## LIVING WITH DIMENSION AND CHANGE

Let's center for a moment. Go to our Christ center where all is one and human understanding is increased to the divine, and we operate from one mind in consideration for the all. Wherever there is conflict -- below the conflict or in back of it or underneath it -- is change. It is always a signal of change. And when you release your resistance to change, the conflict ceases.

How we take change is one of the great lessons of the Order. Change will often occur as an effort to upset a sense of false security within an initiate or disciple. Change will often open the door to a new dimension and a new vibration of Living Truth. Change doesn't mean indecision. *Change is an attunement.*

So I ask you now, how do you react to change? Does it upset you? Are you clinging to old ways, old thought forms? Or are you readily adjusting to new light? Change is inevitable, and when we are building, such as we are, change is dynamic and vital. When thoughts and behavior patterns become too set, too ritualistic, you can count on change! That is the way of the path.

So, change relates to detachment, doesn't it? Change also flushes up fear and threatens the world of control and rigidity. The human ego needs assurances. There are no assurances for the initiate other than the Spirit Itself. IAM the only reality.

Change releases you to the creative process and to the world of instant manifestation. And change relates to not only our world of light, but our *body of light*. The Earth is changing her garb. You cannot be with her if you are holding on to a world that is no longer valid or helpful to you. Change is creation stirring to be. The minute change enters your life, rejoice! You are entering into a new dimension of realization and conscious awareness.

## The Coming Of The Light Community

Forming now in the etheric zone is an Intelligence Light Community as a focus of power and light for the University of Melchizedek. This community of advanced souls are initiates of the new order and will be called to a force field already established in a land of the Mother. This area is closed off at this time...waiting.

Much of the training period is over for any who can handle very high, exceedingly high, vibration. We, the Great White Brotherhood with the Melchizedek Order, will be calling forth this community within the next few months. If you hear the call, answer it. Those of you who have been wondering what the Ó701 Los AltosÓ exercise was all about, I will tell you this. It was all about community, service rendered to the Creator in behalf of the World Plan. He who answers quickly is connected to the light! I AM forming a community of Me.

A window of opportunity is being opened once again. This window is the passageway into a new world of God's life in the sanctuary of the Mother Christ. You will have more information on this shortly. We will not leave you questioning. The Earth must now be fed by the Light children of the Universe. It means the passage into a new world for you who hear My call and heed it.

Burrow not in the misery, nor in the enticements, nor in the false assurances of the mortal world. I have a better world to offer, God's world of light.

The Release From The Mortal Vibration

The world of light is a new world emanating. It

## DO NOT CONFUSE THE UNFOLDING PROCESS

As you have begun to enter into a process of spiritual identification and birth, so is it very -- extremely -- important to attend to that process of Truth unfolding as your consciousness. It is very much like a child about to be born, your inner Child. It is too late to go back. The child is already formed in your womb or subconscious. That child -- your unfolding spiritual identity -- must be allowed to rise as a conscious memory, a reality to you.

What we do here at the University of Melchizedek is to feed you vital energy -- nourishment -- so that the Child who you really are will be born. All that you have and all that you cherish is within that Wonderful Child, that fruitful Child, that Higher Self who is ready (that Jesus state) to be recognized as who you are in The Christ.

"Be fruitful and multiply," The command went forth (Genesis 1:28) thus actualizing the light of God as children of The Christ. (We would not learn this direction for many eons, yet it is so.) We are reborn into The Christ Presence or the personage of the divine Idea: the I AM. This is a vital realization that human beings are remembering on this planet.

When you visit evil upon yourself, hating, despising, condemning the Inner Child, then you confuse the reality-program, or the Jesus Program, set in motion by your acceptance. And when you cause confusion within the womb or subconscious, you then can cause a paralysis within the subconscious, stalemating the flow of divinity that is desiring to express as you, as you, as You!

