## The Creator In Man Or Consciousness

If you pronounce the Son's name "Jesus," it has to be answered. This Name is the fulfilled Name of the Creator on this earth.

If you concede that the one you know as Jesus was the Creator Son, the Universe Creator, that the Creator Son bestowed Himself as Jesus or My Word Incarnate, you are open to tremendous power and light. And, you can take another step in this revelation and see an important result of the Bestowal of the Creator Son as He walked this planet in the flesh of Man, in the embodiment of Jesus, and realized the Son of God consciousness. You can see that He was directly opening up an avenue for you and for All humanity to receive from the Father (as a

son of God). That is the gift I have for you this Christmas, this beneficial understanding.

If you can accept that Jesus is the direct Word manifestation or the Law (the Word is Law), the principle of the Son on this Planet Earth, you can *in His Name* receive anything you ask for because, as you speak out His Name in belief, you are in this circuit of the Son of God which makes the Father willing to give all He has. *In this Name you are Home. It is recorded so.* It gives the Father pleasure to give to the Son. So, when you take up that name of Jesus (Fire of Love), you become receptive to direct manifestation from the Father to the Son.

When you say "in the Name of Jesus" and understand what you are saying, this is a direct command to bring into manifestation that which is requested. It becomes a signal to the Father to release whatever it is you have asked for because that is the Law. He must give to Himself: the Son. This is crucial to the understanding of how the planet will be released, how the group karma is erased and how humanity will walk together in the living light of Christ. You are already sons of God arisen in His Name. Jesus created or opened a

doorway that you might walk through into the light of your Son.

As the Word is spoken, "In the Name of Jesus", there is an atomic vibration of Creative Power released that is like an electrical charge. It is immediate with this Name. This is the power that creates or releases out of Itself that which is spoken or decreed. It answers in the Name immediately by the Will of the Father-Mother God.

As we have announced previously, there has been a recognition of the joining of the Creator Son and the Creative Daughter (Holy Spirit); we can see that density has been removed from Planet Earth. Earth is being lifted to rejoin her twin flame, Venus, in a new orbit of creative frequency and joyous embodiment. Also, as a result of this joining, we can perhaps begin to perceive what marvelous fields of realization we have before us as the Law (Word) takes hold. No more can human beings misuse the power of Christ, as it is now recircuited into the Name of Jesus.

*recreated in the image of the Christ or the divine plan.*

There is a tremendous evolution of consciousness taking place. This re-circuiting of humanity causes a spiral leap in awareness as people begins to recognize and realize that they, linked with the Name of Jesus, are in truth divine, and that they have entered the solar age as radiations of the Son of God. With this recognition it is also understood that the new Name for humanity is JESUS or the Christ within. It is that nature of the divine Son of God that is accepted as Man. Jesus has set the record of a new humanity, a divine and Christed humanity who loves and is loved.

The Father-Mother is conscious only of the original creation. Through the vibration of Jesus, He-She sees the Son as humanity on this Planet Earth. He-She knows no other Name (nature) for His-Her creation. It has been set in the records of this Earth, this planet, and is being now broadcast throughout our Universe that we may have created through our understanding and acceptance of the Christ Plan, a new circuit of humanity which is called Jesus.

*Use My name frequently. For it is powerful. It is declared union with God. It is the Will of the Father that you use it and claim it for yourself. For it is the image and likeness and the very Breath of God. You have been remembered in our planetary records as Jesus. You have been*

## Use My Name Wisely

**The blessed Name of Jesus is the Creator at large. Have It well and with love.**

This I give to you: the vibrational frequency in you of My Son. I have released you from that which is not. This is the glory of the sacred Son who has manifested in your heart. Now come to the place within your heart where you might know the Son as your Self. And lo, come to that place where I AM.

You are now that body of that one as the new humanity, This message is being broadcast now by permission of the Manu Who attends to the new race design through the World Mother Office. This is a direct Emission of the Christ that is going forth. It is the Program of Light.

