# Discernment

The Master's Papers, #109

I discovered the following transcript wedged in between the pages of "A Treatise On Cosmic Fire" by Alice A. Bailey. These words, given to me, seem relevant for this mailing. Even as the Master speaks to me, He speaks to all of us.—C.

## **Discernment**

Because we are in a critical period of change and transferring energy from one path to another, there are several points of discernment that may serve as a hand of Guidance for you.

1. Who is the teacher? Those who laud themselves, proclaiming themselves by titles, foolish names and advertisements; lauding their own capabilities and accomplishments on the path of illumination? You would fare well to avoid these ones for they are not of Me. They are still trapped in false ego and have not reached as yet the realm of the true teacher after the Order of Melchizedek.

2. You, too, must learn and practice discretion as to what you say and how

you say it. There are those who would capture your words and imprison you by them.

3. Envy not. Those you envy may not be who you think they are. Return your full attention to the Christ within your own heart. It is here, in this place, that "All that I AM is yours."

4. Those who say little to nothing about themselves and demonstrate living truth are the true Melchizedek teachers, not the ones wearing labels on their lapels.

## **Divine Direction**

I had entered into meditation and healing prayer for specific individuals who had requested my help and prayer assistance. As I did so, I received these words:

***I want them to come to Me for everything.***

With what compassion it was spoken! Here is your alignment and your direction. It is the way through

the threshold into the light. It is the secret of initiation and the grounding of new light energies on earth. It is the presence of God's truth revealed.

## **Are You In Compliance With The Now?**

Learning to live in the Adjuster's<sup>1</sup> rhythm requires us to live in the now. This moment, closer than breathing, is the activation of your Adjuster. The passing of time is illusion. Your preparation for death, illness is stupidity. Nothing but that. We who are afraid will live in fear. And fear will govern our lives. But that one who seeks only the Will of the Father shall be called My Son.

Lovingly I pass this to you and with great love in my heart, I say "Come."

Peace and joy be with you,

Crystal

<sup>1</sup> This refers to the Thought Adjuster or the "Father Within," the Father fragment that indwells each of us, who counsels and directs, who adjusts our thoughts and seeks to fuse with us as one mind, one heart. The Thought Adjuster is often viewed as the Inner Voice of truth.—C.

# Neither a Beggar nor a Lender Be

The Master's Papers, #13

Stand in the Creative Power - which is alive on our planet and create from That: what is noble, what is good.

There is a reason for your test in faith as you now face a Creative Power that is virtually NEW to this planet. It is a power of MANIFESTATION.

As you have learned to live in faith and to trust in the Lord, the Word, so now you are ready to vibrate at-one with the Creative Daughter, the Creative Power.

Such a Power has been unleashed upon this planet as to delight the blessed angels and holy legions of My Son. We are transferred into a Power of Creative Intelligence and immediate manifestation can occur.

Humanity - the initiates of power - have been called into a deeper level or degree of responsible power wherein EVERY THOUGHT and EVERY WORD must be understood as verbal decree, a just and probable manifestation! Every thought, every word, every feeling is to be registered as CREATIVE. It MUST manifest in this power of My Own. Those of you who have studied and continue to study with this University are presently being tested in this Creative Power. You must accept this test, for, like it or not, you are ready to accept this responsibility of creation where every word and every thought becomes a divine decree of Christ Energy!

Therefore: There must be no self-

hate, because if a student is still nourishing self-hatred he or she will most certainly reap from that. Stand strong in your Christ. Be still and know that "I AM" God. Nourish that identity: your God potential. And position yourself in My Power FOR THE GOOD OF ALL.

EVERY WORD YOU SPEAK BECOMES A SEED THAT IS PLANTED IN THE CREATIVE POWER. Every word is your responsibility. You are a child no longer in the transition of a new and vital humanity. Come forth and Be!

The recent increase in the Creative Power throughout this earth forces negative claims to objectify. Thus, if there is still darkness within you, that darkness or negativity will manifest in your life at a much faster rate than before. For the Creative Power is literally forcing any negative concept, emotion or past record up into objectification. Recall the warning of John The Baptist "to make way for the coming of the Lord".