Stay true to your decision to come "Home." Let all your thoughts and feelings celebrate the vibrant life you are as light of the world. For the Child of you is your own Being: God in man: Melchizedek.

You have begun a process. You must truly trust this process. The Master Jesus has said: "Your world is not my world." A world emerges through this process; it is the natural world of God.

Once you have made the commitment to surrender your life to the one Life I AM, then the process begins to move -- much like a growing tidal wave. This spiritual direction you have taken is in the Mother. The divine birthing process has begun. Respect, and surrender into the process of Christ emerging as You. This divine process bears a Son of Itself, the divine Son of God, revelation in you. As you trigger this revelation within yourself you are born again. You found the Child of your own being, the precious GodSelf: the Christ of you as You.

Make way for the Christ! Make way by your trust and belief in the fulfilling presence of the Almighty God in you as the SON or Christ in man/woman. Live to please God by loving that Inner Child. And recognize this Child -- who you are -- as headquarters of the Supreme: the new consciousness on earth.

Waste no more time in battling with the ego or the "lower self." Let the Child be fed the nourishment of your love. And It will grow and dissolve all else but Itself.

Peace within is the Child. Radiant and Supreme. The "golden Child." The Christ. Wherever you are, in whatever capacity you serve: Remember that Child. For the Child in you will be born. Such a birth could liberate the planet and bless the fold.

What a day it is when you discover who you are in Truth. Let the Child be born in you ... come into fruitful expression... God's SUN in you as I. Keep your eye on the Child. Watch and pray that all may receive what is written here in the given name of the Jesus Program, after the order of Melchizedek.

Come Home children come Home. This is the second coming as the Child in you rises out of who you thought you were: divinely decreeing unto you who you truly are, as Life of God: Son Manifest.

Blessings,  
Crystal

## A Letter To My Initiates from Kuthumi

To The Original Keepers:

Greetings,

Acknowledging the Christ within your heart, which is the God Seed placed in you as your Self, is your protective field of Intelligence. Wherever you are there is no danger when you acknowledge the Christ vibration within your heart and soul. This positive focus eliminates all negativity without hesitation. It is immediate and all-inclusive. Remember this please as you go into new rhythms of light measurement and serve our Plan.

You have been called to a high assignment now, that of serving The Christ as a unit. This radiant energy calling will build a new world of light. To those who have consented, I say with my brothers and sisters of the Great White Brotherhood, Thank you. We recognize your sacrifice for the good of the whole and we are forever grateful to you as you join us in building a new world of illumination and Christ love.

Begin your ascent now. As you do this, I, Kuthumi, will be with you. I will escort you through the walls of maya into a universe of gentle people. We all welcome you with open arms into the Christ vibration of service. Delighted we are with all of you who have signed Sananda's Pledge. And we turn now to the resurrection of all life, creatures great and small! Let us now be about the Father's business. And rejoice that your time has come.

Blessed are they who return to light.

carries with it a whole new identity circuit without family or friends of the past-present karmic relationships. They are finished when you enter the world of light. There are no karmic relationships in Me! Only the Son/Sun of God emerges in direct service to humanity.

This victory over the flesh, this complete release of all mortal coils, allows the victorious individual to rise in consciousness to his or her soul plan for this new era. Please listen, read carefully and ask for deeper, greater understanding of what this means to you: Your life as you have spent it is finished when you recover the documents of your higher life and service. You are no longer tied to your family coils, your husband or wife, the church you were attending, the job you claimed as your means of livelihood. You are now Mine. Of Me. Born of Me with every aspect of My glorious Son-Daughter vibrating as I AM. You are a magnetic pole of My Being, electrically charged by My Will—as determined by the Hierarchy of your planet as well as the Solar Logos.

Thus, what I AM saying here is: You begin a new life in My world without any ties to family, friend, or religious practice. I AM cutting you loose so that I might flow in through you as Consciousness divine. Mark this well. It is your call into My Sun, My world of light.