We are recognizing within ourselves that that which Jesus did<sup>1</sup> was for all mankind and all creation. *He favored no one.* He was the Christ, thus He loved all the same.<sup>2</sup> He is the Man that the Father-Mother created, and this is the plan of the

Universe consistency: that there is no other. You are planned after His form.

We are vibrating to you the Word Consciousness, that which is given as Law. And the power of My Name is given to you as a Universe consistency, a Universe reality. It will be for you to use it wisely *for it is your name also.* It is written in golden light. It is the body of the Christ Jesus as the manifestation of Christ Consciousness through all humanity on Earth. It is here now with you as I AM. Take up your new name.

Let the servant rise and be the king. I welcome you into the kingdom of Jesus, the Melchizedek realm.

## And The Two Shall Become One

Even as we see the joining of the hands of the Creator and His Supreme Queen, the Creative Daughter, the power of light and love, the Universal Mind, we can also feel and know the union within ourselves.

Use the Name wisely for it is filled with love for you and all My creation. Listen to it. Wear it. The next few days will be a revelation, for many will know who I AM. I come to greet you in the Name of Jesus, all power of light. That

which has gone before is no more save the record of that which I have done.

I glorify the human race now in the vibration of the Jesus The Christ. I send My love to you. Let us all do honor to the Father-Mother. Let us all receive My Name in the consistency I AM. I AM Life. Know that.

And so we see a great Energy sweeping this Universe - great indeed - as the power of light and love is universally proclaimed this Christmas Year. Walk kindly with hope in your hearts for all mankind, for there is much I would give you for them. This announcement goes forth to all the universes. It is a Christ Proclamation and has the power to go far and wide. Let it be known. Broadcast closed.

## Summary

We know that “name” means nature. Your nature is Jesus or the Son of God. When you signify that in your recognition, then the Father hears you from on High and gives you all that you need. Recently, last night, I was going through some old notes and I saw these words: There is a new way to ascend. I think we have just heard it. What this will indicate for human beings is absolutely incredible. Of course the ascension is now mandatory. That is because it is in the Name of Jesus. You have already ascended in that Name. It is written and it is so.

*continued from page 3*

**“In My Name” is an energy field that permits the giving of My Spirit to you. It creates an avenue of direct manifestation. Use it wisely. The healing efforts of the Holy Spirit will be far more effective now.<sup>3</sup> You will not have the dense veil between you, between heaven and earth. That has been lifted by My Name.**

Your connection to My Name in your heart - I AM the Second Adam, born of the Seed of God - releases you from all planetary karma, from that which has gone before. You are in a new frequency now. The “prodigal son” has returned home. This is the Ingathering, as I take root in the human heart and glorify My Father in you.

Each one has My Name and is entitled to use it. Behold the Ascension Flame has been restored to Earth and it allows you to rise into the embodiment of My Name, the Christ. We have ascended together! We are that close.

We are announcing a great message through the Universe Creator. It is the message of universal love, the glory of God in you. I have set My

song upon the Earth and it shall be sung. Now let the last be first. I AM cutting away all bonds to the lower vehicle. You would be well advised to keep your attention on the Light within your heart and mind, for there will be ways to walk that you have not known before. Walk gently upon the grasses and heed My word. Let the nature of the Son provide for you in every way. Each to that which is needed. Have abundance. It is good. We have now raised you into a new vehicle of universal light. It is My mission to carry you forth.

***I have delivered up My people that I might be in them and they in Me.***

Now as we are proclaiming the Light within, we know that there is no death nor are we subject to it. We are alive in Christ. The ascension is our reality, and each day and night is but a sphere of God opening, expanding, as we move directly into God Consciousness released from all that was before. I have proclaimed you on the cross “finished and done”. That is My word. I AM Commander of the planet. I AM the Law, the Word Incarnate. I have greater things for you than that which you have known.

**The Body Immortal And**

*continued on page 5*

<sup>3</sup>The Holy Spirit wants to heal and to resurrect. She is hindered only by your refusal to let go of the appearance. You must not believe in it nor in any way retain it by your acceptance of it. Just release that which you wish to be gone and agree with the Holy Spirit knowing She will loose the appearance and free you of it. This is important: Agree with the Holy Spirit that She might heal and resurrect your body, mind and spirit. And it will be done.

