebellion on earth.

We want now to vibrate the Creator Center. Are you ready for that? For if you are - explosions may occur of the earthly kind, as well as of the cosmic. We will manage these explosions by releasing more forces of light and love.

Note: Kundalini is the God Spirit within the individual. When this Spirit awakens to Itself, It sets off a reaction to outer forces and programming that can cause mental disorientation, even near-insanity, if the preparation is not made.

With the awakening of kundalini or Son/Sun, your Seat of Government is now present and your world has shifted. The One Consciousness realizes Itself within the Mother Spirit or rising kundalini. Submission or surrender to the Spirit or emerging “High Self” brings enlightenment, carried by the Mother Energy.

## Leaving Your World for Another

*How Man is Governed and Becomes God-like*

*Unified Fields of Intelligence*

Consciousness (God) releases of Itself universe/universal forces and subforces, which (likened to the “prodigal son”) are sent forth to explore various parts (subfields) of the universe. These

God particles do not have awareness of their place in Consciousness - as they spiral out into the unknown, they gather information, which is returned to Consciousness when these forces/particles return. (We use these forces to determine Creative Intent.)

It is a spiraling out - a release of God particles - that when they return, seeking “home,” create a new body, an electronic field of Light which gives birth to new vibrational fields of Intelligence and creative substance (I AM THAT I AM) never before experienced. This is the unfolding of the God Consciousness in dimensions and revelatory levels of Divine Light and Love.

Consciousness (Divine Light-Love) radiates out and vibrates back into a whole new presence of Itself, separate from the One yet unified through Its particle experience and memory. As Consciousness divides into cellular particles and breathes Itself out, a magnetic energy vortex is constructed so as to impel the released particles to return and unite in a current of divine Love known as the “Son.” Thus, new universes are formed. This is occurring now on earth and in the solar system. This activity is known as “Christ emerging.” In their return (home), the released particles (Spirit activity) form a *new universe reality* but in close association to the Divine

# The Power of the Now

THE UNIVERSITY PAPERS Number 168

Living in the now is more than being in the present. It is living in the I AM Presence. That Presence is the beginning and the end, the fullness thereof. Standing directly in alignment with this Christ Energy field is the New World and this World is yours *right now*.

The core of your being and the core of your reality is the "I AM," the Omnipresence. From this point, all things are omnipresent; all things are real. If you would understand this Consciousness, you would understand I AM THAT I AM. You are the Creator and the Created. *We are the same*. In this dimension, cause and effect are no longer real. All is made in its wholeness. We come to the clear understanding of Beingness. This is the emergence of the Creative Principle also. You do not have to ask and that which you wish for already is. *Your claim externalizes the wish and gives it form*. When you know this reality, you are the Creator and the Created, the form complete.

Can you understand why the practice and the discipline of detachment is important and a key to objectification? Only what you hold on to (Jesus called them "your nets") is not real. Reality is the Creator and the Created at one in Universal Consciousness as the I AM. Thought Adjusters must conform to this rhythm, otherwise they would not carry the Father's Voice and the triumphant entry into God's Kingdom and His/Her Presence.

*Objectify the One and you have everything.*

Releasing all sense of self, the Consciousness of I AM produces of Itself, and the Garden of Eden is restored.

You are the Creator and the Created.

***The Creator moves in  
the present moment.  
It has no past or future***

You are the One and you are the Nothingness. Yet, only from the Nothingness can you know your True Self. As the Solar Son emerges to vibrate through all creation, you are recircuited and restored into the Word Incarnate.

The path to Energy commitment is through this circuit. The Creator and the Created are one. Until your consciousness realizes *and is in agreement* with the Father of All, *there is no released Consciousness of I AM*.

There is no creative center in the third dimension. You are here on Earth to actively die to be reborn, to rediscover your Christ Presence as the I AM, and to live in the Creative Power where you can bring forth the fruit of the I AM. You are here to restore the Earth to light.

The creative thought emerges from the now. The core of your Be-ing is the I AM Presence. If you let thoughts and feelings of lack, possessiveness and judgment fill your mind, you cannot exercise the now.

You cannot walk in the future or the past and be in the now. You can clear all astral illusion from your life if you cleanse yourself and become as a child again kneeling at the feet of the Master. All ego-based attachments and fantasy desires must be given to the Master. All thoughts and feelings for self must be released to the vibration of I AM for this core to vibrate in majesty and golden hue.