As I, Crystal, contemplated these thoughts, the words came to me: "If they are going to live in Creative Power, they are going to have to watch their thoughts and feelings".

Every seeming need, be it an article of clothing, a workshop to attend, a brand new car, the bills that are due...Every

seeming need is the CALL TO CREATION! Exercise the Power. Give it breath. Plant your feet in it and walk with it. Be ascended!

Every need appearing is creation EMERGING. Standing in the Holy Spirit, Creative Power, thank the Father and give birth to "the Son". The Son in this case is that that is allowed to manifest by your faith.

There is no limitation in God. God IS. Begin to monitor your thoughts, feelings, concepts. Reverse the "I can't" into I (in God) CAN. Reverse the "I don't want..." into Father, I WILL!

When "human" life is over (or human sense) the true life can begin: the life of Christ in Man. For when Man (he or she) reveals the King, he is one with Him.

You must begin to produce. Remember how Jesus cursed the fig tree that did not produce of itself. GOD MUST FLOW and I AM must be expressed. Rise to the place that is prepared.

Neither a beggar nor a lender be. Let your consciousness become the Christ. This is the fourth dimensional attitude.

# Look Neither to The Left Nor The Right

The Master's Papers, #77

Once you are "on the path" of transformation and unity with God within, the Spirit within you, you define things differently. There is no comparison between you and your neighbor or your friend. Each individual is unique - quite different - as to the steps he or she must take in line with initiation and the preparation for that initiation.

I tell you this now because many individuals, sincere students on the path, are still comparing their lives with the lives of others. This is not the way for the lightworker! Nor is it the way for he or she who is in preparation for selfless world service. Remember this. Be grateful that you are watched over and guided in line with your past experiences and your future service.

The inner gate does not open to the uninitiated. The chela, the disciple, the one who seeks to find, is *initiated* into the centerpoint of Being. The soul must be at rest there in that place of unity and Christ Spirit. For it is in this place of unity that I AM. World service begins here.

When the chela's life is turned over to the Presence within, the GodSelf emerges and Truth begins to play a part in that one's life.

This is important to remember: Do not covet another's life for that life is not yours! You are unique and have your own lessons to learn. To envy another is to miss a beat of your heart. Be envious not. You are in a school. This Earth is your teacher. Listen! And want not for yourself. Your great release lies in that place of unconditional service, asking nothing for yourself, not even companionship on the path.

Look about you. What are you learning? Have you crossed the bridge yet or are you still holding back? If there is a pattern you have set, release that pattern and let it go! The sacred center of your being wants to express uniquely and truly. When you walk the path of initiation, you have one life. That life bears witness to Itself as the Christ.

Listen to the ways of your own spirit. It is foolish to compare your life with another. Let God unfold as your real Self. Trust in that unfoldment and rest not in another. I AM the way, the truth and the life. Follow Me. And the desert shall grow as a

rose. Be at peace, children of My own way. Be at peace.

## ***The University Has A Purpose***

The purpose of this University is to present an energy field or vibration an octave higher and beyond what you have been accustomed to in your schooling and daily experience. The increase in vibration, within the thoughtforms activated by this University presentation, is to awaken higher dimensions of Mind Intelligence that have been dormant in your Earth experience<sup>1</sup>

The light of this program presented through the University of Melchizedek takes you directly to the stream of thinking that is My original creation. It is the program of uniting with the Thought Adjuster, the Father Within. It is also the program to officially open you into the new creation or the "First Creation" *as intended*. We, as masters of the White Lodge, want you to vibrate *actively* as Creative Intelligence at one with the Universe Mind. This will bring you consciously into a new order of being. It will

<sup>1</sup>This refers also to the purification and the opening of your higher chakras. The University is focused on the ninth, tenth and eleventh chakras or centers at this time. We wish to activate those chakras for the Work ahead in alignment with the Truth Circuit.