# IN THE NAME OF JESUS

## Resurrected

The more you meditate and focus on the divinity within your heart, the weaker you will become in the mortal.

If you can accept the Christ within, you are under Grace. When you focus on the mortal there is no life. You are immortal, free from the ties of this earth and the part you have played. Therefore, give the appearance no cause to rise and appear to you again.

When you treat the appearance, it will grow larger. *Keep your eye single and your body will be filled with light.* You have been given a body of energy that is light. It is the immortal resurrected body of Christ which dwells within you as the Christed vehicle. Take position there and leave the other to Me.

As you give to Me, I will give to you and we will build in a unity of love and light. We are ready to circle this planet with the glory of God. As we do this, we move the Earth into a new position in our universe.

Whenever you have reason to treat the human appearance go directly, instead, to your inner light vehicle, the resurrected body. Have your consciousness there. That body will immediately release itself through all the organs, the molecules, the atoms of your seeming physical form. That is the new medicine.

Let this be firmly established in your consciousness: Never correct the appearance, for the appearance will grow.

## continued from page 4

Give the body of light your faith and your attention. I AM that. Remember the recent message said: that we will be walking differently. There will be another way of walking. We will not hit the grasses so hard. And the earth will not tremble by our step. We will always be one with all of nature in the dance of life.

Give back to Me All that I AM that I might distribute Myself correctly. For I AM the sons and the daughters of all creation. Go now to the greater part. I have the best ahead. (Yet I AM now.)

These days are filled with light...the light of new creation. It is the transfiguration. This knowledge is to be given to all, so write it up correctly. These records are planted into Earth. They are embedded in the planetary records. What I say is embedded in the planetary records as Law, and it will take effect.

Be not confused if something doesn't work for you. Go back over what I have told you. What I have spoken here and you will see the direction you are to take. I AM Law, Word Incarnate. I AM the fountain that does not run dry. The infinite well of life. That infinite well of life is within you as you wake up to who you are.

Leave the world that you have made.

Let it fall away. Gladly and with willingness, let go. I have a world emerging which is far more beautiful than anything you have ever experienced before. And it shall be known.

Tap that infinite well of Life. The well that never goes dry. Taste the waters of My resurrection and My ascension. They are there *within you*. As you look to it and willingly accept it, this well of infinite life, light and love will awaken.<sup>4</sup> You will see the veil drop away, and you will know the infinite life that is who you are after the order of Melchizedek.

From this time forth, know the well within you. *I AM the resurrection and the life.* Tap this infinite energy that is God in you. Life ascended. And make it work for you. As you access it, so it will be. The last enemy will be overcome in the functioning of My Spirit. Do not follow the ways of unilluminated man, for I have no part in this. You will not find Me there. I AM the Book of Life...ascended. Come home. If you prefer the other way, so be it.

No matter what the appearance, tap that infinite well of life that is the resurrection and the promise. And let it open before your very eyes as the lifting power of the

The University Papers Volume 70, #78

*In My Name you will rise and vibrate I AM. This will initiate a new creation transmuting all else into love. Blessings from Creator Michael, Regent of The Light.*

I have become what I AM in all hearts of My people. And so, what next? you might say.

As man (woman) returns to his/her godhood, vibrating in the Intelligence I AM, we move into a whole new era of light. This is the radiation of a whole new world -- a world of creative power in My Name or nature. Once you, My humanity, have transmuted the darkness and believe unto Me (I AM), the Creative Power will jump across deserts and mountains to proclaim Itself in you as Life.

I release you (but you must release yourself) from the old world of dark and light. I release you into *My Word* as light. Exercise your dominion from the central source of your creative power. Be the Word made flesh. In the joy of living stand and be counted. I come to gather My own. It is the testing of My Son.

I want you *all* to manifest in the Creative Power now and not suppress the Creative Center I AM. Now walk in dominion, vibrating the love of Jesus or the Sun.