To enter the Kingdom of God you must first relinquish the past, present and future. It is not enough, Jesus told his friend and student Nicodemus, to be loyal to me, to know the secrets of the White Lodge. You must be born again to the Light of your own inner being. You must give up all that is dear to you—surrender worldly possessions and emotional attachments. Then come as a little child, first born, to the Christ within, the city of Light. What comes from that anointing will be the True Self, the GodSelf.

## **The GodSelf**

The GodSelf is the embodiment of the I AM Presence. It is the perfect integration of Spirit and man or Consciousness. It is the joining of man and God into one Being breathing the Breath of Life and walking with the Creative Power. It is the original creation.

The GodSelf is not the core Being I AM. It is always the emergence of the Creator and Man (Consciousness) at one, in harmony and in Christ Love. Pure detachment brings forth this Light. When you are free of any sense of self, the GodSelf may well be the radiation you feel as your life in expression.

Caution: Do not bring the ego into the I AM Presence. That will only result in astral illusion. There is no ego, no identification whatsoever in the Presence, other than the Presence. Only God exists in that place, the I

*continued from page 5*

AM. You must lose and loose all sense of self to enter the Kingdom or God Presence. You must leave all to find all. You must give up everything, yes, even your desire to meet and become one with your twin flame. There are no twin flames in Me—not in the original core—because there is no separation, no opposite and no consciousness other than I AM. *This is the first reality.* Now let us talk about the emergence and the playful dance of the Creator and the Created!

## **The Dance of the All in the One and the One in the All**

When you learn to exercise detachment and the discipline of surrender into the God Presence, you are no longer a prisoner of form. The secrets of time and space are open to you. You are free to roam the universe in the Christ body.

In the now, with the Omnipresence as the core and energy point of your soul rhythm, the Omnipresence as the now uses your awareness, consciousness, mind and heart to radiate forth as I AM. If you cling to the ego as your identity circuit, there can be no room for the I AM Consciousness. “Go empty to be filled” with the living water of Spirit. Lose yourself to find your Self, the Supreme One on planet Earth here and *now*.

Young souls on the path will bring the illusionary self into their spiritual identity and revelations. They have twin flames that they have created within themselves to keep them company even as detachment calls out “let go”! They, in their innocence, take credit for what appears to them as spiritual works such as healings, messages from the “masters” or spiritual teachings. *They know not who I AM.* The surrendered being will kneel at the feet of the One and release the false identity into the Christ Light.

In the emptiness of Be-ing, I AM can fill you with the Christ presence, the Sun (radiance) of God. In that moment of fulfillment, the Word is incarnate—the Living Word. No contact is made with the ego. There is no self in this alignment. There is only One and that One is the Son, the Christ Self!

From and as the Oneness of All Be-ing, you as the light of the Oneness can produce the Oneness as form complete. When this happens, you as the Light may experience the joy of the creation. But always remember that you are not that form. You are the Light of the Oneness and must return to the Oneness to live, breathe and realize the I AM. When we get caught through our attachments and fantasies in the form, we lose the reality. We become prisoners of form and subject to dis-ease and death. Jesus gave us the law for this dilemma: *Lose your life to find it.* The consciousness must surrender to the GodSelf, the Light within or Oneness.

How is it possible to enjoy creation and all its forms and not become attached?

You must continually refocus your attention into the Christ Self and the I AM. As you focus on the Christ within, release your present identification with your human experience, all of it. Let go into the God Center or Christ Center in the Heart. Retain nothing...no relationships, religious programming. All must go into the Light. Give permission for the Christ within to express. In this alignment, there will be a moment of nothingness where you are empty

to be filled. Then you will be in the now again experiencing the pure freedom of Being. In Being, the I AM is released as form. But your consciousness is with Being and you are the Creator and the Created...Christian and Buddhist... You are the presence of all life in abundance, in harmony of expression, in Love. This Christ dimension will fill you and fulfill you.

Enjoy the Creative Power within you as the divine dance of Life intended. Realize that you are one with the One and you are one with all life as the Creator and the Created.

Stay vitally alive in the Center where you can be clothed with light. Be powerful in the now, for now is everything and it is I AM.

# The Body of God

THE UNIVERSITY PAPERS Number 161

From the “Word Incarnate” to the Body of God the world is manifesting into a whole new radiation of the “I AM.”

The Creative Circuits (I AM) now are disturbed and will be continually confused and disturbed (due to increased solar activity) unless you release in your awareness and frequency experience the attachment you may have on the declining world of division, separateness, and material greed.