### Forming The Community

The presence of a community of light, to be established in a place chosen and marked in My Name, conscious rhythm, is absolutely essential. No longer will you be asked to be in the world. You who hear My summons are asked to leave the world and to come into My World, a city of light.

For those of you who have either achieved or will be translated into a Body of Light, a community is being

## Welcome Home!

### A Solar Message from Sananda

Hang on! We are coming through! Sail with the Wind and in Solar Light.

No one is to be left behind. Forget that one! It is a lie. The message is that all in this present Earth experience are to be translated into a New World Consciousness so that all might shine as the Son.

Activity in the Solar stream of Life, and as you may have seen or experienced it in the heavens, is being stepped up. Initiation is here! Solar groups are being formed—drawn together by the

magnet of CHANGE.

Thank you for serving and coming to Earth at this time of need. Thanks and blessings from the Great White Brotherhood and your Commander Sananda. You are a new race of "Melchizedek Man" and your voices will be heard in the Solar Realms as IAM.

Welcome Home!

## The Paradigm Shift:

### What is it? And why is it happening now?

The paradigm shift is a shift in the consciousness of the Earth, a shift that automatically has its effect on Earth's inhabitants. The movement of this shift in Earth awareness creates out of itself a new world. This new world is the world of light or the world of the Christed planet.

To adjust to this planetary shift of dimension has been your primary work as a student, not only of this University but of the many other schools of Universe potential that are available. Each of these schools (only those sponsored by the Spiritual Hierarchy, I speak of here) are as preparatory to the Earth's dimensional shift. Each has acted as a preliminary gate into consciousness change and realization.

You are trained to act and react with the Spiritual Hierarchy as we build together a new world. And this new world is the conductor for God The Supreme.

The University received the awareness that the paradigm shift had occurred at 6 pm (M.S.T.), September 26, 1998. Early the following morning (6 am) with the dawning of the new sun, the group—meeting for a seminar at the World Mother Center in Tucson—received the announcement from Sananda as Planetary Prince that, indeed, the Earth had shifted and the Solar Plane was the new consciousness of Earth. All who wished to remain as inhabitants of Earth must agree with this plane.

Further, at the sunrise ceremony, Sananda announced that the University would now be opening the records of the Light World dimension. Those records would then be the lesson material sent forth from the University by Crystal. They are the *New World Records* sent forth from the Order of Melchizedek.

For we, who have watched you in your struggle to overcome the world, it has been extremely rewarding. We have seen the temptations that you have foregone, the adjustments you have made into the light. But you, as teachers of the light, must go further and show the others what can be done through discipline, endurance and Truth-centeredness.

Be encouraged to receive and study the Melchizedek lessons of higher mind. Make no mistake about it, you are destined for ascension.

As the false world dissolves, remember do not be frightened nor resist the incoming vibration. Be *in the GodSelf* and that identification will carry you through the turbulent waters of adaptation to the glorious world of light.

Peace,  
K.H. and Crystal

rapidly prepared and formed. You must go there promptly when called because you cannot stay in the world.

As I lead you into the community focus, do not look back. As a member of the community of light, you will not operate under the laws of the world, nor the fashion of the world. You must leave everything to come home. It is this deliberate change into God's world that will mark the planet with new light and harvest Creator Michael's program upon it.

Hear My Voice, no other. You will not serve the world in any way, for I tell you this, the Office of the Christ does not serve the world. He who is in the world will die. He who is out of the world will live. I AM building My community of light. Peace and joy be with you at all times.

Blessings of Light,  
I AM Crystal

## The Sananda Scripts (Vol. 3: 29)

The power of the Presence moves into all directions of this planet bringing hope and desire for change. This energy will then ignite the people to search for better answers and deeper commitments to the planet. In service to her, beneficial results will occur bringing you happiness, assured success and planetary development in the fields of' light. You have accomplished much and now you must do more. That is the Word. Selah.