The Supreme Center of all creation is now open and the Daughters of God (Truth) have emerged. The Soul of My Creative Energy is now invited into the Lodge. To be one with

the Creative Power is to decide once and for all *whether you are for Me or against Me*. No longer is it possible to sit on the fence, indecisive and recapitulating. I will have no more of this! I have descended into the heart of creative energy, there to draw My daughters back unto Me as the light.

A group of women shall come into their own Power and as they hold the light for others, many shall be able to pass through the Gate of Oneness. So shall it be. A vision of Power radiates for those who can understand and accept this Power as The Christ Universal for the good of the whole. Yearn not. I AM.

And now let it be said that no man is left behind. I have betrothed all into the Creative Power. If only you would receive, My church would be open. Sananda.<sup>1</sup>

*I have conducted new energy into the System so that you can be at peace.*

And now I say to you Be still and know that *I AM* the very soul of your self. The Presence of God (Truth) is with you *at all times*. It is not separate from you. It never was. You are never without Me: the Life Essence of yourself. When you live with Me in Me, *you are life* and

there is no death. Death is separation. I AM one. *I have come that you might begin to live*. And so let it be that you have begun and I AM with you.

Decree I AM and in this way do you manifest.

*Jesus was the Word*. He did not separate His conscious desire from God's Presence. He was one with God (Truth) and spoke directly from this consciousness. He made the Word "I AM" as declaration of His unity with God's Voice. The Creative Power jumped to His command and delivered up unto Him that which was decreed. This you must do also in the Name (Nature) of Jesus. This is what the "second coming" is all about. It is about you. *The Messiah is the Creative Power risen in conscious union with the Creator. Not divided, but at one.*

Thus "Jesus" becomes not a "war god," for hasn't he been that? but a vibratory, collective power level that forms a new creation in all, for all, whether it be Muslim, Hindu, Christian or Jew. It is the rising of humanity, is it not? A new age and a new beginning.

We are living in troubled times, but that is only to say to us "Come Home." Home being the very center of your being where you find yourself in the

<sup>1</sup>The First Man (and woman) ascended. This is the character or *name* of the coded units of vibration that adjust you to the Christ vortex of eternal life. It is the record of Light on this planet. The word "Sananda" here is the measurement or degree of ascension available at this time. It is a vibration of a circuit and a registered mathematical code for your conscious awareness. Please meditate on this, for it is accurate and is not hard to understand once you release the old way of thinking and qualifying energy. - C.

company of angels as the Son/Sun.

When you decree, decree from and out of the living Presence I AM that God (Be-ing) may appear before your eyes as that which has been decreed and released through your conscious awareness. Never permit yourself to be without God in your awareness. *For where I AM not, there is no life. I AM the Creator and the Created.*

You have the power to decree in you. Use it. Always command from the I AM Presence. Without Me there is no substance.

Stand in the light. Behold I AM. I AM the Power in you: the Creator and the Created. There is great power in the command center of the Universe. This is the place of I AM, the "City Foursquare," where universes are made. Listen to this Christ Center *within you*. Take on the light!

The God Center within you is awakened, My humanity. Be one with Me. You have the Power already through the Name of Jesus. I have resurrected Myself already. I have given you a new name and it is the name or nature of the Son of God. I see you in that place and know you as that one. The Son is I AM.

Behold the heavens move in your behalf. Behold a Light does shine amidst the

**continued from page 6**

clouds. Behind the clouds there is a Light. And lo, see this Light growing brighter and brighter: a luminous Light it is now as it is entering this Earth's atmosphere, cutting through the density, shaving away the false carvings and registering a new world of vibrant energy.

This beam of Light<sup>2</sup> – this holy Presence I AM – is vibrating into every precious atom of this Earth. See the Light penetrating through every cell of your body, every atom. And feel the Light. It is consciousness, a consciousness of Creator Michael<sup>3</sup> and the Solor Logos. Hear the message of the Creative Power as It decrees Itself in you. And unite with the Grace of God.

Look again into the heavens and see the Great Beam of Light (Consciousness) entering your System: the Presence of *a new light emanation* pressing closer and closer to this Planet Earth.