We (on earth) are all in this together as we move into a new level of Being. The focus now is on The One and the Creative Circuit of the emerging Christ.

In the New Light, which is embodying on this planet, earthly bodies as you have known them will be no more. The collective Body of the Creator Lord will rhythmically energize your bodies. And *all* the creative circuits will be a part of the full manifestation of the Body of God. Prepare for this.

In essence, the Christ emanation has formed of Itself a Body, or Intelligence, which weaves all life on this planet into It. As a result, there will be no sense of separation. *The New World ushers in the presence of Manifest Son.* The body has to adjust to this order and it will. You are part of a Body that has completed Itself through Earthman and knows Itself as the Consciousness of the Solar Son or Christ (Sananda).

*Do you think I sent My Son for naught?*

As the Solar Man emerges, *the One I have sent*, the Legions of Light contribute to the new dimension as Oneness takes over this planet. The Voice will rule and the contact of the Presence as a *unifying Consciousness* will bestow a period of peace and harmony. In this time of God Body, the members of the Body (all fleshly ties will be broken) will work together as members of the same body. All will prosper together in this Creator Lord Body *and not one will be left behind! I will gather My Body up unto Myself.*

The alignment, in this way, will permit The Christ to govern and *to overshadow the planet as the Planetary Prince of Urantia.<sup>1</sup> All within the Divine Presence will be treated as parts of the whole.* All will be considered with equal right and all will be given the heavenly stream of Grace that is bestowed on The Son or Solar Christ. *Not one will be left behind!*

Prepare now for this incoming sweep that will initiate all together as one Body, the Body of the Word, the frequency Body of the Lord. All initiations will be over then. A stabilization must occur that enables Gaia/Earth to make her ascension into the Queen

space of the Universe. A revelation will then occur through the Solar Logos that will reveal the solar gates and put Mother Earth in a whole new body. Then will the initiations begin again but of a *new order.*

## Starting with You

Your body has to be released into the Christ dimension, so that it can reestablish itself as a *working part* or member of the Body of Light, the body of the new circuitry: the Christ emanation of Love and Light.

The Master Jesus gave specific directions as to how you were to release your material, lower dimensional earthly body. He gave you important instructions also as to why you were to translate into the Christed Body of the Universe. This Body is the connecting energy field by which you receive your power, guidance and creative expression, as you emerge with the Godhead as *My own Expression.* Note: You receive your immortality through the Solar Son or Body of God.

The Body of God or Christ Body is One. Rapidly, you, as mortals on earth, are being drawn into the Intelligence of God’s Body,

<sup>1</sup> Urantia is a name given to Earth. This name was revealed in *The Urantia Book* revelation.

*continued from page 7*

the out-picturing of The One. This is a frequency shift for you, and it is a consciousness shift to the highest degree attainable at this time.

The brain material will reject all sense of separation from the One we know as God. *You will be inseparable.* My Being and My expression will be unified in the degree of The Christ and this will last until the Hour I come again as The Ultimate.<sup>2</sup>

## The Meaning of Selflessness

Those who are students and initiates of the mystical journey are well acquainted with the direction “Lose yourself” or “Surrender,” “Die daily,” or “Let go of the personal sense of self.”

The Master Jesus instructed us that we must lose our life to find our life. The Master said we must be “born again.” We cannot understand these instructions until it is our time to cross the bridge of transformation and unite with our high self, our GodSelf. Where spiritual seekers were given the time to develop, prepare and then enter the gates of initiation and transformation, *that time is no longer available.* As Jesus (Sananda) has said so often recently, “There is no time left.” He spoke of a time molded from the Beginning when God would emerge as a frequency plan and a Presence fulfilling all earth. That time has come and we are in that moment of the Creator emerging as all life in oneness. (Although in the Absolute this has always been so, the actual

emergence and personification of this Truth is right now.)

Many light stars, dearly beloved beings from other planets, galaxies, and even universes, have incarnated or are standing by in the invisible realms for this mighty transition into one Body, the Body of Love and Light, the Body of Christ. Many of these beings have been veiled and have walked and talked as mortals, yet they now are awakening to their angelic natures as immortals. They are walking this planet and you may be one of them.