## The Shift Is Coming

Earth is realizing that she will be shifting and going into a change of orbit—and she is adjusting to the changes that will take place as she thrusts herself into a polar shift.

Although much has been written in anticipation of the planet's polar shift and orbit, very little information has been given about the human reaction to this shift and prophesied orbit.

How will humans react to this orbit and polar shift? Many may react with disturbing consequences, such as loss of equilibrium and orientation. As a result of the planetary shift and the preparation for orbit, humans will experience the loss or dropping away of the subconscious self. Loss of memories in the subconscious mind—which may have determined identification and space-time orientation and balance—could challenge the sanity of all those who have not prepared for this "end of the world" phenomenon. Suddenly (or so it would seem) all memory consciousness will have dissolved, the veil will have lifted, and full data of the new Awareness will be present. Yet, because of the lack of preparedness, humans will have only their conscious minds and their present degree of awareness as their identification. This identity may be without any acting soul force or consciousness of the Divine Presence.

Before continuing, please understand that as Planet Earth, Gaia awakens, and begins her ascent or orbit into a new field of lighted planets, her whole body will be undergoing change to prepare her for the thrust she must make—perhaps into a whole new galaxy. The energies that have

sustained her and maintained her in her present state now increase in strength and velocity. These energies will be guided and embodied by the Solar Angels whose assignment it is to propel her into *new fields* of Intelligence and light! Thus, you, as humans residing on Planet Earth will be affected by the changes she will be experiencing, as will the environment. Imagine, if you will, light fields translating Earth into higher fields of Intelligence and transporting her to a new place in the Cosmos! Though the actual change of orbit may not be completed for many years to come, the preparation has begun and the effect of this preparation will be felt by all life on planet Earth.

If you are practiced in aligning with your Inner Voice and surrendering into your Christ or GodSelf, this shift will not be a difficult one in consciousness. You are already prepared. As the subconscious mind is translated into Higher Mind or the Superconscious, you, who have been focused upon the GodSelf as your Self and are fused with your Inner Voice/Thought Adjuster, will experience the Superconscious Mind as your dwelling place and identification. In other words, your Inner Voice translates as your Superconsciousness. This means that you will not experience any sense of shock or disorientation during the planetary changes and new alignment.

It may be as early as August first (2005) when the magnetic field surrounding the Earth body will shift to a field of Intelligence called

the "Christ or Light Body," the Creative Light Substance: a creative central energy field which will govern and determine the planet's orbit and new location. This "Body" will instruct Earth to leave her present place in the solar system and to register her new planetary placement. This will cause cosmic energies to enter the planet as rapidly as possible, in order to assist in the shift and graduation.

The cosmic influence as radiation will be increasing on Earth causing fire to rise from the central core of the Earth. This fire is the Mother's Creative Power, the Will of the Father, and the Vibration that will move Earth to a world of Light and Love. To this degree you must be ready. The fire intensity within the central core will enable Earth to accelerate her quantum leap from one dimension to another (from the third to the fifth).

People, make a friend of the Sun. You will need the Sun's friendship and guardianship in order to translate your human body into the divine. While Earth is shedding her present dense body,

## The New World Consciousness

On September 28<sup>th</sup>, I, Crystal, wrote the following:

### A Message from Sananda

In these Latter Days many will leave this planet. Some will go to a higher frequency where they can serve and attend the Melchizedek schools of Light. There will be many who will stay. Those who remain will act as regents of a New World, a world uncorrupted by human thought and action. If you are one selected to remain and serve with Me as a planetary host and guardian, your relationship to the planet must change. Lessons begin so that you are thoroughly prepared to be a servant to all, great and small, rivers and lakes, hills and valleys, animals and plant life, minerals and children of all nations. Be aware of this—for you must learn divine compassion and become a Bodhisattva.

Blessings Be.

I AM Lord Sananda, the Planetary Prince with the World Mother

Sananda is the ascended name (nature) of Jesus. Sananda has been called the Cosmic Christ. Jesus was that nature and the Master seeded that nature of the Cosmic Christ within the hearts of humanity. Thus, Sananda is your divine nature stirring to be known.