# The Importance of The Will

The Master's Papers, #80

Often in the spiritual teachings the word 'surrender' is used. This term can be misunderstood. Because in the act of spiritual surrender, you become far more power-filled than if you had not surrendered into the spiritual energy of your own Life Circuit. The act of spiritual surrender realigns you to the GodSelf in the body, mind and spirit.

Your own will is honored, deeply respected and encouraged in the functioning and blossoming being that you are. It is one thing to be willful and another to release your will into the God Being you are for greater strength, elasticity and authority. How does one say the divine Word "I AM" unless the individual will is unbroken, in place and aligned to the GodSelf?

I AM is the will, is it not? It is the placement of God in man as Be-ing. God in expression is the Will.

Picture - if you will - the vibrating I AM Presence as the Will of God. This Will is co-partner with your will. As you agree in heart and mind with the Will of the Creator or GodSelf within you, you are setting up a flow of power and authority that accomplishes and achieves.

Take a good look at your will. Are you aligned with the I AM Presence? What does it mean to be 'aligned' and how might you accomplish this?

If the body is to be clothed with spirit or the light of God, how might your will play a part in this creative pattern of body change?

You and God are One. The degree of oneness or unification is perceived by your awareness. Where is your will now? Is it in agreement with 'The Father's Will'? What does it mean, *Thy will be done*?

The discipline of listening to the Thought Adjuster, or the Spirit of Truth, and following the guidance of that Master Teacher, changes your 'little will' into the all powerful God Will. In the oneness of God the heavens can be restored as can this earth. God's Will is the recircuiting of energy that enables human beings to rise to nobility and masterhood.

This alignment of your will with the Presence of God or Truth stabilizes you. It is this stabilization of will that raises the curtain into immortal life. Such a discipline can be likened to straightening the spine. The might and the power of God's Will flowing through you creates the Initiate.

Surrender to no one! Align with the GodSelf. In that place of

union and realization be quickened! It is here form changes, and mind beams new thought to the universe.

The Will of God is *your will* when you open your eyes and release the old patterns of a false creation.

Walk in oneness. Think in wholeness. Command with God's perfect Will.

## Bargain With No One

There is a price for everything. Your Inner Voice, God's Will in you, sets the price. Pay that amount. Without argument. When you listen and agree with the Inner Voice or the 'Thought Adjuster, there is but one price to pay.

**Note:** When you listen and follow your own Inner Voice, you walk the path to Godhood. Listening to the Inner Voice within yourself is creative, freeing, and it is courageous! Be not a doormat. Rise and be conscious!

Be the GodSelf in all you do and say. Walk universally. I AM *you*.

open you to a network of Creative Power never felt on Earth until this time. (This is one of the reasons the Master Jesus said to His disciples, "Greater things will you do.")

We realize that this lesson material is not easy. The materials and concepts are meant to stimulate you into opening intuitively and intellectually as light guardians on earth.

How lazy human beings have become! It is not easy to open the mind to new concepts, is it? You, who have entered this Melchizedek Light Program, are in a new dimension as you study the concepts given. Learning to align and fuse with the Inner Voice and the Thought Adjuster will place you in the higher chakras of divine being where thinking is vibration of Divine Intelligence. You must *think* with God Intelligence now.

At the University of Melchizedek you are taught, guided and encouraged in harmony with Christ Mind to vibrate out of human/mortal intelligence into the solar Christ Mind or solar consciousness. This Mind is a place of unification with the Creator who abides within you as *Oneness*.

Each and every word in the lesson material presented has been

designed to open you further into your own light and to open your chakras or centers to the Cosmic Man who you are in Truth.

Every word is designed *mathematically*<sup>2</sup> to open you into a new realm of living light. Decoded, you will discover infinite records of radiant Intelligence vibrating for you. Therefore, do not be discouraged if you cannot understand the lesson material with your mortal mind. There is another place to go. The University is created on this plane to assist you in aligning with the Higher Mind.

These Melchizedek studies are as a new gate offered to you at this time and are well worth the price of discipline, patience and dedication. This is a masters' school. A University Training Center for illumined teachers in the new world of light.

Blessings from Crystal and Kuthumi

<sup>2</sup>Code of mathematics here is the divine formula I AM THAT I AM.