The emergence of Christ (God) as The Son embodiment, a dimensional sphere of reality, is moving rapidly into the planet as well as into the human field. The need to unify with others, network, form global relationships and organizations, strengthen the United Nations, are all representative of the new Body as It connects to all life and encodes the Christ Message of love, compassion and oneness. This need to reach out in brotherhood and sisterhood to embrace peoples of many nations will erase religious bigotry, past hatreds and personal sense of power and greed. Christ (Genuine Love and Compassion) will be alive on this planet! Not Christ as separate from the Buddha, but Christ and Buddha as the heart of God and the Body of the new dimension.

What must you realize and be aware of in this shift from extreme separateness and isolation to oneness and companionship with all life? Practice selflessness. In this practice, shift your attention to the Body of God. Feel that Body and experience the Intelligence and caring that envelops you within the body. This is Grace. You have a special place in the Body of God. That place may change from time to time. As a member of the God Body, the new dimension, you may intuitively sense to shift your location or change your vocation or line of service. As a light upon this planet, you will be asked as a member of the Body of God to give light to the darkness and that may entail a move for you to a different city, state, or country. *God is moving you as a part of His Body.* Do not hold on! You are a cell *within* the God Body, a solar light and a sheltering branch.

As your awareness shifts into selflessness, yet oneness with your GodSelf, planetary illusion will vanish. You will think and feel as the whole God Body. And you will cease to call people or things as “mine” (i.e., my family, my wife, my son, my bank account, my house, my job).

---

<sup>2</sup> **God The Ultimate joins all life into a conscious knowing as One unified Being. This Light will not gather for some time to come. It is enough to prepare for the Unification Principle of the Incoming Christ dimension and the solar Presence of the Living Son on Earth as dimension, Body and governance.**

# The Body of God

*continued from page 8*

This shift can be disturbing and confusing. If you know what is happening and you understand the Principle behind the shift, the actual transformation will take place with relative ease and joy. It is critical that you DO understand this shifting process, as you are needed on the field!

God is forming of Him-Herself a new creation. He-She is gathering *all* into Him-Herself. The Holy Spirit does the work.

## From My Notebook

- There is no evil in Truth. You see, when you separate yourselves from God (Truth), then goodness leaves you. It is not *active*. Oh, you can try to be good, to be kind, to be compassionate, but you will slip up because you are human. Yet, in God and with God, goodness, genuine love, and compassion *are* active and there is no evil.
- Your points of stress and worry are from mental activity based on mortal thought and mass consciousness. It is *not* the original man thinking! *You are original man.*<sup>3</sup> Let your consciousness be as it was in the beginning and release the mortal structures of thought.
- When you have released all and everyone from owing you a debt—be it a debt of gratitude, appreciation, or money—you will be out of debt yourself. It is the Law.
- Never hold anyone in debt, nor hold yourself in debt. That creates karma. God is one.
- Don't try to correct the appearance. It is not there. Illusion *has no reality*. See through it (as unreal, a lie) and it is gone.

Center, God the Ultimate. This reality base will remain intact and will be governed by the joining of the Creative Forces.

Note: The magnetic field impels us all to seek and to return home - but this is a new home, created out of the Father/Creator's intent and the desire of the returning "particles." You cannot ever return to the same place. It is impossible.

*The plurality of My Being and the Many Cells of My Body-Consciousness determine Who I AM.*

**When a "Son" is born, the Mother Spirit has released out of Herself a God-Image or Creator-Particle in the image and likeness of God.**

Your *conscious* union with God is your world. It is the vital force through which *all* must come. Re-enforce your world now by knowing that there is one Consciousness. That Consciousness is flowing through you now. *And I AM That.* Join in communion

with all life in this upliftment to a New World where *I and the Father are One.*<sup>2</sup> This declaration of supremacy raises the whole earth into clouds of glory and joyous celebration.

Release all doubt and negativity from your system. Be receptive to the Incoming Light of Be-ing. Stand ready to receive.

Your acceptance and conscious knowing of Truth is of great assistance to the Spiritual Hierarchy and our Creator Son's Plan as He releases His power circuits into Earth. Like strands of brilliant Light, these circuits enter Earth and change her body into vibrations of Love and Light.

When you know the Truth of Being, declare it. Give it birth in your consciousness. All fades but the light and life of God Consciousness. God is all in expression now as Ultimate and Supreme rhythm on Earth. *God is Love, all-encompassing Love.* God is government, shining forth as perfect health, continual supply and expression as the I AM. *Be there with Me in the creative celebration of My Life in you.*

---

<sup>2</sup> This declaration was set in the Unity Records of this planet by Jesus of Nazareth.