Note: In Tibetan Buddhism, a Bodhisattva is anyone who is motivated by compassion and seeks enlightenment not only for him/herself but also for everyone...

### Awakening

To answer the above call, the University of Melchizedek offers a

program to awaken and prepare humanity to meet the new Earth Consciousness and the great initiation into the realms of the Solar/Divine Man. The University encourages the conscious awareness of oneness of all life and the reality of a Unification Program based on the brotherhood of *all life* within the Body of God the Supreme.

We talk about interconnectedness, but now our consciousness must become activated with this great Truth. Those who choose and are chosen to remain with Earth in her translation into a Light Planet (home of the gods) and New World Consciousness are to be aligned through the Schools of Melchizedek to become a conscious part of the Supreme government of Sananda and the Melchizedek Brotherhood. This entails a real and loving sense of our unity with every living being—with the minerals of this earth, as well as all kingdoms of which we are interconnected and a part as One.

As an example of my own conscious awareness expanding, the World Mother Sanctuary sits amongst a large National Forest where many varieties of "wildlife" room freely in safety. There is a feeling within this forest compound of respect and even wonder as we live together in the many changes of weather. What I have noticed most from my own consciousness is an expanded awareness of the trees that live in community as the forestland. Each tree has a presence, a personality of its own, yet they seem to be cognizant that they are dependent on one another in their relationship as forest or community. Each tree carries dignity and a sense of majesty that often leaves me filled

with wonder and deep gratitude. There is an unspeakable, indescribable grandeur here with these Forest Angels, the Devas who embody what I see before me as an awesome example of the Bright New World. When my dog partner Copper was recently lost in the forest for almost two days, I worried and did everything I could to find him—rescue him—and save his life. Yet, when he came struggling back on three legs, he brought with him tales of the Tree People and how they protected and cared for him during his trials and initiation. Copper said, "I am so grateful to the trees for protecting me when I was lonely and lost." Have you thought of the tree as a being—part of yourself? (Everything and everyone we see is part of us, isn't that so? The New Life makes us more conscious of this Truth.)

And so, new schools have opened both here on earth and within the etheric-spiritual realms where we will be taught what we have forgotten—that we are one. We will learn and then practice how to live together on earth as one body. How to drink of the presence of the trees, the oceans and rivers. How to respect and listen to *all life* that teaches us how to live together in peace, divine love and harmlessness. We are a family, Copper tells me.

The University of Melchizedek is proud to announce its part in preparing humanity to enter the Solar Life and to awaken and act with the Creator Son within His creation as Partners in Love.

God bless you all who read this. God bless us all who live and love our Mother Earth as she awakens into the beautiful being she is.

Crystal

## The Bright New World

In company with angels, I have dissolved that which has never been. We are back to the beginning where no shame exists and Father-Mother God send the love of themselves—for each other as One—into every particle of expression.

Many Suns of My own name remain on earth to restore her into Breath of My Being. Lifting now into the Creative Power, I AM. All the love I have for My creation is bestowed on you, and the awakening of Mother Earth restores all life expression in My name.

Eat now that which is given from the fruit of the vine. Be neighbors and cease fighting amongst yourselves for I will have none of it. Realize once and for all that the higher kingdom of My Spiritual nature is foremost in My mind. I would take you to this place and reveal to you secrets of My own Self, the true Self of all.

Be amongst those who have the same ideas; walk with them and taste of their foods. Be amongst them. In this way can I come and impart to you what is to pass.

By now you must know that the world so prophesied to pass away is naught but the illusionary world of darkness and decay. The bright sun of Myself pushes forward entering Earth's dimensions. As I do so, I remove particles of misinterpretation and fill man's mind with Christ illumination. To the very core I go imparting Myself as Son of the living God, emerging once again as the New

World of joyous being, radiance of Christ life.