Will you be a part of this Light? Will you have it in yourself as your own light? Will you have Me in you as "I AM," the Christ? Beloved sisters and brothers of this holy Light, come Home. And rest in the Light, the heavenly Presence I AM; for here is peace and love and world harmony, and blessings yet to be released.

Hear My Presence in your heart and mind. *Activate It*. Lift your heart to Me, exact

rhythm of the Maker, and lo shall you be awakened *in the presence of this Light*.

Leave all attachments to a world that is quickly disappearing from your sight. *It shall be no more*. Come into the Light. Bear witness to it. Be emptied, that you might be filled with the radiation Supreme. I AM the good life in you. Come Home.

## ANNOUNCEMENT

**The electric circuit around the Earth has been changed. You are now in the Vibratory Essence of Creator Michael who has returned to Earth. This is Sanat Kumara.**<sup>4</sup> Prior to this announcement, the evening before, a group gathered in meditation experienced together a decided shift in vibration, "a new wind." As this occurred I, Crystal, was impressed by Arcturus, our midway station and programing point of *original creation*. Arcturus can be called the midway point between the Creator and you or the supreme gateway. It is the programing point for our creation *and the emission point for the next*. It governs the passing of Light (intelligence vibration) from one dimensional frequency to the next. It is the transmission point for alternating energies. It is a star gate. Here under this vibration of Arcturus we began to experience a new energy field, a climaxing of the old. (This energy experience actually happened while many people all over the world were observing "The Last Supper," the

observance of the Master Jesus' preparation for His Crucifixion, overcoming of death, and His Ascension!)

A temple not built on sand. We are builders. We are part of a new world. And it is the Creative Power that emerges through us to build. The building is the Creator emerged. It is through the heart children of the Universe that this will occur. Drop the illusion now. Desire the manifestation. Put no time blocks between the desire and the direct manifestation. I AM now. Only the ego wants to strive. I do not. I AM Be-ing.

As we sit together in a circle of love and we feel the impartations of the Spirit through the vibrations as rhythm, every cell of your be-ing is being decoded. Would I amaze you too much to say that the Creator is vibrating as you? Do not take back the old world. It is not for you. Move on. And as you translate out of the old form, be settled in the new. What is for one is for all.

Universe. And the body will emerge as light. System.

And there will be no death upon the Planet Earth to dishonor the Father's name. For you will carry yourself as lighted vehicles through many planetary dimensions. And I say this is so. What you tap is already open, but you must walk as children of light now. You are the carriers of new freedom. The cross has been lifted from the Planet Earth, as the full message is perceived.

Now come to the place of honor and divide not My Word. The gift of life is yours. That is the program of the new humanity "Jesus." Don't treat that which is falling away. Treat that which is coming forth. I have no pills to give you, only love. My ascension is a fact. Come home.

.....

There is much, with this dimensional shift. There is a new proclamation. You see that the spiritual world is far more accessible to human beings than it has ever been before.

## **Guard The Eternal Flame**

The Word "I AM" has been misused for it is the sacred power of God. It is the Eternal Flame. It is the Creative Power.

When we see it as "I am" -- the lower self identifying with the great Power of Truth -- we can see why we have been sealed off and isolated from our Solar

As the I AM is permitted to rise, as the Eternal Flame is permitted to rise, to be celebrated as the Christ in us...And the Seal of Melchizedek is well established as the Capstone upon the Great Pyramid, that edifice that is the story of Man and the secrets of the Universe...So we have the ability to speak only in the rhythm of the spiritual nature I AM.

In the sacred Priesthood, we are not permitted to speak other than in that rhythm. As the memory returns, through this decoding, we know and understand this.

Let the "I AM" be a command to your physical body, because it has to take orders from some place! So let it be from the great I AM. Remember the Word "I AM" is the official Word of creation. It stirs the elements into doing something. Use the creative Word carefully, and always raise it up to the Christ that it may be heard for all. When it is so raised it becomes the embodiment of all that is good on this planet. It is the Christ emerged: In the Name of Jesus.