What you can do for Me is this: Stand in the New World, the world of light. Remain in that world. Remain with Me. For in this way will you draw others to you and connect them to the Living Light of My new Sun.

Without you I cannot finish that which I AM sent to do. I need your heart as the muscle of My movement, to shine forth My Son as your own Sun.

Be My Sun of God in Me that I, too, might rise as the solar light, the solar field of Intelligence, living love. Be awakened. Stand with Me in the fire of My living Sun.

My program is to awaken all life into the New World. And thus I come amongst you now—My Spirit—to establish heaven on earth, the kingdom of Spirit in its fullness, in its richness as love and light.

Be glorified. Have I not written that it would be so? So stand now in the New World, abandoning all that is of the old. Be clothed in the spiritual nature of the Son, the living Sun on earth. Ask for it.

My nature is upon you. I have been waiting long for this. My nature seeks its outlet. We are One.

Therein is My message and I have given it to My messenger. And it is done. I AM Sananda Jesus. I AM in full accord with this one. Selah.

### The Shift Is Coming

you, too, will be reacting to this increased vibration of Light and Love. Your present physical body will feel heat, an increase in temperature. And your alignment with the Sun, as a teacher and valued ally, will facilitate a quick transition without pain or undue discomfort.

Realize that you are about to undergo a dramatic change with Gaia who has housed you in her body and in her love. All that you have learned and practiced will serve you well in the transition into higher and deeper levels of energy and Spirit dynamics yet unknown to man.

What is present will become past. And what is past will be forgotten.

## A New Approach to the Celebration of Christmas

### DESCRIPTION

By Delphi, as told to Patricia Jepsen. With colorful clipart illustrations.

Mother Earth needs our friendship and what better way to begin than to--all together--celebrate Christmas as a

holiday of the heart for all.

### EXCERPT

#### At Christmas Time

My idea is this: The most important thing about Christmas is the FEELING. There is a very special feeling around Christmas time. I have noticed it myself. People smile a lot more. They are happy. Most of them. And even if they don't have money to spend on presents they think of other ways to be kind and thoughtful.

My impression of Christmas is that it is a very friendly time. Have you noticed this?

That is why I am proposing that Christmas be a holiday for everyone on earth!

I want every person to be friendly that day and to feel the friendliness of others.

I have thought about this and I am ready to announce my proposal to everyone on earth!

#### Finding Christmas in Your Heart

Love is the most important ingredient on earth.

And if we can all have a celebration this one day out of the year and change our thoughts to love, we would solve all of our problems.

When you believe in love more than you believe in war and conflicts, there will be peace on earth.

We cannot solve our problems by conflict. You and I know this, but now the world needs to know it.

### EXCERPT

#### Blessed Mother

The one who is Mary, the Mother of Jesus, retains Her position in the Christ Plane, that of Blessed Mother. She vibrates to us the holy image of The Christ.

She bears the responsibility on the inner planes for the Christ Soul in all of us. That is under Her jurisdiction now as World Mother. She is in charge of the Eternal Flame, in charge of that Flame within you: the potential Christ, Christed consciousness. This divine Mother rests in the purity of your being. She is the guardian of your heart and protector of that Light: holy consciousness divine.

It is the degreee of Her supervision over the divinity within you that is magnified in these "last days," as we enter a vital, new era of unity and devotion to the Light.

The Father's message of new hope to His children on this earth and all through the heavens was carried by Mary, who was then Mother of Jesus. Now She is Mother of the Christ conception in you. She is the blessed Mother of new hope and She reveals your own Life Energy as The Christ.

Let us return to Jesus for a moment: the One who was sent. He came to humanity as the new embodiment of the son. And the world knew Him not. He was the "bright and morning star," the new hope in humanity's breast. Carried by Mary (She revealed Him), the Word of God was released upon this Earth and revealed to all humankind. We consciously observe this occasion of new life as Christmas.
